## ANNEX A

### ABN AMRO Money Market Super Yield II Index Description

#### General description

The ABN AMRO Money Market Super Yield II Index (the **Index**) is designed to track the performance of 3 Month Total Return Money Market Index Open End Certificates (**TRMMI**, collectively as **TRMMIs**) that are chosen to be included in the Index as **Components**

The Index shall comprise at any time a minimum of six and a maximum of eight Components and (subject to each Component fulfilling the **Index Membership Criterion**), at all times of the components set out in Table 1.

The initial composition of the Index as of the **Index Launch Date** is set out in Table 1 below and is initially equally weighted. The Index will be re-weighted semi-annually (see Re-weighting of the Index on a Re-weighting date below).

#### Initial Index Composition

Table 1

Index Countries	ISIN Code	Bloomberg Code	Initial TRMMI Weight
Australia	XS0247654071	TRMI3AUD <Index>	12.5%
Great Britain	XS0247657413	TRMI3GBP <Index>	12.5%
Hungary	XS0247660805	TRMI3HUF <Index>	12.5%
Mexico	XS0247663221	TRMI3MXN <Index>	12.5%
New Zealand	XS0247669939	TRMI3NZD <Index>	12.5%
Poland	XS0247672990	TRMI3PLN <Index>	12.5%
Turkey	XS0247675746	TRMI3TRY <Index>	12.5%
South Africa	XS0247643207	TRMI3ZAR <Index>	12.5%

#### Index Membership Criterion

To qualify for inclusion in the Index, each potential TRMMI must have a current **TRMMI Interest Rate** that has to be equal or higher than the 3 Month EURIBOR (Bloomberg <EU003M>) at that time.

#### Re-weighting of the Index on a Re-weighting Date

The Index will be re-weighted on each **Re-weighting Date**. The amounts in the TRMMIS will be equal for all the Index Components (including when one of the events set out below occurs).

- 1) On a Re-weighting Date, the Index Calculator will determine if each TRMMI still qualifies for inclusion in the Index by fulfilling the Index Membership Criteria.

- 2) In the case that the Index Calculator determines that one or more TRMMIS does or do not qualify for inclusion in the Index by fulfilling the Index Membership Criterion, the TRMMI or TRMMIS will be removed from the Index.
- 3) In case the number of TRMMIS falls below six, then the Index is terminated constituting an Early Termination Event.
- 4) If on a Re-weighting Date a previously removed TRMMI or TRMMIS once again fulfils or fulfil the Index Membership Criterion, such previously removed TRMMI or TRMMIS will be included again in the Index.

### Index Composition and Method of Calculation

The Index shall comprise at any time a minimum of six Index Countries (**Minimum Number of Index Countries**).

The **Index Value** will be calculated by the Index Calculator on a daily basis. The following formula will be used to calculate the Index Value:

$$IV_t = \sum_i P_{i,t} \times N_{i,t}$$

$IV_t$  = Index Value on Trading Day  $t$

$P_{i,t}$  = Transaction Price of the  $i$ th Component on Trading Day  $t$

$N_i$  = Notional Number of  $i$ th component in the Index

Initial Index Value = 99 (as of the 28. February 2006)

$N_{i,R}$  of the  $i$ th Component is determined according to the following:

$$N_{i,R} = \frac{(IV_R \times W_i)}{(P_{i,R})}$$

Where:

$IV_R$  = Initial Index Value = 99 and thereafter the Index Value on the most recent Re-weighting Date.

$W_i$  = weight of  $i$ th TRMMI on the Pricing Date. On a Re-weighting Date this is equally weighted based on the number of TRMMIs in the Index.

R refers to the **Index Launch Date** and thereafter to the most recent Re-weighting Dates.

### Market Disruption

- 1) On a Re-weighting Date

If, in the determination of the Index Sponsor, a Market Disruption Event has occurred on any Re-weighting Date affecting one or more of the Components, the Index Sponsor shall notify the Index Calculator and the Re-weighting shall be postponed to the first succeeding Trading Day on which the Index Sponsor determines and notifies the Index Calculator that there is no Market Disruption Event, unless the Index Sponsor determines that there is a Market Disruption Event occurring on each of the five Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Re-weighting Date. In that case, (i) the fifth Trading Day shall be deemed to be the Re-weighting Date (regardless of the

Market Disruption Event); and (ii) the Index Calculator shall determine the Index Value having regard to the then prevailing market conditions, the last reported trading price of the Components and (upon consultation with the Index Sponsor) such other factors as the Index Sponsor determines to be relevant.

2) On a day that is not a Re-weighting Date

On the declaration of a Market Disruption Event affecting one or more the Components on any day that is not a Re-weighting Date.

1. The Index will be suspended until such time that the Index Calculator (upon consultation with the Index Sponsor) can remove the Affected Component from the Index.
2. The Affected Component will be removed from the Index Value such that the Index Value will be the sum of just the remaining unaffected Components.

For the avoidance of doubt, each Dividend Amount shall be construed as a separate amount in relation to each such cash dividend or other cash distribution;

If the Form is specified as Global Registered in the definition of the relevant Series in the applicable Final Terms, then the Securities will be represented by a global security in registered form (a “**Global Security**”) which will be deposited with the Clearing Agent (and be registered in the name of a common nominee of the Clearing Agent) and will be transferable only in accordance with the provisions of Product Condition 5, applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred.

If the Form is specified as Global Bearer in the definition of the relevant Series in the applicable Final Terms, then the Securities will be represented by a global security in bearer form (also a “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount or unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount or unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount or unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery

obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the registered holder (if the Form is specified as Global Registered in the definition of the relevant Series in the applicable Final Terms) or the bearer (if the Form is specified as Global Bearer in the definition of the relevant Series in the applicable Final Terms) of the Global Security.

### 3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Exercise Date.
- (b) Cash Settlement. If Cash Settled Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, each Security upon due Exercise, subject to the delivery by the Holder of a duly completed Notice and to certification as to non-US beneficial ownership (save that, in the case of Regulation S Securities, such certification will only be required during the Distribution Compliance Period), entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount;
- (c) Dividend Amount. The Holder, subject to the delivery by the Holder of a duly completed Notice and to certification as to non-US beneficial ownership (save that, in the case of Regulation S Securities, such certification will only be required during the Distribution Compliance Period), is entitled to receive the Dividend Amount the number of days specified as Dividend Amount Days in the definition of the relevant Series in the applicable Final Terms following the receipt by the Issuer or the Hedge Holder of the dividend and/or cash distribution to which it relates and the person entitled to receive such Dividend Amount shall be the person who is shown in the records of the Clearing Agent as the beneficial holder of such Security as represented by the Global Security on the Record Date for the relevant dividend or cash distribution; *provided that* in no event shall either the Issuer or the Hedge Holder be obligated (a) to take any action whatsoever in pursuit of payment of any dividend or cash distribution as a result of the Share Company failing to pay any such dividend or cash distribution when due or (b) to make any payment to a Holder in respect of any such dividend received by the Issuer or the Hedge Holder after the Expiration Date; *provided further that* if any dividend or cash distribution has not been received by the Hedge Holder by the Expiration Date, all obligations of the Issuer under the Securities in respect thereof shall be discharged and the Issuer shall have no further obligation in respect thereof.
- (d) Share Settlement. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and if a Holder gives notice to the Issuer before the Exercise Date that it wishes to receive delivery of the Share Amount in lieu of the Cash Amount (“**Share Settlement**”), the Securities of such holder may be redeemed by delivery of the Share Amount in lieu of payment of the Cash Amount and the Issuer shall be required to agree to such request unless the Issuer shall have determined in its sole and absolute discretion that delivery of the Share Amount is or would be impractical,

inadvisable, impossible or unduly onerous to the Issuer or is or would be unlawful in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power. The inability or failure, as the case may be, of the Holder to give any relevant certification required or requested by the Issuer or any Clearing Agent in connection with such delivery shall allow the Issuer to redeem the Securities by payment of the Cash Amount and not by delivery of the Share Amount. The Issuer will give notice to the Holder not later than the Settlement Date if, following a notice from the Holder for delivery of the Share Amount, such delivery will not take place for any of the reasons aforementioned. If the Securities of any Holder are to be redeemed by delivery of the Share Amount, then such Holder shall be liable for Expenses incurred or to be incurred by the Issuer in connection with the delivery of the Share Amount to such Holder and no such delivery shall take place until all Expenses have been paid or accounted for to the satisfaction of the Issuer. The Share Amount is deliverable on the Settlement Date.

- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay. Where FX Market Disruption Event is specified in the definition of the relevant Series in the applicable Final Terms and if a FX Market Disruption Event occurs on or around any day on which any amount is due to be paid hereunder the effect of which makes it, in the sole determination of the Issuer, impossible, impracticable or inadvisable to make the relevant payment, then no payment shall be made until as soon as practicable thereafter, provided that if such a FX Market Disruption Event is subsisting for the period specified as the Payment Day Period in the definition of the relevant Series in the applicable Final Terms, then all obligations of the Issuer in respect of the Securities shall be discharged and the Issuer shall have no further obligations in respect thereof.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent and any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Dividend Amount, Share Amount or Disruption Cash Settlement Price, as applicable.

The purchase of Securities does not confer on any Holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (g) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent. A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) if Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, include an undertaking to pay all Expenses and an irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (ii) above;
- (v) specify the number of the account with the Clearing Agent to be credited with any Cash Amount (if any) for such Securities or, as the case may be, any Disruption Cash Settlement Price and any dividends payable pursuant to Product Condition 3(o);
- (vi) if Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, include the Delivery Details;
- (vii) if the Form is specified as Global Bearer in the definition of the relevant Series in the applicable Final Terms, certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as

such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (viii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (h) **Late Delivery of Notice.** If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and if the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Exercise Date, then the Share Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount, whether on or after the Settlement Date, being for the purposes of the Conditions, the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Exercise Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer’s obligations in respect of such Security shall be discharged. The Holder shall not be entitled to any interest or other payment in respect of such Realised Share Amount.
- (i) **Verification.** In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (j) **Delivery of the Share Amount.** If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of

members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable on the Settlement Date.

- (k) Settlement. If Cash Settled Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, the Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Intervening Period. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, for such period of time after the Exercise Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Shares or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to

the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any other such person being the legal owner of such Shares during such Intervening Period.

- (o) Dividends. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exercise Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (p) Settlement Disruption. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and if, prior to the delivery in accordance with the Conditions of the Share Amount in respect of any Security, in the determination of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred and of the method of payment of the Disruption Cash Settlement Price. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (q) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (1) the occurrence or existence at any time on any Trading Day on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material;
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located; or
- (3) the inability of the Hedge Holder to unwind its hedge or related trading position relating to the Securities due to illiquidity if, in the determination of the Calculation Agent, that illiquidity is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to

each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) Force Majeure Event. If a Force Majeure Event occurs on any day resulting in the Issuer being unable to fulfil its obligations when such obligations are due, then such obligations shall be postponed until the first immediately succeeding Business Day on which the Force Majeure Event is no longer subsisting provided that if a Force Majeure Event is subsisting for the period specified as the Force Majeure Event Period in the definition of the relevant Series in the applicable Final Terms, then all the obligations of the Issuer in respect of the Securities shall be discharged and the Issuer shall have no further obligations in respect thereof.
- (e) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

- (b) Transfers of interests in Rule 144A Global Securities. Transfers of Rule 144A Global Securities or a beneficial interest therein may only be made:

In the case of Product Condition 5(b)(1) above, such transferee shall take delivery through a Regulation S Global Security and in the case of Product Condition 5(b)(2) above, such transferee may take delivery through a Rule 144A Global Security.

## ANNEX C

### **Equity Certificates:**

Equity certificates are certificates where the Underlying is a share. A range of individual shares may become the Underlying in relation to an equity certificate. Equity certificates are not open end certificates.

Equity certificates may be cash settled or physically settled. Cash settled certificates pay, upon exercise, a cash amount determined by reference to the value of the Underlying. Physically settled certificates entitle the holder, upon exercise, to delivery of a defined amount of the Underlying and a cash payment in respect of any fractional entitlement.

## **ANNEX D**

*Form of Certificates:*

The certificates, other than the equity certificates, will be issued in global bearer form. Equity certificates may be issued in global bearer form or in global registered form, as specified in the applicable Final Terms. Equity certificates issued in registered form may be sold to U.S. persons in reliance upon Rule 144A under the U.S. Securities Act of 1933, as amended.

## ANNEX E

### *Risks associated with Securities held in global form*

The Securities (other than equity certificates) will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), in each case in the form of a global Security in bearer form which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems. Equity certificates may be so held or may be issued in global registered form. For as long as any Securities are represented by a global Security held by or on behalf of a Relevant Clearing System, payments of principal, interest (if any) and any other amounts on a global Security will be made through the Relevant Clearing System against presentation or surrender (as the case may be) of the relevant global Security and, in the case of a temporary global Security in bearer form, certification as to non-U.S. beneficial ownership. The bearer or the registered holder, as the case may be, of the relevant global Security, typically a depositary or a nominee for a depositary for the Relevant Clearing System, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities represented by such global Security with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are represented by a global Security will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

## ANNEX F

### *Specific risks relating to Equity Certificates*

*Risks generally applicable where the Underlying is a share in a company listed in an emerging market.*

Investing in Securities where the Underlying is a share in a company listed in India, Taiwan, China, Korea and other emerging markets involves substantial risks in addition to those risks normally associated with making investments in other countries and other investment products. Accordingly, investment in the equity certificates is only suitable for those investors who are aware of the risks of investing in these countries and who have the knowledge and experience in financial matters necessary to enable them to evaluate the risks and merits of an investment in the equity certificates.

Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. No assurance can be given that such volatility or illiquidity will not occur in the future. Many such securities markets also have clearance and settlement procedures that are less developed, less reliable and less efficient than those in more developed countries. There may also be generally less governmental supervision and regulation of the securities exchanges and securities professionals in emerging markets than exists in more developed countries.

Disclosure and regulatory standards in emerging markets are in many respects less stringent than standards in more developed countries and there may be less publicly available information about companies in such markets than is regularly published by or about companies in more developed countries. Companies in emerging markets may be subject to accounting standards and requirements that may differ in significant respects from those applicable to companies in more developed countries. The assets and liabilities and profits and losses appearing in the financial statements of such companies may not reflect their financial position or results of operations in the way they would be reflected had such financial statements been prepared in accordance with generally accepted international accounting principles in more developed countries. The valuation of assets, depreciation, exchange differences, deferred taxation, contingent liabilities and consolidation may also be treated differently than under generally accepted international accounting standards, all of which may affect the valuation of the Underlying.

*Risks related to foreign exchange controls.* Potential investors should note that payments by the Issuer of the Cash Amount in respect of equity certificates is subject to the ability of the Issuer to sell the Underlying and to there being no foreign exchange control restrictions, including restrictions which prevent the conversion of the Underlying Currency into the Settlement Currency and the transfer of the Settlement Currency to accounts outside the jurisdiction of the Underlying. If any such event occurs at the Valuation Date, it could result in a delay in the determination of the Final Reference Price and the Settlement Date, which delay could be lengthy.

*Market disruption.* In the event of the occurrence of Market Disruption Event on a Valuation Date, a Payment Date or the Settlement Date, the obligations of the Issuer which are due on such date may be delayed, which delay could be lengthy. A Market Disruption Event includes, but is not limited to, any suspension or limitation of trading on the Exchange or any Related Exchange, the declaration of a general moratorium in respect of banking activities in the country where the Exchange or any Related Exchange is located and the inability of the Issuer (or its affiliate) to unwind its hedge or related trading position relating to the Underlying due to illiquidity.

*Force majeure.* The Issuer reserves the right to delay payments and other obligations to the holder of equity certificates where events occur outside the reasonable control of the Issuer or any of its affiliates and result in the Issuer being unable to fulfil its obligations when such obligations are due including (without limitation) failure of telecommunication or computer facilities, industrial disputes, civil unrest or acts of governmental, regulatory or supranational bodies subject to a maximum period specified in the applicable Final Terms. After such date, all obligations of the Issuer in respect of the relevant Securities shall be discharged.

## ANNEX G

- (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

## ANNEX H

### 6. INDIAN SELLING RESTRICTION

Any purchase of the Securities relating to or linked to securities listed on a stock exchange in India or indices that reference such securities should be made on the understanding that the purchaser shall be deemed to acknowledge, represent, warrant and undertake to the Issuer and its subsidiaries and affiliates (“**ABN AMRO**”) that:

- (a) it consents to the provision by ABN AMRO to any Indian governmental or regulatory authority of any information regarding it and its dealings in the Securities as required under applicable Indian regulations and/or as requested by any Indian governmental or regulatory authority;
- (b) it agrees to promptly provide to ABN AMRO, or directly to the relevant Indian governmental or regulatory authority (and confirm to ABN AMRO when it has done so), such additional information that ABN AMRO deems necessary or appropriate in order for ABN AMRO to comply with any such regulations and/or requests;

- (ix) it will, and will require each subsequent Holder to, notify any purchaser of the Securities from it of the resale restrictions referred to in paragraph (viii) above, if then applicable;
- (x) that Securities offered in the United States to QIBs will be represented by one or more Rule 144A Global Securities, that Securities offered in the United States to Institutional Accredited Investors will only be in the form of IAI Definitive Securities and that Securities offered outside the United States in reliance on Regulation S will be represented by one or more Regulation S Global Securities;

Institutional Accredited Investors who purchase IAI Definitive Securities offered and sold in the United States in reliance upon an exemption from registration under the Securities Act are required to execute and deliver to any Transfer Agent an Investor Representation Letter. Upon execution and delivery of an Investor Representation Letter by an Institutional Accredited Investor IAI Definitive Securities will be issued. The Investor Representation Letter will state, among other things, the following:

- (i) that the Institutional Accredited Investor has received a copy of this Supplement, the Certificates Base Prospectus and such other information as it deems necessary in order to make its investment decision;
- (ii) that the Institutional Accredited Investor understands that any subsequent transfer of the Securities is subject to certain restrictions and conditions set forth in this Supplement, the Certificates Base Prospectus and the Securities (including those set out above) and that it agrees to be bound by, and not to resell, pledge or otherwise transfer the Securities except in compliance with, such restrictions and conditions and the Securities Act;
- (iii) that, in the normal course of its business, the investor invests in or purchases securities similar to the Securities;
- (iv) that the purchaser is an Institutional Accredited Investor within the meaning of Rule 501(a)(1), (2), (3), (7) or (8) (but with respect to sub-clause (a) (8), only a “fund of funds” entity) of Regulation D

- (v) that the Institutional Accredited Investor is acquiring the Securities purchased by it for its own account or for one or more accounts (each of which is an Institutional Accredited Investor) as to each of which it exercises sole investment discretion and not with a view to any distribution of the Securities, subject, nevertheless, to the understanding that the disposition of its property shall at all times be and remain within its control; and
- (vi) that the Institutional Accredited Investor acknowledges that (a) it did not rely on any investigation that the Issuer, any of its affiliates or any person acting on their behalf may have conducted with respect to any Underlying Issuer or Underlying, and none of such persons has made any representation to it, express or implied, with respect to any such Underlying Issuer or the Underlying; (b) it conducted and relied on its own investigation with respect to the Underlying; (c) it had an opportunity to ask executive officers of any such Underlying Issuer such questions as it considers necessary or appropriate with respect to such Underlying Issuer or the Underlying; and (d) it received all information that it believes is necessary or appropriate in connection with any such Underlying; and
- (vii) any additional representations that the Issuer may from time to time require.

No sale of interests in a Rule 144A Global Security to any one purchaser, will be for less than U.S.\$100,000 (or its foreign currency equivalent) nominal amount. No interest in a Rule 144A Global Security will be issued in connection with a sale in a smaller applicable nominal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S.\$100,000 (or its foreign currency equivalent) nominal amount of Securities.

### **United States Federal Income Taxation**

Any U.S. federal tax discussion in this Supplement was not written and is not intended to be used and cannot be used by any taxpayer for purposes of avoiding United States federal income tax penalties that may be imposed on the taxpayer. Any such tax discussion was written to support the promotion or marketing of the Securities to be issued pursuant to the Certificates Base Prospectus and this Supplement. Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

The following summary is a general discussion of the principal potential U.S. federal income tax consequences to U.S. Holders (as defined below) who purchase Securities that are equity certificates (“**Equity Securities**”) on original issuance for the stated principal amount and hold the Equity Securities as capital assets within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended

(the “**Code**”). The following discussion is limited to the tax treatment of Securities that are Equity Securities.

This summary is based on the Code, administrative pronouncements, judicial decisions and currently effective and proposed Treasury regulations, changes to any of which subsequent to the date of this Supplement may affect the tax consequences described in this discussion. This summary does not address all aspects of U.S. federal income taxation that may be relevant to a potential purchaser in light of its individual circumstances or if a potential purchaser is subject to special treatment under the U.S. federal income tax laws (such as certain financial institutions, tax-exempt organisations, dealers in options or securities, partnerships or other entities classified as partnerships for U.S. federal income tax purposes, or persons who hold Equity Securities through such entities or as part of a hedging transaction, straddle, conversion or other integrated transaction), persons that have elected to mark their securities to market as traders for U.S. federal income tax purposes, or persons that have a “functional currency” other than the U.S. dollar). Further, this summary does not address alternative minimum tax consequences or the indirect effects on the holders of equity interests in a holder of Securities.

As the law applicable to the U.S. federal income taxation of instruments such as the Equity Securities is technical and complex, the discussion below necessarily represents only a general summary. Moreover, the effect of any applicable state, local or foreign tax laws is not discussed.

As used herein, a potential purchaser is a “**U.S. Holder**” if it is a beneficial owner of Equity Securities and is for U.S. federal income tax purposes:

- a citizen or resident of the United States;
- a corporation organised under the laws of the United States or any political subdivision thereof;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if (x) a court within the United States is able to exercise primary supervision over its administration and (y) one or more United States persons have the authority to control all of the substantial decisions of such trust.

The Issuer will not investigate and will not have access to information that would permit it to ascertain whether any company that has issued equity instruments to which any Equity Securities relate is a passive foreign investment company for U.S. federal income tax purposes. **Prospective investors that are U.S. taxpayers should consult their own advisors concerning the U.S. tax consequences to them of investing in Equity Securities that relate to the equity of a passive foreign investment company.**

### **Dividend Amounts and Dividends**

The U.S. federal income tax consequences in the case of a payment of any Dividend Amount and/or, in the case of Physical Delivery Securities, any dividend by the Issuer on the Equity Securities is not clear.

Although a U.S. Holder should not be viewed as owning an equity interest in the Issuer or an ownership interest in the underlying Share Amount prior to the Exercise of an Equity Security, one possible characterization is that the payment of a Dividend Amount or dividend could be viewed as taxable income to a U.S. Holder upon receipt of the Dividend Amount or dividend. Another possible characterization could be that the payment of the Dividend Amount or dividend by the Issuer could be treated (either in whole or in part) as a non-taxable return of the Issue Price, requiring a consequent reduction of the U.S. Holder's basis in the Equity Securities. The gross amount of any amounts paid in foreign currency will generally be taken into account in an amount equal to the U.S. dollar value of the foreign currency.

**U.S. Holders should consult with their own tax advisors as to the U.S. federal income tax consequences of investing in an Equity Security, including the proper tax treatment of the payment of any Dividend Amount or dividend.**

### **Sale, Exchange or Exercise of the Equity Securities**

A U.S. Holder will recognize gain or loss on the sale or exchange of the Equity Securities equal to the difference between the amount realised, if any, and the U.S. Holder's tax basis in the Equity Securities. A U.S. Holder's initial tax basis in an Equity Security purchased with foreign currency will be the U.S. dollar value of the foreign currency amount paid for the Security.

If the Equity Securities are cash-settled, a U.S. Holder will also recognize gain or loss on the Exercise (including any automatic Exercise) of the Equity Securities. Any gain or loss will be long-term capital gain or loss if the U.S. Holder has held the Equity Securities for more than one year and generally will be gain or loss from U.S. sources for U.S. foreign tax credit purposes.

If a U.S. Holder exercises a Physical Delivery Security and receives delivery of the Share Amount, then the U.S. Holder's basis in the Share Amount shall consist of the U.S. Holder's basis in the Equity Securities. The U.S. Holder will recognize gain or loss on the exchange or sale of the Share Amount equal to the difference between the amount realised, if any, and the U.S. Holder's basis in the Equity Securities. Any gain or loss will be long-term capital gain or loss if the U.S. Holder held the Share Amount for more than one year and will generally be source gain or loss from U.S. sources for U.S. foreign tax credit purposes.

A U.S. Holder will generally have a tax basis in any foreign currency received on the sale, exchange or Exercise of an Equity Security equal to the U.S. dollar value of such foreign currency. Any gain or loss realised by a U. S. Holder on a sale or other disposition of the foreign currency, including their exchange for U.S. dollars, will be ordinary income or loss.

**Prospective investors should consult their own tax advisors with respect to the treatment of long-term capital gains (which may be taxed at lower rates than ordinary income for certain taxpayers) and capital losses (the deductibility of which is subject to limitations).**

## **Backup Withholding and Information Reporting**

In general, payments of Dividend Amounts and dividends with respect to the Equity Securities or the Share Amounts, and amounts paid with respect to the sale, exchange or Exercise thereof, payable to a U.S. Holder in the United States, or by a U.S. paying agent or other U.S.-related intermediary may be reported to the Internal Revenue Service and to the U.S. Holder as may be required under applicable Treasury regulations. Backup withholding may apply to these payments if the U.S. Holder fails to provide an accurate taxpayer identification number or certification of exempt status or otherwise to comply with the applicable Treasury regulations. Certain U.S. Holders (including, among others, corporations) are not subject to backup withholding. U.S. Holders should consult their tax advisors as to their qualification for an exemption from backup withholding and the procedure for obtaining an exemption.

## **ERISA**

The Issuer and certain affiliates of the Issuer may each be considered a “party in interest” within the meaning of the Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”) or a “disqualified person” within the meaning of the Internal Revenue Code of 1986, as amended, (the “**Code**”) with respect to certain employee benefit plans and individual retirement accounts, Keoghs and other plans subject to Section 4975 of the Code. Prohibited transactions within the meaning of ERISA or the Code may arise, for example, if the Securities are acquired by or with the assets of a pension or other employee benefit plan or account with respect to which the Issuer or any of its affiliates is a service provider, unless the Securities are acquired pursuant to an exemption from the prohibited transaction rules. Similar rules may also apply to certain governmental plans (as defined in Section 3(32) of ERISA), to the extent such plans are subject to provisions similar to the prohibited transaction rules.

The assets of a pension or other employee benefit plan may include assets held in the general account of an insurance company that are deemed to be “plan assets” under ERISA.

The acquisition of the Securities may be eligible for one of the exemptions noted below if such acquisition:

- (a) (i) is made solely with the assets of a bank collective investment fund and (ii) satisfies the requirements and conditions of Prohibited Transaction Class Exemption (“**PTCE**”) 91-38 issued by the Department of Labor (“**DOL**”);
- (b) (i) is made solely with assets of an insurance company pooled separate account and (ii) satisfies the requirements and conditions of PTCE 90-1 issued by the DOL;
- (c) (i) is made solely with assets managed by a qualified professional asset manager and (ii) satisfies the requirements and conditions of PTCE 84-14 issued by the DOL;
- (d) (i) is made solely with assets of a governmental plan, and (ii) is not subject to any federal, state or local law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code;

- (e) (i) is made solely with assets of an insurance company general account and (ii) satisfies the requirements and conditions of PTCE 95-60 issued by the DOL; or
- (f) (i) is made solely with assets managed by an in-house asset manager and (ii) satisfies the requirements and conditions of PTCE 96-23 issued by the DOL.

By its purchase of any Security and by each subsequent transferee's purchase of any Security, each Holder and each subsequent transferee will be deemed to have represented and warranted on each day from the date on which it acquires the Security through and including the date on which it disposes of its interest in the Security, either that (A) it is not a plan subject to the fiduciary responsibility provisions of ERISA or Section 4975 of the Code or a governmental plan which is subject to any federal, state or local law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or (B) (i) its purchase, holding and disposition of the Security will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental plan, any substantially similar federal, state or local law) or any other violation of an applicable requirement of ERISA or the Code (including, without limitation, Section 404(b) of ERISA and DOL regulation section 2550.404b-1) for which an exemption is not available, and (ii) neither the Issuer nor any of its affiliates is a "fiduciary" (within the meaning of Section 3(21) of ERISA) with respect to it by reason of its investment in the Securities and no advice that has been provided to it by the Issuer or any of its affiliates has formed a primary basis for any investment decision by it made in connection with the Securities. By its purchase of any Security, each Holder hereby indemnifies the Issuer, its subsidiaries and affiliates, and its officers, directors, advisors and other representatives and any of their subsidiaries or affiliates, against any direct or indirect liability that arises from any breach (whether or not intentional) of the foregoing representations.

Each purchaser of Securities will, by its purchase of such Securities, be deemed to acknowledge that the purchase of the Security may not satisfy the indicia of ownership requirements under ERISA (Section 404(b)) and the Issuer makes no representations in connection therewith. Accordingly, benefit plan investors that are subject to ERISA should consult with their own counsel to determine whether the purchase of Securities will satisfy the indicia of ownership requirements of ERISA applicable to such purchase.

Any insurance company or pension or employee benefit plan proposing to invest in the Securities should consult with its legal counsel. Purchasers of the Securities have exclusive responsibility for ensuring that their purchase and holding of the Securities does not violate the fiduciary and prohibited transaction rules of ERISA, the Code or any similar laws or rules.

## 2. FORM

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each

Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

3. RIGHTS AND PROCEDURES

- (a) Exercise. Provided no Early Termination Event has occurred, the Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) Early Termination Event: Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4.
- (c) Cash Settlement. Each Security upon maturity, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount. Each Security following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Early Termination Amount.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (f) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with any Cash Amount (if any) for such Securities;

- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “U.S. person” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
  - (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (g) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
  - (h) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Exercise Notice for value on the Settlement Date.
  - (i) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (j) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (k) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”**, in relation to a Reference Rate, means the situation in which a Reference Rate is not available on the relevant Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Business Day. The Issuer will request the principal London office of each of the Reference Banks to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate by at least

three of the Reference Banks then the Calculation Agent will determine the relevant Reference Rate at its sole and absolute discretion.

“**Market Disruption Event**”, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

“**De-listing**” means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket

Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent may make such adjustments as it may in its discretion determine to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

5. GOVERNING LAW

The Conditions pertaining to the Securities shall be governed by and shall be construed in accordance with English law.

the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

3. RIGHTS AND PROCEDURES

- (a) Exercise. Provided no Early Termination Event has occurred, the Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) Early Termination Event: Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4.
- (c) Cash Settlement. Each Security upon maturity, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount. Each Security following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Early Termination Amount.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (f) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**”, in relation to a Commodity, means:

- (i) **Price Source Disruption.** The failure by the Exchange to announce or publish the price of a relevant Commodity (or the information necessary for determining such price) or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) **Trading Suspension.** The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) **Disappearance of Price.** The failure of trading of a relevant Commodity to commence, or the permanent discontinuation of trading of the Commodity, on the Exchange; or

- (iv) **Material Change in Formula.** The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the price of a relevant Commodity; or
- (v) **Material Change in Content.** The occurrence, since the Issue Date, of a material change in the content or composition of a relevant Commodity; or
- (vi) **De Minimis Trading.** The number of contracts traded on the Exchange with respect to a relevant Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or a material reduction in, trading in the Commodity on the Exchange; or
- (vii) **Tax Disruption.** The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, a relevant Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date or the Early Termination Date, as the case may be, and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or
- (viii) **Trading Limitation.** The material limitation imposed on trading in a relevant Commodity with respect to it or any contract with respect to it on any exchange or principal trading market; or
- (ix) **Moratorium.** A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (x) **Other Events.** Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

**“Market Disruption Event”**, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

**“De-listing”** means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent may make such adjustments as it may in its discretion determine to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**”, in relation to a Basket Constituent, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by a relevant Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Share and, if so, will:
  - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the relevant Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the relevant Shares equal to

or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by a relevant Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by a relevant Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to a relevant Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the relevant Shares traded on such Related Exchange; or
  - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
  - (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the relevant Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be

effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**” in this paragraph (c) means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has in the determination of the Calculation Agent the same or a substantially similar structure and a substantially similar economic impact and is linked to the same commodity as such Basket Constituent or (B) remove the de-listed or cancelled Basket Constituent and allocate the Fixing Price of such Basket Constituent as of the effective date of the de-listing or cancellation *pro rata* to the remaining Basket Constituents.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“**De-listing**” in this paragraph (d) means a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (e) The Calculation Agent may make such adjustments as it may in its discretion determine to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

### 3. RIGHTS AND PROCEDURES

- (a) **Exercise.** Provided no Early Termination Event has occurred, the Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) **Early Termination Event:** Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4.
- (c) **Cash Settlement.** Each Security upon maturity, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount. Each Security following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Early Termination Amount.
- (d) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (e) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (f) **Notice.** All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;

- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
  - (iv) specify the number of the account with the Clearing Agent to be credited with any Cash Amount (if any) for such Securities;
  - (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
  - (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (g) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
  - (h) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Exercise Notice for value on the Settlement Date.
  - (i) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so

determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (j) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (k) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**”, in relation to an Index, means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

**“Market Disruption Event”**, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding

levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Fixing Price using, in lieu of a published level(s) for the Index on the Valuation Date or the Early Termination Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to

the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date or the Early Termination Date, as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant Exchange.
- (c) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket

Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

**“De-listing”** means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (d) The Calculation Agent may make such adjustments as it may in its discretion determine to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

## 2. FORM

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and

binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

### 3. RIGHTS AND PROCEDURES

- (a) Exercise. Provided no Early Termination Event has occurred, the Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) Early Termination Event: Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4.
- (c) Cash Settlement. Each Security upon maturity, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount. Each Security following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Early Termination Amount.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (f) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with any Cash Amount (if any) for such Securities;

- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “U.S. person” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
  - (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (g) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
  - (h) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Exercise Notice for value on the Settlement Date.
  - (i) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (j) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (k) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”**, in relation to an Underlying FX Rate, means:

- (i) **Price Source Disruption.** If it becomes impossible to obtain the Underlying FX Rate on the Valuation Date or the Early Termination Date, as the case may be, in the inter-bank market; or
- (ii) **Governmental Default.** If with respect to any security or indebtedness for money borrowed or guaranteed by any Governmental Authority, there occurs a default, event of default or other similar condition or event (howsoever described) including, but not limited to, (i) the failure of timely payment in full of principal, interest or other amounts due (without giving effect to any applicable grace periods) in respect

of any such security indebtedness for money borrowed or guarantee, (ii) a declared moratorium, standstill, waiver, deferral, repudiation or rescheduling of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee or (iii) the amendment or modification of the terms and conditions of payment of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee without the consent of all holders of such obligation. The determination of the existence or occurrence of any default, event of default or other similar condition or event shall be made without regard to any lack or alleged lack of authority or capacity of such Governmental Authority to issue or enter into such security, indebtedness for money borrowed or guarantee; or

- (iii) Inconvertibility/non-transferrability. The occurrence of any event which (i) generally makes it impossible to convert the currencies in the Underlying FX Rate through customary legal channels for conducting such conversion in the principal financial centre of the Settlement Currency or (ii) generally makes it impossible to deliver the Settlement Currency from accounts in the country of the principal financial centre of the Settlement Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
- (iv) Nationalisation. Any expropriation, confiscation, requisition, nationalization or other action by any Governmental Authority which deprives the Issuer (or any of its affiliates), of all or substantially all of its assets in the country of the principal financial centre of the Settlement Currency; or
- (v) Illiquidity. Any impossibility in obtaining a firm quote for the Underlying FX Rate or the Settlement Currency for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or
- (vi) Other Events. Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

For this purpose a “**Governmental Authority**” is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of either of the currencies in the Underlying FX Rate.

**“Market Disruption Event”**, in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Adjustments to the Basket.** If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

**“De-listing”** means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent may make such adjustments as it may in its discretion determine to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

5. GOVERNING LAW

The Conditions pertaining to the Securities shall be governed by and shall be construed in accordance with English law.

## ANNEX G

### **Express Certificates:**

Express certificates are similar to ordinary certificates except that the certificates may provide that they will be subject to automatic early termination if, on a defined date, the level of the Underlying exceeds a defined level. Express certificates which are not subject to early termination or, if so subject, are not terminated early in accordance with their terms, pay a return at maturity linked to the price of the Underlying. To the extent that, at the maturity date of the certificates, the Underlying has risen above its level at the Pricing Date, the Holder will participate in such rise, but such returns may be subject to a maximum amount. To the extent that, at the maturity date of the certificates, the Underlying has fallen below its level at the Pricing Date, the Holder may receive less than the amount invested and, in certain cases, could lose its entire investment. Express certificates are not open end certificates and are automatically exercised at maturity, subject to early termination. The Underlying in relation to express certificates may be one or more interest rates, one or more commodities, one or more shares, one or more indices or one or more currency exchange rates and/or, in any case, one or more certificates linked to the same.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this summary.

**Issuer:**

ABN AMRO Bank N.V.

The Issuer is a subsidiary of ABN AMRO Holding N.V. (“**Holding**”). The ABN AMRO group (“**ABN AMRO**”), which consists of Holding and its subsidiaries, is a prominent international banking group offering a wide range of banking products and financial services on a global basis through a network of 3,870 offices and branches in 58 countries and territories as of year-end 2004. ABN AMRO is one of the largest banking groups in the world, with total consolidated assets of €608.6 billion at 31 December 2004. ABN AMRO is the largest banking group in The Netherlands and has a substantial presence in Brazil and the Midwestern United States, its three “home markets”. It is one of the largest foreign banking groups in the United States, based on total assets held as of 31 December 2004. Holding is listed on Euronext Amsterdam and the New York Stock Exchange (among others).

ABN AMRO implements its strategy through a number of global (Strategic) Business Units, each of which is

responsible for managing a distinct client or product segment. Its client-focused (Strategic) Business Units are: Customer & Commercial Clients, Wholesale Clients, Private Clients, Asset Management and Transaction Banking Group. In addition, it has the following internal Business Units: Group Shared Services and Group Functions. Its (Strategic) Business Units are present in all countries and territories in which ABN AMRO operates, with the largest presence in its home markets.

**Risk Factors:**

There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Securities, including the fact that the Issuer's results can be adversely affected by (i) general economic conditions and other business conditions, (ii) competition, (iii) regulatory change and (iv) standard banking risks including changes in interest and foreign exchange rates and operational, credit, market, liquidity and legal risks, see "Risk Factors" in the Registration Document. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with the Securities, see "Risk Factors" in this Base Prospectus.

**Principal Agent and Calculation Agent:** ABN AMRO Bank N.V.

**Listing and Admission to Trading:** Application has been made to Euronext Amsterdam for Securities to be admitted to trading and listed on Eurolist by Euronext Amsterdam up to the expiry of 12 months from the date of this Base Prospectus. In addition, Securities may be listed or admitted to trading, as the case may be, on any other stock exchange or market specified in the applicable Final Terms. The Issuer may also issue unlisted Securities.

**Description of the Securities:** A range of certificates may be issued under this Base Prospectus. The Conditions applicable to such certificates are contained in the General Conditions which are applicable to all certificates, the Product Conditions

applicable to the particular type of certificate being issued and the Final Terms applicable to the particular Series being issued.

Certificates are investment instruments which, at maturity or expiration and subject to due exercise in accordance with their conditions, either pay an amount determined by reference to the value of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond, basket or other product (together, the “**Underlying**”) on one or more specified days or deliver the Underlying, subject to the certificate entitlement. The types of certificates that may be issued under this Base Prospectus are described below.

Dividends received by the Issuer on holding any hedge for the certificates during the life of the certificates may, if so specified in the applicable Product Conditions, be passed on to the Holder.

**Open End Certificates:**

Open end certificates are similar to ordinary certificates, in that they track in a linear manner the Underlying. The difference between an open end certificate and an ordinary certificate is that an open end certificate does not have an expiration date or maturity date but will instead continue indefinitely until either the Holder exercises or the Issuer terminates the certificates.

Where the Underlying is a product which has an expiration, for example a future or forward, then the Underlying may be substituted for an equivalent instrument during the life of the open end certificates.

**Open End Quanto Certificates:**

Where the settlement currency is different to the underlying currency, an open end certificate may have a quanto feature (effectively a fixed rate of exchange between the two currencies for the duration of the certificate) and the Issuer may charge the Holder for arranging and maintaining such quanto feature by way of reducing the amount received by the Holder on exercise or

termination.

**Open End Commodity Certificates:** Open end commodity certificates are open end certificates where the Underlying is a commodity. A wide range of commodities may become the Underlying in relation to an open end commodity certificate.

**Open End Single Stock Certificates:** Open end single stock certificates are open end certificates where the Underlying is a share. A range of individual shares may become the Underlying in relation to an open end single stock certificate.

**Open End Index Certificates:** Open end index certificates are open end certificates where the Underlying is an index. A range of indices may become the Underlying in relation to an open end index certificate.

**Open End Commodity Futures Contracts or Forward Contracts Certificates:** Open end commodity futures contracts or forward contracts certificates are open end certificates where the Underlying is a forward or future contract related to a commodity. A range of commodity futures contracts or forward contracts may become the Underlying in relation to an open end commodity futures contracts or forward contracts certificate.

**Open End Fund Certificates:** Open end fund certificates are open end certificates where the Underlying is a fund. A range of funds may become the Underlying in relation to an open end fund certificate.

**Airbag Certificates:** Airbag certificates are similar to ordinary certificates except that the redemption amount payable to the Holder varies depending on the level of the Underlying at maturity. The return to the Holder is subject to a minimum amount unless the Underlying drops below a predetermined level. If the Underlying rises above its level as of the Pricing Date the Holder will participate in such rise, but such return may be subject to a maximum amount. Airbag index certificates are not open end certificates and are automatically exercised at maturity.

**Discount Certificates:** Discount certificates are similar to ordinary certificates,

except that the redemption amount payable to the Holder is effectively capped. If the Underlying on expiration or maturity is equal to or above a pre-determined level (the “**Strike Price**”), then the Holder will receive an amount equal to the Strike Price. Alternatively, the Holder will receive delivery of the Underlying. Discount certificates are not open end certificates, are issued at a discount and are automatically exercised at maturity.

**Double-Up Certificates:**

Double-up certificates are similar to ordinary certificates except that a Strike Price is set at the issue of the certificates equal to or around the level of the Underlying at that time. If the Underlying on expiration or maturity is at or above the Strike Price, then the Holder will receive an amount equal to the value of the Underlying plus the difference between the value of the Underlying and the Strike Price, effectively “doubling-up” the increase performance of the Underlying. The amount received by the Holder will however be subject to a maximum amount. Double-up certificates are not open end certificates and are automatically exercised at maturity.

**Bonus Certificates:**

Bonus certificates are similar to ordinary certificates except that the Underlying is monitored during the life of the certificates. If the Underlying is at or below a strike level at any point during the life of the certificates then a “knock-out event” is deemed to have occurred and at expiration or maturity the Holder will receive an amount equivalent to the value of the Underlying as of the expiration or maturity. If a knock-out event has not occurred at any point during the life of the certificates then the Holder will receive at least the amount originally invested, and more if the level of the Underlying at expiration or maturity is at or above the level as of the Issue Date. Bonus certificates are not open end certificates and are automatically exercised at maturity.

**Indicative Issue Price:**

The certificates will be sold at a price determined by the

Issuer who may, in making such determination, refer to, amongst other factors, the level of the Underlying, the relevant certificate entitlement and any applicable foreign exchange rate(s).

**Maturity:**

The open end certificates do not have any fixed maturity date but the other certificates do, as specified in the applicable Final Terms. There are no minimum or maximum maturities.

**Interest:**

The certificates do not bear interest. If interest bearing certificates are to be issued pursuant to this Base Prospectus, the Issuer shall prepare a supplement to this Base Prospectus.

**General Conditions**

Set out below is a summary of certain significant provisions of the General Conditions applicable to all certificates issued under this Base Prospectus.

*Status of the Certificates:*

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

*Early Termination:*

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

*Hedging Disruption:*

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect

of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

*Substitution:*

The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by Holding (unless Holding is the Substitute).

*Taxation:*

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

*Adjustments for European Monetary Union:*

The Issuer may, without the consent of any Holder, on giving notice to the Holders elect that, with effect from the date specified in such notice, certain terms of the Securities shall be redenominated in euro, see General Condition 11.

**Product Conditions:**

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the certificates to be issued under this Base Prospectus.

*Form of Certificates:*

The certificates will be issued in global form.

*Exercise of Certificates:*

Certificates may be exercised on any Exercise Date, or

may automatically exercise on expiration or maturity, as specified in the applicable Final Terms. Notification of any such automatic exercise will be made in the manner set out under “General Information Notices”.

*Settlement of Certificates:*

Certificates may be cash or physically settled, as specified in the applicable Product Conditions.

*Market Disruption Events:*

If a Market Disruption Event occurs Holders of certificates may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of certificate and vary depending on the type of certificate.

*Settlement Disruption Event:*

If a Settlement Disruption Event occurs in relation to a physically settled certificate, the Holder of the certificate may experience a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected. Settlement Disruption Events are defined in the Product Conditions for certificates which may be physically settled and vary depending on the type of certificate.

*Governing Law:*

English law.

**Final Terms:**

Each Series will be the subject of a Final Terms supplement which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of certificate is set at the end of this Base Prospectus.

## RISK FACTORS

---

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.*

*The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.*

*Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.*

*Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.*

### **Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued**

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued.

### **Factors which are material for the purpose of assessing the market risks associated with Securities issued**

#### *The Securities are certificates which entail particular risks*

Certificates are investment instruments which, at maturity or expiration either pay an amount determined by reference to the level of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond or other product (together, the “**Underlying**”) or deliver the Underlying, subject to the certificate entitlement. As such, certificates

entail the same level of risk as a direct investment in the Underlying. Investors should be aware that their entire investment may be lost in the event that the Underlying is valued at zero. Except in the case of open end certificates since certificates are of limited maturity, unlike direct investments, investors are not able to hold them beyond their stated maturity or expiration date in the expectation of a recovery in the price of the Underlying.

The price at which a holder will be able to sell certificates prior to maturity or expiration may be at a potentially substantial discount to the market value of the certificates at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

Open end certificates are similar to ordinary certificates, in that they track in a linear manner the Underlying. The difference between an open end certificate and an ordinary certificate is that an open end certificate does not have an expiration date or maturity date but will instead continue indefinitely until either the Holder exercises or the Issuer terminates the certificates.

Airbag certificates are similar to ordinary certificates except that the return to the Holder is subject to a minimum amount unless the Underlying drops below a predetermined level. The Holder is entitled to an increased return if the Underlying rises above its level as of the Pricing Date. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Discount certificates are similar to ordinary certificates, except that the return to the Holder is effectively capped. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Double-up certificates are similar to ordinary certificates except that a Strike Price is set at the issue of the certificates equal to or around the level of the Underlying at that time. If the Underlying on expiration or maturity is at or above the Strike Price, then the Holder will receive an amount equal to the value of the Underlying plus the difference between the value of the Underlying and the Strike Price, effectively “doubling-up” the increase performance of the Underlying. The amount received by the Holder will however be subject to a maximum amount. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Bonus certificates are similar to ordinary certificates except that the Underlying is monitored during the life of the certificates. If the Underlying is at or below a strike level at any point during the life of the certificates then a “knock-out event” is deemed to have occurred and at expiration or maturity the Holder will receive an amount equivalent to the value of the Underlying as of the expiration or maturity. If a knock-out event has not occurred at any point during the life of the certificates then the Holder will receive at least the amount originally invested, and more if the level of the Underlying at expiration or maturity is at or above the level as of the Issue Date. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

***The Securities may not be a suitable investment for all investors***

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

***The value of the Securities may fluctuate***

The value of the Securities may move up and down between their date of purchase and their exercise date or maturity date (as the case may be). Holders of Securities (the “**Holders**”) may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an affect on the value of the Underlying include the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events which apply.
- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future or governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between

any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter. Where Securities are described as being “quantoed”, the value of the Underlying will be converted from one currency (the “**Original Currency**”) into a new currency (the “**New Currency**”) on the date and in the manner specified in, or implied by, the Conditions using a fixed exchange rate. The cost to the Issuer of maintaining such a fixing between the Original Currency and the New Currency will have an implication on the value of the Securities. The implication will vary during the term of the Securities. No assurance can be given as to whether or not, taking into account relative exchange rate and interest rate fluctuations between the Original Currency and the New Currency, a quanto feature in a Security would at any time enhance the return on the Security over a level of a similar security issued without such a quanto feature.

- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled certificate. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

***There may not be a secondary market in the Securities***

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the

liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

***Purchasing the Securities as a hedge may not be effective***

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

***Actions taken by the Issuer may affect the value of the Securities***

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

***Holders have no ownership interest in the Underlying***

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

***Actions taken by the Calculation Agent may affect the Underlying***

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may

be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

***There may be limitations on a Holder's right to exercise the Securities***

- (a) *Maximum Exercise Amount.* If so indicated in the Conditions, the Issuer will have the option to limit the number of Securities exercisable on any date (other than the final exercise date) to the maximum number so specified and, in conjunction with such limitation, to limit the number of Securities exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Securities being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer has elected to limit the number of Securities exercisable on such date, a holder of Securities may not be able to exercise on such date all the Securities that it desires to exercise. In any such case, the number of Securities to be exercised on such date will be reduced until the total number of Securities exercised on such date no longer exceeds such maximum (unless the Issuer otherwise elects), such Securities being selected as specified in the Conditions. Securities tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Securities may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (b) *Minimum Exercise Amount.* If so indicated in the Conditions, a Holder may have to tender a specified minimum number of the Securities at any one time in order to exercise the Securities. Thus Holders with fewer than the specified minimum number of such Securities will either have to sell their Securities or purchase additional Securities, incurring transaction costs in each case, in order to realise a return on their investment, and may incur the risk that the trading price of the Securities at that time is different from, in the case of Securities settled in cash (“**Cash Settled Securities**”), the applicable Cash Amount (as defined in the Product Conditions) or, in the case of Securities settled by way of physical delivery (“**Physical Delivery Securities**”), the difference between the value of the applicable underlying asset and the exercise price, in each case upon exercise.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

***There may be delays in effecting settlement***

If the Securities are subject to provisions relating to exercise, then upon their exercise, there will be a time lag between the time a holder of the Securities gives instructions to exercise and the time the

applicable Cash Amount (if the Securities are Cash Settled Securities) relating to such exercise is determined. If the Securities are Physical Delivery Securities there will be a time lag following exercise of the Securities until the Share Amount is delivered to the relevant Holder's account. Any such delay between the time of exercise and the determination of the Cash Amount or delivery of the Share Amount will be specified in the Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of such Securities arising from, as described above, any daily maximum exercise limitation or, as described above, any delay consequent upon the determination by the Calculation Agent that a Market Disruption Event or a Settlement Disruption Event occurred at any relevant time. The applicable Cash Amount or Share Amount could decrease or increase from what it would have been but for such delay.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

If the Securities are subject to provisions concerning delivery of a Notice and such notice is received by either the relevant Clearing Agent, with a copy to the Principal Agent after the latest time specified in the Conditions, it will be deemed to be duly delivered on the next following Business Day. Such deemed delay may in the case of Cash Settled Securities increase or decrease the Cash Amount from what it would have been but for such deemed delivery. In the case of Securities which are exercisable on one day only or only during an exercise period any Notice, if not delivered by the latest time specified in the Conditions, shall be void.

If the Securities require a Notice to be delivered before close of business in the place of receipt on the Cut-off Date (as defined in the Product Conditions), then delivery after the Cut-off Date may result in a delay in delivery of the applicable Share Amount (as defined in the Product Conditions).

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

**Securities not exercised in accordance with the Conditions will (where exercise is required) expire worthless.**

***Taxes may be payable by investors***

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 8 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

***The Securities may be terminated prior to their stated date***

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

***Risks associated with Securities held in global form***

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), in each case in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems. For as long as any Securities are represented by a global Security held by or on behalf of a Relevant Clearing System, payments of principal, interest (if any) and any other amounts on a global Security will be made through the Relevant Clearing System against presentation or surrender (as the case may be) of the relevant global Security and, in the case of a temporary global Security, certification as to non-U.S. beneficial ownership. The bearer of the relevant global Security, typically a depository for the Relevant Clearing System, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities represented by such global Security with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are represented by a global Security will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

***Risk associated with nominee arrangements***

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, (if any) or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such

investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

***There may be a change of law which may affect the value of the Security***

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus.

***Credit ratings may not reflect all risks***

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

***The return on an investment in Securities will be affected by charges incurred by investors***

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

***Legal investment considerations may restrict certain investments***

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate

regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.*

1. GENERAL

No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. EUROPEAN ECONOMIC AREA

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State:

- (a) in (or in Germany where the offer starts within) the period beginning on the date of publication of a prospectus in relation to those Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive and ending on the date which is 12 months after the date of such publication;

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

### 3. THE NETHERLANDS

Securities which qualify as savings certificates as defined in the Savings Certificates Act (“*Wet inzake spaarbewijzen*”) may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

### 4. UNITED STATES OF AMERICA

The Securities have not been and will not be registered under the Securities Act of 1933 (as amended) (the “**Securities Act**”) and trading in the Securities has not been and will not be approved by the United States Commodity Futures Trading Commission under the United States Commodity Exchange Act of 1922. The Securities may not at any time be offered, sold, delivered, traded or exercised, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and a U.S. person may not, at any time, directly or indirectly, maintain a position in the Securities. Offers, sales, trading or deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons may constitute a violation of the United States law governing commodities trading. Exercise of the Securities will be conditional upon certification as to non-U.S. beneficial ownership. Terms

used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Issuer will not offer, sell or deliver the Securities at any time within the United States or to, or for the account or benefit of, any U.S. person, and it will require all those dealers participating in the distribution of the Securities not to offer, sell, deliver or trade, at any time, directly or indirectly, any Securities in the United States or to, for the account or benefit of, any U.S. person. In addition, the Issuer will send to each dealer to which it sells Securities at any time a confirmation or other notice setting forth the restrictions on offers, sales and deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons. As used in this and the above paragraph “**United States**” means the United States of America, its territories or possessions, any state of the United States, the District of Columbia or any other enclave of the United States government, its agencies or instrumentalities, and “**U.S. person**” means:

- (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;

  - (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or
  - (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

## 5. UNITED KINGDOM

The Issuer represents, warrants and agrees that it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or

inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the “**FSMA**”)) received by it in connection with the issue or sale of any Securities in circumstances in which section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer and it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom.

## CONDITIONS: GENERAL CONDITIONS

---

*The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on the Definitive Securities or attached to the Global Security representing the Securities.*

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) Validity. Unless otherwise specified in the applicable Final Terms, announcements to Holders will be valid if delivered to the Clearing Agent(s).

- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published as specified in the applicable Final Terms on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
  - (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
  - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
  - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
  - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:

- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any Affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held,

surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.

In this General Condition 6(a) “**Affiliate**” means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein “**control**” means the ownership of a majority of the voting power of the entity and “**controlled by**” and “**controls**” shall be construed accordingly.

- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

#### 7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations. Any determination made by the Issuer shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) Modifications. The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

#### 8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the “**Substitute**”), being any subsidiary or affiliate of the Issuer, subject to: (i) the obligation of the Substitute under the Securities being guaranteed by ABN AMRO Holding N.V. (“**Holding**”) (unless Holding is the Substitute); (ii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being

in full force and effect; and (iii) the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have been given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:

- (i) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to

be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;

- (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and
  - (iii) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) **Adjustment to Conditions.** The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.
- (d) **Definitions Relating to European Economic and Monetary Union.** In this General Condition, the following expressions have the meanings set out below.

“**Adjustment Date**” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the Original Company or, as the case may be, the Settlement Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

The Issuer reserves the right at any time to appoint another institution as the Calculation Agent provided that no termination of appointment of the existing Calculation Agent shall become effective until a replacement Calculation Agent shall

have been appointed. Notice of any termination or appointment will be given to the Holders in accordance with General Condition 4.

The Calculation Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
  - (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the

Valuation Date or the Issuer Call Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date or the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared

intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date or the Issuer Call Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

- (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed

to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (2) If (A) on or prior to the Valuation Date or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date or the Issuer Call Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date or the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to

existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date or the Issuer Call Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (b) Governmental Default. With respect to any security or indebtedness for money borrowed or guaranteed by any Governmental Authority, there occurs a default, event of default or other similar condition or event (howsoever described) including, but not limited to, (A) the failure of timely payment in full of principal, interest or other amounts due (without giving effect to any applicable grace periods) in respect of any

The determination of the existence or occurrence of any default, event of default or other similar condition or event shall be made without regard to any lack or alleged lack of authority or capacity of such Governmental Authority to issue or enter into such security, indebtedness for money borrowed or guarantee; or

- (c) Inconvertibility/non-transferability. The occurrence of any event which (A) generally makes it impossible to convert the currencies in the Exchange Rate through customary legal channels for conducting such conversion in the principal financial centre of the Settlement Currency or (B) generally makes it impossible to deliver the Settlement Currency from accounts in the country of the principal financial centre of the Settlement Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
- (d) Nationalisation. There is any expropriation, confiscation, requisition, nationalisation or other action by any Governmental Authority which deprives the Issuer (or any of its affiliates), of all or substantially all of its assets in the country of the principal financial centre of the Settlement Currency; or
- (e) Illiquidity. There is any impossibility in obtaining a firm quote for the Exchange Rate for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or
- (f) Other Events. Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

For this purpose a “**Governmental Authority**” is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of either of the currencies in the Exchange Rate.

The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

#### 4. ADJUSTMENTS

- (a) Market Disruption.

The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) the Basket Constituents on the Exchange or any other exchange on which the Basket Constituents are traded; or (B) any options contracts or futures contracts or other derivatives contracts relating to the Basket Constituent on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to the Basket

If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has in the determination of the Calculation Agent the same or a substantially similar structure and a substantially similar economic impact and is linked to the same commodity as such Basket Constituent or (B) remove the de-listed or cancelled Basket Constituent and allocate the Reference Price of such Basket Constituent as of the effective date of the de-listing or cancellation pro rata to the remaining Basket Constituents.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

**“De-listing”** means a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

**“Market Disruption Event”** means:

- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Issuer of the Reference Asset of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Reference Asset and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and

- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Reference Assets traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any event that may have a diluting or concentrative effect on the theoretical value of the relevant Reference Assets.

- (c) If a De-Listing occurs with respect to the Reference Asset or it is for any reason cancelled, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Reference Asset by a successor reference asset which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Reference Asset or (B) make any other adjustment as it sees fit.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

**“De-listing”** means the Reference Asset for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Reference Asset is listed (and such cessation or suspension is continuing and such Reference Asset is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (d) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. In that case (i) the fifth Trading Day shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant; and

2. FORM

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Valuation Date.

- (b) Cash Settlement. Each Security upon due exercise, and subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

As used herein, “U.S. person” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan

for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.

- (h) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal

Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
  - (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change of failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are

listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

- (b) Cash Settlement. Each Security, upon due exercise, and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date or, if

later, five Business Days following the delivery of the Notice, subject to General Condition 6(c), the Cash Amount or the Capped Amount, as the case may be, specified as such in the definition of Cash Settlement for the relevant Series in the applicable Final Terms.

- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount or the Capped Amount, as the case may be.

Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a

Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of calculating, the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (G) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such

adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

## 2. FORM

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

## 3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) Cash Settlement. Each Security upon due exercise, and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date or, if

later, five Business Days following the delivery of the Notice, subject to General Condition 6(c):

- (i) Cash Amount 1 if the Final Reference Price is greater than the Lower Initial Reference Price and less than or equal to the Upper Initial Reference Price and at no time has there occurred a Knock-out Bonus Event; and otherwise
  - (ii) Cash Amount 2.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court

- (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (g) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the date determined pursuant to Product Condition 3(b).
- (h) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal

Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any

event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:

(i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

(ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of, calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (G) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such

adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
- (v) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the

authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (vi) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (g) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the date determined pursuant to Product Condition 3(b).
- (h) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be

taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) **Delivery of a Notice.** Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) **Exercise and Settlement Risk.** Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a

Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
- (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of, calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (G) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such

adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

2. FORM

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) Settlement. Each Security, upon due exercise and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date or, if later, five Business Days following the delivery of the Notice, subject to General Condition 6(c), either:
  - (i) Cash Amount 1, if the Final Reference Price is greater than or equal to the Double Up Stop Level; or
  - (ii) Cash Amount 2, if the Final Reference Price is greater than the Initial Reference Price and less than the Double Up Stop Level; or
  - (iii) Share Amount, if the Final Reference Price is less than or equal to the Initial Reference Price.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.

- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a “Notice”) to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
- (v) specify the Delivery Details;
- (vi) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed

principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (vii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (g) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Exercise Date, then the Share Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount whether on or after the Settlement Date being the "**Delivery Date**") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Exercise Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares and shall hold the proceeds (the "**Realised Share Amount**") for the account of the Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (h) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or

procure the registration of the Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.

- (i) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (j) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) Intervening Period. With respect to delivery of the Share Amount, for such period of time after the Exercise Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Shares or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares

during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any such other person being the legal owner of such Shares during such Intervening Period.

- (m) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exercise Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (n) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Settlement Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of the Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of delivery of the Share Amount and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that notice of such election is given to the Holders in accordance with General Condition 4. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment in respect of a Security in the event of any delay in the delivery of the Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (o) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.
