LaunchPAD Programme

(the "Programme")

- This supplement dated 25 June 2012 (this "Supplement") constitutes the seventeenth supplement to each of the base prospectuses dated 1 July 2011 in relation to the Issuer's LaunchPAD Programme for the issuance of (i) Certificates, (ii) Notes, (iii) Reverse Exchangeable Securities, (iv) Turbos and (v) Warrants; and the eighteenth supplement to the base prospectus dated 1 July 2011 in relation to the Issuer's LaunchPAD Programme for the issuance of Open End Certificates, each approved by the Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*, the "AFM") on 1 July 2011 (the "Base Prospectuses" and, each, a "Base Prospectus").
- 2 Each of the Base Prospectuses were approved as a base prospectus pursuant to Directive 2003/71/EC (the "**Prospectus Directive**") by the AFM. This Supplement constitutes a supplemental prospectus to each of the Base Prospectuses for the purposes of Article 5:23 of the Financial Supervision Act (*Wet op het financial toezicht*).
- 3 This Supplement is supplemental to, and should be read in conjunction with, each of the Base Prospectuses and any other supplements thereto issued by the Issuer. Terms defined in each of the Base Prospectuses have the same meanings when used in this Supplement.

- 4 In accordance with Article 5:23(6) of the Financial Supervision Act (*Wet op het financieel toezicht*), investors who have agreed to purchase or subscribe for securities issued under the Base Prospectuses before this Supplement is published have the right, exercisable before the end of the period of two working days beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances.
- The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.
- On 24 February 2012, the registration document of The Royal Bank of Scotland plc dated 24 February 2012 (the "**RBS Registration Document**") was published via the Regulatory News Service of the London Stock Exchange plc. The RBS Registration Document is incorporated by reference in each of the Base Prospectuses and has previously been filed with the AFM.
- By virtue of this Supplement, the paragraphs under the sub-section entitled "Ratings" in the sub-section entitled "PART A: IN RELATION TO RBS N.V." in the section of each of the Base Prospectuses entitled "General Information", shall be deleted in their entirety and replaced with the following:

"Any rated Securities are expected to be assigned a rating that aligns with the relevant rating measures outlined below. Should there be any exceptions to this, the Issuer will in each case specify details in the Final Terms of the relevant Securities.

Standard & Poor's Credit Market Services Europe Limited ("Standard & Poor's") is expected to rate: senior notes issued by RBS N.V. with a maturity of one year or more "A"; senior notes issued by RBS N.V. with a maturity of less than one year "A-1"; dated subordinated notes issued by RBS N.V. "BBB-"; and undated tier 2 notes issued by RBS N.V. "BB+". Fitch Ratings Limited ("Fitch") is expected to rate: senior notes issued by RBS N.V. with a maturity of one year or more "A"; senior notes issued by RBS N.V. with a maturity of less than one year "F1"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. will be rated on a case-by-case basis. Moody's Investors Service Limited ("Moody's") is expected to rate: senior notes issued by RBS N.V. with a maturity of less than one year "P-2"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. with a maturity of less than one year "P-2"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. will be rated on a case-by-case basis.

As defined by Standard & Poor's, an "A" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it is strong and an "A-1" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it is strong. A "BBB" rating means that the financial commitment on the relevant notes exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the Issuer to meet its financial commitment on the relevant notes issued by it. A "BB" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it faces major ongoing uncertainties or exposure to adverse business, financial or economic conditions which could lead to the Issuer's inadequate capacity to meet its financial commitment on the relevant notes issued by it. As defined by Standard & Poor's, an addition of a plus (+) or minus (-) sign shows relative standing within the major rating categories.

As defined by Fitch, an "A" rating indicates that the Issuer has a strong capacity for payment of its financial commitments on the relevant notes issued by it. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. As defined by Fitch, an "F1" rating indicates that the Issuer has the strongest capacity for timely payment of its financial commitments on the relevant notes issued by it.

As defined by Moody's, an "A" rating means the capacity of the Issuer to meet its obligations on the relevant notes issued by it is considered to be upper-medium grade subject to low credit risk. As defined by Moody's, the addition of a "3" indicates that the obligation ranks in the lower end of its generic rating category. As defined by Moody's, a "P-2" rating means that the Issuer has a strong ability to repay its short-term debt obligations on the relevant notes issued by it.

The rating definitions set out above constitute third-party information and were obtained in the English language from (i) the publication entitled "Standard & Poor's Ratings Definitions - 27 April 2011" published by Standard & Poor's (available at www.standardandpoors.com), (ii) the publication entitled "Rating Symbols and Definitions - June 2012" published by Moody's (available at www.moodys.com) and (iii) the publication entitled "Definitions of Ratings and Other Forms of Opinion - September 2011" published by Fitch (available at www.fitchratings.com). The information found at the websites referred to in the previous sentence does not form part of and is not incorporated by reference into this Base Prospectus. The rating definitions set out above have been accurately reproduced from the sources identified above and, so far as RBS N.V. is aware and is able to ascertain from information published by the third parties referred to above, no facts have been omitted which would render the ratings definitions set out above inaccurate or misleading.

A rating is not a recommendation to buy, sell or hold securities and may be subject to change, suspension or withdrawal at any time by the assigning rating agency.

The credit ratings included and referred to in this Base Prospectus (to the extent they relate to this Part A), including documents incorporated by reference herein, have been issued by Standard & Poor's Credit Market Services Europe Limited, Fitch Ratings Limited and Moody's Investors Service Limited, each of which is established in the European Union and is registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies."

- 8 By virtue of this Supplement, the following information within the section entitled "Introduction" in the RBS Registration Document shall no longer be incorporated by reference in any of the Base Prospectuses:
  - 8.1 the final sentence of the fourth paragraph of such section, which begins with the words "Moody's Investors Service Limited";
  - 8.2 the seventh paragraph of such section, which begins with the words "As defined by Moody's"; and
  - 8.3 limb (ii) of the eighth paragraph of such section, which begins with the words "the ratings definitions set out above".
- 9 By virtue of this Supplement, the following shall be inserted as a new sub-section entitled "Ratings" in the sub-section entitled "PART B: IN RELATION TO RBS" in the section entitled "General Information" in each of the Base Prospectuses:

"Moody's Investors Service Limited ("**Moody's**") is expected to rate: senior notes issued by RBS with a maturity of one year or more "A3"; senior notes issued by RBS with a maturity of less than one year "P-2"; and dated subordinated notes and undated tier 2 notes issued by RBS will be rated on a case-by-case basis.

As defined by Moody's, an "A" rating means the capacity of the Issuer to meet its obligations on the relevant notes issued by it is considered to be upper-medium grade subject to low credit risk. As defined by Moody's, the addition of a "3" indicates that the obligation ranks in the lower end of its generic rating category. As defined by Moody's, a "P-2" rating means that the Issuer has a strong ability to repay its short-term debt obligations on the relevant notes issued by it.

The rating definitions set out above constitute third-party information and were obtained in the English language from the publication entitled "Rating Symbols and Definitions - June 2012" published by Moody's (available at www.moodys.com).

The rating definitions set out in this Base Prospectus have been accurately reproduced from the sources identified above and, so far as RBS is aware and is able to ascertain from information published by the third parties referred to above, no facts have been omitted which would render the ratings definitions set out above inaccurate or misleading.

A rating is not a recommendation to buy, sell or hold securities and may be subject to change, suspension or withdrawal at any time by the assigning rating agency.".

- The amendments described in paragraphs 7, 8 and 9 above arise following an announcement by Moody's on 21 June 2012 of revisions to the expected ratings of notes issued by the Issuer and RBS, and those of certain other global banks and securities firms, reflecting changes in the Moody's rating methodology to assess global capital markets business models and its broader concerns about the additional pressures arising from a difficult Euro-zone operating environment. The RBSG Group (as defined in each of the Base Prospectuses) believes the impacts of this downgrade are manageable, bearing in mind its £153 billion liquidity portfolio. The amount of collateral that may have to be posted by the RBSG Group following this downgrade by Moody's is estimated to be £9 billion as of 31 May 2012.
- 11 By virtue of this Supplement, the following shall be inserted as a new sub-section entitled "Dutch Scheme Proposals" in the sub-section entitled "PART A: IN RELATION TO RBS N.V." in the section entitled "General Information" in each of the Base Prospectuses:
  - "On 18 June 2012, the Court of Session in Scotland made an order, inter alia, approving the completion of the Merger (as defined in the Registration Document) for the purposes of Article 11 of Directive 2005/56/EC of the European Parliament and the Council of the European Union. It is expected that the Dutch Scheme (as defined in the Registration Document) will take effect on 9 July 2012."

- 13 To the extent that there is any inconsistency between (a) any statement in this Supplement and (b) any other statement in any of the Base Prospectuses or any previous supplement to the Base Prospectuses, the statements referred to in (a) above will prevail.
- Save as disclosed in any previous supplement to any of the Base Prospectuses or this Supplement, no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectuses (as supplemented at the date hereof) has arisen or has been noted since the publication of the Base Prospectuses.

The Royal Bank of Scotland N.V.

#### Overview:

The Issuer is a bank licensed and regulated by the Dutch Central Bank (De Nederlandsche Bank).

The Issuer operates on a significant scale across Europe, the Middle East and Africa (EMEA), the Americas and Asia. The Group had total consolidated assets of €146.7 billion and owner's equity of €3.318 billion as at 31 December 2011. The Group's capital ratios as at 31 December 2011 were a total capital ratio of 17.5 per cent., a Core Tier 1 capital ratio of 8.4 per cent. and a Tier 1 capital ratio of 12.0 per cent.

RBS Holdings and RBS N.V. form part of the RBSG Group. RBSG is the holding company of a large global banking and financial services group. Headquartered in Edinburgh, the RBSG Group operates in the United Kingdom, the United States and internationally through its principal subsidiaries, RBS and National Westminster Bank Plc ("NatWest"). Both RBS and NatWest are major United Kingdom clearing banks. In the United States, the RBSG Group's subsidiary Citizens Financial Group, Inc. is a large commercial banking organisation. Globally, the RBSG Group has a diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers.

The RBSG Group had total assets of £1,507 billion and owners' equity of £75 billion as at 31 December 2011. The RBSG Group's capital ratios as at 31 December 2011 were a total capital ratio of 13.8 per cent., a Core Tier 1 capital ratio of 10.6 per cent. and a Tier 1 capital ratio of 13.0 per cent.

The RBS Group had total assets of £1,432.8 billion and owners' equity of £61.7 billion as at 31 December 2011. The RBS Group's capital ratios as at 31 December 2011 were a total capital ratio of 14.6 per cent., a Core Tier 1 capital ratio of 9.2 per cent. and a Tier 1 capital ratio of 11.0 per cent.

These RBS N.V. businesses are part of global business units of the RBSG Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall business strategy of the RBSG Group. RBS Holdings has been restructured into Core and Non-Core components. The RBSG Group expects to substantially run down or dispose of the businesses, assets and portfolios within the Non-Core division by the end of 2013 and during the course of 2010 and 2011, it concluded the sales of businesses in Latin America, Asia, Europe and the Middle East.

In January 2012, the RBSG Group announced changes to its wholesale banking operations in light of a changed market and regulatory environment. The changes will see the reorganisation of the RBSG Group's wholesale businesses into 'Markets' and 'International Banking' and the exit and downsizing of selected activities. The changes will ensure the wholesale businesses continue to deliver against the RBSG Group's strategy.

On 26 March 2012, the Group announced that (1) RBS N.V. (as the demerging company) and RBS II B.V. (as the acquiring company) had that day filed a proposal with the Dutch Trade Register for a legal demerger and (2) following a preliminary hearing at the Court of Session in Scotland, RBS and RBS II B.V. had that day made filings with Companies House in the UK and the Dutch Trade Register respectively for a proposed cross-border merger of RBS II B.V. into RBS (together with the proposal for the legal demerger, the "Proposals"). Upon implementation of the Proposals, a substantial part of the business conducted by RBS N.V. in The Netherlands as well as in certain EMEA branches of RBS N.V. (the "Transferring Businesses") will be transferred to RBS. The Proposals will be implemented by the demerger of the Transferring Businesses into RBS II B.V. (a Dutch company licensed as a bank in The Netherlands that has been established specifically for the purposes of the Dutch Scheme (as defined below)) by way of a Dutch statutory demerger (the "Demerger"), followed by the merger of RBS II B.V. into RBS through a cross-border merger (the "Merger" and, together with the Demerger, the "Dutch Scheme"). RBS and RBS N.V. have discussed the Dutch Scheme in detail with De Nederlandsche Bank and the Financial Services Authority. Implementation of the Dutch Scheme is subject, amongst other matters, to regulatory and court approvals. If granted, the regulatory approvals will be granted on the basis that the Demerger will not proceed unless the Merger is to proceed thereafter. Subject to these matters, it is expected that the Dutch Scheme will take effect on 9 July 2012.

- The Group is reliant on the RBSG Group.
- The Group's businesses and performance can be negatively affected by actual or perceived global economic and financial market conditions and by other geopolitical risks.
- The Group's ability to meet its obligations including its funding commitments depends on the Group's ability to access sources of liquidity and funding.
- The execution and/or any delay in the execution (or non-completion) of the approved proposed transfers of a
  substantial part of the business activities of RBS N.V. to RBS may have a material adverse effect on the Group
  and may also negatively impact the value of securities issued by RBS Holdings and RBS N.V.
- An extensive restructuring and balance sheet reduction programme of the RBSG Group is ongoing and may
  adversely affect the Group's business, results of operations, financial condition, capital ratios and liquidity and
  may also negatively impact the value of securities issued by RBS Holdings and RBS N.V.
- As a condition to the RBSG Group receiving HM Treasury support, the Group is prohibited from making
  discretionary coupon payments on, and exercising call options in relation to, certain of its existing hybrid
  capital instruments, which may impair the Group's ability to raise new capital through the issuance of
  Securities.
- The financial performance of the Group has been, and continues to be, materially affected by deteriorations in borrower and counterparty credit quality and further deteriorations could arise due to prevailing economic and market conditions and legal and regulatory developments.
- The Group's earnings and financial condition have been, and its future earnings and financial condition may
  continue to be, materially affected by depressed asset valuations resulting from poor market conditions.
- Changes in interest rates, foreign exchange rates, credit spreads, bond, equity and commodity prices, basis, volatility and correlation risks and other market factors have significantly affected and will continue to affect the Group's business and results of operations.
- The Group's borrowing costs, its access to the debt capital markets and its liquidity depend significantly on its credit ratings.
- The Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements.
- The Group is and may be subject to litigation and regulatory investigations that may have a material impact on its business.
- The value of certain financial instruments recorded at fair value is determined using financial models
  incorporating assumptions, judgements and estimates that may change over time or may ultimately not turn out
  to be accurate.

- The Group operates in markets that are highly competitive and its business and results of operations may be adversely affected.
- The Group could fail to attract or retain senior management, which may include members of the Group's Supervisory Board and Managing Board, or other key employees, and it may suffer if it does not maintain good employee relations.
- Each of the Group's businesses is subject to substantial regulation and oversight. Significant regulatory
  developments, including changes in tax law, could have an adverse effect on how the Group conducts its
  business and on its results of operations and financial condition.
- The Group may be required to make further contributions to its pension schemes if the value of pension fund assets is not sufficient to cover potential obligations.
- Operational risks are inherent in the Group's businesses.
- The Group's operations have inherent reputational risk.
- The recoverability and regulatory capital treatment of certain deferred tax assets recognised by the Group
  depends on the Group's ability to generate sufficient future taxable profits and there being no adverse changes
  to tax legislation, regulatory requirements or accounting standards.
- Risks relating to the Asset Protection Scheme and the Contracts.
- The extensive governance, asset management and information requirements under the Scheme Conditions, which the Group is required to comply with, or to ensure that RBS can comply with, pursuant to the Contracts may have an adverse impact on the Group and the expected benefits of the Asset Protection Scheme.
- Any changes to the expected regulatory capital treatment of the Contracts may have a material adverse impact on the Group.
- The legal demerger of ABN AMRO Bank N.V. (as it was then named) has resulted in a cross liability that
  changes the legal recourse available to investors. A similar cross liability will also arise in connection with the
  Dutch Scheme.

In 2007, RFS Holdings B.V., which was jointly owned by the RBSG Group, the Dutch State (successor to Fortis Bank Nederland (Holding) N.V.) and Banco Santander, S.A. (together, the "Consortium Members"), completed the acquisition of ABN AMRO Holding N.V.

On 6 February 2010, the businesses of ABN AMRO Holding N.V. acquired by the Dutch State were legally demerged to a newly established company, ABN AMRO Bank N.V, which on 1 April 2010 was transferred to ABN AMRO Group N.V., itself owned by the Dutch State.

Following legal separation, RBS Holdings (formerly ABN AMRO Holding N.V.) has one operating subsidiary, RBS N.V., a fully operational bank within the RBSG Group. RBS N.V. is independently rated and regulated by the Dutch Central Bank. Certain assets within RBS N.V. continue to be shared by the Consortium Members.

On 19 April 2011, the RBSG Group announced the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS (the "**Proposed Transfers**"). Subject to, among other matters, regulatory and other approvals, it is expected that the transfers will be implemented on a phased basis over a period ending 31 December 2013. A large part of the transfers is expected to have taken place by the end of 2012.

- The RBSG Group's participation in the asset protection scheme is costly and may not produce the benefits
  expected and the occurrence of associated risks may have a material adverse impact on the RBSG Group's
  business, capital position, financial condition and results of operations.
- The extensive governance, asset management and information requirements under the scheme conditions may have an adverse impact on the RBSG Group and the expected benefits of the asset protection scheme.

Payments on the Securities may be subject to U.S. withholding tax and/or early termination on account of U.S. withholding tax

Due to recently enacted U.S. legislation, payments on any Security that are, in whole or in part, directly or indirectly contingent upon, or determined by reference to, the payment of a dividend from a U.S. entity (a "Dividend Equivalent Payment") may become subject to a 30% U.S. withholding tax when made to a beneficial owner that is not: (i) a citizen or individual resident of the United States, as defined in Section 7701(b) of the U.S. Internal Revenue Code, (ii) a corporation, including any entity treated as a corporation for U.S. federal income tax purposes, created or organised in or under the laws of the United States, any State thereof or the District of Columbia; (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source; or (iv) a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (y) such trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a United States person, (a "Non-U.S. holder"). The imposition of this U.S. withholding tax will reduce the amounts received by Non-U.S. holders. Neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Non-U.S. holders in respect of such U.S. withholding. Additionally, the Issuer may elect to terminate the Securities, in accordance with General Condition 3(b), should this U.S. withholding tax apply to any current or future payments on the Security. If a Non-U.S. holder becomes subject to this withholding tax, the Non-U.S. holder may be able to claim an exemption under its applicable double tax treaty. The application and interpretation of the rules governing U.S. withholding tax on Dividend Equivalent Payments is subject to change.

#### Withholding on Dividend Equivalent Payments

Recently enacted U.S. legislation imposes a 30% U.S. withholding tax on payments that are directly or indirectly contingent upon, or determined by reference to, the payment of a dividend from a U.S. entity (a "Dividend Equivalent Payment"). The type of payments that constitute Dividend Equivalent Payments subject to this withholding tax is not entirely clear. Payments on Securities (including, but not limited to, the Equity Certificates) with equity in U.S. entities, or indices that include equity in U.S. entities, as the Underlying, or that reference dividend payments made by U.S. entities, could become subject to this withholding tax. Non-U.S. holders may be able to claim the benefits of a double tax treaty to reduce this withholding. Additionally, amounts paid pursuant to an early termination made in accordance with General Condition 3(b) could be subject to withholding if they are deemed to be Dividend Equivalent Payments. Neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Non-U.S. holders in respect of any U.S. withholding imposed on any Dividend Equivalent Payment. The application and interpretation of the rules governing U.S. withholding tax on Dividend Equivalent Payments is subject to change. Non-U.S. holders should consult their tax advisers about possibility of U.S. withholding on payments made on Securities (including, but not limited to, the Equity Certificates).

### "Other Investigations

In July 2010, the FSA notified the RBSG Group that it was commencing an investigation into the sale by Coutts & Co of the ALICO (American Life Insurance Company) Premier Access Bond Enhanced Variable Rate Fund ("EVRF") to customers between 2001 and 2008 as well as its subsequent review of those sales. Subsequently on 11 January 2011, the FSA revised the investigation start date to December 2003.

On 8 November 2011, the FSA published its Final Notice having reached a settlement with Coutts & Co, under which Coutts & Co agreed to pay a fine of £6.3 million. The FSA did not make any findings on the suitability of advice given in individual cases. Nonetheless, in order to address the possibility that unsuitable advice may potentially have been given in relation to the EVRF, Coutts & Co has agreed to undertake a past business review of its sales of the product. This review will be overseen by an independent third party and will consider the advice given to customers invested in the EVRF as at the date of its suspension, 15 September 2008. As part of the review, Coutts & Co may identify clients affected by the FSA's findings and will offer them redress."

- (a) Any reference (however worded and whether express or implied) in the General Conditions or the relevant Product Conditions to:
  - (i) RBS N.V. (or any former name of RBS N.V.) shall, unless the context requires that a reference also continues to be made to RBS N.V. (or any former name of RBS N.V.), be construed as a reference to RBS and any reference to RBS N.V.'s company registration and contact details shall be substituted by a reference to the RBS's company registration and contact details or such contact details as the RBS shall direct;

- (b) Where the relevant Product Conditions include a definition of "Notional Dividend Amount", to the extent that the cash dividends and/or other cash distributions in respect of the relevant Share or Fund (as applicable) are subject to Dutch dividend withholding tax as a result of being paid by a Dutch resident company within the meaning of article 1, paragraph 1 of the Dutch Act on Dividend Tax 1965 (Wet op de dividendbelasting 1965) (or any replacement legislation), references to "net of applicable withholding taxes at a rate adjusted by application of any relevant double tax treaty without regard to any tax credits" in the definition of "Notional Dividend Amount", shall mean "net of applicable withholding taxes at a rate adjusted by application of any relevant double tax treaty having regard to any tax credits or refunds for the purposes of Dutch corporate income tax under article 25, paragraph 1 of the Dutch Act on Corporate Taxation 1969 (Wet op de vennootschapsbelasting 1969) (or any replacement legislation) which the Issuer determines in its absolute discretion has been or will be obtained in relation to such withholding tax (without reference to any relevant double tax treaty), but otherwise without regard to any other tax credits or refunds". For the avoidance of doubt, any substitution of the Issuer in accordance with General Condition 8 shall not mean that references above to "Dutch" are to be read as references to any other jurisdiction.
- (c) Where the relevant Product Conditions include a definition of "Applicable Taxes and Costs" it shall be amended to read as follows:
  - ""Applicable Taxes and Costs" means, for the purpose of calculating any Dividend Amount, an amount as the Issuer deems to be appropriate to reflect any tax deducted or payable by the Hedge Holder in respect of the relevant cash dividend or other cash distribution included within the computation of such Dividend Amount and any costs

and expenses incurred by the Hedge Holder in relation to the receipt of the relevant cash dividend or other cash distribution included within the computation of such Dividend Amount; provided that to the extent that the cash dividend or other cash distribution is subject to Dutch dividend withholding tax as a result of being paid by a Dutch resident company within the meaning of article 1, paragraph 1 of the Dutch Act on Dividend Tax 1965 (Wet op de dividendbelasting 1965) (or any replacement legislation), in determining the amount of any tax deducted or payable by the Hedge Holder in respect of such cash dividend or other cash distribution, regard shall be had to any tax credits or refunds for the purposes of Dutch corporate income tax under article 25, paragraph 1 of the Dutch Act on Corporate Taxation 1969 (Wet op de vennootschapsbelasting 1969) (or any replacement legislation) which the Issuer determines in its absolute discretion has been or will be obtained by the Hedge Holder in relation to such withholding tax (without reference to any relevant double tax treaty), but not to any other tax credits. For the avoidance of doubt, any substitution of the Issuer in accordance with General Condition 8 shall not mean that references in this definition of "Applicable Taxes and Costs" to "Dutch" are to be read as references to any other jurisdiction.".

- (d) Where the General Conditions or relevant Product Conditions specify an event of default referable to:
  - (i) the winding-up, liquidation or bankruptcy of the issuer; and
  - (ii) a declaration in respect of the issuer being made under Chapter X of the Dutch 1992 Act on the Supervision of the Credit System (*Wet toezicht kredietwezen 1992*) or under Chapter 3.5 or 3.5.5 of the Dutch Act on Financial Supervision (*Wet op het financieel toezicht*),

or words or expressions to similar effect, such references shall instead be deemed to refer to the issuer becoming subject to (a) bank administration or bank insolvency under the United Kingdom Banking Act 2009 or (b) administration or liquidation under the United Kingdom Insolvency Act 1986, but shall be deemed to exclude any order or resolution for the solvent liquidation of the issuer which is made or passed in connection with a merger, consolidation or other form of combination with another company where such company assumes all obligations contracted by the issuer in connection with the relevant Security.

(e) Where the General Conditions, Product Conditions or Form of Final Terms refer to:

- (i) RBS N.V. acting through "its London branch at 250 Bishopsgate, London EC2M 4AA" (or make substantially similar provision), such references shall be replaced by references to RBS acting through "its principal office at 250 Bishopsgate, London EC2M 4AA or its principal office in London for the time being";

- (iii) "The Royal Bank of Scotland N.V., Amsterdam", such references shall be replaced by references to "The Royal Bank of Scotland plc, Edinburgh".

- 2 Each of the Base Prospectuses was approved as a base prospectus pursuant to Directive 2003/71/EC (the "**Prospectus Directive**") by the AFM. This Supplement constitutes a supplemental prospectus to each of the Base Prospectuses for the purposes of Article 5:23 of the Financial Supervision Act (*Wet op het financiael toezicht*).
- 3 This Supplement is supplemental to, and should be read in conjunction with, each of the Base Prospectuses and any other supplements thereto issued by the Issuer. Terms defined in the Base Prospectuses have the same meanings when used in this Supplement.
- 4 In accordance with Article 5:23(6) of the Financial Supervision Act (*Wet op het financieel toezicht*), investors who have agreed to purchase or subscribe for securities issued under any of the Base Prospectuses before this Supplement is published have the right, exercisable before the end of the period of two working days

beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances.

- The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.
- 6 On 5 August 2011, the registration document of The Royal Bank of Scotland plc dated 5 August 2011 (the "RBS Registration Document") was published via the Regulatory News Service of the London Stock Exchange plc ("RNS"). The RBS Registration Document is incorporated by reference in each of the Base Prospectuses and has previously been filed with the AFM.

- **8** By virtue of this Supplement, the RBSG Interim Management Statement shall be deemed to be incorporated in, and form part of, each of the Base Prospectuses.
- 9 By virtue of this Supplement, the fourth through to the tenth paragraph (inclusive) of the section of the RBS Registration Document entitled "Introduction" shall no longer be incorporated by reference in any of the Base Prospectuses.
- 10 By virtue of this Supplement, the paragraphs under the sub-section entitled "Ratings" in the section of each of the Base Prospectuses entitled "General Information Part A: In relation to RBS N.V.", shall be deleted in their entirety and replaced with the following:

"Any rated Securities are expected to be assigned a rating that aligns with the relevant rating measures outlined below. Should there be any exceptions to this, the Issuer will in each case specify details in the Final Terms of the relevant Securities.

Standard & Poor's Credit Market Services Europe Limited ("Standard & Poor's") is expected to rate: senior notes issued by RBS N.V. with a maturity of one year or more "A+"; senior notes issued by RBS N.V. with a maturity of less than one year "A-1"; dated subordinated notes issued by RBS N.V. "BBB+"; and undated tier 2 notes issued by RBS N.V. "BB+". Fitch Ratings Limited ("Fitch") is expected to rate: senior notes issued by RBS N.V. with a maturity of one year or more "A"; senior notes issued by RBS N.V. with a maturity of less than one year "F1"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. will be rated on a case-by-case basis. Moody's Investors Service Limited ("Moody's") is expected to rate: senior notes issued by RBS N.V. with a maturity of less than one year "P-1"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. with a maturity of less than one year "P-1"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. will be rated on a case-by-case basis.

As defined by Standard & Poor's, an "A" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it is strong and an "A-1" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it is strong. A "BBB" rating means that the financial commitment on the relevant notes exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the Issuer to meet its financial commitment on the relevant notes issued by it. A "BB" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it faces major ongoing uncertainties or exposure to adverse business, financial or economic conditions which could lead to the Issuer's inadequate capacity to meet its financial commitment on the relevant notes issued by it. As defined by

Standard & Poor's, an addition of a plus (+) or minus (-) sign shows relative standing within the major rating categories.

As defined by Fitch, an "A" rating indicates that the Issuer has a strong capacity for payment of its financial commitments on the relevant notes issued by it. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. As defined by Fitch, an "F1" rating indicates that the Issuer has the strongest capacity for timely payment of its financial commitments on the relevant notes issued by it.

As defined by Moody's, an "A" rating means the capacity of the Issuer to meet its obligations on the relevant notes issued by it is considered to be upper-medium grade subject to low credit risk. As defined by Moody's, the addition of a "2" indicates that the obligation ranks mid-range in its generic rating category.

- 11 For the avoidance of doubt, section 10 above supersedes the provisions of sections 7.21 and 7.22 of the eighth supplement to each of the Base Prospectuses dated 14 October 2011.
- 12 By virtue of this Supplement, the paragraphs under the sub-section entitled "Ratings" in the section of each of the Base Prospectuses entitled "General Information Part B: In relation to RBS", shall be deleted in their entirety and replaced with the following:

- 13 For the avoidance of doubt, section 12 above supersedes the provisions of (i) section 7.4 of the seventh supplement to each of the Base Prospectuses dated 11 October 2011 and (ii) (a) section 7.27 of the eighth supplement to the Base Prospectus relating to the issuance of Certificates dated 14 October 2011 (the "Certificates Base Prospectus") and (b) section 7.26 of the eighth supplement to each of the Base Prospectuses excluding the Certificates Base Prospectus dated 14 October 2011, which sections shall, by virtue of this Supplement, no longer apply.
- 14 By virtue of this Supplement, the sub-section entitled "Other securitisation and securities related litigation in the United States" in the section of the RBS Registration Document entitled "Description of The Royal Bank of Scotland plc – Litigation" shall no longer be incorporated by reference in any of the Base Prospectuses.

15 By virtue of this Supplement, the sub-section entitled "Litigation" in the section of each of the Base Prospectuses entitled "General Information - Part B: In relation to RBS – Recent Developments" shall be deleted in its entirety and replaced with the following:

"Litigation - Other securitisation and securities related litigation in the United States

RBSG Group companies have been named as defendants in their various roles as issuer, depositor and/or underwriter in a number of claims in the United States that relate to the securitisation and securities underwriting businesses. These cases include purported class action suits and actions by individual purchasers of securities. The cases involve the issuance of mortgage-backed securities and/or collateralised debt obligations for more than US\$35 billion of securities issued by over 100 securitisation trusts. Although the allegations vary by claim, in general, plaintiffs in these actions claim that certain disclosures made in connection with the relevant offerings of such securities contained materially false or misleading statements and/or omissions regarding the underwriting standards pursuant to which the mortgage loans underlying the securities were issued.

In many of these actions, the RBSG Group has contractual rights to indemnification from the issuers of the securities (where an RBSG Group company is underwriter) and/or the underlying mortgage originator (where an RBSG Group company is issuer), but certain of those indemnity rights may prove effectively unenforceable where the issuers or originators are defunct or otherwise unable to perform.

Certain other institutional investors have threatened to assert claims against the RBSG Group in connection with various mortgage-related offerings. The RBSG Group cannot predict with any certainty whether any of these individual investors will pursue these threatened claims.

With respect to all of these mortgage-backed securities related claims, the RBSG Group considers that it has substantial and credible legal and factual defences to these claims and will continue to defend them vigorously. The RBSG Group cannot predict the outcome of these claims at this stage and is unable reliably to estimate the liability, if any, that may arise, or its effect on the RBSG Group's consolidated net assets, operating results or cash flows in any particular period.

In addition to the above, on 2 September 2011, the US Federal Housing Finance Agency ("FHFA") as conservator for the Federal National Mortgage Association ("Fannie Mae") and the Federal Home Loan Mortgage Company ("Freddie Mac") filed 17 lawsuits in the United States against a number of international banks and individual defendants, including RBSG, certain other RBSG Group companies and five individual officers and directors of the RBSG Group's subsidiaries.

The lawsuits involve allegations that certain disclosures made in connection with the relevant offering or underwriting of securities contained materially false or misleading statements and/or omissions regarding the underwriting standards pursuant to which the mortgage loans underlying the securities were issued. RBSG Group entities are named as defendants in their capacities as issuers and underwriters of securities, not as originators of any underlying mortgage loans. The plaintiffs' claims against the RBSG Group are currently unquantified.

The FHFA primary lawsuit against RBSG Group entities relates to approximately US\$32 billion of AAA rated RMBS issuance during the period 2005-2008 pursuant to which RBSG Group entities acted as sponsor/depositor and/or lead underwriter. The aggregate principal amount has been reduced to approximately US\$14 billion outstanding by repayments and recoveries of approximately US\$18 billion and losses to date of approximately US\$0.2 billion.

FHFA has also filed five lawsuits against each of Ally Financial Group, Countrywide Financial Corporation, JP Morgan, Morgan Stanley and Nomura in relation to some of the offerings where an RBSG Group entity acted as underwriter and is named amongst the defendants.

RBSG Group entities believe they have a variety of substantial and credible legal and factual defences available to all of the FHFA lawsuits and the RBSG Group will defend each of the matters vigorously. Additionally, RBSG Group entities potentially have recourse to indemnities from the relevant mortgage originators or sponsors/depositors although the amount and extent of any recovery is uncertain and subject to a number of factors, including the ongoing creditworthiness of the indemnifying party. Given the early stages of these matters, the RBSG Group cannot predict the outcome of these claims and is unable reliably to estimate the liability, if any, that may arise or its effect on the RBSG Group's consolidated net assets, operating results or cash flows in any particular period."

- 16 For the avoidance of doubt, section 15 above supersedes the provisions of section 6 of the fifth supplement to each of the Base Prospectuses dated 9 September 2011 which sections shall, by virtue of this Supplement, no longer apply.
- 17 By virtue of this Supplement, the second paragraph of the sub-section entitled "Recent Developments No significant change and no material adverse change" in the section entitled "General Information Part B: In relation to RBS" shall be deleted in its entirely and replaced with the following:
  - "Save in relation to (i) matters referred to on page 22 of the RBS Interim Results 2011 relating to Payment Protection Insurance, in respect of which the RBS Group has made provisions for therein; and (ii) the effect on revenues of Global Banking and Markets of the current subdued operating environment (see pages 43-45 of the RBSG Interim Management Statement), there has been no material adverse change in the prospects of the RBS Group taken as a whole since 31 December 2010 (the last date to which the latest audited published financial information of the RBS Group was prepared)."
- 18 For the avoidance of doubt, section 17 above supersedes the provisions of the last paragraph of section 9.2 of the third supplement to each of the Base Prospectuses dated 26 August 2011 which sections shall, by virtue of this Supplement, no longer apply.
- 19 A copy of this Supplement, the Base Prospectuses and all other supplements thereto and all documents incorporated by reference in the Base Prospectuses are accessible on http://markets.rbs.com/bparchive and can be obtained, on request, free of charge, by writing or telephoning, The Royal Bank of Scotland Group Investor Relations, 280 Bishopsgate, London EC2M 4RB, United Kingdom, telephone +44 207 672 1758, e-mail investor.relations@rbs.com.
- 20 If the documents which are incorporated by reference in each of the Base Prospectuses by virtue of this Supplement themselves incorporate any information or other documents therein, either expressly or implicitly, such information or other documents will not form part of any Base Prospectus for the purposes of the Prospectus Directive except where such information or other documents are specifically incorporated by reference in, or attached to, each of the Base Prospectuses by virtue of this Supplement.
- 21 To the extent that there is any inconsistency between (a) any statement in this Supplement and (b) any other statement in any Base Prospectus or any previous supplement to any Base Prospectus, the statements referred to in (a) above will prevail.
- Save as disclosed in any previous supplement to any of the Base Prospectuses or this Supplement, no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectuses (as supplemented at the date hereof) has arisen or has been noted since the publication of the each of the Base Prospectuses.

"Save as expressly stated, the following does not address any tax consequences of any substitution of RBS as Issuer in place of RBS N.V. in respect of any Securities in accordance with General Condition 8(a)(i) (a "Substitution"), regarding which Holders of Securities

should seek their own professional advice. Holders and prospective Holders of Securities are also referred to the risk factor under the heading "The execution and/or any delay in the execution (or non-completion) of the approved proposed transfers of a substantial part of the business activities of RBS N.V. to RBS may have a material adverse effect on the Group and may also negatively impact the value of securities issued by RBS Holdings and RBS N.V." which starts on page 5 of the registration document of RBS Holdings N.V. and RBS N.V. dated 31 August 2011 (which is incorporated by reference herein).

Any Security in respect of which RBS is substituted as Issuer in place of RBS N.V. pursuant to a Substitution shall be referred to in this section as a "Substituted Security"; and such Securities, "Substituted Securities". References in this section to "the Issuer" shall be to RBS N.V. as Issuer.

If Securities do not become Substituted Securities, the expectation is that RBS N.V. will remain the issuer of such Securities and that RBS will not otherwise become the issuer of such Securities pursuant to the Proposed Transfers generally. As such, the following does not address the tax treatment of Securities that have been transferred pursuant to the Proposed Transfers other than by way of a Substitution and does not address the tax treatment of Securities in the event that the Issuer is substituted otherwise than pursuant to a Substitution."

### "Substitution of Issuer

The terms of the Equity Certificates provide that the obligations of the Issuer under the Equity Certificates may be assumed by another entity. In certain circumstances, a substitution of the Issuer will be treated for U.S. federal income tax purposes as a deemed disposition of Equity Certificates by a U.S. holder in exchange for new Equity Certificates issued by the Substitute, causing a recognition of any capital or ordinary gain or loss on the Equity Certificates. Whether a substitution of an issuer is a deemed disposition of a security depends on whether, based on all facts and circumstances, the legal rights or obligations that are altered by the substitution, and the degree to which they are altered, are economically significant. Although the matter is not certain, if required to take a position for U.S. federal income tax purposes, the Issuer intend to take the position that a substitution of the Issuer in accordance with General Condition 8(a)(i) does not constitute a deemed disposition of the Equity Certificates for U.S. federal income tax purposes. There can be no assurance that the IRS will agree with this position. U.S. Holders should consult their tax advisers concerning the U.S. federal income tax consequences to them of a substitution of the Issuer in accordance with General Condition 8(a)(i).";

As defined by Fitch, an "AA" rating indicates that the Issuer has a very strong capacity for payment of its financial commitments on the relevant notes issued by it and that this capacity is not significantly vulnerable to foreseeable events. As defined by Fitch, an addition of a plus (+) or minus (-) sign denotes relative status within the major rating categories. As defined by Fitch, an "F1" rating indicates that the Issuer has the strongest capacity for timely payment of its financial commitments on the relevant notes issued by it. As defined by Fitch, an addition of a plus (+) to an "F1" rating denotes an exceptionally strong credit feature."

"Ratings

Moody's is expected to rate: senior notes issued by RBS with a maturity of one year or more "A2"; senior notes issued by RBS with a maturity of less than one year "P-1"; and dated subordinated notes and undated tier 2 notes issued by RBS will be rated on a case-by-case basis.

As defined by Moody's, an "A" rating means the capacity of the Issuer to meet its obligations on the relevant notes issued by it is considered to be upper-medium grade subject to low credit risk. As defined by Moody's, the addition of a "2" indicates that the obligation ranks mid-range in its generic rating category.

Fitch is expected to rate: senior notes issued by RBS with a maturity of one year or more "A"; senior notes issued by RBS with a maturity of less than one year "F1"; and dated subordinated notes and undated tier 2 notes issued by RBS will be rated on a case-by-case basis.

As defined by Fitch, an "A" rating indicates that the Issuer has a strong capacity for payment of its financial commitments on the relevant notes issued by it. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. As defined by Fitch, an "F1" rating indicates that the Issuer has the strongest capacity for timely payment of its financial commitments on the relevant notes issued by it.

### **SCHEDULE 1**

### 4. UNITED KINGDOM

The following applies only to persons who are the beneficial owners of the Securities and is a summary of the Issuer's understanding of current United Kingdom tax law as applied in England and Wales and United Kingdom HM Revenue & Customs ("HMRC") practice relating only to certain aspects of United Kingdom taxation. It does not deal with any other United Kingdom taxation implications of acquiring, holding, exercising, not exercising or disposing of Securities and should not be relied upon by Holders or prospective Holders of Securities. Some aspects do not apply to certain classes of persons (such as persons carrying on a trade of dealing in Securities and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Holders of Securities depends on their individual circumstances and may be subject to change in the future. The precise tax treatment of a Holder of Securities will depend for each issue on the terms of the Securities, as specified in the Conditions of the Securities as amended and supplemented by the applicable Final Terms. For United Kingdom tax purposes, the term "Security" or "Securities" refers to instruments of the type described in this Base Prospectus and is not intended to be determinative (or indicative) of the nature of the instrument for the purposes of United Kingdom taxation. Prospective Holders of Securities who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice. This summary is intended as general information only and each prospective Holder of Securities should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

### Withholding Tax

Securities issued by the Issuer otherwise than through the Issuer's London branch and which are not Substituted Securities

Payments on these Securities may generally be made without withholding on account of United Kingdom income tax.

Securities issued by the Issuer's London branch and Substituted Securities

Payments made in respect of these Securities may be made without deduction or withholding for or on account of United Kingdom income tax where such payments are not regarded as interest, manufactured payments or annual payments for United Kingdom tax purposes.

Even if such payments were to be regarded as interest, manufactured payments or annual payments for United Kingdom tax purposes, the Issuer or RBS, as applicable, should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments made in respect of the Securities provided that the payments are regarded as made under derivative contracts, the profits and losses arising from which are calculated in accordance with the provisions of Part 7 of the Corporation Tax Act 2009 (which broadly they should be provided that the payments are made under options, futures or contracts for differences for the purposes of Part 7 of

that Act, which are derivatives for the purposes of FRS25 (or International Accounting Standard 32) and are not excluded for the purposes of Part 7 of that Act by virtue of their underlying subject matter).

If interest is payable on the Securities or if payments made in respect of the Securities were to be regarded as interest for United Kingdom tax purposes, provided that the Issuer's London branch or RBS, as applicable, is and continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "ITA 2007"), such payments may be made without withholding or deduction for or on account of United Kingdom income tax where the interest is paid in the ordinary course of the Issuer's London branch's or RBS's business, as applicable, within the meaning of section 878 ITA 2007.

Payments of interest on or in respect of the Securities may also be made by the Issuer's London branch or RBS, as applicable, without deduction of or withholding for or on account of United Kingdom income tax if the Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the ITA 2007. The NYSE Euronext Amsterdam is a recognised stock exchange. The Securities will therefore satisfy this requirement if they are (a) officially listed in the Netherlands in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the NYSE Euronext Amsterdam, or (b) admitted to trading on another "recognised stock exchange" and officially listed in a country in which there is a "recognised stock exchange" in accordance with provisions corresponding to those generally applicable in EEA states. Provided, therefore, that the Securities are and remain so listed, interest on the Securities will be payable by the Issuer's London branch or RBS, as applicable, without withholding or deduction for or on account of United Kingdom income tax whether or not the Issuer's London branch or RBS, as applicable, carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where interest on or in respect of the Securities is paid by a company and, at the time the payment is made, the Issuer's London branch or RBS, as applicable, reasonably believes (and any person by or through whom interest on the Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where the maturity of the Securities is less than 365 days and those Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments by the Issuer's London branch or RBS, as applicable, of interest on or in respect of Securities, on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of the Securities, HMRC can issue a notice to the Issuer's

London branch or RBS, as applicable, to pay interest to the Holder of the Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty, as applicable).

### Payments by the Guarantor

Any payments by the Guarantor in respect of interest on, or other amounts due under, Securities issued by the Issuer otherwise than through the Issuer's London branch and which are not Substituted Securities may generally be made without withholding on account of United Kingdom income tax.

Any payments by the Guarantor in respect of interest on, or other amounts due under, Securities issued by the Issuer's London branch or which are Substituted Securities (in each case, other than the repayment of amounts subscribed for the Securities) may be subject to United Kingdom withholding tax, subject to the availability of any exemptions or reliefs or to any direction to the contrary from HMRC in respect of such relief as may be available pursuant to the provisions of any applicable double tax treaty.

## **Certain other United Kingdom Tax Considerations**

Payments made in respect of Securities issued by the Issuer's London branch and (from the time of the Substitution) any Substituted Securities are generally expected to have a United Kingdom source. Accordingly, depending upon the category of the income, such payments may be chargeable to United Kingdom tax by direct assessment even where the Holder of Securities is not resident (or in the case of an individual, ordinarily resident) in the United Kingdom and does not hold their Securities for the purposes of, or receive such payments in connection with, a trade, profession or vocation carried on via a branch, agency or permanent establishment in the United Kingdom, although in practice HMRC may not seek to enforce any such liability in respect of such a Holder of Securities.

If Holders of Securities are liable to United Kingdom tax by way of direct assessment, Holders of Securities which are resident in a jurisdiction with an appropriate double taxation treaty with the United Kingdom may be entitled to claim exemption from direct assessment under the terms of that double taxation treaty.

Although not free from doubt, a Substitution is, on the basis of HMRC practice, not expected to give rise to a charge to United Kingdom tax on chargeable gains for Holders of Substituted Securities.

### **UK Information Gathering Powers**

Holders of the Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner) from any person in the United Kingdom who either pays or credits interest (or amounts treated as interest) to or receives interest (or amounts treated as interest) for the benefit of a Holder of the Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2012. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information

obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of the Securities is resident for tax purposes.

### **Stamp Taxes**

For the purposes of the following paragraphs, "Exempt Loan Capital" means any security which constitutes loan capital ("Loan Capital") for the purposes of section 78 of the Finance Act 1986 ("FA 1986") and: (a) does not carry rights to acquire shares or securities (by way of exchange, conversion or otherwise); (b) has not carried and does not carry a right to interest the amount of which exceeds a reasonable commercial return on the nominal amount of the relevant security; (c) subject to certain exceptions has not carried and does not carry a right to interest the amount of which falls or has fallen to be determined to any extent by reference to the results of, or any part of, a business or to the value of any property; and (d) has not carried and does not carry a right to a premium which is not reasonably comparable with amounts payable on securities listed on the London Stock Exchange.

Stamp duty on the issue of Securities

Subject to the following paragraph, no stamp duty will generally be payable in relation to the issue of Securities, including where such Securities are issued into CREST and including where any Substitution involves an issue of Securities by RBS.

In relation to Securities issued in bearer form which are denominated in sterling and which are not Loan Capital a charge to United Kingdom stamp duty at 1.5 per cent. of the value of such Securities may arise, including where any Substitution involves an issue of Securities by RBS. No stamp duty liability will arise on the issue of such Securities by the Issuer if issued outside the United Kingdom. However, in relation to Securities of that kind originally issued by the Issuer outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security may arise. Furthermore, an instrument issuing a Security which has the characteristics of an option or any instrument granting such a Security (including on any Substitution if this results the grant of an option by RBS) may technically be subject to United Kingdom stamp duty at a rate of up to 4 per cent. of the consideration for the Security (subject to the comments under the heading 'Payment of Stamp Duty', below).

Stamp duty on the transfer of Securities

Other than as described above, no United Kingdom stamp duty should be required to be paid on transfers of Securities on sale provided no instrument of transfer is used to complete such sales.

An instrument transferring a Security on sale of the Security may technically be subject to stamp duty at a rate of 0.5 per cent. of the consideration paid for the Securities if the Securities are not Exempt Loan Capital.

Payment of Stamp Duty

Even if an instrument is subject to United Kingdom stamp duty, there may be no practical necessity to pay that stamp duty, for example if the Security to which it relates is issued by the Issuer and is not registered on a register maintained in the United Kingdom, as United Kingdom stamp duty is not an assessable tax. However, an instrument which is not duly stamped cannot be registered or used for certain purposes in the United Kingdom; for

example it will be inadmissible in evidence in civil proceedings in a United Kingdom court. In the event that such an instrument is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the instrument to the date of payment of the stamp duty. Penalties may also be payable if either (i) an instrument which was executed in the United Kingdom is not stamped within 30 days of being so executed or (ii) an instrument which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom.

Stamp duty reserve tax ("SDRT") on the issue or transfer of Securities to a Clearance Service

No SDRT should be payable in relation to the issue of a Security by the Issuer or the transfer of such a Security which is not a Substituted Security to any person providing a clearance service, or a nominee for any such person, within the meaning of section 96 FA 1986 (a "Clearance Service"), in each case, unless the Security is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire shares which are paired with shares issued by a body corporate incorporated in the United Kingdom.

Except where an election has been made under which the alternative system of charge as provided for in section 97A FA 1986 (a "s97A Election") applies, SDRT at a rate of 1.5 per cent. may be payable in respect of a Security issued by the Issuer and which is not a Substituted Security on the issue or transfer of such a Security to a Clearance Service where it is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire shares which are paired with shares issued by a body corporate incorporated in the United Kingdom.

Except where a s97A Election applies in respect of that Security, SDRT at a rate of 1.5 per cent. may be payable on a Substitution (if such Substitution results in an issue of Securities by RBS to a Clearance Service), or on a subsequent transfer to a Clearance Service of Substituted Securities, in each case, if such Substituted Securities (a) constitute stock and/or loan capital for the purposes of section 99(3) FA 1986 and are not Exempt Loan Capital; or (b) are an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire stocks, shares or loan capital that are not Exempt Loan Capital.

The ECJ has found in C-569/07 HSBC Holdings plc and Vidacos Nominees Ltd v The Commissioners of Her Majesty's Revenue & Customs (Case C-569/07) that the 1.5 per cent. charge is contrary to EU Community Law where shares are issued to a clearance service. HMRC has subsequently indicated that it will not levy the charge on shares issued to a clearance service within the EU. It is not clear the extent to which this decision applies to the Securities or the way in which any change in legislation or HMRC practice in response to this decision may alter the position outlined above.

SDRT on the issue of Securities into CREST

No SDRT will be payable in respect of the issue of Securities into CREST (including where any Substitution involves an issue of Securities by RBS into CREST), provided they are not issued to a Clearance Service or to a person issuing depositary receipts.

SDRT on the transfer of Securities held within a Clearance Service

SDRT should generally not be payable in relation to an agreement to transfer a Security held within a Clearance Service provided that no s97A Election applies in respect of the Security.

SDRT on the transfer of Securities held outside a Clearance Service, held within CREST or held within a Clearance Service where a s97A Election applies in respect of the Security

In the case of Securities issued by the Issuer which are not Substituted Securities and which are held outside a Clearance Service (otherwise than within CREST, regarding which, see below) or held within a Clearance Service where a s97A Election applies in respect of the Security, no SDRT should be payable in relation to any agreement to transfer such a Security unless it is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire either: (i) stocks, shares or loan capital for the purposes of section 99(3) FA 1986 which are not Exempt Loan Capital and which are registered in a register kept in the United Kingdom; or (ii) shares which are paired with shares issued by a body corporate incorporated in the United Kingdom, unless (in either case) that Security is in bearer form.

In the case of Securities issued by the Issuer which are not Substituted Securities and which are held outside a Clearance Service (otherwise than within CREST, regarding which, see below) or held within a Clearance Service where a s97A Election applies in respect of the Security, SDRT should generally be payable in relation to any agreement to transfer such a Security where it is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire either: (i) stocks, shares or loan capital for the purposes of section 99(3) FA 1986 which are not Exempt Loan Capital and which are registered in a register kept in the United Kingdom; or (ii) shares which are paired with shares issued by a body corporate incorporated in the United Kingdom, unless (in either case) that Security is in bearer form. Any such SDRT would be payable at a rate of 0.5 per cent. of the consideration given under an agreement to transfer such Securities, unless the transfer is to a Clearance Service or to a person issuing depositary receipts (or to an agent or nominee of such a person) where SDRT may be payable at a rate of 1.5 per cent.

Were a Security which is not a Substituted Security to be registered in a register kept in the United Kingdom, for example, because this was required for the purposes of CREST, SDRT may be payable in relation to the transfer of such a Security within CREST or any agreement to transfer such a Security at a rate of 0.5 per cent. of the consideration given in circumstances other than those described in the paragraphs above if the Security is not Exempt Loan Capital.

In the case of Substituted Securities held outside a Clearance Service, Substituted Securities held within CREST or Substituted Securities held within a Clearance Service where a s97A Election has been made which applies to the Substituted Securities, SDRT may be payable in relation to the transfer of such a Substituted Security within CREST or any agreement to transfer such a Substituted Security if such Substituted Security (a) constitutes stock and/or loan capital for the purposes of section 99(3) FA 1986 and is not Exempt Loan Capital; or (b) is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire stocks, shares or loan capital that are not Exempt Loan Capital. Any such SDRT would be payable at a rate of 0.5 per cent. of the consideration given under an agreement to transfer such Substituted Securities, unless the transfer is

to a Clearance Service or to a person issuing depositary receipts (or to an agent or nominee of such a person) where SDRT may be payable at a rate of 1.5 per cent.

Stamp duty and SDRT on the exercise or redemption of the Securities

Stamp duty and/or SDRT may also be payable in respect of an agreement to transfer, or on the transfer of, an asset where the terms of any Security contemplate physical settlement of the Security.

### **SCHEDULE 2**

It is expected that the Proposed Transfers will be implemented on a phased basis over a period ending 31 December 2013. A large part of the Proposed Transfers (including the transfers of certain securities issued by RBS N.V.) is expected to have taken place by the end of 2012. Where available and practicable, statutory transfer schemes will be used to implement the Proposed Transfers. This includes a banking business transfer scheme in respect of eligible business carried on by RBS N.V. pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the "Part VII Scheme"). On 23 September 2011, RBS and RBS N.V. announced that the Court of Session in Scotland (the "Court") had approved an order under Part VII of the UK Financial Services and Markets Act 2000 to sanction the Part VII Scheme. The Part VII Scheme, as approved by the Court, will take effect at 00:01hrs on 17 October 2011.

Certain disclosure relating to RBS has been incorporated by reference in this Base Prospectus as a result of the possibility that RBS may become the issuer of certain Securities as a result of a substitution of the Issuer in accordance with General Condition 8(a)(i). There is, however, no assurance that any such substitution will take place.

Accordingly, nothing in the Final Terms or this Base Prospectus should be taken as (or is) a representation that RBS will become, or RBS N.V. will remain, the issuer of any of the Securities. If prospective purchasers are in any doubt as to whether there is any tax or other impact on them as a result of the Proposed Transfers, they should discuss such matters with their advisers.

### **SCHEDULE 3**

## **FATCA Withholding**

On March 18, 2010, the Hiring Incentives to Restore Employment Act was enacted, containing provisions ("FATCA") similar to a prior Congressional bill, the Foreign Account Tax Compliance Act of 2009. FATCA imposes a withholding tax of 30% on certain U.S. source payments and proceeds from the sale of certain assets that give rise to U.S. source payments, as well as a portion of certain payments by non-U.S. entities, to persons that fail to meet requirements under FATCA. This withholding tax may be imposed on (i) payments to the Issuer if it does not enter into and comply with an agreement with the IRS (an "IRS Agreement") to obtain and report information about the holders of Securities, or (ii) a portion of payments to holders or beneficial owners of Securities, if the Issuer does enter into an IRS Agreement and is unable to obtain the necessary information from those holders or beneficial owners. Withholding would be imposed from (x) January 1, 2014 in respect of certain U.S. source payments made on or after that date, (y) January 1, 2015 in respect of proceeds from the sale of certain assets that give rise to U.S. source payments and (z) January 1, 2015, at the earliest, in respect of "passthru payments". Withholding should not be required with respect to payments on Securities that are treated as debt for U.S. federal income tax purposes before January 1, 2015 and then only on such Securities issued after March 18, 2012.

The future application of FATCA to the Issuer and the holders of Securities is uncertain, and it is not clear at this time what actions, if any, will be required to minimize any adverse impact of FATCA on the Issuer and the holders of Securities.

If the Issuer or other relevant intermediary does enter into the IRS Agreement, and Securities are issued after March 18, 2012, then to the extent payments are not otherwise excluded from the FATCA regime, an investor that is not a financial institution may be required to provide the information described below or be subject to U.S. withholding tax on a portion of interest and principal on the Securities and the proceeds from their sale. Investors that (a) are financial institutions, or receive payments through a financial institution and (b) have not (or the relevant financial institution has not) entered an agreement with the IRS regarding compliance with (or otherwise established an exemption from) FATCA would also be subject to this U.S. withholding tax.

Each holder or beneficial owner of Securities may be required to provide satisfactory documentation (i) to establish that it is not a U.S. person and has no "substantial United States owners" (as defined in the Code), or (ii) if it is a U.S. person or a non-U.S. person that has substantial United States owners, that indicates the name, address and U.S. taxpayer identification number for each such U.S. person or owner. Each holder or beneficial owner of Securities that is required to provide such information and fails to do so will generally be subject to a U.S. withholding tax on any payments made to that person. A holder or beneficial owner of Securities who fails to provide the necessary information due to a non-U.S. law prohibiting the provision of this information must execute a valid waiver of the relevant non-U.S. law or dispose of the Securities or its interest therein within a reasonable time.

Furthermore, it is uncertain at this time how the reporting mechanism will operate. In particular, certain changes will likely have to occur with the operation of DTC, Euroclear, Clearstream, Luxembourg and other similar clearing systems. In particular, at this time it is not entirely clear whether the reporting obligations will apply to the Issuer, the relevant clearing system or the financial institution with which the beneficial owner has an account.

FATCA is particularly complex and its application to the Issuer is uncertain at this time. Each holder of Securities should consult its own tax advisor to obtain a more detailed explanation of FATCA and to learn how it might affect such holder in its particular circumstance.

  its business.
- The RBSG Group's results have been and could be further materially adversely affected in the event of goodwill impairment.
- The RBSG Group may be required to make further contributions to its pension schemes if the value of pension fund assets is not sufficient to cover potential obligations.
- Operational risks are inherent in the RBSG Group's businesses.
- HM Treasury (or UKFI on its behalf) may be able to exercise a significant degree of influence over the RBSG Group and any proposed offer or sale of its interests may affect the price of the Securities.

- The RBSG Group's participation in the asset protection scheme is costly and may not produce the
  regulatory capital benefits expected and the occurrence of associated risks may have a material
  adverse impact on the RBSG Group's business, capital position, financial condition and results of
  operations.

- The costs of the asset protection scheme may be greater than the benefits received by the RBSG Group and the fair value of the asset protection scheme can impact the RBSG Group's results of operations.
- Participation in the asset protection scheme may result in greater tax liabilities for the RBSG Group and the loss of potential tax benefits.
- Participation in the asset protection scheme may give rise to litigation and regulatory risk.

- RBS has entered into a credit derivative and a financial guarantee contract with RBS N.V. which may adversely affect RBS and its subsidiaries (the **RBS Group**)'s results.
- If the RBSG Group is unable to issue the contingent B shares to HM Treasury, it may have a material adverse impact on the RBSG Group's capital position, liquidity, operating results and future prospects.

# FIRST SUPPLEMENT TO THE BASE PROSPECTUS IN RESPECT OF THE LAUNCHPAD PROGRAMME FOR THE ISSUANCE OF CERTIFICATES DATED 22 JULY 2011

#### THE ROYAL BANK OF SCOTLAND N.V.

(Registered at Amsterdam, The Netherlands)
(the Issuer or RBS N.V.)

## **RBS LaunchPAD Programme**

- 1 This Supplement dated 22 July 2011 (this **Supplement**) constitutes the first supplement to the base prospectus dated 1 July 2011 in relation to the Issuer's LaunchPAD Programme for the Issuance of Certificates approved by the Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*, the **AFM**) on 1 July 2011 (the **Base Prospectus**).
- 2 The Base Prospectus was approved as a base prospectus pursuant to Directive 2003/71/EC (the **Prospectus Directive**) by the AFM. This Supplement constitutes a supplemental prospectus to the Base Prospectus for the purposes of Article 5:23 of the Financial Supervision Act (*Wet op het financial toezicht*).
- 3 This Supplement is supplemental to, and should be read in conjunction with, the Base Prospectus and any other supplements thereto issued by the Issuer.
- 4 In accordance with Article 5:23(6) of the Financial Supervision Act (*Wet op het financieel toezicht*), investors who have agreed to purchase or subscribe for securities issued under the Base Prospectus before this Supplement is published have the right, exercisable before the end of the period of two working days beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances.
- 5 The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.
- 6 On 19 April 2011, the boards of The Royal Bank of Scotland Group plc, The Royal Bank of Scotland plc (**RBS**), RBS Holdings N.V. and RBS N.V. approved the proposed transfers of a substantial part of the activities of RBS N.V. to RBS, subject, among other things, to regulatory and other approvals, further tax

analysis and due diligence in respect of the assets and liabilities to be transferred and employee consultation procedures (the **Proposed Transfers**). It is expected that the Proposed Transfers will be implemented on a phased basis over a period ending on 31 December 2013. A large part of the Proposed Transfers (including of certain debt securities issued by RBS N.V.) is expected to have taken place by the end of 2012. It was disclosed in the Base Prospectus that the Proposed Transfers would include a banking business transfer scheme in respect of eligible business carried on by RBS N.V. pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the **Part VII Scheme**).

If the Final Terms for an issue of Securities indicate that RBS is not expected to become the issuer of those Securities as a result of the Part VII Scheme, the expectation is that RBS N.V. will remain the issuer of such Securities and that RBS will not become the issuer of such Securities pursuant to the Proposed Transfers generally.
- On 22 July 2011, RBS and RBS N.V. announced that they presented a petition to the Court of Session in Scotland (the Court) on 21 July 2011 for an order under Part VII of the UK Financial Services and Markets Act 2000 to sanction the Part VII Scheme. Subject to regulatory approval and provided the Court makes an order sanctioning the Part VII Scheme, it is expected that the Part VII Scheme will become effective on 17 October 2011 or such other date as RBS and RBS N.V. may agree in writing. The boards of RBS and RBS N.V. also announced on 22 July 2011 (i) the proposed amendments to be made to the terms of securities in respect of which RBS is expected to become the issuer as a result of the Part VII Scheme (the Part VII Scheme and, amongst other matters, to mitigate certain potential adverse effects on holders of securities of RBS N.V. and (ii) certain restrictions which are proposed to be placed on RBS in relation to the Part VII Securities. For further information see the Press Release which is referred to in paragraph 9 below.
- 9 By virtue of this Supplement the press release entitled "Details of Part VII Scheme Securities issued by, and guarantees granted by, RBS N.V." published by the Issuer on 22 July 2011 (the **Press Release**) shall be incorporated into, and form part of, the Base Prospectus.

- 12 To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference in the Base Prospectus by virtue of this Supplement and (b) any other statement in

- or incorporated by reference in the Base Prospectus or any previous supplement to the Base Prospectus, the statements referred to in (a) above will prevail.

Global Banking & Markets, Global Transaction Services and Central Items comprise the Group's Core segments.

These RBS N.V. businesses are part of global business units

of the RBSG Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall business strategy of the RBSG Group. RBS Holdings has been restructured into Core and Non-Core components. The RBSG Group expects to substantially run down or dispose of the businesses, assets and portfolios within the Non-Core division by 2013 and has completed the sale of businesses in Latin America, Asia, Europe and the Middle East.

**Separation from the ABN AMRO Group:** 

On 17 October 2007, RFS Holdings B.V. ("RFS **Holdings**"), which at the time was owned by RBSG, Fortis N.V., Fortis S.A./N.V., Fortis Bank Nederland (Holding) N.V. and Banco Santander, S.A. ("Santander"), completed the acquisition of ABN AMRO Holding N.V., which was renamed RBS Holdings N.V. on 1 April 2010 when the shares in ABN AMRO Bank N.V. were transferred to ABN AMRO Group N.V., a holding company for the interests of the State of The Netherlands (the "Dutch State"). This marked a substantial completion of the restructuring of the activities of ABN AMRO Holding N.V. in accordance with the agreement between RBSG, the Dutch State and Santander (the "Consortium Members"). RBS Holdings has one direct subsidiary, RBS N.V., a fully operational bank within the Group, which is independently rated and regulated by the Dutch Central Bank.

On 31 December 2010, the share capital of RFS Holdings was amended, such that approximately 98 per cent. of RFS Holdings' issued share capital is now held by RBSG, with the remainder being held by Santander and the Dutch State. Ultimately it is expected that RFS Holdings will become a wholly-owned subsidiary of RBSG.

**Proposed transfer of activities:** 

On 19 April 2011, the Boards of RBSG, RBS, RBS Holdings and RBS N.V. announced that they had approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS (the "**Proposed Transfers**"), subject, amongst other matters, to regulatory and other

approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures.

It was also announced that it was expected that the Proposed Transfers would be implemented on a phased basis over a period ending 31 December 2013 and that a large part of the Proposed Transfers (including the transfers of certain securities issued by RBS N.V.) was expected to have taken place by the end of 2012. Where available and practicable, statutory transfer schemes will be used to implement the Proposed Transfers. Subject to internal approvals, it is expected that these will include a banking business transfer scheme in respect of eligible business carried on by RBS N.V. pursuant to Part VII of the UK Financial Services and "Part VII 2000 Scheme"). Act (the Implementation of the Part VII Scheme will be subject (amongst other matters) to court and regulatory approval. In due course, it is expected that details will be announced of the RBS N.V. securities in respect of which RBS is expected to become the issuer as a result of the Part VII Scheme. From on or around the date of such announcement, RBS N.V. will include provisions in the Final Terms for new issues of Securities under the Programme to indicate whether or not RBS is expected to become the issuer of those Securities as a result of the Part VII Scheme (subject to the relevant Securities not having been exercised, redeemed or repurchased and cancelled prior to the implementation of the Part VII Scheme). In advance of that, certain disclosure relating to RBS has been incorporated by reference in this Base Prospectus. If the Final Terms for an issue of Securities indicate that RBS is not expected to become the issuer of those Securities as a result of the Part VII Scheme, the expectation is that RBS N.V. will remain the issuer of such Securities and that RBS will not become the issuer of such Securities pursuant to the Proposed Transfers generally.

**Risk Factors:** 

Risks Relating to the Issuer

### PART A: In relation to RBS N.V.

Certain factors may affect RBS N.V.'s ability as Issuer to fulfil its obligations under the Securities, including:

- The Group is reliant on the RBSG Group.
- The Group's businesses, earnings and financial condition have been and will continue to be affected by the global economy and instability in the global financial markets.
- An extensive restructuring and balance sheet reduction programme of the RBSG Group is ongoing. In particular, on 19 April 2011, the boards of RBSG, RBS, RBS Holdings and RBS N.V. approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS. Such restructuring and balance sheet reduction programme may adversely affect the Group's business, results of operations, financial condition, capital ratios and liquidity and may also negatively impact the value of the Securities.
- Lack of liquidity is a risk to the Group's business and its ability to access sources of liquidity has been, and will continue to be, constrained.
- The financial performance of the Group has been materially affected by deteriorations in borrower credit quality and it may continue to be impacted by any further deteriorations including as a result of prevailing economic and market conditions, and legal and regulatory developments.
- The actual or perceived failure or worsening credit of the Group's counterparties has adversely affected and could continue to adversely affect the Group.
- The Group's earnings and financial condition have been,
   and its future earnings and financial condition may

- continue to be, materially affected by depressed asset valuations resulting from poor market conditions.
- Changes in interest rates, foreign exchange rates, credit spreads, bond, equity and commodity prices, basis, volatility and correlation risks and other market factors have significantly affected and will continue to affect the Group's business and results of operations.
- The Group's borrowing costs, its access to the debt capital markets and its liquidity depend significantly on its credit ratings.
- The Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements.
- The value of certain financial instruments recorded at fair value is determined using financial models incorporating assumptions, judgements and estimates that may change over time or may ultimately not turn out to be accurate.
- The Group operates in markets that are highly competitive and consolidating. If the Group is unable to perform effectively, its business and results of operations will be adversely affected.
- As a condition to the RBSG Group receiving HM
  Treasury support, the Group is prohibited from making
  discretionary coupon payments on, and exercising call
  options in relation to, certain of its existing hybrid
  capital instruments, which may impair the Group's
  ability to raise new capital through the issuance of
  Securities.
- The Group could fail to attract or retain senior management, which may include members of the Group's Supervisory Board and Managing Board, or other key employees, and it may suffer if it does not

maintain good employee relations.

- Each of the Group's businesses is subject to substantial regulation and oversight. Significant regulatory developments could have an adverse effect on how the Group conducts its business and on its results of operations and financial condition.
- The Group is and may be subject to litigation and regulatory investigations that may impact its business.
- The Group may be required to make further contributions to its pension schemes if the value of pension fund assets is not sufficient to cover potential obligations.
- The Group is subject to enforcement risks relating to the United States Department of Justice's criminal investigation of its dollar clearing activities.
- The legal demerger of ABN AMRO Bank N.V. (as it was then named) has resulted in a cross liability that changes the legal recourse available to investors.
- Operational risks are inherent in the Group's operations.
- The Group is exposed to the risk of changes in tax legislation and its interpretation and to increases in the rate of corporate and other taxes in the jurisdictions in which it operates.
- The Group's operations have inherent reputational risk.
- The Group's business and earnings may be adversely affected by geopolitical conditions.
- The recoverability and regulatory capital treatment of certain deferred tax assets recognised by the Group depends on the Group's ability to generate sufficient future taxable profits and there being no adverse changes to tax legislation, regulatory requirements or accounting standards.

 In addition to the risk factors described above, the Group is also subject to additional risks related to the entry by RBSG Group into the asset protection scheme and the two back to back contracts entered into by RBS in connection with certain assets and exposures of RBS N.V. and its wholly owned subsidiaries.

#### **PART B: In relation to RBS**

If RBS becomes the issuer of Securities as a result of the Part VII Scheme (as described above), then certain factors may affect RBS' ability to fulfil its obligations under the Securities, including:

- RBSG and its United Kingdom bank subsidiaries may face the risk of full nationalisation or other resolution procedures under the Banking Act 2009.
- The RBSG Group's businesses, earnings and financial condition have been and will continue to be affected by the global economy and instability in the global financial markets.
- The RBSG Group is subject to a variety of risks as a result of implementing the State Aid restructuring plan and is prohibited from making discretionary dividend or coupon payments on existing hybrid capital instruments (including preference shares and B Shares) which may impair the RBSG Group's ability to raise new Tier 1 capital.
- The RBSG Group's ability to implement its strategic plan depends on the success of the RBSG Group's refocus on its core strengths and its balance sheet reduction programme.
- Lack of liquidity is a risk to the RBSG Group's business and its ability to access sources of liquidity has been, and will continue to be, constrained.
- The financial performance of the RBSG Group has been

materially affected by deteriorations in borrower credit quality and it may continue to be impacted by any further deteriorations including as a result of prevailing economic and market conditions, and legal and regulatory developments.

- The actual or perceived failure or worsening credit of the RBSG Group's counterparties has adversely affected and could continue to adversely affect the RBSG Group.
- The RBSG Group's earnings and financial condition have been, and its future earnings and financial condition may continue to be, materially affected by depressed asset valuations resulting from poor market conditions.
- The value or effectiveness of any credit protection that the RBSG Group has purchased from monoline and other insurers and other market counterparties (including credit derivative product companies) depends on the value of the underlying assets and the financial condition of the insurers and such counterparties.
- Changes in interest rates, foreign exchange rates, credit spreads, bond, equity and commodity prices, basis, volatility and correlation risks and other market factors have significantly affected and will continue to affect the RBSG Group's business and results of operations.
- The RBSG Group's borrowing costs, its access to the debt capital markets and its liquidity depend significantly on its and the United Kingdom Government's credit ratings.
- The RBSG Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements.
- The value of certain financial instruments recorded at fair value is determined using financial models

incorporating assumptions, judgements and estimates that may change over time or may ultimately not turn out to be accurate.

- The RBSG Group operates in markets that are highly competitive and consolidating. If the RBSG Group is unable to perform effectively, its business and results of operations will be adversely affected.
- The RBSG Group could fail to attract or retain senior management, which may include members of the Board, or other key employees, and it may suffer if it does not maintain good employee relations.
- Each of the RBSG Group's businesses is subject to substantial regulation and oversight. Significant regulatory developments could have an adverse effect on how the RBSG Group conducts its business and on its results of operations and financial condition.
- The RBSG Group is and may be subject to litigation and regulatory investigations that may impact its business.
- The RBSG Group's results have been and could be further materially adversely affected in the event of goodwill impairment.
- The RBSG Group may be required to make further contributions to its pension schemes if the value of pension fund assets is not sufficient to cover potential obligations.
- Operational risks are inherent in the RBSG Group's operations.
- The RBSG Group is exposed to the risk of changes in tax legislation and its interpretation and to increases in the rate of corporate and other taxes in the jurisdictions in which it operates.
- HM Treasury (or UK Financial Investments Limited on its behalf) may be able to exercise a significant degree

- of influence over the RBSG Group.
- The offer or sale by the United Kingdom Government of all or a portion of its stake in RBSG could affect the market price of the Securities and related securities.
- The RBSG Group's operations have inherent reputational risk.
- In the United Kingdom and in other jurisdictions, the RBSG Group is responsible for contributing to compensation schemes in respect of banks and other authorised financial services firms that are unable to meet their obligations to customers.
- The RBSG Group's business and earnings may be adversely affected by geopolitical conditions.
- The restructuring plan for RBS Holdings is complex and may not realise the anticipated benefits for the RBSG Group.
- The recoverability and regulatory capital treatment of certain deferred tax assets recognised by the RBSG Group depends on the RBSG Group's ability to generate sufficient future taxable profits and there being no adverse changes to tax legislation, regulatory requirements or accounting standards.
- RBS has entered into a credit derivative and a financial guarantee contract with RBS N.V. which may adversely affect the results of RBS and its subsidiaries (consolidated in accordance with International Financial Reporting Standards) (the "RBS Group").
- The RBSG Group's participation in the Asset Protection Scheme ("APS") is costly and may not produce the benefits expected and the occurrence of associated risks may have a material adverse impact on the RBSG Group's business, capital position, financial condition and results of operations.

- If the RBSG Group is unable to issue the Contingent B
   Shares to HM Treasury, it may have a material adverse
   impact on the RBSG Group's capital position, liquidity,
   operating results and future prospects.
- There are limits on APS coverage and uncovered exposures and risks may have a material adverse impact on the RBSG Group's business, financial condition, capital position, liquidity and results of operations.
- The extensive governance, asset management and information requirements under the Scheme Conditions and any changes or modifications to the Scheme Conditions may have a negative impact on the expected benefits of the contracts and may have an adverse impact on the RBSG Group.
- Any changes to the expected regulatory capital treatment of the APS, the B Shares and the Contingent B Shares may negatively impact the RBSG Group's capital position.
- The costs of the APS may be greater than the benefits received.
- Participation in the APS may result in greater tax liabilities for the RBSG Group and the loss of potential tax benefits.
- There are significant costs associated with termination of the RBSG Group's participation in the APS.
- Under certain circumstances, the RBSG Group cannot be assured that assets of RBS Holdings (and certain other entities) will continue to be covered under the APS, either as a result of a withdrawal of such assets or as a result of a breach of the relevant obligations.
- Any conversion of the B Shares, in combination with any future purchase by HM Treasury of Ordinary Shares, would increase HM Treasury's ownership

interest in RBSG, and could result in the delisting of RBSG from the Official List.

 Participation in the APS may give rise to litigation and regulatory risk.

Risks Relating to the Securities

Certain factors represent risks inherent in investing in the Securities issued, including:

- The Securities are certificates which expose the investor to the risk of the Underlying and investors may lose their entire investment if the Underlying is valued at zero. The Securities cannot be held beyond their stated maturity or expiration date and if sold prior to maturity or expiration, the price may be at a potentially substantial discount to the market value of the Securities at the issue date.
- The Securities may not be a suitable investment for all investors and each potential investor must determine the suitability in light of its own circumstances. Some Securities are complex financial instruments and a potential investor should not invest in such Securities unless it has the relevant expertise.
- Several factors will influence the value of the Securities and many of which are beyond the Issuer's control. Such factors include changes in the value of the Underlying, interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities, the volatility of the Underlying, fluctuations in the rates of exchange or value of currencies relating to the Securities and/or the Underlying, restrictions on the exchangeability of currencies relating to the Securities and/or the Underlying, disruptions affecting the value or settlement of the Securities and/or the Underlying and the creditworthiness of the Issuer.
- There may not be a secondary market in the Securities.

As a consequence, liquidity in the Securities should be considered as a risk. In the event that such a secondary market does not develop, an investor selling the Securities is unlikely to be able to sell its Securities or at prices that will provide him with a yield comparable to similar investments that have developed a secondary market.

- As part of its issuing, market making and/or trading arrangements, the Issuer may issue more Securities than those which are to be subscribed or purchased by thirdparty investors. The issue size is therefore not indicative of the depth or liquidity of the market or of the demand for such Series of Securities.
- The Securities may not be a perfect hedge to an Underlying nor may it be possible to liquidate the Securities at a level which directly reflects the price of the Underlying.
- The Issuer and/or its affiliates may enter into transactions or carry out other activities in relation to the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities in a way which could be adverse to the interests of each holder of the Securities (each, a "Holder" and together, the "Holders").
- The Issuer's hedge position (if any) in the jurisdiction of the relevant Underlying could be impacted by foreign exchange control restrictions. In certain circumstances, including the insolvency of the hedging counterparty or the unenforceability of the associated hedging transaction (if any), the investor may lose some or all of its investment.
- The Securities convey no interest in the Underlying to the investors. The Issuer may choose not to hold the Underlying or any derivative contracts linked to the

Underlying.

- The Calculation Agent is the agent of the Issuer and not the Holders. The Calculation Agent may make adjustments as a result of certain corporate actions affecting the Underlying. In making such adjustments, the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest.
- The Issuer may limit the number of Securities exercisable on any date (other than the final exercise date) or by any person on any date. An investor may have to tender a specified minimum number of the Securities in order to exercise the Securities.
- There may be a delay between the time of exercise of the Securities and the determination of the amount payable following such exercise or the time of physical settlement following such exercise. Such delay may increase or decrease the return from the Securities.
- Securities not exercised in accordance with the Conditions will (where exercise is required) expire worthless.
- Taxes may be payable by purchasers and sellers of the Securities and tax regulations and their application may change from time to time.
- If payments on the Securities are or become subject to a
  withholding or deduction required by law, none of the
  Issuer, the Principal Agent nor any other person shall
  pay any additional amounts to the Holders in respect of
  such withholding or deduction.
- The Issuer may elect to terminate the Securities early should U.S. withholding tax apply to any current or future payments on the Security.
- The Issuer may terminate the Securities early if it determines that the performance of its obligations under

the Securities or that maintaining its hedging arrangement (if any) is no longer legal or practical in whole or in part for any reason.

- Where the Securities are held in global or dematerialised form by or on behalf of a clearing system, the Issuer and any Agent shall treat the bearer of the Securities or the relevant clearing system as the sole holder of such Securities. Holders must look to the relevant clearing system in respect of payments made in respect of such Securities.
- Where an investor uses a nominee service provider or holds interests in Securities through accounts with a clearing system, such investor will receive payments in respect of the Securities solely on the basis of the arrangements with such third party and is exposed to the credit risk and default risk of such third party.
- An investor's total return on an investment in any Securities will be affected by the level of fees charged by any nominee service provider or clearing system used by the investor.
- No assurance can be given as to the impact of any possible change to English law or administrative practice. English law may be materially different from the equivalent law in the home jurisdiction of prospective investors.
- Credit ratings assigned to the Securities may not reflect the potential impact of all the risks that may affect the value of the Securities.
- The investment activities of investors may be restricted by legal investment laws and regulations, or by the review or regulation by certain authorities.
- The Issuer may make modifications to the Securities without the consent of the Holders which may affect the Holders' interest for the purpose of curing an error or

ambiguity, substituting itself as debtor or in any other manner which is not materially prejudicial to the interests of the Holders.

- Investing in Equity Certificates involves specific risks relating to foreign exchange controls, disruptions to trading on any related exchange or to the banking activities of a country where such exchange is located, foreign ownership restrictions and other events beyond the reasonable control of the Issuer. Where the Underlying is a share in a company listed in an emerging market, there are risks relating to the volatility, illiquidity, settlement procedures and other characteristics of emerging markets.
- The Securities have not and will not be registered under the Securities Act. Consequently, the transfer of the Securities will be subject to the satisfaction of legal requirements applicable to transfers that do not require such registration. In addition, the Securities are subject to certain transfer restrictions which may limit the liquidity of the Securities.

**Guarantor:** 

RBS Holdings pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

Principal Agent and Calculation Agent:

RBS N.V., acting through its London branch at 250 Bishopsgate, London EC2M 4AA.

**Listing and Admission to Trading:** 

Application will be made to NYSE Euronext or any other stock exchange or market specified in the Final Terms for Securities to be admitted to trading and listed on Euronext Amsterdam by NYSE Euronext or any other stock exchange or market specified in the Final Terms up to the expiry of 12 months from the date of this Base Prospectus. The Issuer may also issue unlisted Securities.

**Description of the Securities:** 

A range of certificates may be issued under this Base Prospectus. The terms and conditions (the "Conditions") applicable to such certificates are contained in the General Conditions which are applicable to all certificates, the Product Conditions applicable to the particular type of certificate being issued and the Final Terms applicable to the particular Series being issued.

Certificates are investment instruments which, at maturity, expiration or settlement and subject to due exercise in accordance with their Conditions, either:

- (i) pay an amount determined by reference to the value of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond, basket or other product (each, the "Underlying") on one or more specified days or deliver the Underlying, subject to the certificate entitlement; or
- in the case of worst of knock-in basket reverse (ii) exchangeable deferred purchase agreement certificates, deliver an amount of delivery stock or stocks (that may or may not be a constituent or constituents of the Underlying basket) and if a Holder has elected to enter into a sale facility with the Issuer and the Issuer has consented to such election, allow the Issuer to arrange for the sale of the delivery stock or stocks and for the sale proceeds to be delivered to the Holder on the settlement date, subject in each case to the terms of the relevant certificate.

The types of certificates that may be issued under this Base Prospectus are described below. Dividends received by the Issuer on holding any hedge for the certificates during the life of the certificates may, if so specified in the applicable Product Conditions, be passed on to the holder of the Securities (the "Holder") as further described in the Conditions.

**Airbag Certificates:** 

Airbag certificates are similar to ordinary certificates (described in "Description of Securities" above) except that the redemption amount payable to the Holder varies depending on the level of the Underlying at maturity. The return to the Holder is subject to a minimum amount unless the Underlying drops below a predetermined level. If the Underlying rises above its level as of the Pricing Date the Holder will participate in such rise, but such return may be subject to a maximum amount. Airbag index certificates are not open end certificates and are automatically exercised at maturity.

**Discount Certificates:** 

Discount certificates are similar to ordinary certificates (described in "Description of Securities" above) except that the redemption amount payable to the Holder is effectively capped. If the Underlying on expiration or maturity is equal to or above a pre-determined level (the "Strike Price"), then the Holder will receive an amount equal to the Strike Price. Alternatively, the Holder will receive delivery of the Underlying. Discount certificates are not open end certificates, are issued at a discount and are automatically exercised at maturity.

**Bonus Certificates:** 

Bonus certificates are similar to ordinary certificates (described in "Description of Securities" above) except that the Underlying is monitored during the life of the certificates. If a knock-out event occurs (as specified in the relevant Final Terms) at any point during the life of the certificates then at expiration or maturity the Holder will receive an amount equivalent to the value of the Underlying as of the expiration or maturity. If a knock-out event has not occurred at any point during the life of the certificates then the Holder will receive at least the amount originally invested, and possibly more, as specified in the relevant Final Terms. Bonus certificates are not open end certificates and are automatically exercised at maturity.

**Double-Up Certificates:** 

Double-up certificates are similar to ordinary certificates

(described in "Description of Securities" above) except that a Strike Price is set at the issue of the certificates equal to or around the level of the Underlying at that time. If the Underlying on expiration or maturity is at or above the Strike Price, then the Holder will receive an amount equal to the value of the Underlying plus the difference between the value of the Underlying and the Strike Price, effectively "doubling-up" the increase in performance of the Underlying. The amount received by the Holder will however be subject to a maximum amount. Double-up certificates are not open end certificates and are automatically exercised at maturity.

**Express Certificates:** 

Express certificates are similar to ordinary certificates (described in "Description of Securities" above) except that the certificates may provide that (i) they will be subject to automatic early termination if, on a defined date, the level of the Underlying exceeds or falls below a defined level and (ii) they can be terminated by the Issuer upon such notice as set out in the applicable Final Terms. Express certificates which are not subject to early termination or termination by the Issuer or, if so subject, are not terminated early in accordance with their terms, pay a return at maturity that may be linked to the price of the Underlying. Express certificates are not open end certificates and are automatically exercised at maturity, subject to early termination or termination by the Issuer, if applicable. Express certificates may have a range of different Underlyings.

To the extent that, at the maturity of the certificates, the Underlying has risen above its level at the Pricing Date, the Holder will participate in such rise, but such returns may be subject to a maximum amount. To the extent that, at the maturity of the certificates, the Underlying has fallen below its level at the Pricing Date, the Holder may receive less than the amount invested and, in certain cases, could lose its

entire investment.

**Equity Certificates:** 

Equity certificates ("**Equity Certificates**") are certificates where the Underlying is a share. A range of individual shares may become the Underlying in relation to an Equity Certificate. Equity Certificates are not open end certificates.

Equity Certificates may be cash settled. Equity Certificates may only be physically settled by non-U.S. persons. Cash settled certificates pay, upon exercise, a cash amount determined by reference to the value of the Underlying. Physically settled certificates entitle the holder, upon exercise, to delivery of a defined amount of the Underlying and a cash payment in respect of any fractional entitlement.

Multi-Asset Basket Linked Certificates:

Multi-asset basket linked certificates are securities which are linked to one or more basket constituents. The cash amount payable at maturity may be a specified percentage of its Issue Price and may or may not depend upon the performance of the basket constituents, as specified in the applicable Final Terms. Multi-asset basket linked certificates may be subject to early termination or an issuer call. Multi-asset basket linked certificates are not open end certificates and are automatically exercised at maturity, subject to early termination or an issuer call.

Worst of Knock-In Basket Reverse Exchangeable Deferred Purchase Agreement Certificates:

Worst of knock-in basket reverse exchangeable deferred purchase agreement certificates provide for a coupon or coupons to be paid to Holders, are linked to a basket of single stocks and, on the relevant settlement date, will deliver a number of delivery stock or stocks. The delivery stock or stocks (that may or may not be a constituent or constituents of the basket) will be set out in the Final Terms or, with the Issuer's consent, will be selected by the Holder in accordance with the Product Conditions. The value of the delivery stock or stocks shall be determined on the basis of whether or not a knock-in event has occurred during a particular period and if such event has occurred, also

determined on the basis of the performance of the least performing stock in the basket. A knock-in event occurs, unless otherwise specified in the relevant Final Terms, if the price of any constituent of the basket, at the relevant time and during a particular period, is less than or equal to the knock-in level (being a predetermined level). The Holder will receive physical delivery of the number of delivery stock or stocks on the settlement of the certificates and may also receive a cash adjustment, in each case unless otherwise specified in the relevant Final Terms.

In consideration of a Holder's payment of the issue price, the Issuer (i) may agree to provide the Holder with a beneficial interest in a nominee security; and (ii) agrees to physically deliver to the Holder the delivery parcel (comprising the delivery stock or stocks (that may or may not be a constituent or constituents of the basket) set out in the Final Terms or, with the Issuer's consent, selected by the Holder in accordance with the Product Conditions) the settlement of which will be deferred until the settlement date, in each case unless otherwise specified in the relevant Final Terms.

The Holder may request that the Issuer arrange for the sale of the delivery stock or stocks to be delivered to the Holder on the settlement date.

The Securities will be issued at a price determined by the Issuer who may, in making such determination, refer to, amongst other factors, the level of the Underlying adjusted for the relevant certificate entitlement and any applicable foreign exchange rate(s).

The Securities have a fixed maturity date, as specified in the applicable Final Terms. There are no minimum or maximum maturities.

The Securities may be interest bearing.

Set out below is a summary of certain significant provisions

**Indicative Issue Price:** 

**Settlement:** 

**Interest:** 

**General Conditions:** 

of the General Conditions applicable to all Securities issued under this Base Prospectus.

Status of the Securities:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that payments made on the Securities are, in whole or in part, directly or indirectly contingent upon, or determined by reference to, the payment of a dividend from a U.S. entity and that these payments have or will become subject to U.S. withholding tax. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements and of paying any required U.S. withholding tax.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately

prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. The Issuer may make adjustments following any event likely to have a material adverse effect on the Issuer's hedge position, subject to the conditions set out in General Condition 5(d).

The Issuer may at any time, without the consent of the Holders substitute for itself as Issuer of the Securities, RBS or any entity other than RBS subject to the conditions set out in General Condition 8. In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

The terms of the Securities will contain the following events of default:

- (a) default in payment of any principal or interest due in respect of the Securities, continuing for a specified period of time;
- (b) non-performance or non-observance by the Issuer of any of its other obligations under the Securities continuing for a specified period of time; and
- (c) events relating to the winding up of the Issuer.

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the Securities to be issued under this Base Prospectus.

The Securities, other than the Equity Certificates issued in registered form and Securities issued in dematerialised form, will be issued in global bearer form as described in the General Conditions. Equity Certificates may be issued in global bearer form or in global registered form, as specified in the applicable Final Terms. Equity Certificates issued in registered form may be sold to U.S. persons in reliance upon Rule 144A under the U.S. Securities Act of 1933, as amended. If SIX SIS Ltd is specified as Clearing Agent, Securities will, following their issuance, be transformed into intermediated securities in accordance with article 6 of the Swiss Federal Intermediated Securities Act.

If CREST (defined below under "General Information" – "Clearing and Settlement Systems") is specified as the Clearing Agent in the applicable Final Terms, notwithstanding any provisions to the contrary contained in this Base Prospectus, the Securities will be registered Securities in dematerialised and uncertificated form.

Securities may be exercised on any Exercise Date, or may automatically exercise on expiration or maturity, as specified in the applicable Final Terms. Notification of any such automatic exercise will be made in the manner set out under "General Information".

Securities may be cash or physically settled, as specified in the applicable Product Conditions.

If a Market Disruption Event occurs Holders of Securities may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of Security and vary depending on the type of Security.

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in section 1 of the Product Conditions.

Settlement Disruption Event:

If a Settlement Disruption Event occurs in relation to a physically settled Security, the Holder may experience a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected. Settlement Disruption Events are defined in the Product Conditions for Securities which may be physically settled and vary depending on the type of Security.

Potential Adjustment Event:

If a Potential Adjustment Event occurs the Calculation Agent may adjust one or more of the Conditions to account for the diluting or concentrative effect of the Potential Adjustment Event. Potential Adjustment Events are defined in Product Condition 4 for each type of Security (if applicable) and vary depending on the type of Security.

Fund Event:

If a Fund Event occurs, the Issuer or the Calculation Agent on its behalf, in each case acting in good faith and in a commercially reasonable manner, may adjust one or more of the Conditions to reflect the impact of the Fund Event. Fund Events are defined in Product Condition 4 for each type of Security (if applicable).

De-listing:

If a De-listing occurs the Calculation Agent may adjust one

or more of the Conditions, including replacing the relevant Underlying, to account for such event. De-listing is defined in Product Condition 4 for each type of Security (if applicable).

Governing Law:

English law.

English courts:

The courts of England have exclusive jurisdiction to settle any dispute arising from or in connection with the Securities.

**Final Terms:** 

Each Series will be the subject of a Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of Security is set out in this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

#### RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

### Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued

Each potential investor in the Securities should refer to the Risk Factors section in the Registration Document on pages 3-20 (as supplemented) incorporated by reference into this Base Prospectus for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued. As stated in the section entitled "General Information – Part A: General – Proposed Transfers", certain disclosure relating to RBS has been incorporated by reference in this Base Prospectus. This disclosure includes certain risk factors relating to RBS and the RBSG Group. In respect of that disclosure, each potential investor in the Securities should refer to the Risk Factors section in the RBS Registration Document on pages 3-31.

Factors which are material for the purpose of assessing the market risks associated with Securities issued

#### The Securities are certificates which entail particular risks

The certificates to be issued are investment instruments which, at maturity, expiration or settlement and subject to due exercise in accordance with their Conditions, either:

- (i) pay an amount determined by reference to the value of the underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond, basket or other product (each, the "**Underlying**") on one or more specified days or deliver the Underlying, subject to the certificate entitlement; or
- (ii) in the case of worst of knock-in basket reverse exchangeable deferred purchase agreement certificates, deliver an amount of delivery stock or stocks (that may or may not be a constituent or constituents of the Underlying basket) and if a Holder has elected to enter into a sale facility with the Issuer and the Issuer has consented to such election, allow the Issuer to arrange for the sale of the delivery stock or stocks and for the sale proceeds to be delivered to the Holder on the settlement date, subject in each case to the terms of the relevant certificate.

As such, certificates expose the investor to the risk of the Underlying (or any constituent elements).

Investors should be aware that their entire investment may be lost in the event that the Underlying is (or any constituent elements are) valued at zero. Unlike direct investments, investors are not able to hold certificates beyond their stated maturity, expiration or settlement date in the expectation of a recovery in the price of the Underlying (or any constituent elements).

The price at which a Holder will be able to sell certificates prior to maturity or expiration may be at a potentially substantial discount to the market value of the certificates at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

Airbag certificates are similar to ordinary certificates except that the return to the Holder is subject to a minimum amount unless the Underlying drops below a predetermined level. The Holder is entitled to an increased return if the Underlying rises above its level as of the Pricing Date, but such return may be subject to a maximum amount. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Discount certificates are similar to ordinary certificates, except that the return to the Holder is effectively capped. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Bonus certificates are similar to ordinary certificates except that the Underlying is monitored during the life of the certificates. If a knock-out event occurs (as specified in the relevant Final Terms) at any point during the life of the certificates then at expiration or maturity the Holder will receive an amount equivalent to the value of the Underlying as of the expiration or maturity. If a knock-out event has not

occurred at any point during the life of the certificates then the Holder will receive at least the amount originally invested, and possibly more, as specified in the relevant Final Terms. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Double-up certificates are similar to ordinary certificates except that a Strike Price is set at the issue of the certificates equal to or around the level of the Underlying at that time. If the Underlying on expiration or maturity is at or above the Strike Price, then the Holder will receive an amount equal to the value of the Underlying plus the difference between the value of the Underlying and the Strike Price, effectively "doubling-up" the increase in performance of the Underlying. The amount received by the Holder will however be subject to a maximum amount. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Express certificates are similar to ordinary certificates except that the certificates may provide that (i) they will be subject to automatic early termination in certain circumstances and (ii) they can be terminated by the Issuer upon such notice as set out in the applicable Final Terms. To the extent that, at the maturity of the certificates, the Underlying has risen above its level at the Pricing Date, the Holder will participate in such rise, but such returns may be subject to a maximum amount. To the extent that, at the maturity of the certificates, the Underlying has fallen below its level at the Pricing Date, the Holder may receive less than the amount invested and, in certain cases, could lose its entire investment.

Equity Certificates are certificates where the Underlying is a share. Equity Certificates are not open end certificates. Equity Certificates may be cash settled or (in the case of non-U.S. persons) physically settled. Cash settled certificates pay, upon exercise, a cash amount determined by reference to the value of the Underlying. Physically settled certificates entitle the holder, upon exercise, to delivery of a defined amount of the Underlying and a cash payment in respect of any fractional entitlement.

Worst of knock-in basket reverse exchangeable deferred purchase agreement certificates provide for a coupon or coupons to be paid to Holders, are linked to a basket of single stocks and, on the relevant settlement date, will deliver a number of delivery stock or stocks (that may or may not be a constituent or constituents of the basket). The value of the delivery stock or stocks shall be determined on the basis of whether or not a knock-in event has occurred during a particular period and if such event has occurred, also determined on the basis of the performance of the least performing stock in the basket. The Holder may request that the Issuer arrange for the sale of the delivery stock or stocks due to be delivered to the Holder on the settlement date. If such sale is arranged, the sale proceeds may be less than the value of the delivery stock or stocks due to be delivered on the settlement date, if the market price of the delivery stock or stocks at the time the sale is executed is less than the value of the delivery stock or stocks due to be delivered on such date. Worst of knock-in basket reverse

exchangeable deferred purchase agreement certificates are not open end certificates and are automatically exercised at on the exercise date (as specified in the relevant Final Terms).

### The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets;
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (f) NOT consider that the issue of Securities linked to a particular Underlying is a recommendation by the Issuer to invest (whether directly or indirectly) in that Underlying or any of its constituent elements. The Issuer and/or its affiliates may make investment decisions for themselves which differ from those that a potential investor would make by investing in the Securities. In particular, investment decisions of the Issuer and/or its affiliates are based on their current economic circumstances, overall credit exposure, risk tolerance and economic conditions, which are subject to change. The Issuer is not required to hold the Underlying (or its constituent elements) as a hedge and it may choose not to do so.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting

effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

### The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their exercise date or maturity date (as the case may be). Holders may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) Valuation of the Underlying. The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an effect on the value of the Underlying include the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event (including an Emerging Market Disruption Event) and/or no Potential Adjustment Events and/or no Delisting and/or no Fund Event which apply.
- (b) Interest Rates. Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) Volatility. The term "volatility" refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will

- move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) Exchange Rates. Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future or governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter. Where Securities are described as being "quantoed", the value of the Underlying will be converted from one currency (the "Original Currency") into a new currency (the "New Currency") on the date and in the manner specified in, or implied by, the Conditions using a fixed exchange rate. The cost to the Issuer of maintaining such a fixing between the Original Currency and the New Currency will have an implication on the value of the Securities. The implication will vary during the term of the Securities. No assurance can be given as to whether or not, taking into account relative exchange rate and interest rate fluctuations between the Original Currency and the New Currency, a quanto feature in a Security would at any time enhance the return on the Security over a level of a similar security issued without such a quanto feature.
- (e) Disruption. If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events), Fund Event, Potential Adjustment Event and/or De-listing has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled certificate. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.
  - Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.
- (f) *Creditworthiness*. Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of RBS Holdings (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no recourse, in that respect, against any other

person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

### There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

The Issuer may, in its sole and absolute discretion, decide to offer a secondary market in the Securities. In the event that the Issuer elects to offer such secondary market, the Issuer shall be entitled to impose such conditions as it, in its sole and absolute discretion, shall deem fit, including but not limited to:

- (a) providing a large bid/offer spread determined by the Issuer in its sole and absolute discretion by reference to the Issuer's own appreciation of the risks involved in providing such secondary market;
- (b) normal market conditions prevailing at such date; and
- (c) limiting the number of Securities in respect of which it is prepared to offer such secondary market.

Holders should note that the imposition of any of the above conditions may severely limit the availability of any such secondary market and may result in Holders receiving significantly less than they otherwise would have received if the Securities were redeemed at maturity.

As part of its issuing, market-making and/or trading arrangements, the Issuer may issue more Securities than those which are to be subscribed or purchased by third party investors. The Issuer (or any of its affiliates) may hold such Securities for the purpose of meeting any investor interest in the future. Prospective investors in the Securities should therefore not regard the issue size of any Series as indicative of the depth or liquidity of the market for such Series, or of the demand for such Series.

In the event that such a secondary market does not develop, it is unlikely that an investor in the Securities will be able to sell his Securities or at prices that will provide him with a yield comparable to similar investments that have a developed secondary market.

#### Over-Issuance

As part of its issuing, market-making and/or trading arrangements, the Issuer may issue more Securities than those which are to be subscribed or purchased by third party investors. The Issuer (or any of its affiliates) may hold such Securities for the purpose of meeting any investor interest in the future. Prospective investors in the Securities should therefore not regard the issue size of any Series as indicative of the depth or liquidity of the market for such Series, or of the demand for such Series.

## Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

# Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event is likely to have a material adverse effect on the Issuer's Hedge Position. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.

## Disruption of the Issuers Hedge Position may affect the value of the Securities

The Issuer may enter into a hedging transaction in the relevant jurisdiction of the Underlying in order to offer exposure to the Underlying. Foreign exchange control restrictions, including restrictions which prevent the conversion of the Underlying Currency (as defined in the Product Conditions) into the Settlement Currency (as defined in the Product Conditions) and the transfer of the Settlement Currency to accounts outside the jurisdiction of the Underlying could result in a delay in the determination of the Final Reference Price and the Settlement Date, which delay could be lengthy.

In certain circumstances, including but not limited to, the insolvency of the hedging counterparty or the unenforceability of the associated hedging transaction, an investor may lose some or all of its investment as specified in Product Condition 3(d) below.

# Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

#### Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

## There may be limitations on a Holder's right to exercise the Securities

(a) Maximum Exercise Amount. If so indicated in the Conditions, the Issuer will have the option to limit the number of Securities exercisable on any date (other than the final exercise date) to the maximum number so specified and, in conjunction with such limitation, to limit the number of Securities exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Securities being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer has elected to limit the number of Securities exercisable on such date, a holder of Securities may not be able to exercise on such date all the Securities that it desires to exercise. In any such case, the number of Securities to be exercised on such date will be reduced until the total number of Securities exercised on such date no longer exceeds such maximum (unless the Issuer otherwise elects), such Securities being selected as specified in the Conditions. Securities tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Securities may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

(b) Minimum Exercise Amount. If so indicated in the Conditions, a Holder may have to tender a specified minimum number of the Securities at any one time in order to exercise the Securities. Thus Holders with fewer than the specified minimum number of such Securities will either have to sell their Securities or purchase additional Securities, incurring transaction costs in each case, in order to realise a return on their investment, and may incur the risk that the trading price of the Securities at that time is different from, in the case of Securities settled in cash ("Cash Settled Securities"), the applicable Cash Amount (as defined in the Product Conditions) or, in the case of Securities settled by way of physical delivery ("Physical Delivery Securities"), the difference between the value of the applicable underlying asset and the exercise price, in each case upon exercise.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

#### There may be delays in effecting settlement

If the Securities are subject to provisions relating to exercise, then upon their exercise, there will be a time lag between the time a holder of the Securities gives instructions to exercise and the time the applicable Cash Amount (if the Securities are Cash Settled Securities) relating to such exercise is determined. If the Securities are Physical Delivery Securities there will be a time lag following exercise of the Securities until the Share Amount or Certificate Amount, as the case may be, is

delivered to the relevant Holder's account. Any such scheduled delay between the time of exercise and the determination of the Cash Amount or delivery of the Share Amount will be specified in the Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of such Securities arising from, as described above, any daily maximum exercise limitation or, as described above, any delay consequent upon the determination by the Calculation Agent that a Market Disruption Event (which includes Emerging Market Disruption Events) or a Settlement Disruption Event occurred at any relevant time. The applicable Cash Amount or Share Amount could decrease or increase from what it would have been but for such delay.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

If the Securities are subject to provisions concerning delivery of a Notice and such notice is received by either the relevant Clearing Agent, with a copy to the Principal Agent after the latest time specified in the Conditions, it will be deemed to be duly delivered on the next following Business Day. Such deemed delay may in the case of Cash Settled Securities increase or decrease the Cash Amount from what it would have been but for such deemed delivery. In the case of Securities which are exercisable on one day only or only during an exercise period any Notice, if not delivered by the latest time specified in the Conditions, shall be void.

If the Securities require a Notice to be delivered before close of business in the place of receipt on the Cut-off Date (as defined in the Product Conditions), then delivery after the Cut-off Date may result in a delay in delivery of the applicable Share Amount (as defined in the Product Conditions).

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

Securities not exercised in accordance with the Conditions will (where exercise is required) expire worthless.

## Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 9 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and

their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

## No tax gross-up

If payments on the Securities are or become subject to a withholding or deduction required by law on account of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will make the required withholding or deduction, as the case may be, and neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Holders in respect of such withholding or deduction. Please refer to section "General Condition 9 - Taxation".

# Payments on the Securities may be subject to U.S. withholding tax and/or early termination on account of U.S. withholding tax

Due to recently enacted U.S. legislation, payments on any Security that are, in whole or in part, directly or indirectly contingent upon, or determined by reference to, the payment of a dividend from a U.S. entity (a "Dividend Equivalent Payment") may become subject to a 30% U.S. withholding tax when made to Non-U.S. holders (as defined in "Taxation – United States"). The imposition of this U.S. withholding tax will reduce the amounts received by Non-U.S. holders. Neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Non-U.S. holders in respect of such U.S. withholding. Additionally, the Issuer may elect to terminate the Securities, in accordance with General Condition 3(b), should this U.S. withholding tax apply to any current or future payments on the Security. If a Non-U.S. holder becomes subject to this withholding tax, it is unclear whether the Non-U.S. holder will be able to claim any exemptions under its applicable double tax treaty. The application and interpretation of the rules governing U.S. withholding tax on Dividend Equivalent Payments is subject to change.

## The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

# Risks associated with Securities held in global form

The Securities (other than Equity Certificates issued in registered form) will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a "Relevant").

Clearing System"), either in the form of a global Security which will be exchangeable for definitive Securities in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities are held by or on behalf of a Relevant Clearing System, payments of principal, interest (if any) and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of any relevant global Security. The risk is that the bearer or the registered holder, as the case may be, of the relevant global Security, typically a depositary or a nominee for a depositary for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System and not the Holder itself, shall be treated by the Issuer and any Agent (as defined in the Conditions) as the sole holder of the relevant Securities with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities. Holders therefore are required to look to the Relevant Clearing System in respect of payments made to it by the Issuer in respect of Securities in global or dematerialised form.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

## Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, (if any) or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated settlement date or maturity date (as the case may be) with the assistance of the relevant nominee service provider.

None of the Issuer or any Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by any nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

## Change of law and jurisdiction

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus. Prospective investors in the Securities should note that the courts of England and Wales shall have jurisdiction in respect of any disputes involving the Securities. Holders may, however, take any suit, action or proceedings arising out of or in connection with the Securities against the Issuer in any court of competent jurisdiction. English law may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Securities.

There may be changes to laws, or their interpretation, in other countries which affect the Securities. Changes in taxation, corporate, regulatory and money laundering laws in any relevant jurisdiction could have a negative impact on the value of the Securities.

## Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. Where a Series of Securities is to be rated, such rating will not necessarily be the same as any rating assigned to any Securities already issued. Whether or not a rating in relation to any Series of Securities will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

# Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate

regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

#### Modification, waivers and substitution

The Issuer may decide to make modifications to the Securities without the consent of the Holders which may affect the Holders' interest either:

- (a) for the purpose of curing any ambiguity or of curing, correcting or supplementing any manifest error or other defective provision; or
- (b) in any other manner which is not materially prejudicial to the interests of the Holders; or
- (c) for the purpose of the substitution of another company as principal debtor under any Securities in place of the Issuer, in the circumstances described in General Condition 8.

#### Specific risks relating to Equity Certificates

Risks generally applicable where the Underlying is a share in a company listed in an emerging market. Investing in Securities where the Underlying is a share in a company listed in India, Taiwan, China, Korea, Saudi Arabia and other emerging markets involves substantial risks in addition to those risks normally associated with making investments in other countries and other investment products. Accordingly, investment in the Equity Certificates is only suitable for those investors who are aware of the risks of investing in these countries and who have the knowledge and experience in financial matters necessary to enable them to evaluate the risks and merits of an investment in the Equity Certificates.

Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. No assurance can be given that such volatility or illiquidity will not occur in the future. Many such securities markets also have clearance and settlement procedures that are less developed, less reliable and less efficient than those in more developed countries. There may also be generally less governmental supervision and regulation of the securities exchanges and securities professionals in emerging markets than exists in more developed countries.

Disclosure and regulatory standards in emerging markets are in many respects less stringent than standards in more developed countries and there may be less publicly available information about companies in such markets than is regularly published by or about companies in more developed countries. Companies in emerging markets may be subject to accounting standards and requirements that may differ in significant respects from those applicable to companies in more developed countries. The assets and liabilities and profits and losses appearing in the financial statements of such companies may not reflect their financial position or results of operations in the way they would be reflected had such financial statements been prepared in accordance with generally accepted international accounting

principles in more developed countries. The valuation of assets, depreciation, exchange differences, deferred taxation, contingent liabilities and consolidation may also be treated differently than under generally accepted international accounting standards, all of which may affect the valuation of the Underlying.

Risks relating to foreign ownership control in Saudi Arabia. Potential investors should note that due to foreign ownership restrictions in Saudi Arabia the Issuer will enter into a hedging transaction locally in order to offer exposure to the Underlying Saudi Arabian Shares, foreign exchange control restrictions, including restrictions which prevent the conversion of the Underlying Currency (as defined in the Product Conditions) into the Settlement Currency (as defined in the Product Conditions) and the transfer of the Settlement Currency to accounts outside the jurisdiction of the Underlying which could result in a delay in the determination of the Final Reference Price and the Settlement Date, which delay could be lengthy. In certain circumstances including, but not limited to, the insolvency of the hedging counterparty or the unenforceability of the associated hedging transaction, the risk of unenforceability of the associated hedging transaction returning the Final Reference Prices may mean that you lose some or all of your investment.

Risks related to foreign exchange controls. Potential investors should note that payments by the Issuer of the Cash Amount in respect of Equity Certificates is subject to the ability of the Issuer to sell the Underlying and to there being no foreign exchange control restrictions, including restrictions which prevent the conversion of the Underlying Currency (as defined in the Product Conditions) into the Settlement Currency (as defined in the Product Conditions) and the transfer of the Settlement Currency to accounts outside the jurisdiction of the Underlying. If any such event occurs at the Valuation Date, it could result in a delay in the determination of the Final Reference Price and the Settlement Date, which delay could be lengthy.

*Market disruption*. In the event of the occurrence of Market Disruption Event on a Valuation Date, a Payment Day or the Settlement Date, the obligations of the Issuer which are due on such date may be delayed, which delay could be lengthy. A Market Disruption Event includes, but is not limited to, any suspension or limitation of trading on the Exchange or any Related Exchange, the declaration of a general moratorium in respect of banking activities in the country where the Exchange or any Related Exchange is located, the inability of the Issuer (or its affiliate) to unwind its hedge or related trading position relating to the Underlying due to illiquidity and any Emerging Market Disruption Event.

Force majeure. The Issuer reserves the right to delay payments and other obligations to the holder of Equity Certificates where events occur outside the reasonable control of the Issuer or any of its affiliates and result in the Issuer being unable to fulfil its obligations when such obligations are due including (without limitation) failure of telecommunication or computer facilities, industrial disputes, civil unrest or acts of governmental, regulatory or supranational bodies subject to a maximum period

specified in the applicable Final Terms. After such date, all obligations of the Issuer in respect of the relevant Securities shall be discharged.

# Non-registration under the Securities Act and restrictions on transfer

The Securities have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States. The Securities are being issued and sold in reliance upon exemptions from registration provided by such laws. Consequently, the transfer of the Securities will be subject to satisfaction of legal requirements applicable to transfers that do not require registration under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States. In addition, the Securities are subject to certain transfer restrictions as described herein under "Selling Restrictions" and "Sales Within the United States", which may further limit the liquidity of the Securities.

#### **TAXATION**

Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.

## 1. General

Purchasers of Securities may be required to pay stamp taxes and/or other charges in accordance with the laws and practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the acquisition, ownership, transfer or exercise or non-exercise of any Securities.

Prospective purchasers should be aware that the tax treatment depends on the individual circumstances of each Holder of Securities and may be subject to change in the future.

The following does not address any tax consequences of the Proposed Transfers, regarding which Holders of Securities should seek their own professional advice. It also does not address any tax consequences relating to Securities issued or raised by RBS.

Any Security which is transferred under the Proposed Transfers pursuant to the Part VII Scheme shall be referred to in this section as a "Part VII Scheme Security"; and such Securities, "Part VII Scheme Securities".

As noted above in the section entitled "Summary - Proposed transfer of activities", if the Final Terms for an issue of Securities indicate that RBS is not expected to become the issuer of those Securities as a result of the Part VII Scheme, the expectation is that RBS N.V. will remain the issuer of such Securities and that RBS will not become the issuer of such Securities pursuant to the Proposed Transfers generally. As such, the following does not address the tax treatment of Securities that have been transferred pursuant to the Proposed Transfers, other than to the extent stated in relation to Part VII Scheme Securities.

## 2. EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), EU member states, subject to the following exceptions, are required to provide to the tax authorities of another EU member state details of payments of interest (or similar income) paid by a person within its jurisdiction to (or for the benefit of) an individual resident in that other EU member state or to

certain limited types of entities established in that other EU member state. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

#### 3. THE NETHERLANDS

#### General

The following applies only to persons who are the beneficial owners of the Securities and is a summary of the Issuer's understanding of current Netherlands tax law as applied in the Netherlands relating only to certain aspects of Netherlands taxation. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Base Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- holders of Securities holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer or RBS and holders of Securities of whom a certain related person holds a substantial interest in the Issuer or RBS. Generally speaking, a substantial interest arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds (i) an interest of 5 per cent. or more of the total issued capital of a company or of 5 per cent. or more of the issued capital of a certain class of shares of a company, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in a company;
- (ii) investment institutions (fiscale beleggingsinstellingen); and
- (iii) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are exempt from Netherlands corporate income tax.

This summary does not describe the consequences of the exchange or the conversion of the Securities.

Where this summary refers to a holder of Securities, such reference is restricted to a holder holding legal title to as well as an economic interest in such Securities.

## Withholding Tax

Securities issued by the Issuer otherwise than through the Issuer's London branch and which are not Part VII Scheme Securities Payments on these Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein provided that the Securities do not in fact function as equity of the Issuer within the meaning of article 10, paragraph 1, under d of the Netherlands corporate income tax act 1969 (Wet op de vennootschapsbelasting 1969).

Securities issued by the Issuer's London branch and Part VII Scheme Securities

Payments on these Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political or taxing authority thereof or therein.

#### Payments by the Guarantor

Any payments by the Guarantor in respect of interest on, or other amounts due under, Securities issued by the Issuer (whether or not through its London branch), whether or not they are Part VII Scheme Securities (in each case, other than the repayment of amounts subscribed for the Securities), may generally be made without withholding on account of Netherlands taxation.

# **Corporate and Individual Income Tax**

## (a) Residents of the Netherlands

If a holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes (including an individual holder who has opted to be taxed as a resident of the Netherlands), income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 52 per cent.) under the Netherlands income tax act 2001 (*Wet inkomstenbelasting 2001*), if:

- (i) the holder is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable or the holder has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) applies to the holder of the Securities, taxable income with regard to the Securities must be determined on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments has been fixed at a rate of 4 per cent. of the individual's yield basis (*rendementsgrondslag*) at the end of the calendar year, insofar as it exceeds a certain threshold. The individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Securities less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Securities will be included as an asset in the individual's yield basis. The 4 per cent. deemed return on income from savings and investments will be taxed at a rate of 30 per cent.

#### (b) Non-residents of the Netherlands

If a holder is not a resident nor is deemed to be a resident of the Netherlands for Netherlands tax purposes (or has not opted to be taxed as a resident of the Netherlands), such holder is not taxable in respect of income derived from the Securities and gains realised upon the settlement, redemption or disposal of the Securities, unless:

(i) the holder is not an individual and such holder (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) is entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands (other than by way of securities) and to which enterprise the Securities are attributable.

This income is subject to Netherlands corporate income tax at up to a maximum rate of 25 per cent.

the holder is an individual and such holder (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) realises income or gains with respect to the Securities that qualify as income from miscellaneous activities (resultaat uit overige werkzaamheden) in the Netherlands, which activities include the performance of activities in the Netherlands with respect to the Securities which exceed regular, active portfolio management (normaal, actief vermogensbeheer), or (3) is entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands (other than by way of securities) and to which enterprise the Securities are attributable.

Income derived from the Securities as specified under (1) and (2) is subject to individual income tax at up to a maximum rate of 52 per cent. Income derived from a share in the profits as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under "Residents of the Netherlands"). The fair market value of the share in the profits of the enterprise (which includes the Securities) will be part of the individual's Netherlands yield basis.

### **Gift and Inheritance Tax**

## (a) Residents of the Netherlands

Generally, gift and inheritance tax will be due in the Netherlands in respect of the acquisition of the Securities by way of a gift by, or on the death of, a holder that is a resident or deemed to be a resident of the Netherlands for the purposes of Netherlands gift and inheritance tax at the time of the gift or his or her death.

A holder of Dutch nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift and inheritance tax if he or she has been resident in the Netherlands and dies or makes a donation within ten years after leaving the Netherlands. A holder of any other nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift tax if he or she has been resident in the Netherlands and makes a donation within a twelve months period after leaving the Netherlands. The same twelve-month rule may apply to entities that have transferred their seat of residence out of the Netherlands.

# (b) Non-residents of the Netherlands

No gift or inheritance taxes will arise in the Netherlands in respect of the acquisition of the Securities by way of a gift by, or as a result of, the death of a holder that is neither a resident nor deemed to be a resident of the Netherlands for the purposes of Netherlands gift and inheritance tax, unless in the case of a gift of the Securities by a holder who at the date of the gift was neither a resident nor deemed to be a resident of the Netherlands, such holder dies within 180 days after the date of the gift, and at the time of his or her death is a resident or deemed to be a resident of the Netherlands.

#### Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

#### Other Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

#### 4. UNITED KINGDOM

The following applies only to persons who are the beneficial owners of the Securities and is a summary of the Issuer's understanding of current United Kingdom tax law as applied in England and Wales and United Kingdom HM Revenue & Customs ("HMRC") practice relating only to certain aspects of United Kingdom taxation. It does not deal with any other United Kingdom taxation implications of acquiring, holding, exercising, not exercising or disposing of Securities and should not be relied upon by Holders or prospective Holders of Securities. Some aspects do not apply to certain classes of persons (such as persons carrying on a trade of dealing in Securities and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Holders of Securities depends on their individual circumstances and may be subject to change in the future. The precise tax treatment of a Holder of Securities will depend for each issue on the terms of the Securities, as specified in the Conditions of the Securities as amended and supplemented by the applicable Final Terms. For United Kingdom tax purposes, the term "Security" or "Securities" refers to instruments of the type described in this Base Prospectus and is not intended to be determinative (or indicative) of the nature of the instrument for the purposes of United Kingdom taxation. Prospective Holders of Securities who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice. This summary is intended as general information only and each prospective Holder of Securities should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

## Withholding Tax

Securities issued by the Issuer otherwise than through the Issuer's London branch and which are not Part VII Scheme Securities Payments on these Securities may generally be made without withholding on account of United Kingdom income tax.

Securities issued by the Issuer's London branch and Part VII Scheme Securities

Payments made in respect of these Securities may be made without deduction or withholding for or on account of United Kingdom income tax where such payments are not regarded as interest, manufactured payments or annual payments for United Kingdom tax purposes.

Even if such payments were to be regarded as interest, manufactured payments or annual payments for United Kingdom tax purposes, the Issuer or RBS, as applicable, should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments made in respect of the Securities provided that the payments are regarded as made under derivative contracts, the profits and losses arising from which are calculated in accordance with the provisions of Part 7 of the Corporation Tax Act 2009 (which broadly they should be provided that the payments are made under options, futures or contracts for differences for the purposes of Part 7 of that Act, which are derivatives for the purposes of FRS25 (or International Accounting Standard 32) and are not excluded for the purposes of Part 7 of that Act by virtue of their underlying subject matter).

If interest is payable on the Securities or if payments made in respect of the Securities were to be regarded as interest for United Kingdom tax purposes, provided that the Issuer's London branch or RBS, as applicable, is and continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "ITA 2007"), such payments may be made without withholding or deduction for or on account of United Kingdom income tax where the interest is paid in the ordinary course of the Issuer's London branch's or RBS's business, as applicable, within the meaning of section 878 ITA 2007.

Payments of interest on or in respect of the Securities may also be made by the Issuer's London branch or RBS, as applicable, without deduction of or withholding for or on account of United Kingdom income tax if the Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the ITA 2007. The NYSE Euronext Amsterdam is a recognised stock exchange. The Securities will therefore satisfy this requirement if they are (a) officially listed in the Netherlands in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the NYSE Euronext Amsterdam, or (b) admitted to trading on another "recognised stock exchange" and officially listed in a country in which there is a "recognised stock exchange" in accordance with provisions corresponding to those generally applicable in EEA states. Provided, therefore, that the Securities are and remain so listed, interest on the Securities will be payable by the Issuer's London branch or RBS, as applicable, without withholding or deduction for or

on account of United Kingdom income tax whether or not the Issuer's London branch or RBS, as applicable, carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where interest on or in respect of the Securities is paid by a company and, at the time the payment is made, the Issuer's London branch or RBS, as applicable, reasonably believes (and any person by or through whom interest on the Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where the maturity of the Securities is less than 365 days and those Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments by the Issuer's London branch or RBS, as applicable, of interest on or in respect of Securities, on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of the Securities, HMRC can issue a notice to the Issuer's London branch or RBS, as applicable, to pay interest to the Holder of the Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty, as applicable).

## Payments by the Guarantor

Any payments by the Guarantor in respect of interest on, or other amounts due under, Securities issued by the Issuer otherwise than through the Issuer's London branch and which are not Part VII Scheme Securities may generally be made without withholding on account of United Kingdom income tax.

Any payments by the Guarantor in respect of interest on, or other amounts due under, Securities issued by the Issuer's London branch or which are Part VII Scheme Securities (in each case, other than the repayment of amounts subscribed for the Securities) may be subject to United Kingdom withholding tax, subject to the availability of any exemptions or reliefs or to any direction to the contrary from HMRC in respect of such relief as may be available pursuant to the provisions of any applicable double tax treaty.

## **Certain other United Kingdom tax considerations**

Payments made in respect of Securities issued by the Issuer's London branch and (from the time of the transfer) the Part VII Scheme Securities are generally expected to have a United Kingdom source. Accordingly, depending upon the category of the income, such payments may be chargeable to United Kingdom tax by direct assessment even where the Holder of Securities is not resident (or in the case of an individual, ordinarily resident) in the United Kingdom and does not hold their Securities for the purposes of, or receive such payments in connection with, a trade, profession or vocation carried on via a branch, agency or permanent establishment in the United Kingdom, although in practice HMRC may not seek to enforce any such liability in respect of such a Holder of Securities.

If Holders of Securities are liable to United Kingdom tax by way of direct assessment, Holders of Securities which are resident in a jurisdiction with an appropriate double taxation treaty with the United Kingdom may be entitled to claim exemption from direct assessment under the terms of that double taxation treaty.

# **UK Information Gathering Powers**

Holders of the Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner) from any person in the United Kingdom who either pays or credits interest (or amounts treated as interest) to or receives interest (or amounts treated as interest) for the benefit of a Holder of the Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2012. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of the Securities is resident for tax purposes.

# **Stamp Taxes**

For the purposes of the following paragraphs, "Exempt Loan Capital" means any security which constitutes loan capital ("Loan Capital") for the purposes of section 78 of the Finance Act 1986 ("FA 1986") and: (a) does not carry rights to acquire shares or securities (by way of exchange, conversion or otherwise); (b) has not carried and does not carry a right to interest the amount of which exceeds a reasonable commercial return on the nominal amount of the relevant security; (c) subject to certain exceptions has not carried and does not carry a right to interest the amount of which falls or has fallen to be determined to any extent by reference to the results of, or any part of, a business or to the value

of any property; and (d) has not carried and does not carry a right to a premium which is not reasonably comparable with amounts payable on securities listed on the London Stock Exchange.

Stamp duty on the issue of Securities

Subject to the following paragraph, no stamp duty will generally be payable in relation to the issue of Securities, including where such Securities are issued into CREST.

In relation to Securities issued in bearer form which are denominated in sterling and which are not Loan Capital, a charge to United Kingdom stamp duty at 1.5 per cent. of the value of such Securities may arise. No stamp duty liability will arise on the issue of such Securities by the Issuer if issued outside the United Kingdom. However, in relation to Securities of that kind originally issued by the Issuer outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security may arise. Furthermore, an instrument issuing a Security which has the characteristics of an option or any instrument granting such a Security may technically be subject to United Kingdom stamp duty at a rate of up to 4 per cent. of the consideration paid for the Security.

Stamp duty on the transfer of Securities

Other than as described above, no United Kingdom stamp duty should be required to be paid on transfers of Securities on sale provided no instrument of transfer is used to complete such sales.

An instrument transferring a Security on sale of the Security may technically be subject to stamp duty at a rate of 0.5 per cent. of the consideration paid for the Securities if the Securities are not Exempt Loan Capital.

Even if an instrument is subject to United Kingdom stamp duty, there may be no practical necessity to pay that stamp duty for example, if the Security to which it relates is issued by the Issuer and is not a Part VII Scheme Security, as United Kingdom stamp duty is not an assessable tax. However, an instrument which is not duly stamped cannot be registered or used for certain purposes in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court. In the event that such an instrument is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the instrument to the date of payment of the stamp duty. Penalties may also be payable if either (i) an instrument which was executed in the United Kingdom is not stamped within 30 days of being so executed or (ii) an instrument which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom.

Stamp duty reserve tax ("SDRT") on the issue or transfer of Securities to a Clearance Service

No SDRT should be payable in relation to the issue of a Security by the Issuer or the transfer of such a Security to any person providing a clearance service, or a nominee for any such person, within the meaning of section 96 FA 1986 (a "Clearance Service"), in each case, unless the Security is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire shares which are paired with shares (which are not "newly subscribed shares" as defined in section 99(12) FA 1986) issued by a body corporate incorporated in the United Kingdom.

Except where an election has been made under which the alternative system of charge as provided for in section 97A FA 1986 (a "s97A Election") applies, SDRT at a rate of 1.5 per cent may be payable in respect of a Security issued by the Issuer and which is not a Part VII Scheme Security on the issue or transfer of such a Security to a Clearance Service where it is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire shares which are paired with shares (which are not "newly subscribed shares" as defined in section 99(12) FA 1986) issued by a body corporate incorporated in the United Kingdom.

The analysis in the above paragraph is likely to apply to the transfer of a Security to a Clearance Service where no s97A Election applies in respect of the Security where such Security was issued by the Issuer and is a Part VII Scheme Security, although this is not free from doubt. Were the analysis in the above paragraph not to apply to a transfer of such a Security to a Clearance Service where no s97A Election applies in respect of the Security, SDRT at a rate of 1.5 per cent. may be payable on such a transfer in circumstances other than those described in the paragraph above if the Security is not Exempt Loan Capital.

The ECJ has found in C-569/07 HSBC Holdings plc and Vidacos Nominees Ltd v The Commissioners of Her Majesty's Revenue & Customs (Case C-569/07) that the 1.5 per cent. charge is contrary to EU Community Law where shares are issued to a clearance service. HMRC has subsequently indicated that it will not levy the charge on shares issued to a clearance service within the EU. It is not clear the extent to which this decision applies to the Securities or the way in which any change in legislation or HMRC practice in response to this decision may alter the position outlined above.

SDRT on the issue of Securities into CREST

No SDRT will be payable in respect of the issue of Securities into CREST, provided they are not issued to a Clearance Service or to a person issuing depositary receipts.

SDRT on the transfer of Securities held within a Clearance Service

SDRT should generally not be payable in relation to an agreement to transfer a Security held within a Clearance Service provided that no s97A Election applies in respect of the Security.

SDRT on the transfer of Securities held outside a Clearance Service, held within CREST or held within a Clearance Service where a s97A Election applies in respect of the Security

In the case of Securities issued by the Issuer which are not Part VII Scheme Securities and which are held outside a Clearance Service (otherwise than within CREST, regarding which, see below) or held within a Clearance Service where a s97A Election applies in respect of the Security, no SDRT should be payable in relation to any agreement to transfer such a Security unless it is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire either: (i) stocks, shares or loan capital for the purposes of section 99(3) FA 1986 which are not Exempt Loan Capital and which are registered in a register kept in the United Kingdom; or (ii) shares which are paired with shares issued by a body corporate incorporated in the United Kingdom, unless (in either case) that Security is in bearer form.

In the case of Securities issued by the Issuer which are not Part VII Scheme Securities and which are held outside a Clearance Service (otherwise than within CREST, regarding which, see below) or held within a Clearance Service where a s97A Election applies in respect of the Security, SDRT should generally be payable in relation to any agreement to transfer such a Security where it is an interest in, or to dividends or other rights arising out of, or a right to allotment of or to subscribe for, or an option to acquire either: (i) stocks, shares or loan capital for the purposes of section 99(3) FA 1986 which are not Exempt Loan Capital and which are registered in a register kept in the United Kingdom; or (ii) shares which are paired with shares issued by a body corporate incorporated in the United Kingdom, unless (in either case) that Security is in bearer form. Any such SDRT would be payable at a rate of 0.5 per cent. of the consideration given under an agreement to transfer such Securities, unless the transfer is to a Clearance Service or to a person issuing depositary receipts (or to an agent or nominee of such a person) where SDRT may be payable at a rate of 1.5 per cent.

Provided the Securities are not registered in a register kept in the United Kingdom, the analysis in the above paragraphs is likely to apply to the transfer of a Security issued by the Issuer which is a Part VII Scheme Security and which is held outside a Clearance Service (otherwise than within CREST, regarding which, see below) or held within a Clearance Service where a s97A Election applies in respect of the Security, although this is not free from doubt. Were the analysis in the above paragraphs not to apply to a transfer of such a Security, SDRT may be payable at a rate of 0.5 per cent. of the consideration given under an agreement to transfer such Securities (unless the transfer is to Clearance Service or to a person issuing depositary receipts (or to an agent or nominee of such a person) where SDRT may be payable at a rate of 1.5 per cent.) in circumstances other than those described in the paragraphs above if the Security is not Exempt Loan Capital.

Were the Security (whether or not it is a Part VII Scheme Security) to be registered in a register kept in the United Kingdom, for example, because this was required for the purposes of CREST, SDRT

may be payable in relation to the transfer of such a Security within CREST or any agreement to transfer such a Security at a rate of 0.5 per cent. of the consideration given in circumstances other than those described in the paragraphs above if the Security is not Exempt Loan Capital.

Stamp duty and SDRT on the exercise or redemption of the Securities

Stamp duty and/or SDRT may also be payable in respect of an agreement to transfer, or on the transfer of, an asset where the terms of any Security contemplate physical settlement of the Security.

#### 5. UNITED STATES OF AMERICA

TO ENSURE COMPLIANCE WITH REQUIREMENTS IMPOSED BY THE U.S. INTERNAL REVENUE SERVICE (THE "IRS"), WE INFORM YOU THAT ANY TAX DISCUSSION HEREIN WAS NOT WRITTEN AND IS NOT INTENDED TO BE USED AND CANNOT BE USED BY ANY TAXPAYER FOR PURPOSES OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER. ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS DESCRIBED HEREIN. EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The following summary describes certain U.S. federal income tax considerations that may be relevant to a U.S. holder (as defined below) who purchases an Equity Certificate, or a Non-U.S. holder (as defined below) that purchases Securities (including, but not limited to, the Equity Certificates), but is not purported to be a complete analysis of all potential tax effects. This summary is based upon the Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed regulations promulgated thereunder, and published rulings and court decisions, all as in effect and existing on the date of this Base Prospectus and all of which are subject to change at any time with retrospective or prospective effect. The U.S. federal income tax considerations discussed below will continue to apply to Part VII Scheme Securities. The rules governing the U.S. federal income taxation of option transactions and other derivative financial instruments are complex and depend on a taxpayer's particular circumstances. Accordingly, this summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a U.S. holder of an Equity Certificate. In particular, this summary deals only with Equity Certificates issued in registered form and with U.S. holders of Equity Certificates who purchase in the initial offering at the applicable issue price and in whose hands the Equity Certificates, or the stock, debt, commodity or other property underlying the Equity Certificates, would be capital assets for U.S. federal income tax purposes. In addition, this discussion assumes that the Equity Certificates that are treated as options for U.S. federal income tax purposes, when issued, are not significantly "in-the-money".

This summary also does not discuss the U.S. federal income tax treatment of a U.S. holder who is a member of a class of holders subject to special rules, such as a dealer in securities, commodities or derivative financial instruments; a trader in securities, commodities or derivative financial instruments that elects to use a mark-to-market method of accounting for securities or commodities holdings; a bank; a life insurance company; a tax-exempt organisation; entities that are treated for U.S. federal income tax purposes as partnerships or other pass-through entities; an investor who purchases an Equity Certificate with respect to stock in a company that is treated as a passive foreign investment company ("PFIC") for U.S. federal income tax purposes; an investor who purchases an Equity Certificate and holds any other position (whether long or short, direct or indirect) in any asset underlying such option; an investor who purchases an Equity Certificate that is part of a hedging transaction or that has been hedged against currency risk; an investor who purchases an Equity Certificate that is part of a straddle or conversion transaction for U.S. federal income tax purposes; and an investor whose functional currency for U.S. federal income tax purposes is not the U.S. dollar.

As a consequence of the foregoing, it should be particularly noted that this summary does not address the special tax considerations that apply to an investment in a combination of Equity Certificates with respect to the same underlying assets. Further, this summary does not address alternative minimum tax consequences or the indirect effects on the U.S. holders of equity interests in a holder of an Equity Certificate.

Any of the foregoing circumstances might substantially alter the tax consequences described below, and, in some instances, may require specific identification of positions in the relevant Equity Certificate before the close of the day on which they are acquired. For example, if the straddle rules were to apply, a U.S. holder of an Equity Certificate that is part of a straddle might be required to (i) recognise all or a portion of any gain on such Equity Certificate that would otherwise be long-term or short-term capital gain, as ordinary income or, if applicable, short-term capital gain, (ii) defer all, or a portion, of any loss realised upon the sale, exchange, exercise, cancellation or lapse of such Equity Certificate and (iii) capitalise any interest or carrying charges incurred by such U.S. holder with respect to such Equity Certificate.

This summary does not address the material U.S. federal income tax consequences of every type of Equity Certificate which may be issued under the Programme. Additional U.S. federal income tax consequences, if any, applicable to a particular Equity Certificate may be set forth in the applicable Final Terms.

The rules governing the taxation of option transactions and derivative financial instruments are complex and depend on a taxpayer's particular circumstances. U.S. holders are strongly urged

to consult their tax advisers concerning the U.S. federal, state, local, foreign and other national tax consequences of the ownership and disposition of Equity Certificates in their particular circumstances. U.S. holders should also consult their tax advisers as to the possibility of changes of law affecting taxation of derivative financial instruments with contingent payments, including prepaid forward contracts. Prospective investors should consult their tax advisers regarding the U.S. federal, state, local and foreign tax consequences of acquiring, owning and disposing of the Equity Certificates in light of such investor's own circumstances, including such investor's status as a U.S. holder or non-U.S. holder, as well as any other estate, gift, or other tax consequences that may arise under the laws of any state, local, foreign or other taxing jurisdiction.

For purposes of this discussion, a "U.S. holder" means a beneficial owner of an Equity Certificate that is:

- (i) a citizen or individual resident of the United States, as defined in Section 7701(b) of the Code.
- (ii) a corporation, including any entity treated as a corporation for U.S. federal income tax purposes, created or organised in or under the laws of the United States, any State thereof or the District of Columbia:
- (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source;
- (iv) a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (y) such trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a United States person.

For purposes of this discussion, a "**Non-U.S. holder**" means a beneficial owner of the Securities that is not a U.S. holder.

If a partnership holds the Securities (including Equity Certificates), the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners in partnerships holding the Securities should consult their tax advisers regarding the U.S. federal income tax consequences of acquiring, owning, exchanging and disposing of the Securities.

U.S. holders may be subject to a variety of U.S. tax consequences depending on the subject and the terms of the Equity Certificates. U.S. Holders should consult their own advisers about the tax consequences of purchasing Equity Certificates, particularly whether the Equity Certificates being acquired could be treated for U.S. tax purposes as debt instruments or as another type of financial instrument.

# **Classification of the Equity Certificates**

Depending on the terms of an Equity Certificate, such Equity Certificate could be treated as one or more of the following: (i) a prepaid forward contract (which, depending on the terms, may be subject to embedded options), (ii) a combination of a loan and a prepaid forward contract, (iii) an outright or constructive ownership interest in the property underlying such Equity Certificate, or (iv) a debt instrument with or without contingent payments. Additional U.S. federal income tax consequences applicable to a particular issuance of Equity Certificates may be set forth in the applicable Final Terms.

No ruling is being requested from the Internal Revenue Service ("IRS") with respect to the Equity Certificates, and the treatment of the Equity Certificates described below is not binding on the IRS or the courts. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the Equity Certificates are uncertain.

## U.S. holders

# Debt

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Equity Certificates that are properly treated as debt for U.S. federal tax purposes.

#### Payment of Interest

Interest on an Equity Certificate, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars ("foreign currency" interest on a "Foreign Currency Equity Certificate"), other than interest on a "Discount Equity Certificate" that is not "qualified stated interest" (each as defined below under "Original Issue Discount —General"), will be taxable to a U.S. holder as ordinary income at the time it is received or accrued, depending on the U.S. holder's method of accounting for tax purposes. Interest paid by the Issuer on the Equity Certificates and original issue discount ("OID"), if any, accrued with respect to Discount Equity Certificates (as

defined below under "Original Issue Discount") generally will constitute income from sources outside the United States subject to the rules regarding the foreign tax credit allowable to a U.S. holder. Prospective purchasers should consult their tax advisers concerning the foreign tax credit implications of any payment of foreign taxes.

## Original Issue Discount

#### General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Equity Certificates issued with OID.

An Equity Certificate, other than an Equity Certificate with a term of one year or less, will be treated as issued with OID (a "Discount Equity Certificate") if the excess of the Equity Certificate's "stated redemption price at maturity" over its issue price is equal to or more than a de minimis amount (0.25 per cent. of the Equity Certificate's stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an "installment obligation") will be treated as a Discount Equity Certificate if the excess of the Equity Certificate's stated redemption price at maturity over its issue price is equal to or greater than 0.25 per cent. of the Equity Certificate's stated redemption price at maturity multiplied by the weighted average maturity of the Equity Certificate. A Equity Certificate's weighted average maturity is the sum of the following amounts determined for each payment on a Equity Certificate (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Equity Certificate's stated redemption price at maturity. Generally, the issue price of an Equity Certificate will be the first price at which substantial amount of Equity Certificates included in the issue of which the Equity Certificate is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of an Equity Certificate is the total of all payments provided by the Equity Certificate that are not payments of "qualified stated interest". A qualified stated interest payment is generally any one of a series of stated interest payments on an Equity Certificate that are unconditionally payable at least annually at a single fixed rate, or a variable rate (as described below under "Variable Interest Rate Equity Certificates"), applied to the outstanding principal amount of the Equity Certificate. Solely for the purposes of determining whether an Equity Certificate has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Equity Certificate, and the U.S. holder will be deemed to exercise any put option that has the effect of increasing the yield on the Equity Certificate.

U.S. holders of Discount Equity Certificates must include OID in income calculated on a constantyield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Equity Certificates. The amount of OID includible in income by a U.S. holder of Discount Equity Certificates is the sum of the daily portions of OID with respect to the Discount Equity Certificates for each day during the taxable year or portion of the taxable year on which the U.S. holder holds the Discount Equity Certificates. The daily portion is determined by allocating to each day in any "accrual period" a pro rata portion of the OID allocable to that accrual period. Accrual periods with respect to an Equity Certificate may be of any length selected by the U.S. holder and may vary in length over the term of the Equity Certificate as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Equity Certificate occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Equity Certificate's adjusted issue price at the beginning of the accrual period and the Discount Equity Certificate's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Equity Certificate allocable to the accrual period. The "adjusted issue price" of a Discount Equity Certificate at the beginning of any accrual period is the issue price of the Equity Certificate increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Equity Certificate that were not qualified stated interest payments.

#### Acquisition Premium

A U.S. holder that purchases a Discount Equity Certificate for an amount less than or equal to the sum of all amounts payable on the Equity Certificate after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being "acquisition premium") and that does not make the election to treat all interest as OID (described below under "Election to Treat All Interest as Original Issue Discount"), is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. holder's adjusted basis in the Discount Equity Certificate immediately after its purchase over the Discount Equity Certificate's adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Equity Certificate after the purchase date, other than payments of qualified stated interest, over the Discount Equity Certificate's adjusted issue price.

#### Market Discount

An Equity Certificate, other than an Equity Certificate with a term of one year or less, generally will be treated as purchased at a market discount if the Equity Certificate's stated redemption price at maturity or, in the case of a Discount Equity Certificate, the Equity Certificate's "revised issue price", exceeds the amount for which the U.S. holder purchased the Equity Certificate by at least 0.25 per cent. of the Equity Certificate's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Equity Certificate's maturity (or, in the case of an Equity Certificate that is an instalment obligation, the Equity Certificate's weighted average maturity). If this excess is not sufficient to cause the Equity Certificate to be treated as purchased at a market discount, then the excess constitutes "de minimis market discount". For this purpose, the "revised issue price" of an Equity Certificate generally equals its issue price, increased by the amount of any OID that has accrued on the Equity Certificate and decreased by the amount of any payments previously made on the Equity Certificate that were not qualified stated interest payments.

Under current law, any gain recognised on the maturity or disposition of an Equity Certificate treated as purchased at a market discount (including any payment on an Equity Certificate that is not qualified stated interest) will be treated as ordinary income to the extent that the gain does not exceed the accrued market discount on the Equity Certificate. Alternatively, a U.S. holder of an Equity Certificate treated as purchased at a market discount may elect to include market discount in income currently over the life of the Equity Certificate. This election will apply to all debt instruments with market discount acquired by the electing U.S. holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the IRS. A U.S. holder of an Equity Certificate treated as purchased at a market discount that does not elect to include market discount in income currently will generally be required to defer deductions for interest on borrowings incurred to purchase or carry the Equity Certificate that is in excess of the interest and OID on the Equity Certificate includible in the U.S. holder's income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Equity Certificate was held by the U.S. holder.

Under current law, market discount will accrue on a straight-line basis unless the U.S. holder elects to accrue the market discount on a constant-yield method. This election applies only to the Equity Certificate with respect to which it is made and is irrevocable.

Variable Interest Rate Equity Certificates

Equity Certificates that provide for interest at variable rates ("Variable Interest Rate Equity Certificates") generally will bear interest at a "qualified floating rate" and thus will be treated as

"variable rate debt instruments" under Treasury Regulations governing accrual of OID. A Variable Interest Rate Equity Certificate will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Equity Certificate by more than a specified *de minimis* amount and (b) it provides for stated interest, paid or compounded at least annually, at current values of (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate, and (c) it does not provide for any principal payments that are contingent (other than as described in (a) above).

A "qualified floating rate" is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Equity Certificate is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35, whether or not a variable rate is increased or decreased by a fixed rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Equity Certificate (e.g., two or more qualified floating rates with values within 25 basis points of each other as determined on the Variable Interest Rate Equity Certificate's issue date) will be treated as a single qualified floating rate. Notwithstanding the foregoing, a variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Equity Certificate.

An "objective rate" is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer's stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Equity Certificate will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Equity Certificate's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Equity Certificate's term. A "qualified inverse floating rate" is any objective rate where the rate is equal to a fixed rate minus a

qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Equity Certificate provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Equity Certificate's issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate – the value of the rate on any day that is no earlier than 3 months prior to the first day on which that value is in effect and no later than 1 year following that first day.

A Variable Interest Rate Equity Certificate that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a "variable rate debt instrument" will generally not be treated as having been issued with OID unless the Variable Interest Rate Equity Certificate is issued at a "true discount" (i.e., at a price below the Equity Certificate's stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Equity Certificate arising from true discount is allocated to an accrual period using the constant yield method described above by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Equity Certificate.

In general, any other Variable Interest Rate Equity Certificate that qualifies as a "variable rate debt instrument" will be converted into an equivalent fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Equity Certificate. Such a Variable Interest Rate Equity Certificate must be converted into an equivalent fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Equity Certificate with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Equity Certificate's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Equity Certificate is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Equity Certificate. In the case of a Variable Interest Rate Equity Certificate that

qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Equity Certificate provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Equity Certificate as of the Variable Interest Rate Equity Certificate is sissue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Equity Certificate is converted into an equivalent fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Equity Certificate is converted into an equivalent fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the equivalent fixed rate debt instrument by applying the general OID rules to the equivalent fixed rate debt instrument and a U.S. holder of the Variable Interest Rate Equity Certificate will account for the OID and qualified stated interest as if the U.S. holder held the equivalent fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the equivalent fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Equity Certificate during the accrual period.

If a Variable Interest Rate Equity Certificate, such as an Equity Certificate the payments on which are determined by reference to an index, does not qualify as a "variable rate debt instrument", then the Variable Interest Rate Equity Certificate will be treated as a contingent payment debt instrument. See "Contingent Payment Debt Instruments" below for a discussion of the U.S. federal income tax treatment of such Equity Certificates.

# Short-Term Equity Certificates

In general, an individual or other cash basis U.S. holder of an Equity Certificate with a term of one year or less is not required to accrue OID (calculated as set forth below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S. holders and certain other U.S. holders are required to accrue OID on Equity Certificates with a term of one year or less on a straight-line basis or, if the U.S. holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. holder not required and not electing to include OID in

income currently, any gain realised on the sale or retirement of the Equity Certificate with a term of one year or less will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. holders who are not required and do not elect to accrue OID on Equity Certificates with a term of one year or less will be required to defer deductions for interest on borrowings allocable to Equity Certificates with a term of one year or less in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on an Equity Certificate with a term of one year or less are included in such Equity Certificate's stated redemption price at maturity. A U.S. holder may elect to determine OID on an Equity Certificate with a term of one year or less as if such Equity Certificate had been originally issued to the U.S. holder as the U.S. holder's purchase price for the Equity Certificate. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

## Equity Certificates Purchased at a Premium

A U.S. holder that purchases an Equity Certificate for an amount in excess of its principal amount, or for a Discount Equity Certificate, its stated redemption price at maturity, may elect to treat the excess as "amortisable bond premium", in which case the amount required to be included in the U.S. holder's income each year with respect to interest on the Equity Certificate will be reduced by the amount of amortisable bond premium allocable (based on the Equity Certificate's yield to maturity) to that year. Any election to amortise bond premium shall apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. holder, and is irrevocable without the consent of the IRS. A U.S. holder that does not elect to take bond premium (other than acquisition premium, as discussed above under "Original Issue Discount—Acquisition Premium") into account currently will recognise a capital loss when the Equity Certificate matures.

# Election to Treat All Interest as Original Issue Discount

A U.S. holder may elect to include in gross income all interest that accrues on Equity Certificates using the constant-yield method described above under "Original Issue Discount", with certain modifications. For purposes of this election, interest includes stated interest, OID, de minimis OID, market discount, de minimis market discount and unstated interest, as adjusted by any amortisable

bond premium (discussed above under "Equity Certificates Purchased at a Premium") or acquisition premium. This election will generally apply only to the Equity Certificate with respect to which it is made and may not be revoked without the consent of the IRS. If the election to apply the constant-yield method to all interest on an Equity Certificate is made with respect to an Equity Certificate treated as purchased at a market discount, the electing U.S. holder will be treated as having made the election discussed above under "Market Discount" to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. holder. U.S. holders should consult their tax advisers concerning the propriety and consequences of this election.

# Contingent Payment Debt Instruments

Certain Equity Certificates may be treated as "contingent payment debt instruments" for U.S. federal income tax purposes ("Contingent Equity Certificates"). Under applicable U.S. Treasury regulations, interest on Contingent Equity Certificates will be treated as OID, and must be accrued on a constant-yield basis based on a yield to maturity that reflects the rate at which the Issuer would issue a comparable fixed-rate non-exchangeable instrument (the "comparable yield"), in accordance with a projected payment schedule. This projected payment schedule must include each non-contingent payment on the Contingent Equity Certificates an estimated amount for each contingent payment, and must produce the comparable yield.

The Issuer is required to provide to holders, solely for U.S. federal income tax purposes, a schedule of the projected amounts of payments on Contingent Equity Certificates. This schedule must produce the comparable yield. The Final Terms of any Equity Certificate that is treated as a contingent payment debt instrument will indicated how a U.S. holder may obtain a copy of the comparable yield and projected payment schedule.

THE COMPARABLE YIELD AND PROJECTED PAYMENT SCHEDULE WILL NOT BE DETERMINED FOR ANY PURPOSE OTHER THAN FOR THE DETERMINATION OF INTEREST ACCRUALS AND ADJUSTMENTS THEREOF IN RESPECT OF CONTINGENT EQUITY CERTIFICATES FOR UNITED STATES FEDERAL INCOME TAX PURPOSES AND WILL NOT CONSTITUTE A PROJECTION OR REPRESENTATION REGARDING THE ACTUAL AMOUNTS PAYABLE TO THE HOLDERS OF THE EQUITY CERTIFICATES.

The use of the comparable yield and the calculation of the projected payment schedule will be based upon a number of assumptions and estimates and will not be a prediction, representation or guarantee of the actual amounts of interest that may be paid to a U.S. holder or the actual yield of the Contingent

Equity Certificates. A U.S. holder will generally be bound by the comparable yield and the projected payment schedule determined by the Issuer, unless the U.S. holder determines its own comparable yield and projected payment schedule and explicitly discloses such schedule to the IRS, and explains to the IRS the reason for preparing its own schedule. The Issuer's determination, however, is not binding on the IRS, and it is possible that the IRS could conclude that some other comparable yield or projected payment schedule should be used instead.

A U.S. holder of a Contingent Equity Certificate will generally be required to include OID in income pursuant to the rules discussed in the third paragraph under "Original Issue Discount - General", above, applied to the projected payment schedule. The "adjusted issue price" of a Contingent Equity Certificate at the beginning of any accrual period is the issue price of the Equity Certificate increased by the amount of accrued OID for each prior accrual period, and decreased by the projected amount of any payments on the Equity Certificate. No additional income will be recognised upon the receipt of payments of stated interest in amounts equal to the annual payments included in the projected payment schedule described above. Any differences between actual payments received by the U.S. holder on the Equity Certificates in a taxable year and the projected amount of those payments will be accounted for as additional interest (in the case of a positive adjustment) or as an offset to interest income in respect of the Equity Certificate (in the case of a negative adjustment), for the taxable year in which the actual payment is made. If the negative adjustment for any taxable year exceeds the amount of OID on the Contingent Equity Certificate for that year, the excess will be treated as an ordinary loss, but only to the extent the U.S. holder's total OID inclusions on the Contingent Equity Certificate exceed the total amount of any ordinary loss in respect of the Contingent Equity Certificate claimed by the U.S. holder under this rule in prior taxable years. Any negative adjustment that is not allowed as an ordinary loss for the taxable year is carried forward to the next taxable year, and is taken into account in determining whether the U.S. holder has a net positive or negative adjustment for that year. However, any negative adjustment that is carried forward to a taxable year in which the Contingent Equity Certificate is sold, exchanged or retired, to the extent not applied to OID accrued for such year, reduces the U.S. holder's amount realized on the sale, exchange or retirement.

# Purchase, Sale and Retirement of Equity Certificates

A U.S. holder's tax basis in an Equity Certificate will generally be its cost, increased by the amount of any OID and market discount included in the U.S. holder's income with respect to the Equity Certificate and the amount, if any, of income attributable to *de minimis* OID and *de minimis* market discount included in the U.S. holder's income with respect to the Equity Certificate, and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the Equity Certificate.

A U.S. holder will generally recognise gain or loss on the sale or retirement of an Equity Certificate equal to the difference between the amount realised on the sale or retirement and the U.S. holder's tax basis in the Equity Certificate. Except to the extent described above under "Original Issue Discount—Market Discount" or "Original Issue Discount—Short Term Equity Certificates" or attributable to accrued but unpaid interest or changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of an Equity Certificate will be capital gain or loss and generally will be treated as from U.S. sources for purposes of the U.S. foreign tax credit limitation and may be taxable at reduced rates in the case of a U.S. holder that is an individual, estate or trust, if the Equity Certificates are held for more than one year. The deductibility of capital losses is subject to limitations.

## Contingent Equity Certificates

Gain from the sale or retirement of a Contingent Equity Certificate will be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the U.S. holder's total interest inclusions to the date of sale or retirement exceed the total net negative adjustments that the U.S. holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss realised by a U.S. holder on the sale or retirement of a Contingent Equity Certificate will generally be foreign source.

A U.S. holder's tax basis in a Contingent Equity Certificate will generally be equal to its cost, increased by the amount of interest previously accrued with respect to the Equity Certificate (determined without regard to any positive or negative adjustments reflecting the difference between actual payments and projected payments), increased or decreased by the amount of any positive or negative adjustment that the holder is required to make to account for the difference between the holder's purchase price for the Equity Certificate and the adjusted issue price of the Equity Certificate at the time of the purchase, and decreased by the amount of any projected payments scheduled to be made on the Equity Certificate to the U.S. holder through such date (without regard to the actual amount paid).

# Foreign Currency Equity Certificates

### Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. holder, the part of the period within the taxable year).

Under the second method, the U.S. holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of an Equity Certificate) denominated in, or determined by reference to, a foreign currency, the U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

## OID

OID for each accrual period on a Discount Equity Certificate that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual basis U.S. holder, as described above. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Equity Certificate or a sale of the Equity Certificate), a U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

#### Market Discount

Market discount on an Equity Certificate that is denominated in, or determined by reference to, a

foreign currency, will be accrued in the foreign currency. If the U.S. holder elects to include market discount in income currently, the accrued market discount will be translated into U.S. dollars at the average exchange rate for the accrual period (or portion thereof within the U.S. holder's taxable year). Upon the receipt of an amount attributable to accrued market discount, the U.S. holder may recognise U.S. source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A U.S. holder that does not elect to include market discount in income currently will recognise, upon the disposition or maturity of the Equity Certificate, the U.S. dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

## **Bond Premium**

Bond premium (including acquisition premium) on an Equity Certificate that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency.

On the date bond premium offsets interest income, a U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Equity Certificates were acquired by the U.S. holder.

## Foreign Currency Contingent Equity Certificates

Special rules apply to determine the accrual of OID, and the amount, timing, source and character of any gain or loss on a Contingent Equity Certificate that is denominated in, or determined by reference to, a foreign currency (a "Foreign Currency Contingent Equity Certificate"). The rules applicable to Foreign Currency Contingent Equity Certificates are complex, and U.S. holders are urged to consult their tax advisers concerning the application of these rules.

Under these rules, a U.S. holder of a Foreign Currency Contingent Equity Certificate will generally be required to accrue OID in the foreign currency in which the Foreign Currency Contingent Equity Certificate is denominated (i) at a yield at which the Issuer would issue a fixed rate debt instrument denominated in the same foreign currency with terms and conditions similar to those of the Foreign Currency Contingent Equity Certificate, and (ii) in accordance with a projected payment schedule determined by the Issuer, under rules similar to those described above under "Contingent Payment Debt Instruments". The amount of OID on a Foreign Currency Contingent Equity Certificate that accrues in any accrual period will be the product of the comparable yield of the Foreign Currency

Contingent Equity Certificate (adjusted to reflect the length of the accrual period) and the adjusted issue price of the Foreign Currency Contingent Equity Certificate. The adjusted issue price of a Foreign Currency Contingent Equity Certificate will generally be determined under the rules described above, and will be denominated in the foreign currency of the Foreign Currency Contingent Equity Certificate.

OID on a Foreign Currency Contingent Equity Certificate will be translated into U.S. dollars under translation rules similar to those described above under "Foreign Currency—Interest". Any positive adjustment (i.e. the excess of actual payments over projected payments) in respect of a Foreign Currency Contingent Equity Certificate for a taxable year will be translated into U.S. dollars at the spot rate on the last day of the taxable year in which the adjustment is taken into account, or if earlier, the date on which the Foreign Currency Contingent Equity Certificate is disposed of. The amount of any negative adjustment on a Foreign Currency Contingent Equity Certificate (i.e. the excess of projected payments over actual payments) that is offset against accrued but unpaid OID will be translated into U.S. dollars at the same rate at which the OID was accrued. To the extent a net negative adjustment exceeds the amount of accrued but unpaid OID, the negative adjustment will be treated as offsetting OID that has accrued and been paid on the Foreign Currency Contingent Equity Certificate, and will be translated into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Equity Certificate was issued. Any net negative adjustment carry forward will be carried forward in the relevant foreign currency.

# Purchase, Sale and Retirement of Equity Certificates

Equity Certificates other than Foreign Currency Contingent Equity Certificates. As discussed above under "Purchase, Sale and Retirement of Equity Certificates", a U.S. holder will generally recognise gain or loss on the sale or retirement of an Equity Certificate equal to the difference between the amount realised on the sale or retirement and its tax basis in the Equity Certificate. A U.S. holder's tax basis in a Equity Certificate that is denominated in a foreign currency will be determined by reference to the U.S. dollar cost of the Equity Certificate. The U.S. dollar cost of an Equity Certificate purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Equity Certificates traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash basis U.S. holder (or an accrual basis U.S. holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement or, in the case of Equity Certificates traded on an established securities market, as defined in the applicable Treasury Regulations, sold by a cash basis

U.S. holder (or an accrual basis U.S. holder that so elects), on the settlement date for the sale. Such an election by an accrual basis U.S. holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of an Equity Certificate equal to the difference, if any between the U.S. dollar values of the U.S. holder's purchase price for the Equity Certificate (or, if less, the principal amount of the Equity Certificate) (i) on the date of sale or retirement and (ii) the date on which the U.S. holder acquired the Equity Certificate. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement (including any exchange gain or loss with respect to the receipt of accrued but unpaid interest).

Foreign Currency Contingent Equity Certificates. Upon a sale, exchange or retirement of a Foreign Currency Contingent Equity Certificate, a U.S. Holder will generally recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the U.S. holder's tax basis in the Foreign Currency Contingent Equity Certificate, both translated into U.S. dollars as described below. A U.S. holder's tax basis in a Foreign Currency Contingent Equity Certificate will equal (i) the cost thereof (translated into U.S. dollars at the spot rate on the issue date), (ii) increased by the amount of OID previously accrued on the Foreign Currency Contingent Equity Certificate (disregarding any positive or negative adjustments and translated into U.S. dollars using the exchange rate applicable to such OID) and (iii) decreased by the projected amount of all prior payments in respect of the Foreign Currency Contingent Equity Certificate. The U.S. dollar amount of the projected payments described in clause (iii) of the preceding sentence is determined by (i) first allocating the payments to the most recently accrued OID to which prior amounts have not already been allocated and translating those amounts into U.S. dollars at the rate at which the OID was accrued and (ii) then allocating any remaining amount to principal and translating such amount into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Equity Certificate was acquired by the U.S. holder. For this purpose, any accrued OID reduced by a negative adjustment carry forward will be treated as principal.

The amount realized by a U.S. holder upon the sale, exchange or retirement of a Foreign Currency Contingent Equity Certificate will equal the amount of cash and the fair market value (determined in foreign currency) of any property received. If a U.S. holder holds a Foreign Currency Contingent Equity Certificate until its scheduled maturity, the U.S. dollar equivalent of the amount realized will be determined by separating such amount realized into principal and one or more OID components, based on the principal and OID comprising the U.S. holder's basis, with the amount realized allocated first to OID (and allocated to the most recently accrued amounts first) and any remaining amounts

allocated to principal. The U.S. dollar equivalent of the amount realized upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Equity Certificate will be determined in a similar manner, but will first be allocated to principal and then any accrued OID (and will be allocated to the earliest accrued amounts first). Each component of the amount realized will be translated into U.S. dollars using the exchange rate used with respect to the corresponding principal or accrued OID. The amount of any gain realized upon a sale, exchange or unscheduled retirement of a Foreign Currency Contingent Equity Certificate will be equal to the excess of the amount realized over the holder's tax basis, both expressed in foreign currency, and will be translated into U.S. dollars using the spot rate on the payment date. Gain from the sale or retirement of a Foreign Currency Contingent Equity Certificate will generally be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the U.S. holder's total OID inclusions to the date of sale or retirement exceed the total net negative adjustments that the U.S. holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss realized by a U.S. holder on the sale or retirement of a Foreign Currency Contingent Equity Certificate will generally be foreign source. Prospective purchasers should consult their tax advisers as to the foreign tax credit implications of the sale or retirement of Foreign Currency Contingent Equity Certificates.

A U.S. holder will also recognize U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the receipt of foreign currency in respect of a Foreign Currency Contingent Equity Certificate if the exchange rate in effect on the date the payment is received differs from the rate applicable to the principal or accrued OID to which such payment relates.

## Disposition of Foreign Currency

Foreign currency received as interest on an Equity Certificate or on the sale or retirement of an Equity Certificate will generally have a tax basis equal to its U.S. dollar value at the time the interest is received or at the time of the sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Equity Certificates or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

#### Other Treatments

*Tax Treatment of Prepaid Forward Contracts (With or Without a Loan)* 

An Equity Certificate that provides for a payment in redemption at maturity that is based on the value

of one or more Reference Items (whether physically settled by delivery of those Reference Items or settled in cash) and does not provide for a current coupon, may be identified as a prepaid "forward contract" for U.S. federal income tax purposes. If any Equity Certificates are treated as prepaid forward contracts ("Forward Equity Certificates") (with or without a loan) for U.S. federal income tax purposes, the following description should apply to such Equity Certificates.

In Notice 2008-2, the IRS and the U.S. Department of Treasury announced they were considering whether the holder of an instrument such as a Forward Equity Certificates should be required to accrue ordinary income on a current basis, whether additional gain or loss from Forward Equity Certificates should be treated as ordinary or capital, whether non-U.S. holders of Forward Equity Certificates should be subject to withholding tax on any deemed income accruals, and whether the special "constructive ownership rules" of Section 1260 of the Code might be applied to Forward Equity Certificates. Legislation has also been proposed in Congress that would require the holders of certain prepaid forward contracts to accrue income during the term of the transaction. It is not possible to predict the final form of legislative or regulatory changes that might affect holders of instruments such as the Forward Equity Certificates, if any, but it is possible that any such changes could be applied retroactively. U.S. holders are urged to consult their tax advisors concerning the significance, and the potential impact, of the above considerations. The Issuer intends to continue treating the Equity Certificates for U.S. federal income tax purposes in accordance with the treatment described below unless and until such time as Congress, the Treasury, and/or the IRS determine that an alternative treatment is appropriate.

#### Interest Payments

Payments of interest on the loan (if any) will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting). Under current law, U.S. holders should not be required to recognise income or loss upon the acquisition of a Forward Equity Certificate, and U.S. holders should not be required to accrue income with respect to a Forward Equity Certificate over the life of the Forward Equity Certificate.

# Cash Settlement, Sale, or Other Disposition of the Forward Equity Certificates

Upon the receipt of cash upon settlement of an Forward Equity Certificate, or any portion of an Equity Certificate that is treated as a prepaid forward contract, or upon the sale or other disposition of such Forward Equity Certificate, a U.S. holder generally will recognise taxable gain or loss equal to the difference between the amount realised (generally, the amount of cash received) and such U.S.

holder's tax basis in the Forward Equity Certificate. In general, a U.S. holder's tax basis in a Forward Equity Certificate will equal the U.S. dollar amount that such U.S. holder paid to acquire the Forward Equity Certificate. Subject to the discussion below under "Constructive Ownership", any such gain or loss generally will be long-term capital gain or loss if the Forward Equity Certificate was held for more than one year at the time of settlement or at the time of sale or other disposition.

# Constructive Ownership

Some or all of the net long-term capital gain arising from certain "constructive ownership" transactions may be characterised as ordinary income, in which case an interest charge would be imposed on a deemed underpayment of tax for each taxable year during which the Forward Equity Certificate was held. These "constructive ownership transaction" rules have no immediate application to forward contracts in respect of most property underlying the Forward Equity Certificates, because they are only applicable to the extent that the underlying property directly or indirectly includes shares of issuers treated as PFICs or as certain other "pass-through" entities. These rules, however, grant discretionary authority to the U.S. Treasury Department (the "Treasury") to expand the scope of "constructive ownership" transactions to include forward contracts in respect of the stock of all corporations, in addition to forward contracts in respect of any debt instrument. The rules also separately direct the Treasury to promulgate regulations excluding a forward contract that does not convey "substantially all" of the economic return on any underlying asset from the scope of "constructive ownership" transactions. It is not possible to predict whether such regulations will be promulgated by the Treasury, or the form or effective date that any regulations that may be promulgated might take.

## Interest in the Underlying Property

Depending on the terms of particular Forward Equity Certificates, a U.S. holder could be treated as owning the property underlying those Forward Equity Certificates for U.S. federal income tax purposes. In that event, for example, in the case of certain index linked Forward Equity Certificates, the U.S. holder would be required to recognise appropriate amounts of capital gain on the disposition of any shares included in the underlying index each time that the index is rebalanced. In such a case, such U.S. holder also would be subject to tax on dividends on shares included in the Index in an amount equal to the gross dividends paid by the companies whose shares are included in the Index. In addition, any current expenses (including any withholding taxes) in respect of shares included in the Index would be treated as if made directly by the U.S. holder, and the deductibility of such expenses (or creditability of such withholding taxes) could be subject to certain limitations.

## **Options or Warrants**

An Equity Certificate that provides for a payment in redemption at maturity that may under certain circumstances be based on the value of one or more Reference Items (whether physically settled by delivery of those Reference Items or settled in cash) and also provides for a current coupon, may be identified as an "Option Equity Certificate" by the Issuer. The following is a summary of the principal U.S. federal income tax consequences of the ownership of Equity Certificates, treated as options or warrants for U.S. federal income tax purposes.

The treatment of Option Equity Certificates for U.S. federal income tax purposes is highly uncertain. It would be reasonable to treat the purchase of an Option Equity Certificate by a U.S. holder as a grant by the U.S. holder to the Issuer of an option contract (the "Put Option"), pursuant to which the U.S. holder may be required to purchase from the Issuer one or more the Reference Items (or an amount equal to the value of the Reference Items in the case of a cash-settled Option Equity Certificate), and under which option (a) at the time of the issuance of the Option Equity Certificate the U.S. holder deposits irrevocably with the Issuer a fixed amount of cash to assure the fulfilment of the holder's purchase obligation described below (the "Deposit"), (b) until maturity the Issuer will be obligated to pay interest to the U.S. holder, as compensation for the use of the cash Deposit during the term of the Option Equity Certificate, (c) the Issuer will be obligated to pay an option premium to the holder in consideration for granting the option (the "Put Premium"), which premium will be payable as part of the coupon payments, (d) if pursuant to the terms of the Option Equity Certificates at maturity the holder is obligated to purchase the Reference Item(s), then the Deposit will be applied by the Issuer in full satisfaction of the holder's purchase obligation under the Put Option, and the Issuer will deliver to the holder the number of Reference Items that the holder is entitled to receive at that time pursuant to the terms of the Equity Certificates (or, if the Option Equity Certificates are cash settled, a cash amount equal to the value of the Reference items), and (e) if pursuant to the terms of the Option Equity Certificates the holder is not obligated to purchase the Reference Items at maturity, the Issuer will return the cash Deposit to the U.S. holder at maturity. The discussion below assumes that an Option Equity Certificate is so treated, except as explicitly provided.

### Premium

Put Premium paid by a U.S. holder for an Option Equity Certificate will generally be treated as a non-deductible capital expenditure. As described in the following two sections, the amount of such premium will be taken into account upon the exercise, sale, transfer, cash settlement, or lapse of the Option Equity Certificate.

If the Put Option is deemed not to have been exercised at maturity, the cash payment of the full principal amount of the Option Equity Certificate at maturity would likely be treated as (i) payment in full of the principal amount of the Deposit (which would likely not result in the recognition of gain or loss to an initial purchaser) and (ii) the lapse of the Put Option, which would likely result in a U.S. holder's recognition of short-term capital gain in an amount equal to the Put Premium paid to the Holder.

If the Put Option is deemed to be exercised at maturity and is cash-settled, the payment at maturity would likely be treated as (i) payment in full of the principal amount of the Deposit (resulting in neither gain nor loss for an initial purchaser) and (ii) the exercise by the Issuer of the Put Option. The exercise of the Put Option would result in short-term capital gain or loss to the U.S. holder in an amount equal to the difference between (i) the sum of the cash received at maturity (other than amounts attributable to accrued but unpaid interest) and all previous payments of Put Premium, and (ii) the holder's adjusted basis in the Deposit, as determined under "U.S. holders—Debt – Purchase, Sale and Retirement of Equity Certificates".

Sale or Other Taxable Disposition of an Option Equity Certificates Prior to Maturity

Upon the sale or other taxable disposition of an Option Equity Certificate, a U.S. holder should allocate the amount received between the Deposit and the Put Option on the basis of their respective values on the date of sale or other disposition. The U.S. holder should generally recognise gain or loss with respect to the Deposit in an amount equal to the difference between the amount of the sales proceeds allocable to the Deposit and the U.S. holder's adjusted tax basis in the Deposit (which will generally equal the issue price of the Option Equity Certificate for an initial purchaser (as may be adjusted for any accrued OID on the Deposit)). Except to the extent attributable to accrued but unpaid interest, which will be taxed as such, this gain or loss will be long-term capital gain or loss if the U.S. holder has held the Option Equity Certificates for more than one year. If the Put Option has a positive value on the date of a sale of the Option Equity Certificate, the U.S. holder should recognise shortterm capital gain equal to the portion of the sale proceeds allocable to the Put Option plus any previously received Put Premium. If the put option has a negative value on the date of sale, the U.S. holder should be treated as having paid the buyer an amount equal to the negative value in order to assume the U.S. holder's rights and obligations under the Put Option. In such a case, the U.S. holder should recognise short-term capital gain or loss in an amount equal to the difference between the total Put Premium previously received and the amount of the payment deemed made by the U.S. holder with respect to the assumption of the Put Option.

# Foreign Currency Option Equity Certificates

Option Equity Certificates denominated in, or determined by reference to, a foreign currency ("Foreign Currency Option Equity Certificates") will be subject to special rules. Interest and OID denominated in, or determined by reference to, a foreign currency will generally be subject to the rules described in "Foreign Currency Equity Certificates" above.

The treatment upon the sale, retirement or disposition of the Deposit, as described above, should also be governed by the rules described under "Foreign Currency Equity Certificates" above, regardless of whether the Option Equity Certificate is cash settled. A U.S. holder will have a tax basis in any Reference Items received in an amount equal to the excess of the purchase price of the Option Equity Certificate, translated into U.S. dollars at the exchange rate in effect on the date of retirement, over the total premium payments received, with each premium likely translated into U.S. dollars at the exchange rate in effect on the date that it is received. U.S. holders should consult their tax advisers about the proper method for translating foreign currency with respect to an Option Equity Certificate into U.S. dollars.

#### Mark-to-Market Rules

Under Section 1256 of the Code, special mark-to-market and character rules apply in the case of certain "nonequity" options and foreign currency contracts. Unless the Option Equity Certificates (other than Option Equity Certificates denominated in a currency other than the U.S. dollar) are listed on a "qualified board or exchange" for purposes of Section 1256 of the Code, however, these mark-to-market rules will not be applicable to U.S. holders of the Option Equity Certificates. Where relevant, the application of the Section 1256 of the Code rules to Option Equity Certificates denominated in a currency other than the U.S. dollar may be discussed in the applicable Final Terms.

## Possible Alternative Characterisations

Due to the absence of authority as to the proper characterisation of the Option Equity Certificates, no assurance can be given that the IRS will accept, or that a court will uphold, the characterisation and tax treatment described above. It is possible, for example, that the IRS could maintain that amounts denominated as Put Premium (i) should be includible in the U.S. holder's income as interest in the manner described above regarding the interest payment, or (ii) should be included in a U.S. holder's income even in a case where the Option Equity Certificates is retired for Reference Items. Such treatment might arise, for example, if the IRS were successfully to maintain that amounts denominated as Put Premium (i) should be characterised for federal income tax purposes as interest,

or (ii) should be treated as a return on the U.S. holder's investment in the Option Equity Certificates that constitutes income. Alternatively, the IRS could maintain that the Option Equity Certificates should be treated as contingent payment debt obligations, in which case the U.S. holder would be treated as owning Contingent Equity Certificates (or Equity Certificates denominated in a foreign currency treated as contingent payment debt instruments), subject to the treatment discussed above.

# Loan and One or More Options

If any Equity Certificates are treated as a combination of a loan (or deposit) and one or more options, in general, payments of interest (if any) will be taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting), while payments in respect of the options would be taxable in a manner similar to the taxation of corresponding payments on Option Equity Certificates, as described above under "Options or Warrants".

#### Possible Alternative Tax Treatment

If an Equity Certificate is treated as a unit consisting of a loan and a forward contract, a U.S. holder could be required to accrue a significant amount of OID on a current basis during the period in which it holds the Equity Certificate. Alternatively, it is possible that the Equity Certificates could be characterised for U.S. federal income tax purposes as debt instruments that are subject to the Contingent Payment Regulations (as more fully described above under "Contingent Payment Debt Instruments"), in which case, among other matters, a U.S. holder would be required to accrue income, as OID, at a "comparable yield" for the Issuer, on the purchase price. Furthermore, any gain realised with respect to the Equity Certificates would generally be treated as ordinary income.

It is also possible that future regulations or other IRS guidance would require a U.S. holder to accrue income on the Equity Certificates on a current basis. The IRS and the Treasury recently issued proposed regulations that require the current accrual of income with respect to contingent non-periodic payments made under certain notional principal contracts. The preamble to the regulations states that the "wait and see" method of tax accounting does not properly reflect the economic accrual of income on such contracts, and requires a current accrual of income with respect to some contracts already in existence at the time the proposed regulations were released. While the proposed regulations do not apply to prepaid forward contracts, the preamble to the proposed regulations expresses the view that similar timing issues exist in the case of prepaid forward contracts. If the IRS published future guidance requiring current accrual of income with respect to contingent payments on prepaid forward contracts, it is possible that a U.S. holder could be required to accrue income over the

term of the Forward Equity Certificates.

Equity Certificates Denominated in a Currency Other Than the U.S. Dollar

In general, except to the extent that the mark-to-market and character rules under Section 1256 apply (see "— Options or Warrants — Mark-to-Market Rules" above), any gain or loss realised in respect of an Equity Certificate denominated in a currency other than the U.S. dollar will be ordinary income or loss. Any such gain or loss generally must be recognised upon a sale, exchange, termination, rollover, settlement or exercise of such Equity Certificate, as well as upon an offset of one contract against another in certain circumstances. In general, if an Option Equity Certificate denominated in a currency other than the U.S. dollar is subject to Section 1256, a U.S. holder will be required to include mark-to-market gain or loss in respect of such Option Equity Certificate at the end of each year (or upon transfer, termination, exercise, lapse or other disposition), with 40% of such gain or loss being short-term capital gain or loss and 60% of such gain or loss being long-term capital gain or loss.

Additional U.S. federal income tax consequences applicable to Equity Certificates denominated in the currency other than the U.S. dollar may be set forth in the applicable Final Terms.

Foreign Currency Rules

Payments of premium, exercise price, sale proceeds, and cash settlement amounts in respect of Equity Certificates that are denominated in a currency other than the U.S. dollar will be subject to special U.S. tax rules regarding foreign currency transactions. U.S. holders should consult their tax advisers concerning the application of these rules in their particular circumstances.

# Substitution of Issuer

The terms of the Equity Certificates provide that, in certain circumstances, the obligations of the Issuer under the Equity Certificates may be assumed by another entity. Any such assumption might be treated for U.S. federal income tax purposes as a deemed disposition of Equity Certificates by a U.S. holder in exchange for new Equity Certificates issued by the Substitute. As a result of this deemed disposition, a U.S. holder could be required to recognize capital or ordinary gain or loss (as applicable, based on the U.S. federal income tax characterization of that Equity Certificate) for U.S. federal income tax purposes as though the U.S. holder had exchanged the Equity Certificate for a new Equity Certificate issued by the Substitute. U.S. holders should consult their tax advisers concerning the U.S. federal income tax consequences to them of a substitution of the issuer with respect to the Equity Certificates.

Non-U.S. holders of Securities, including, but not limited to, the Equity Certificates

Subject to the discussion of backup withholding and Dividend Equivalent Payments below, payments on, and any proceeds of a sale or other disposition of, the Securities are currently exempt from U.S. federal income tax, including withholding taxes, if paid to a Non-U.S. holder unless the payment is effectively connected with the conduct of a trade or business within the United States.

In addition, (i) subject to the discussion of backup withholding and Dividend Equivalent Payments below, a Non-U.S. holder will not be subject to U.S. federal income tax on any gain realized on the sale or exchange of the Securities, provided that such gain is not effectively connected with the conduct by the holder of a United States trade or business and, in the case of a Non-U.S. holder who is an individual, the holder is not present in the United States for a total of 183 days or more during the taxable year in which the gain is realized and certain other conditions are met and (ii) the Securities will be deemed to be situated outside the United States for purposes of the U.S. federal estate tax and will not be includible in the gross estate for purposes of such tax in the case of a nonresident of the United States who is not a citizen of the United States at the time of death.

# Withholding on Dividend Equivalent Payments

Recently enacted U.S. legislation imposes a 30% U.S. withholding tax on payments that are directly or indirectly contingent upon, or determined by reference to, the payment of a dividend from a U.S. entity (a "Dividend Equivalent Payment"). The type of payments that constitute Dividend Equivalent Payments subject to this withholding tax is not entirely clear. Payments on Securities (including, but not limited to, the Equity Certificates) with equity in U.S. entities, or indices that include equity in U.S. entities, as the Underlying, or that reference dividend payments made by U.S. entities, could become subject to this withholding tax. Non-U.S. holders may not be able to claim the benefits of a double tax treaty to reduce this withholding. Additionally, amounts paid pursuant to an early termination made in accordance with General Condition 3(b) could be subject to withholding if they are deemed to be Dividend Equivalent Payments. Neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Non-U.S. holders in respect of any U.S. withholding imposed on any Dividend Equivalent Payment. The application and interpretation of the rules governing U.S. withholding tax on Dividend Equivalent Payments is subject to change. Non-U.S. holders should consult their tax advisers about possibility of U.S. withholding on payments made on Securities (including, but not limited to, the Equity Certificates).

# **Information Reporting and Backup Withholding**

In general, payments on, and the proceeds of a sale, redemption or other disposition of, the Equity Certificates, payable to a U.S. holder by a U.S. paying agent or other U.S. intermediary will be reported to the IRS and to the U.S. holder as may be required under applicable regulations. Backup withholding will apply to these payments, including payments of OID, if the U.S. holder fails to

provide an accurate taxpayer identification number or certification of exempt status or fails to report all interest and dividends required to be shown on its U.S. federal income tax returns. Certain U.S. holders are not subject to backup withholding. U.S. holders should consult their tax advisers as to their qualification for exemption from backup withholding and the procedure for obtaining an exemption.

Payments on, and the proceeds of sale or other disposition of, Securities by a U.S. paying agent or other U.S. intermediary to Non-U.S. holders will not be subject to backup withholding tax and information reporting requirements if appropriate certification (Form W-8BEN or some other appropriate form) is provided by the Non-U.S. holder to the payor and the payor does not have actual knowledge that the certificate is false.

# **Reportable Transactions**

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. Under the relevant rules, if the Equity Certificates are denominated in a foreign currency or if the underlying is a foreign currency or basket of foreign currencies, a U.S. holder may be required to treat a foreign currency exchange loss from the Equity Certificates as a reportable transaction if this loss exceeds the relevant threshold in the regulations (U.S.\$50,000 in a single taxable year, if the U.S. holder is an individual or trust, or higher amounts for other non-individual U.S. holders), and to disclose its investment by filing Form 8886 with the IRS. A penalty in the amount of U.S.\$10,000 in the case of a natural person and U.S.\$50,000 in all other cases is generally imposed on any taxpayer that fails to timely file an information return with the IRS with respect to a transaction resulting in a loss that is treated as a reportable transaction. Prospective purchasers are urged to consult their tax advisers regarding the application of these rules.

# **Foreign Financial Asset Reporting**

Recently enacted legislation imposes new reporting requirements on the holding of certain foreign financial assets, including debt or equity of foreign entities, if the aggregate value of all of these assets exceeds \$50,000. The Equity Certificates may constitute foreign financial assets subject to these requirements. U.S. holders should consult their tax advisers regarding the application of this legislation.

## 6. SWITZERLAND

The following is a general summary of the Issuer's understanding of certain Swiss tax consequences in relation to dealings in the Securities according to the currently valid Swiss tax laws and the Swiss tax authorities' practice as of the date of publication of this Base Prospectus. This outline is a summary and not exhaustive and does not take into consideration possible special circumstances of some investors. Tax laws and the tax authorities' practice may undergo changes (or their interpretation or application may change) and their validity might also be retroactive.

If RBS becomes the issuer of Securities as a result of the Part VII Scheme, the following will continue to apply, provided that the terms and conditions of Securities are otherwise not changed. Potential investors should consult their own tax advisors, legal advisers or financial consultants regarding their personal tax situation when entering into transactions with reference to the Securities.

- (a) General Information. The Swiss tax treatment of notes, bonds and other financial instruments are primarily regulated pursuant to the conditions set forth in the Circular Letter no. 15 of the Federal Tax Administration regarding the treatment of Bonds and Derivatives Financial Instruments for the purpose of the Federal Income Tax, Federal Withholding Tax and Federal Stamp Duties, as published on 7 February 2007. These rules are usually also applied by the Cantonal and Communal tax authorities. It should be noted that the Swiss tax terms "notes" and "bonds" are not consistent with the corresponding terms stipulated by Swiss security laws and the international or foreign understanding of such terms.
- (b) Swiss Stamp Taxes. The issuance of Securities issued by a foreign resident issuer is in general not subject to the Swiss Issue Stamp Tax ("Emissionsabgabe"). Secondary market transactions of Securities which are considered as (debt) financing instruments, share-like products, fund-like products and Low Exercise Price Options (LEPO) on shares with maturity more than one year and the issuance of fund-like Securities issued by a foreign resident issuer are subject to the Swiss Securities Transfer Tax, provided that a Swiss securities dealer ("Effektenhändler"), as defined in art. 13 para. 3 of the Swiss Federal Act on Stamp Duties ("Stempelabgabengesetz"), is a party to the Securities transaction or acts as an intermediary thereto. Certain exemptions may, inter alia, apply with regard to institutional investors such as mutual funds, life insurance companies and social security institutions. Pure derivatives for Swiss tax purposes like options and futures do normally not classify as taxable securities and are therefore not subject to Swiss Issue Stamp Tax and Swiss Securities Transfer Tax. If upon the exercise or redemption of a Security an underlying security is delivered to the holder of the Security, the transfer of the underlying security may be subject to Swiss Securities Transfer Tax.

- (c) Swiss Withholding Tax. Securities issued by a foreign resident issuer are in general not subject to Swiss withholding tax. Payments or credit of (deemed) interest or dividends on a Security issued by a Swiss resident issuer may be subject to Swiss federal withholding tax at a rate of 35%. This may apply likewise to payments or credits of yield from Securities which classify for tax purposes as fund-like products. The holder of a Security who is resident in Switzerland may be entitled to a full refund of or a full tax credit for the Swiss federal withholding tax, subject to conditions being met. A non Swiss resident holder of a Security may be able to claim a full or partial refund of the Swiss federal withholding tax if such a holder is entitled to claim benefits with regard to such a payment of a double taxation treaty between Switzerland and his or her country of residence.
- (d) Swiss Income Tax Treatment for Securities Held by Private Investors (Individuals) with Tax Residence in Switzerland as Part of their Private Assets. Payments or credits received by a holder of a Security, which are considered in a Swiss tax perspective as dividends or interests, are subject to income tax. Gains or losses realised upon a sale or other disposition by individuals with tax residence in Switzerland holding a Security as part of their private assets (private capital gain or losses) are in general not subject to Swiss Income Tax and are not deductible from taxable income respectively. However, capital gains may be subject to income taxation, if a Security qualifies as predominant onetime interest paying bond. Also gains or losses realised by buying or selling of pure derivatives for Swiss tax purposes (options and futures) are not subject to income tax as they are considered as taxexempt capital gains or losses. Whether a Security generates taxable income (dividend and interest) or tax-exempt capital gains is depending on certain features of the Security (1-delta pay-off, reverse convertible, guaranteed coupon payments or capital protection etc.), on the underlying of the Security and on the maturity of the Security. Some Securities may be divided into taxable bonds and a taxexempt option (or combinations of options) provided that the Security is, for Swiss tax purposes, made transparent by the issuer. A Security is considered transparent if the value on issuance of its bond and its option components can be determined separately. Under the condition of transparency, the option premium paid by the issuer is exempt from income taxation (where otherwise applicable); taxation is limited to the interest of the bond part which would have been paid for an investment in a comparable straight bond of the same issuer with a similar term and the same currency at market conditions. If the interest part of the Security is paid as a one-time compensation, the so-called "modifizierte Differenzbesteuerung" may apply in each case of pre-maturity sale or redemption of the Security. If a Security is not made transparent for Swiss tax purposes (only if the security needs to be transparent for Swiss tax purposes) the total payment to the investor (except the repayment of the invested capital) could be considered as taxable income.
- (e) Swiss Income Tax Treatment for Securities Held by Swiss Resident Entities or Individuals as Part of Business Assets. Income of any kind realised from Securities as part of business assets of

individuals (including deemed securities dealers for Swiss tax purposes) or entities in Switzerland are subject to personal income tax or corporate income tax respectively as part of their overall net income.

- (f) Wealth Taxation of Securities Held by Private Investors (Individuals) with Tax Residence in Switzerland. The market value of the Securities may be subject to wealth tax levied on overall net wealth of individuals with tax residence in Switzerland, regardless of whether the Securities are held as part of their private or business assets.
- (g) EU Savings Tax. On 26 October 2004, the European Community and Switzerland entered into an agreement on the taxation of savings income pursuant to which Switzerland adopts measures equivalent to those of the European Directive 2003/48/EC of 3 June 2003 on the taxation of savings income in the form of interest payments. The agreement came into force as of 1 July 2005. On the basis of this agreement, Switzerland introduced a withholding tax on interest payments and other similar income paid by a paying agent within Switzerland to an individual resident in an EU member state. The withholding tax is withheld at a rate of 15 % for the first three years beginning with 1 July 2005, 20 % for the next three years and 35 % thereafter, with the option of such an individual to have the paying agent and Switzerland provide to the tax authorities of the Member State details of the payments in lieu of the withholding. The beneficial owner of the interest payments may be entitled to a tax credit or refund of the withholding, if any, provided that that certain conditions are met. Securities issued under this programme may be subject to EU Savings Tax. The qualification regarding "in scope" or "out of scope" of the EU Savings Tax is depending on certain features of the Security and on the underlying of the Security.

#### **SELLING RESTRICTIONS**

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

### 1. General

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

## 2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date") it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

(a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "Non-exempt Offer"), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in

such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Securities to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

## 3. THE NETHERLANDS

Securities which qualify as savings certificates as defined in the Savings Certificates Act ("Wet inzake spaarbewijzen") may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade: and

(c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

## 4. UNITED STATES OF AMERICA

The Selling Restrictions set out herein apply only to those Securities which are not Equity Certificates issued in registered form.

No Securities of any Series have been, or will be, registered under the United States Securities Act of 1933, as amended (the "Securities Act"), and trading in the Securities has not been approved by the United States Commodity Futures Trading Commission (the "CFTC") under the United States Commodity Exchange Act, as amended (the "CEA"). No Securities of any Series, or interests therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person.

Offers, sales, resales or deliveries of Securities of any Series, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. In addition, in the absence of relief from the CFTC, offers, sales, resales, trades or deliveries of Securities, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading.

  - "FOR PURPOSES OF SECTIONS 1271 ET. SEQ. OF THE UNITED STATES INTERNAL REVENUE CODE OF 1986, AS AMENDED, THIS UNRESTRICTED GLOBAL CERTIFICATE HAS ORIGINAL ISSUE DISCOUNT OF [CURRENCY][AMOUNT] PER EACH [CURRENCY][AMOUNT] OF NOMINAL AMOUNT OF THIS UNRESTRICTED GLOBAL CERTIFICATE; THE ISSUE PRICE OF THIS UNRESTRICTED GLOBAL CERTIFICATE IS [CURRENCY][AMOUNT]; THE ISSUE DATE IS [DATE]; AND THE YIELD TO MATURITY (COMPOUNDED [SEMI-ANNUALLY]) IS [YIELD]."
- (xiv) that the Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Securities as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

No sale of interests in a Rule 144A Global Security to any one purchaser, will be for less than U.S.\$100,000 (or its foreign currency equivalent) nominal amount. ### **ERISA**

The Issuer and certain affiliates of the Issuer may each be considered a "party in interest" within the meaning of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") or a "disqualified person" within the meaning of the Internal Revenue Code of 1986, as amended, (the "Code") with respect to certain employee benefit plans and individual retirement accounts, Keogh

plans and other plans subject to Section 4975 of the Code. Prohibited transactions within the meaning of ERISA or the Code may arise, for example, if the Securities are acquired by or with the assets of a pension or other employee benefit plan or account with respect to which the Issuer or any of its affiliates is a service provider, unless the Securities are acquired pursuant to an exemption from the prohibited transaction rules. Similar rules may also apply to certain governmental plans (as defined in Section 3(32) of ERISA) church or non U.S. plans, to the extent such plans are subject to provisions similar to the prohibited transaction rules under other federal, state, local or non-U.S. laws.

The assets of a pension or other employee benefit plan may include assets held in the general account of an insurance company that are deemed to be "plan assets" under ERISA.

The acquisition of the Securities may be eligible for one of the exemptions noted below if such acquisition:

- (i) is made solely with the assets of a bank collective investment fund and (ii) satisfies the requirements and conditions of Prohibited Transaction Class Exemption ("PTCE") 91-38 issued by the Department of Labor ("DOL");
- (b) (i) is made solely with assets of an insurance company pooled separate account and (ii) satisfies the requirements and conditions of PTCE 90-1 issued by the DOL;
- (c) (i) is made solely with assets managed by a qualified professional asset manager and (ii) satisfies the requirements and conditions of PTCE 84-14 issued by the DOL;
- (d) (i) is made solely with assets of a governmental, church or non-U.S. plan, and (ii) is not subject to any federal, state, local or non-U.S. law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code;
- (e) (i) is made solely with assets of an insurance company general account and (ii) satisfies the requirements and conditions of PTCE 95-60 issued by the DOL;
- (f) (i) is made solely with assets managed by an in-house asset manager and (ii) satisfies the requirements and conditions of PTCE 96-23 issued by the DOL; or
- (g) is made in accordance with Section 408(b)(17) to a non-fiduciary service provider for adequate consideration.

Unless otherwise provided in the applicable Final Terms, by its purchase of any Security and by each subsequent transferee's purchase of any Security, each Holder and each subsequent transferee will be deemed to have represented and warranted on each day from the date on which it acquires the Security through and including the date on which it disposes of its interest in the Security, either that (A) it is not a plan subject to the fiduciary responsibility provisions of ERISA or Section 4975 of the Code or a governmental, church or non-U.S. plan which is subject to any federal, state, local or non-

U.S. law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or, (B)(i) its purchase, holding and disposition of the Security will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 or the Code (or, in the case of a governmental, church or non-U.S. plan, a violation of any substantially similar federal, state, local or non-U.S. law) or any other violation of an applicable requirement of ERISA of the Code (including, without limitation, Section 404(b) of ERISA and DOL regulation section 2550.404b-1) for which an exemption is not available, and (ii) neither the Issuer nor any of its affiliates is a "fiduciary" (within the meaning of Section 3(21) of ERISA or, in the case of a governmental, church or non-U.S. plan, any substantially similar federal, state, local or non-U.S. law) with respect to it by reason of its investment in the Securities and no advice that has been provided to it by the Issuer or any of its affiliates has formed a basis for any investment decision by it made in connection with the Securities. By its purchase of any Security, each Holder hereby indemnifies the Issuer, its subsidiaries or affiliates, and its officers, directors, advisors and other representatives and any of their subsidiaries or affiliates, against any direct or indirect liability that arises from any breach (whether or not intentional) of the foregoing representations.

Each purchaser of Securities will, by its purchase of such Securities, be deemed to acknowledge that the purchase of the Security may not satisfy the indicia of ownership requirements under ERISA (Section 404(b)) and the Issuer makes no representations in connection therewith. Accordingly, benefit plan investors that are subject to ERISA should consult with their own counsel to determine whether the purchase of Securities will satisfy the indicia of ownership requirements of ERISA applicable to such purchase.

Any insurance company or pension or employee benefit plan proposing to invest in the Securities should consult with its legal counsel. Purchasers of the Securities have exclusive responsibility for ensuring that their purchase and holding of the Securities does not violate the fiduciary and prohibited transaction rules of ERISA, the Code or any similar laws or rules.

THE SALE OF SECURITIES TO A PENSION OR OTHER EMPLOYEE BENEFIT PLAN IS IN NO RESPECT A REPRESENTATION BY THE ISSUER THAT SUCH AN INVESTMENT MEETS ALL RELEVANT LEGAL REQUIREMENTS WITH RESPECT TO INVESTMENTS BY PENSION OR EMPLOYEE BENEFIT PLANS GENERALLY OR ANY PARTICULAR PLAN, OR THAT SUCH AN INVESTMENT IS APPROPRIATE FOR PLANS GENERALLY OR ANY PARTICULAR PLAN.

#### PART II: FORM OF THE SECURITIES

Information under this heading is applicable solely to Rule 144A Global Securities. Please refer to "Form of the Securities" for information on Regulation S Registered Global Securities.

### **Relationship of Accountholders with Clearing Agents**

For so long as any of the Securities is represented by a Rule 144A Global Security and such Rule 144A Global Security is held on behalf of one or more Clearing Agents, each person who is for the time being shown in the records of a Clearing Agent as the holder of a particular nominal amount or unit quantity of Securities (an "Accountholder") shall be treated as the holder of that nominal amount or unit quantity of Securities for all purposes other than with respect to the payment or delivery of any amount on the Securities, the right to which shall be vested, as against the Issuer, solely in the registered holder of such Rule 144A Global Security in accordance with and subject to its terms. Each Accountholder must look solely to the relevant Clearing Agent for its share of each payment or delivery made to the registered holder of a Rule 144A Global Security.

For each Rule 144A Global Security the Issuer will covenant in favour of each Accountholder that it will make all payments in respect of the nominal amount or unit quantity of Securities for the time being shown in the records of the relevant Clearing Agents as being held by the Accountholder and represented a Rule 144A Global Security to the registered holder of such Rule 144A Global Security in accordance with its terms and acknowledges that each Accountholder may take proceedings to enforce this covenant and any of the other rights which it has (described under the preceding paragraph) directly against the Issuer.

The Issuer will promptly give notice to Holders in accordance with General Condition 4 upon the occurrence of an Exchange Event. In the event of the occurrence of any Exchange Event, a Clearing Agent, acting on the instructions of any holder of an interest in the Rule 144A Global Security, may give notice to the Principal Agent requesting exchange and the Issuer may also give notice to the Principal Agent requesting exchange shall occur no later than 10 days after the date of

receipt of the relevant notice by the Principal Agent.

No. 3755) as amended, supplemented or replaced from time to time (the "Regulations"). In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Please see the relevant General Conditions, Product Conditions and Final Terms for further information on Securities cleared through CREST.

#### CLEARING AND SETTLEMENT

Clearing and settlement of the Global Securities will be effected in accordance with the operating procedures of DTC, Euroclear, Clearstream, Luxembourg or any other Clearing Agent, as applicable.

### Euroclear, Clearstream, Luxembourg and DTC

Custodial and depositary links have been established with Euroclear and Clearstream, Luxembourg and DTC to facilitate the initial issue of the Securities and cross-market transfers of the Securities associated with secondary market trading.

Euroclear and Clearstream, Luxembourg each hold securities for their customers and facilitate the clearance and settlement of securities transactions through electronic book-entry transfer between their respective accountholders and provide various services including safekeeping, administration, clearance and settlement of internationally-traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also provide clearance and settlement facilities for domestic securities markets in several countries through established depositary and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective customers may settle trades with each other. Their customers are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions which clear through or maintain a custodial relationship with an accountholder of either system.

Distributions of principal and interest and any other amounts with respect to book-entry interests in the Securities held through Euroclear or Clearstream, Luxembourg will be credited, to the extent received by Euroclear or Clearstream, Luxembourg from the Principal Agent, to the cash accounts of Euroclear or Clearstream, Luxembourg customers in accordance with the relevant system's rules and procedures.

DTC is a limited-purpose trust company organised under the laws of the State of New York and a "banking organisation" within the meaning of New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities for DTC participants and facilitates the clearance and settlement of securities transactions between DTC participants through electronic book-entry changes in accounts of DTC participants. DTC is owned by a number of its participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities

Dealers, Inc. DTC participants include securities brokers and dealers, banks, trust companies and clearing corporations and certain other organisations. Indirect access to DTC is also available to others, such as banks, brokers, dealers and trust companies, which clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

The Issuer expects that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a Rule 144A Global Security representing any Securities held by it or its nominee payment in respect of which is to be made in DTC, will credit the accounts of the DTC participants with payments of principal or interest on the date payable in amounts proportionate to their respective interests in the principal amount of such Rule 144A Global Security as shown on the records of DTC or its nominee. The Issuer also expects that payments by participants to owners of interests in such Rule 144A Global Security held through such DTC participants will be governed by standing instructions and customary practices, as is now the case with securities held for the account of customers registered in street names. Such payments will be the responsibility of such DTC participants.

The laws of some states of the United States require that certain persons take physical delivery of securities in definitive form. Consequently the ability to transfer interests in a Rule 144A Global Security to such persons may be limited. Because DTC can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Rule 144A Global Security to pledge such interest to persons or entities which do not participate, directly or indirectly, in DTC, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

The holdings of book-entry interests in Securities in Euroclear, Clearstream, Luxembourg and DTC will be reflected in the book-entry accounts of each such institution. As necessary, the Registrar will adjust the amounts of Securities on the Register for the accounts of (i) the nominee of the common depositary for Euroclear and Clearstream, Luxembourg and (ii) Cede & Co. to reflect the amounts of Securities held through Euroclear and Clearstream, Luxembourg and DTC, respectively. Beneficial ownership in Securities will be held through financial institutions as direct and indirect participants in Euroclear, Clearstream, Luxembourg and DTC, as the case may be, and every other intermediate holder in the chain to the beneficial owner of book-entry interests in the Securities, will be responsible for establishing and maintaining accounts for their participants and customers having interests in the book-entry interests in the Securities. The Registrar will be responsible for maintaining a record of the aggregate holdings of Securities registered in the name of a nominee for the common depositary for Euroclear and Clearstream, Luxembourg, a nominee for DTC and/or holders of Securities represented by Definitive Securities. The Principal Agent will be responsible for ensuring that payments received by it from the Issuer for holders of

interests in the Securities holding through Euroclear and Clearstream, Luxembourg are credited to Euroclear or Clearstream, Luxembourg, as the case may be, and the Principal Agent will also be responsible for ensuring that payments received by the Principal Agent from the Issuer for holders of interests in the Securities holding through DTC are credited to DTC. Payments to holders of Securities represented by Definitive Securities will be made in accordance with the Conditions.

The Issuer will not impose any fees in respect of the Securities; however, holders of book-entry interests in the Securities may incur fees normally payable in respect of the maintenance and operation of accounts in Euroclear, Clearstream, Luxembourg and DTC.

Interests in Regulation S Registered Global Securities and Rule 144A Global Securities will be in uncertificated book-entry form. Purchasers electing to hold book-entry interests in the Securities through Euroclear and Clearstream, Luxembourg accounts will follow the settlement procedures applicable to conventional eurobonds. Book-entry interests in the Regulation S Registered Global Securities and Rule 144A Global Securities will be credited to Euroclear participant securities clearance accounts on the Business Day (as defined in the Conditions) following the Issue Date against payment (for value at the Issue Date), and to Clearstream, Luxembourg participant securities custody accounts on the Issue Date against payment in same day funds. DTC participants acting on behalf of purchasers electing to hold book-entry interests in the Securities through DTC will follow the delivery practices applicable to securities eligible for DTC's Same-Day Funds Settlement ("SDFS") system. DTC participant securities accounts will be credited with book-entry interests in the Securities following confirmation of receipt of payment to the Issuer on the Closing Date.

## Trading between Euroclear and/or Clearstream, Luxembourg Accountholders

Secondary market sales of book-entry interests in the Securities held through Euroclear or Clearstream, Luxembourg to purchasers of book-entry interests in the Securities through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional eurobonds.

### **Trading between DTC Participants**

Secondary market sales of book-entry interests in the Securities between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled using the procedures applicable to United States corporate debt obligations in DTC's SDFS system in same-day funds, if payment is effected in U.S. dollars or free of payment, if payment is not effected in U.S. dollars. Where payment is not effected in U.S. dollars, separate payment arrangements outside DTC are required to be made between the DTC participants.

### Transfers within and between DTC, Euroclear and Clearstream, Luxembourg

A beneficial interest in an Regulation S Registered Global Security may only be transferred to a person who wishes to take delivery of such beneficial interest through a Rule 144A Global Security, whether before, on or after the distribution compliance period, only upon receipt by the Registrar of a written certification from the transferor (in the form set out in the Transfer Document) to the effect that such transfer is being made to a person that is a U.S. person (within the meaning of Regulation S) that is a QIB in accordance with Rule 144A.

So long as DTC or its nominee or Euroclear, Clearstream, Luxembourg or the nominee of their common depositary is the holder of a Regulation S Registered Global Security or a Rule 144A Global Security, as the case may be, DTC, Euroclear, Clearstream, Luxembourg or such nominee, as the case may be, will be considered the sole owner or holder of the Securities represented by such Regulation S Registered Global Security or Rule 144A Global Security. All payments in respect of Securities represented by a Regulation S Registered Global Security or Rule 144A Global Security will be made to DTC, Euroclear, Clearstream, Luxembourg or such nominee, as the case may be, as the holder thereof. None of the Issuer, the Registrar, any Agent, Dealer, or Arranger or any affiliate of any of the above or any person by whom any of the above is controlled for the purposes of the Securities Act will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Regulation S Registered Global Securities or Rule 144A Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

### Trading between DTC Seller and Euroclear/Clearstream, Luxembourg Purchaser

When book-entry interests in the Securities are to be transferred from the account of a Euroclear or Clearstream, Luxembourg accountholder holding a beneficial interest in the Regulation S Registered Global Security to the account of a DTC participant wishing to purchase a beneficial interest in the Rule 144A Global Security (subject to such certification procedures as are provided in the Transfer Document), the Euroclear or Clearstream, Luxembourg participant must send to Euroclear or Clearstream, Luxembourg delivery free of payment instructions by 7.45 pm, Brussels or Luxembourg time, one Business Day prior to the settlement date. Euroclear or Clearstream, Luxembourg, as the case may be, will in turn transmit appropriate instructions to the common depositary for Euroclear and Clearstream, Luxembourg and the Registrar to arrange delivery to the DTC participant on the settlement date. Separate payment arrangements are required to be made between the DTC participant and the relevant Euroclear or Clearstream, Luxembourg accountholder, as the case may be. On the settlement date, the common depositary for Euroclear and Clearstream, Luxembourg will (i) transmit appropriate instructions to the custodian of the Rule 144A Global Security who will in turn deliver such book-entry interests in the Securities free of payment to the relevant account of the DTC participant and (ii) instruct the Registrar to (a) decrease the amount of Securities registered in the name of the nominee of the common depositary for Euroclear and Clearstream, Luxembourg and represented by the Regulation S Registered Global Security and (b) increase the amount of Securities registered in the name of Cede & Co. and represented by the Rule 144A Global Security.

The information in this section regarding the procedures of Euroclear, Clearstream, Luxembourg and DTC in order to facilitate the transfers of beneficial interests in the Securities among participants of DTC, Clearstream, Luxembourg and Euroclear has been obtained from sources that the Issuer believes to be reliable but prospective investors are advised to make their own enquiries as to such

procedures. None of Euroclear, Clearstream, Luxembourg or DTC is under any obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer or the Registrar or any affiliate of any of the above, or any person by whom any of the above is controlled for the purposes of the Securities Act, will have any responsibility for the performance by DTC, Euroclear and Clearstream, Luxembourg or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations or for the sufficiency for any purpose of the arrangements described above.

#### **Pre-Issue Trades Settlement**

It is expected that delivery of the Securities will be made against payment therefor on or about a date which will occur more than three business days after the date of pricing of the Securities. Pursuant to Rule 15c6-1 under the Exchange Act, trades in the U.S. secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Securities in the United States on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Securities may initially settle on or about a date which will occur more than three business days after the date of pricing of the Securities, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of Securities who wish to trade Securities on the date of pricing or the next succeeding business day should consult their own advisor.

#### **Ratings**

Any rated Securities are expected to be assigned a rating that aligns with the relevant rating measures outlined below. Should there be any exceptions to this, the Issuer will in each case specify details in the Final Terms of the relevant Securities.

Standard & Poor's Credit Market Services Europe Limited ("Standard & Poor's") is expected to rate: senior notes issued by RBS N.V. with a maturity of one year or more "A+"; senior notes issued by RBS N.V. with a maturity of less than one year "A-1"; dated subordinated notes issued by RBS N.V. "BBB+"; and undated tier 2 notes issued by RBS N.V. "BB+". As defined by Standard & Poor's, an "A" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it is strong and an "A-1" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it is strong. A "BBB" rating means that the financial commitment on the relevant notes exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the Issuer to meet its financial commitment on the relevant notes issued by it. A "BB" rating means that the ability of the Issuer to meet its financial commitment on the relevant notes issued by it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to the Issuer's inadequate capacity to meet its financial commitment on the relevant notes issued by it. As defined by Standard & Poor's, an addition of a plus (+) or minus (-) sign shows relative standing within the major rating categories.

Fitch Ratings Limited ("**Fitch**") is expected to rate: senior notes issued by RBS N.V. with a maturity of one year or more "AA-"; senior notes issued by RBS N.V. with a maturity of less than one year "F1+"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. will be rated on a case-by-case basis. As defined by Fitch, an "AA" rating indicates that the Issuer has a very strong capacity for payment of its financial commitments on the relevant notes issued by it and that this capacity is not significantly vulnerable to foreseeable events. As defined by Fitch, an addition of a plus (+) or minus (-) sign denotes relative status within the major rating categories. As defined by Fitch, an "F1" rating indicates that the Issuer has the strongest capacity for timely payment of its financial commitments on the relevant notes issued by it. As defined by Fitch, an addition of a plus (+) to an "F1" rating denotes an exceptionally strong credit feature.

Moody's Investors Service Limited ("Moody's") is expected to rate: senior notes issued by RBS N.V. with a maturity of one year or more "A2"; senior notes issued by RBS N.V. with a maturity of less than one year "P-1"; and dated subordinated notes and undated tier 2 notes issued by RBS N.V. will be rated on a case-by-case basis. As defined by Moody's, an "A" rating means the capacity of the Issuer to meet its obligations on the relevant notes issued by it is considered upper-medium grade subject to low credit risk. As defined by Moody's the addition of a "2" indicates that the obligation

ranks in the mid-range of its rating category. As defined by Moody's, a "P-1" rating means that the Issuer has a superior ability to repay its short term debt obligations on the relevant notes issued by it.

The rating definitions set out above constitute third party information and were obtained in the English language from (i) the publication entitled "Standard & Poor's Ratings Definitions 27 April 2011" published by Standard & Poor's (available at www.standardandpoors.com), (ii) the publication entitled "Rating Symbols and Definitions January 2011" published by Moody's (available at www.moodys.com) and (iii) the publication entitled "Definitions of Ratings and Other Forms of Opinion April 2011" published by Fitch (available at www.fitchratings.com). The information found at the websites referred to in the previous sentence does not form part of and is not incorporated by reference into this Base Prospectus. The rating definitions set out above have been accurately reproduced from the sources identified above and, so far as the Issuer is aware and is able to ascertain from information published by the third parties referred to above, no facts have been omitted which would render the ratings definitions set out above inaccurate or misleading.

A rating is not a recommendation to buy, sell or hold securities and may be subject to change, suspension or withdrawal at any time by the assigning rating agency.

The credit ratings included and referred to in this Base Prospectus (to the extent they relate to this Part A) have been issued by Standard & Poor's Credit Market Services Europe Limited, Fitch Ratings Limited and Moody's Investors Service Limited, each of which is established in the European Union and has applied to be registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, although the results of such applications have not yet been determined.

### **Proposed Transfers**

On 19 April 2011, the Boards of RBSG, RBS, RBS Holdings and RBS N.V. announced that they had approved the proposed transfers of a substantial part of the business activities of RBS N.V. to RBS (the "**Proposed Transfers**"), subject, amongst other matters, to regulatory and other approvals, further tax and other analysis in respect of the assets and liabilities to be transferred and employee consultation procedures.

It was also announced that it was expected that the Proposed Transfers would be implemented on a phased basis over a period ending 31 December 2013 and that a large part of the Proposed Transfers (including the transfers of certain securities issued by RBS N.V.) was expected to have taken place by the end of 2012. Where available and practicable, statutory transfer schemes will be used to implement the Proposed Transfers. Subject to internal approvals, it is expected that these will include a banking business transfer scheme in respect of eligible business carried on by RBS N.V. pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the "Part VII Scheme"). Implementation of the Part VII Scheme will be subject (amongst other matters) to court and

regulatory approval. In due course, it is expected that details will be announced of the RBS N.V. securities in respect of which RBS is expected to become the issuer as a result of the Part VII Scheme. From on or around the date of such announcement, RBS N.V. will include provisions in the Final Terms for new issues of Securities under the Programme to indicate whether or not RBS is expected to become the issuer of those Securities as a result of the Part VII Scheme (subject to the relevant Securities not having been exercised, redeemed or repurchased and cancelled prior to the implementation of the Part VII Scheme). In advance of that, certain disclosure relating to RBS has been incorporated by reference in this Base Prospectus. If the Final Terms for an issue of Securities indicate that RBS is not expected to become the issuer of those Securities as a result of the Part VII Scheme, the expectation is that RBS N.V. will remain the issuer of such Securities and that RBS will not become the issuer of such Securities pursuant to the Proposed Transfers generally.

If the Final Terms of an issue of Securities indicate that RBS is or is not expected to become the issuer of such Securities as a result of the Part VII Scheme, investors should not place any reliance on such indication when making an investment decision or for any other purpose, and investors should be aware that changes to the proposals for the Proposed Transfers (including, without limitation, to the identity of the securities in respect of which RBS may become the issuer, the eventual manner in which the change of issuer is proposed to be effected, to the timing for such change or any other details of the Part VII Scheme) may be made if required, or if determined by RBS N.V. or RBS (in their absolute discretion) to be desirable for commercial or other reasons. Accordingly, nothing in the Final Terms or this Base Prospectus should be taken as (or is) a representation that RBS will become, or RBS N.V. will remain, the issuer of any of the Securities, whether in the manner described in this Base Prospectus, in accordance with the timing set out in this Base Prospectus, or at all. If prospective purchasers are in any doubt as to whether there is any tax or other impact on them as a result of the Proposed Transfers (including the Part VII Scheme), they should discuss such matters with their advisers.

### Guarantee

RBS Holdings owns 100 per cent. of RBS N.V.'s shares and is jointly and severally liable for all liabilities in respect of the Securities pursuant to a declaration under Article 2:403 of the Dutch Civil Code, which liability of RBS Holdings in relation to any Securities that are transferred as a result of the Part VII Scheme will not be affected by such transfer (to the extent RBS Holdings would, but for such transfer, have otherwise been liable for the same).

## **Information on the Offering of the Securities**

## (a) Offer Process

For a short period prior to the Launch Date specified in the applicable Final Terms, the Securities of the relevant Series may be offered by the Issuer for subscription to prospective investors but the Issuer reserves the right to close subscription early. The Issuer anticipates that it will deliver the Final Terms in respect of each Series of the Securities which are to be admitted to trading and listed on Euronext Amsterdam by NYSE Euronext prior to the commencement of the Subscription Period specified in the Final Terms or prior to the Launch Date specified in the Final Terms if there is no Subscription Period. On or about the Launch Date, the Issuer will, pursuant to its agreement with NYSE Euronext offer to buy or sell the Securities of any Series to be admitted to trading and listed on

Euronext Amsterdam. Any such trading, if any, will be on an as, if and when issued basis until the Issue Date specified in the applicable Final Terms. The Issuer expects that each such Series of the Securities will be admitted to trading on Euronext Amsterdam with effect from the Launch Date stated in the applicable Final Terms. Except in the case of dematerialised Securities, the Securities will be issued in global form and all trades will be settled in the applicable clearing systems on their usual basis for secondary market transactions. Other than the issue price of the Securities of the relevant Series, each prospective investor shall not be required to pay any expenses to the Issuer in order to subscribe for the relevant Securities.

Securities may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as the Issuer may decide. The Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market.

### (b) Description of the Application and Payment Process for a Prospective Purchaser

Applications for Securities may be made by a prospective purchaser through any broker, financial adviser, banker, financial intermediary or other agent acting in such a capacity (each a "Selling Agent") which has a relationship with the Issuer governing the sale of the Securities. Pursuant to antimoney laundering regulations, prospective purchasers who are not an existing client of a Selling Agent may be required by their Selling Agent of choice to complete an anti-money laundering form and to provide further evidence of identification in advance of applying for any Securities.

Each prospective purchaser should ascertain from its Selling Agent of choice when that Selling Agent will require receipt of cleared funds from its clients in respect of applications for Securities and the manner in which payment should be made to the Selling Agent. Each Selling Agent may impose different arrangements relating to the purchase of Securities and prospective investors should contact the Selling Agents directly for information concerning such arrangements. Applicants for Securities who arrange to purchase the Securities through a Selling Agent should note that in doing so they are assuming the credit risk of the relevant Selling Agent and that such arrangements will be subject to the applicable conditions of the relevant Selling Agent.

### (c) Conditions to Which the Offer is Subject

The offer, in respect of a particular Series of Securities is subject to the Conditions as set out in this Base Prospectus, the relevant Final Terms and any document incorporated by reference (see "Documents Incorporated by Reference").

## (d) Minimum/Maximum Application Amount

Investors are required to subscribe for a minimum of one (1) Security and thereafter in multiples of one (1) Security unless otherwise specified in the relevant Final Terms in respect of the relevant

Series of the Securities. There is no maximum subscription amount unless otherwise stated in the relevant Final Terms in respect of the relevant Series of the Securities.

### (e) Scale-back and Cancellation

The Issuer reserves the right, prior to the Issue Date, in its absolute discretion to:

- decline in whole or in part an application for Securities such that a prospective purchaser for Securities may, in certain circumstances, not be issued the number of (or any) Securities for which it has applied ("Scale-back"); or
- 2. withdraw, cancel or modify the offer of the Securities ("Cancellation").

The Issuer may Scale-back or effect a Cancellation of the Securities without notice and will notify prospective investors, either directly or indirectly through a relevant Selling Agent, of such Scaleback or Cancellation after such Scale-back or Cancellation has occurred. In the event that the Securities are not issued, no subscription monies shall be payable by prospective purchasers to the Issuer (either directly or indirectly through a Selling Agent (as defined above)) in respect of the Securities. Prospective purchasers should contact their Selling Agent of choice for details of the arrangements for the return of application monies in such circumstances. The Issuer shall have no responsibility for, or liability arising out of, the relationship between prospective purchasers and their respective Selling Agents and clearing system operators, including, without limitation, in respect of arrangements concerning the return of monies by such persons to their clients.

### (f) Details of the Manner in Which the Results of the Initial Offer are to be Made Public

The total amount of the offer shall be as specified in the relevant Final Terms in respect of the relevant Series of the Securities. If an amount is not fixed then the Issuer will make a notification pursuant to Article 8 of the Prospectus Directive. Except in the case of (i) for a Scale-back or a Cancellation, in which case the Issuer will notify prospective investors of such Scale-back or Cancellation as described in sub-paragraph (e) above, or (ii) as otherwise specified in the relevant Final Terms in respect of the relevant Series of the Securities, the Issuer will issue all of the Securities that are the subject of the offer on the Issue Date. ## (i) Post-issuance Information

The Issuer does not intend to provide any post-issuance information.

## (j) Description of the Securities

Certificates are investment instruments which, at maturity, expiration or settlement and subject to due exercise in accordance with their Conditions, either:

- (i) pay an amount determined by reference to the value of the Underlying, be it underlying currency, commodity, index (including in the case of an index, the index and its constituent elements), stock, bond, basket or other product on one or more specified days or deliver the Underlying, subject to the certificate entitlement; or
- (ii) in the case of worst of knock-in basket reverse exchangeable deferred purchase agreement certificates, deliver an amount of delivery stock or stocks (that may or may not be a constituent or constituents of the Underlying basket) and if a Holder has elected to enter into a sale facility with the Issuer and the Issuer has consented to such election, allow the Issuer to arrange for the sale of the delivery stock or stocks and for the sale proceeds to be delivered to the Holder on the settlement date, subject in each case to the terms of the relevant certificate.

As such, certificates may entail the same level of risk as a direct investment in the Underlying (or any constituent elements).

Investors should be aware that their entire investment may be lost in the event that the Underlying is (or any constituent elements are) valued at zero. Unlike direct investments, investors are not able to hold certificates beyond their stated maturity, expiration or settlement date in the expectation of a recovery in the price of the Underlying (or any constituent elements).

The price at which a holder will be able to sell certificates prior to maturity or expiration may be at a potentially substantial discount to the market value of the certificates at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

Airbag certificates are similar to ordinary certificates except that the return to the Holder is subject to a minimum amount unless the Underlying drops below a predetermined level. The Holder is entitled to an increased return if the Underlying rises above its level as of the Pricing Date, but such return may be subject to a maximum amount. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Discount certificates are similar to ordinary certificates, except that the return to the Holder is effectively capped. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Bonus certificates are similar to ordinary certificates except that the Underlying is monitored during the life of the certificates. If a knock-out event occurs (as specified in the relevant Final Terms) at any point during the life of the certificates then at expiration or maturity the Holder will receive an amount equivalent to the value of the Underlying as of the expiration or maturity. If a knock-out event has not occurred at any point during the life of the certificates then the Holder will receive at least the amount originally invested, and possibly more, as specified in the relevant Final Terms. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Double-up certificates are similar to ordinary certificates except that a Strike Price is set at the issue of the certificates equal to or around the level of the Underlying at that time. If the Underlying on expiration or maturity is at or above the Strike Price, then the Holder will receive an amount equal to the value of the Underlying plus the difference between the value of the Underlying and the Strike Price, effectively "doubling-up" the increase in performance of the Underlying. The amount received by the Holder will however be subject to a maximum amount. These certificates cannot be exercised by the Holder but instead are automatically exercised at maturity.

Express certificates are similar to ordinary certificates except that the certificates may provide that (i) they will be subject to automatic early termination in certain circumstances and (ii) they can be terminated by the Issuer upon such notice as set out in the applicable Final Terms. To the extent that, at the maturity of the certificates, the Underlying has risen above its level at the Pricing Date, the Holder will participate in such rise, but such returns may be subject to a maximum amount. To the extent that, at the maturity of the certificates, the Underlying has fallen below its level at the Pricing Date, the Holder may receive less than the amount invested and, in certain cases, could lose its entire investment.

Equity Certificates are certificates where the Underlying is a share. Equity Certificates are not open end certificates. Equity Certificates may be cash settled or (in the case of non-U.S. persons) physically settled. Cash settled certificates pay, upon exercise, a cash amount determined by reference to the value of the Underlying. Physically settled certificates entitle the holder, upon exercise, to delivery of a defined amount of the Underlying and a cash payment in respect of any fractional entitlement.

Worst of knock-in basket reverse exchangeable deferred purchase agreement certificates provide for a coupon or coupons to be paid to Holders, are linked to a basket of single stocks and, on the relevant settlement date, will deliver a number of delivery stock or stocks (that may or may not be a constituent or constituents of the basket). The value of the delivery stock or stocks shall be determined on the basis of whether or not a knock-in event has occurred during a particular period and if such

event has occurred, also determined on the basis of the performance of the least performing stock in the basket. The Holder may request that the Issuer arrange for the sale of the delivery stock or stocks due to be delivered to the Holder on the settlement date. If such sale is arranged, the sale proceeds may be less than the value of the delivery stock or stocks due to be delivered on the settlement date, if the market price of the delivery stock or stocks at the time the sale is executed is less than the value of the delivery stock or stocks due to be delivered on such date. Worst of knock-in basket reverse exchangeable deferred purchase agreement certificates are not open end certificates and are automatically exercised on the exercise date (as specified in the relevant Final Terms).

B) will be treated for the purposes of the CRA Regulation as having been issued by Standard &

Poor's, Fitch and Moody's upon registration pursuant to the CRA Regulation. Each of Standard &

Poor's, Fitch and Moody's are established in the European Union and has applied to be registered

under the CRA Regulation, although the result of such applications has not yet been determined.

**Recent Developments** 

Material Contracts

The RBS Group is party to various contracts in the ordinary course of business. Material contracts are

described on pages 399 to 404 of the 2010 annual report and accounts of RBSG which was published

by RBSG on 17 March 2011.

Investigations: Payment Protection Insurance

148

The registration document of RBS dated 25 February 2011 published via the Regulatory News Service of the London Stock Exchange plc on 25 February 2011 contains disclosure relating to Payment Protection Insurance on page 42 under the heading "Payment Protection Insurance" and the following paragraphs shall replace the third paragraph in that section:

Following unsuccessful negotiations with the industry, the Financial Services Authority (the "FSA") issued consultation papers on PPI complaint handling and redress in September 2009 and again in March 2010. The FSA published its final policy statement on 10 August 2010 and instructed firms to implement the measures contained in it by 1 December 2010. The new rules impose significant changes with respect to the handling of misselling PPI complaints. On 8 October 2010, the British Bankers' Association (the "BBA") filed an application for judicial review of the FSA's policy statement and of related guidance issued by the Financial Ombudsman Service (the "FOS"). The application was heard in January 2011. On 20 April 2011, the High Court issued a judgment in favour of the FSA and the FOS. The BBA announced on 9 May 2011 that it would not appeal that judgment and the RBSG Group supports this position. On 9 May 2011, the RBSG Group announced that, although the costs of PPI redress and its administration are subject to a degree of uncertainty, the RBSG Group will record an additional provision of £850 million in the second quarter of 2011. To date, the RBSG Group has paid compensation to customers of approximately £100 million and the RBSG Group has an existing provision of approximately £100 million.

The RBSG Group is currently discussing with the FSA how the FSA's policy statement should be implemented and what its requirements are. As part of these discussions, the RBSG Group will review its PPI complaint handling processes to ensure that redress is offered to any customers identified as having suffered detriment.

Significant Change and Material Adverse Change

Save in relation to the matters referred to in the section headed "Investigations: Payment Protection Insurance" above, which relates to past sales of Payment Protection Insurance:

- (a) there has been no significant change in the trading or financial position of the RBS Group taken as a whole since 31 December 2010 (the end of the last financial period for which either audited financial information or interim financial information of the RBS Group has been published); and
- (b) there has been no material adverse change in the prospects of the RBS Group taken as a whole since 31 December 2010 (the last date to which the latest audited published financial information of the RBS Group was prepared).

#### Assets, Owners' Equity and Capital Ratios

The RBS Group had total assets of £1,307.3 billion and owners' equity of £57.0 billion as at 31 December 2010. As at 31 December 2010, the RBS Group's capital ratios were a total capital ratio of 13.6 per cent., a Core Tier 1 capital ratio of 8.4 per cent. and a Tier 1 capital ratio of 10.1 per cent.

## Large Exposure Regime

On 1 July 2011, RBS will become subject to changes to the Financial Services Authority's large exposure regime. Under the changes to the large exposure regime, any company which is less than 100 per cent. owned by RBSG will be classified as a Connected Counterparty. RBS N.V., which is currently approximately 98 per cent. indirectly owned by RBSG, will therefore be classified as a Connected Counterparty, which will result in a breach by RBS of the amended rules under the large exposure regime described above.

The Proposed Transfers (as described above) are, subject to certain conditions, expected to be implemented on a phased basis over a period ending 31 December 2013. Those Proposed Transfers will also form the basis of a remediation plan which has been agreed with the Financial Services Authority to enable RBS over time to become compliant with the changes to the large exposure regime.

RBS does not expect this to have a material adverse effect on the RBSG Group.

#### **CONDITIONS: GENERAL CONDITIONS**

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities and attached to any Global Security representing the Securities.

#### 1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

## 2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

### 3. EARLY TERMINATION

(a) The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power ("Applicable Law"). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the

- Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.
- (b) The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that payments made on the Securities are, in whole or in part, directly or indirectly contingent upon, or determined by reference to, the payment of a dividend from a U.S. entity and that these payments have or will become subject to U.S. withholding tax. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements and of paying any required U.S. withholding tax. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

#### 4. NOTICES

- (a) With respect to Securities other than Securities cleared through CREST, Notices to Holders shall be given by the delivery of the relevant notice to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such notice to the Holders. Where Securities are cleared through CREST, notices to Holders shall be given by the delivery of the relevant notice to the Registrar for communication to the Holders pursuant to the procedures for delivery of notices to accountholders in CREST as may be agreed between the Issuer, the Registrar and the Operator from time to time. The Issuer shall also ensure that notices are duly published, to the extent required, in a manner which complies (i) with the rules of any stock exchange or other relevant authority on which the Securities are for the time being listed or in the country in which such Securities have been admitted to trading and (ii) with any relevant legislation. In addition, for Securities listed on the SIX Swiss Exchange Ltd, the Issuer shall have the right but (without prejudice to the previous sentence) shall not be obliged to publish notices in electronic form on the internet website of the SIX Swiss Exchange Ltd http://www.six-exchangeregulation.com/publications/communiques/official\_notices\_en.html if and so long as the Securities are listed on the SIX Swiss Exchange Ltd.
- (b) Any such notice issued pursuant to General Condition 4(a) by being delivered to the Clearing Agent(s) or the Registrar for communication to the Holders, as applicable, will be deemed to have been given on the date of the delivery of such notice to the

Clearing Agent(s) or the Registrar, as applicable. Any such notice issued pursuant to General Condition 4(a) by being published will be deemed to have been given on the date of the first publication (for the avoidance of doubt, such notice having been published by any valid means) or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

#### 5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A "**Hedging Disruption Event**" shall occur if the Issuer, acting in good faith and in a commercially reasonable manner, determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer or any Hedge Provider wholly or partially to (i) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of a relevant hedging transaction (a "**Relevant Hedging Transaction**") or asset it deems necessary, appropriate or desirable to hedge the Issuer's obligations in respect of the Securities or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). The reasons for such determination by the Issuer may include, but are not limited to, the following:
  - (i) the Issuer or any Hedge Provider will, whether directly or indirectly, incur a material increase (as compared with circumstances existing on the Issue Date) in the amount of tax, duty, expense (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) or fee (other than brokerage commissions) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or the Hedge Provider shall not be considered for the purposes of this sub-paragraph (i); or
  - (ii) any material illiquidity in the market for, or any mandatory redemption in whole or in part of, the relevant instruments (the "**Disrupted Instrument**") which from time to time are included in the reference asset to which the Securities relate; or
  - (iii) a change in any applicable law or regulation (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation by any

court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority); or

- (iv) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
- (v) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

#### In the Conditions:

"Hedge Position" means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in reference assets to which the Securities relate, securities, options, futures, derivatives or foreign exchange, (ii) securities lending transactions or (iii) other instruments or arrangements (however described) by the Issuer in order to hedge the Issuer's risk of issuing, and performing its obligations with respect to, the Securities; and

"Hedge Provider" includes but is not limited to the Issuer, any associate, subsidiary or affiliate thereof and/or The Royal Bank of Scotland plc and/or any other party(ies) and/or any special purpose vehicle(s) holding or entering into a Hedge Position in connection with the Issuer's hedging arrangements in respect of the Securities.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
  - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date (as defined in the relevant Product Conditions, or otherwise, the date that is the Settlement Date) as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, such present value being determined by

- the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.
- (d) The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event as specified in Product Condition 4, is likely to have a material adverse effect on the Issuer's Hedge Position. Where the Issuer makes adjustments to the Conditions pursuant to this General Condition 5(d), the Issuer shall notify the Holders thereof and shall offer to purchase from Holders for a period of not less than 10 days any Securities held by them at their fair market value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and taking into account the proposed adjustment) less the cost to the Issuer of unwinding any Relevant Hedging Transaction.

#### 6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

(a) Purchases. The Issuer or any affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.

- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

#### 7. DETERMINATIONS AND MODIFICATIONS

#### (a) Determinations.

- (i) In making any determinations and calculations under these Conditions, the Issuer and the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner. All such determinations and calculations by the Issuer and the Calculation Agent shall, in the absence of manifest error, be final and binding.
- (ii) Whilst it is intended that the Issuer and the Calculation Agent will employ the methodology described in the Conditions to make determinations in respect of the Securities, no assurance can be given that market, regulatory, judicial or fiscal circumstances or, without limitation, any other circumstances will not arise that would necessitate a modification or change in such methodology in order that the Securities replicate as closely as possible investments in the assets underlying the Securities and its components. The Issuer and the Calculation Agent may make any such modification or change to such methodology that it considers necessary to reflect such circumstances.
- (iii) Calculations made by the Issuer or the Calculation Agent in respect of the Securities shall be made on the days specified herein; however, notwithstanding the foregoing or anything else contained in these Conditions, should the Issuer or the Calculation Agent determine that in order to give effect to the methodology described in these Conditions it is necessary to make calculations on a day or days other than that specified, then each of the Issuer and the Calculation Agent is permitted to make such calculations on such calendar day or days as it shall determine.
- (iv) Due to timing considerations, process requirements and other matters that would, in the opinion of the Issuer or the Calculation Agent, be relevant in

relation to the implementation of asset allocation models, the Issuer or the Calculation Agent may need to make appropriate adjustments to the methodology set out in the Conditions as it considers necessary in order to reflect the timing and amounts that would be applicable were the Issuer or the Calculation Agent physically implementing the methodology set out in the Securities.

(b) Modifications. The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

#### 8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time without the consent of the Holders substitute for itself as issuer of the Securities with regard to any and all rights, obligations and liabilities under and in connection with the Securities:
  - (i) The Royal Bank of Scotland plc, registered in Scotland under No.90312, with its registered office at 36 St Andrew Square, Edinburgh EH2 2YB, ("RBS" or the "Substitute") subject to the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or
  - (ii) any entity which (i) acquires all or substantially all of the undertaking and/or assets of the Issuer or (ii) acquires the beneficial ownership of the whole of the issued voting stock and/or share capital of the Issuer or (iii) into which the Issuer is amalgamated, merged or reconstructed and where the Issuer is not the continuing company (such entity, a "Successor in Business" or the "Substitute") subject to the Issuer having given at least 30 days prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or
  - (iii) the holding company of the Issuer (the holding company currently being The Royal Bank of Scotland Group plc, company number SC045551) (the "Holding Company" or the "Substitute") subject to the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or

(iv) any entity other than RBS, a Successor in Business or the Holding Company (also, the "Substitute"), subject to the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4; and the Issuer or RBS having issued a legal, valid and binding guarantee of the obligations and liabilities of the Substitute under the Securities for the benefit of each and any of the Holders,

and in each case subject to all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect.

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

(b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

#### 9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

#### 10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have be given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be

surrendered before replacements will be issued. This General Condition will not apply to Securities issued in dematerialised form.

#### 11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:
  - where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
  - (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the "Original Currency") of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and
  - (iii) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) Adjustment to Conditions. The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) Euro Conversion Costs. Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in

relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

(d) Definitions Relating to European Economic and Monetary Union. In this General Condition, the following expressions have the meanings set out below.

"Adjustment Date" means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the Original Currency or, as the case may be, the Settlement Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

#### 12. AGENTS

(a) Principal Agent and Agents. The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint further or additional Agents, provided that no termination of appointment of the principal agent (the "Principal Agent") shall become effective until a replacement Principal Agent shall have been appointed and provided that, if and to the extent that any of the Securities are listed on any stock exchange or publicly offered in any jurisdiction, there shall be an Agent having a specified office in each country required by the rules and regulation of each such stock exchange and each such jurisdiction and provided further that, if and to the extent that any of the Securities are in registered form, there shall be a Registrar and a Transfer Agent (which may be the Registrar), if so specified in the relevant Product Conditions. Notice of any appointment, or termination of appointment, or any change in the specified office, of any Agent will be given to Holders in accordance with General Condition 4. Each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders or any of them. Any calculations or determinations in respect of the

Securities made by an Agent shall (save in the case of manifest error) be final, conclusive and binding on the Holders.

(b) Calculation Agent. The Issuer or such other Calculation Agent as specified in the applicable Final Terms, shall undertake the duties of calculation agent (the "Calculation Agent" which expression shall include any successor calculation agent or assignee as approved by the Issuer) in respect of the Securities unless the Issuer decides to appoint a successor Calculation Agent in accordance with the provisions below.

The Issuer reserves the right at any time to appoint another institution as the Calculation Agent provided that no termination of appointment of the existing Calculation Agent shall become effective until a replacement Calculation Agent shall have been appointed. Notice of any termination or appointment will be given to the Holders in accordance with General Condition 4.

The Calculation Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. Any calculations or determinations in respect of the Securities made by the Calculation Agent (whether or not the Issuer) shall (save in the case of manifest error) be final, conclusive and binding on the Holders.

The Calculation Agent may, with the consent of the Issuer (if it is not the Issuer), delegate any of its obligations and functions to a third party as it deems appropriate.

#### 13. SURRENDER OF UNMATURED COUPONS

Each Security should be presented for redemption, where applicable, together with all unmatured Coupons relating to it. Upon the due date for redemption of any Security, where applicable, all unmatured Coupons relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof. This General Condition will not apply to Securities issued in dematerialised form.

## 14. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No rights are conferred on any person under the English Contracts (Rights of Third Parties) Act 1999 to enforce any Condition. The preceding sentence shall not affect any right or remedy of any person which exists or is available apart from that Act.

#### 15. GOVERNING LAW AND JURISDICTION

- (a) The Securities and any non-contractual obligations arising out of or in connection with the Securities, are governed by and shall be construed in accordance with English law.
- (b) The courts of England have exclusive jurisdiction to settle any dispute (including any dispute relating to any non-contractual obligations) (a "**Dispute**") arising from or in connection with the Securities).
- (c) Subparagraph (b) is for the benefit of the Holders only. As a result, nothing prevents any Holder from taking proceedings relating to a Dispute ("Proceedings") in any other courts with jurisdiction. To the extent allowed by law, Holders may take concurrent Proceedings in any number of jurisdictions.
- (d) The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

#### 16. METHOD OF PAYMENT

For purposes of any payment on a Security (other than an Equity Certificate issued in registered form), the Clearing Agents may not be United States persons, as defined for United States Federal income tax purposes, and their respective specified offices may not be located in the United States or any of its possessions. No payment on a Security (other than an Equity Certificate issued in registered form) shall be made by transfer to an account in the United States (including its possessions) or by cheque mailed to an address in the United States (including its possessions).

#### 17. COMMISSIONS, FEES AND REBATES

From time to time, the Issuer may make payments or receive the benefit of payments in relation to the issue of Securities including the following:

- (a) The Issuer may pay to a distributor, sales agent or other intermediary fees or commissions. Such fees or commissions are generally required to be disclosed by distributors, sales agents or intermediaries which, in each case, are EEA investment firms or credit institutions to their clients. Each potential investor in the Securities should satisfy itself as to the amount of any fees or commissions received by intermediaries:
- (b) The Issuer may receive or pay management or other fees from or to third parties.

  Where such fees are payable, further details of them will be set out in the relevant Final Terms; and

(c) The Issuer may make payments to or receive the benefit of generic commission, discount and rebate arrangements from Hedge Providers and other transaction counterparties. Such arrangements will be as agreed between the Issuer and the third parties.

The Issuer reserves the right to retain any amounts received without any obligation to pass the benefit of the rebates to investors in the Securities.

#### 18. EVENTS OF DEFAULT

If any one or more of the following events (each an "Event of Default") shall occur and be continuing:

- (a) default is made for more than 30 days in the payment of interest or principal in respect of the Securities; or
- (b) the Issuer fails to perform or observe any of its other obligations under the Securities and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (c) an order is made or an effective resolution is passed for the winding up of the Issuer (excluding a solvent winding up solely for the purposes of a reconstruction, amalgamation, reorganisation, merger or consolidation in connection with which The Royal Bank of Scotland Group plc or any of its subsidiaries assumes the obligations of the Issuer as principal debtor in respect of the Securities),

then any Holder may, by written notice to the Issuer at the specified office of the Principal Agent, effective upon the date of receipt thereof by the Principal Agent, declare the Security held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Termination Amount (as defined below), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

"Early Termination Amount" means an amount calculated by the Calculation Agent as the fair market value of the Security immediately prior to such Event of Default. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent.

# REGISTRAR AND REGISTRY SERVICES AGREEMENT WITH RESPECT TO SECURITIES CLEARED THROUGH CREST

In respect of Securities cleared through the dematerialised securities system operated by Euroclear UK and Ireland Limited ("CREST"), the Issuer has entered into an agreement for the provision of registry services with Computershare Investor Services PLC or otherwise, the person named as the Registrar in the applicable Final Terms (with respect to Securities cleared through CREST, the "Registrar" which expression shall include any successor registrar) and the definition of "Registrar" for the purposes of the applicable Product Conditions and Final Terms shall be construed accordingly.

Payments in respect of Securities cleared through CREST will be made under an agreement as amended, restated or supplemented from time to time (the "**Registry Services Agreement**") for the provision of registry services with the Registrar.

In acting under the Registry Services Agreement, the relevant Registrar will act solely as agent of the Issuer and does not assume any obligations or relationships of agency or trust to or with the Holders.

#### 20. PAYMENTS WITH RESPECT TO SECURITIES CLEARED THROUGH CREST

Notwithstanding anything to the contrary contained in the Conditions, the Issuer shall pay or cause to be paid any amounts due to a Holder of a Security cleared through CREST to such Holder's cash account with the Operator for value on the relevant payment date, such payment to be made in accordance with the Regulations (as defined in the relevant Product Conditions) and the rules, procedures and practices in effect of the Operator (as defined in the relevant Product Conditions). The Issuer's obligations in relation to such amounts in respect of Securities cleared through CREST will be discharged by payment to, or to the order of, the Operator. Each of the persons shown in the Operator register of corporate securities as the holder of a particular nominal amount of Securities cleared through CREST must look solely to the Operator for his share of each such payment so made by the Issuer to, or to the order of, the Operator.

# 21. Transfer And Consistency Regulations With Respect to Securities Cleared Through CREST

No provisions of any of the Conditions shall (notwithstanding anything contained therein) apply or have effect to the extent that it is in any respect inconsistent with (i) the holding of

title to Securities cleared through CREST (ii) the transfer of title to Securities cleared through CREST by means of a relevant system, or (iii) the Regulations.

Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in the Conditions, so long as Securities cleared through CREST are participating securities, (a) any such Securities which are not for the time being in all respects identical to, or do not for the time being have rights attached thereto identical in all respects to those attached to other Securities cleared through CREST of the same Series, shall be deemed to constitute a separate Series of Securities, (b) the Register (as defined in the relevant Product Conditions) relating to Securities cleared through CREST shall be maintained at all times in the United Kingdom, (c) Securities cleared through CREST will be issued in uncertificated form in accordance with and subject as provided in the Regulations, and (d) for the avoidance of doubt, and any Conditions in relation to any Securities cleared through CREST shall remain applicable notwithstanding that they are not endorsed on any certificate for such Securities.

#### 2. FORM

- Global Form. Except in the case of Securities issued in the form described in either (a) Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered

on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) Cash Settlement. Each Security upon due exercise, and subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.

(e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with any Cash Amount (if any) for such Securities;

As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed

- (vii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (g) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (h) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions, shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar, as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (k) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (1) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to

the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.
  - "Market Disruption Event" means (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
  - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
  - (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent

shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or noncash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

(iv) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

### 2. Form

(a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in

the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "Regulations").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of

the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount or the Capped Amount, as the case may be.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States

- (h) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar, as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (1) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. # 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
  - (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used

- in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of calculating, the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (G) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any

Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

# 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

### 2. Form

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out

below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

### 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the Shares if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in

price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
  - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
  - (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related

Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"De-listing" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the

holder of such unit quantity of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption

that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions,

the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, the Share Amount, the Realised Share Amount, or the Disruption Cash Settlement Price, as the case may be.
  - The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

# A Notice shall:

- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;

- person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (viii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or (g) the copy is delivered to the Principal Agent or the Swiss Agent, or where the Securities are cleared through CREST, the Registrar after the close of business in the place of receipt on the Valuation Date, then the Share Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount whether on or after the Settlement Date being the "Delivery Date") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Valuation Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares multiplied by the Entitlement if an Entitlement is specified and shall hold the proceeds (the "Realised Share Amount") for the account of the Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (h) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or

procure the registration of the Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.

- (i) Settlement. The Issuer shall pay or cause to be paid the Cash Amount for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the date determined according to Product Condition 3(b).
- Determinations. Failure properly to complete and deliver a Notice may result in such (j) Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

(k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.

- (1) Intervening Period. With respect to delivery of the Share Amount, for such period of time after the Valuation Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the "Intervening Period"), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Shares or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any such other person being the legal owner of such Shares during such Intervening Period.
- (m) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Valuation Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- Settlement Disruption. If the Securities are to settle by delivery of the Share Amount (n) and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Settlement Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of the Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of delivery of the Share Amount and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that notice of such election is given to the Holders in accordance with General Condition 4. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment in respect of a Security in the event of any

delay in the delivery of the Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (o) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (p) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (q) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

# 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the Shares if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
  - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount

shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

(iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"De-listing" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such

Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

# 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated

Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "**Dematerialised Securities**") or (ii) a bearer permanent

Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is

not copied to the Principal Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (k) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency;

where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
  - (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of, calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall

terminate the Securities by giving notice in accordance with General Condition 4.

- If, at any time, any of the events specified in (A) to (G) below occurs and the (iii) Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Shares of (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to

such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

# 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. - (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name

a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
  - The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

## 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

## "Market Disruption Event" means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the

determination of the Calculation Agent, such suspension or limitation is material; or

(ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the

prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
  - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

(iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"**De-listing**" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer,

solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Determination Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. Form

(a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of

corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which

is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) Exercise and Settlement Risk. Where the Securities are cleared through CREST, General Condition 20 shall apply.

## 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
  - (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of, calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (iii) If, at any time, any of the events specified in (A) to (G) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent

shall make such adjustment to the level of the Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Shares of (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall,

as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the

holder of such unit quantity of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "**Rules**"). Accordingly, in these Conditions,

the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Share Amount, Realised Share Amount, or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent

or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates:
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with the Cash Amount (if any) for such Securities;
- (v) specify the Delivery Details;
- (vi) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- (vii) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity

pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (viii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or (g) the copy is delivered to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar after the close of business in the place of receipt on the Exercise Date, then the Share Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount whether on or after the Settlement Date being the "Delivery Date") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Exercise Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares and shall hold the proceeds (the "Realised Share Amount") for the account of the Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (h) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or

in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of the Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.

- (i) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (j) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

(k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.

- (1) Intervening Period. With respect to delivery of the Share Amount, for such period of time after the Exercise Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the "Intervening Period"), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Shares or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any such other person being the legal owner of such Shares during such Intervening Period.
- (m) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exercise Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- Settlement Disruption. If the Securities are to settle by delivery of the Share Amount (n) and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Settlement Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of the Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of delivery of the Share Amount and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that notice of such election is given to the Holders in accordance with General Condition 4. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment in respect of a Security in the event of any

delay in the delivery of the Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (o) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (p) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (q) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

## "Market Disruption Event" means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material: or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and

(ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
  - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made

- by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- cancel the Securities by giving notice to Holders in accordance with General (ii) Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- following any adjustment to the settlement of terms of options contracts or (iii) futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or

Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"De-listing" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares of such Share Company; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror), in each case if the Merger Date is on or before the Determination Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such

determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. "Trading Day" means any day on which the Index Sponsor should calculate and publish the closing level of the Index according to its rules;

"Valuation Date" means the date or dates specified as such in the definition of the relevant Series in the applicable Final Terms or, if such date is not a Trading Day, the first Trading Day thereafter unless, in the determination of the Calculation Agent, a Market Disruption Event has occurred on that day in which case the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the

original date which (but for the Market Disruption Event) would have been a Valuation Date. In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares on the Exchange and such other factors as the Calculation Agent determines to be relevant;

"Valuation Time" means the time with reference to which the Index Sponsor calculates the closing level of the Index or such other time as the Issuer may select in its absolute discretion and notify to Holders in accordance with General Condition 4; and

"Weight" means in respect of each Index, the Weight specified as such in the definition of Basket in the definition of the relevant Series in the applicable Final Terms.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

### 2. Form

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by

the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

## 3. RIGHTS AND PROCEDURES

(a) Exercise. The Securities will be deemed to be automatically exercised on the Exercise Date.

- (b) Cash Settlement. Each Security upon due exercise, and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date or, if later, five Business Days following the delivery of the Notice, subject to General Condition 6(c), the Cash Amount.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities:
- (iv) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with the Cash Amount (if any) for such Securities;
- (v) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- (vi) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the

United States. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (vii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (g) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the date determined pursuant to Product Condition 3(b).
- (h) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out

below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (i) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (j) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (k) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a

bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

(1) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.
  - "Market Disruption Event" means: (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that

suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
  - (i) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (ii) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for, or the method of, calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall

terminate the Securities by giving notice in accordance with General Condition 4.

- If, at any time, any of the events specified in (A) to (G) below occurs and the (iii) Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Shares of (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to

such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

"Share Amount" means, if Physical Settlement is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, the number of Shares specified as such in the definition of the relevant Series in the applicable Final Terms, subject to any adjustment in accordance with Product Condition 4. If the Share Amount is an amount comprising a fraction of any Share, the Holder will receive a Share Amount comprising the nearest whole number (rounded down) of Shares (taking into account that a Holder's entire holding may be aggregated at the Issuer's discretion for the purpose of delivering the relevant Share Amounts), and an amount in the Settlement Currency using the Exchange Rate, if applicable, equal to the value of the outstanding undelivered fraction of such Share, as calculated by the Calculation Agent on the basis of the Share Final Closing Price;

"Share Closing Price" means, in respect of each Share and any day, unless otherwise specified in the definition of Basket in the definition of the relevant Series in the applicable Final Terms, an amount equal to the price of such Share at the Valuation Time on such day, as determined by or on behalf of the Calculation Agent without regard to any subsequently published correction or (if, in the determination of the Calculation Agent, no such price can be determined and no Market Disruption Event has occurred and is continuing) an amount determined by the Calculation Agent as its good faith estimate of the price of the Share on such day having regard to the then prevailing market conditions, the last reported trading price of the Share on the Exchange and such other factors as the Calculation Agent determines relevant;

"Share Company" means the share company specified as such in the definition of Basket in the definition of the relevant Series in the applicable Final Terms, subject to Product Condition 4;

"Share Final Closing Price" means, unless otherwise specified in the definition of the relevant Series in the applicable Final Terms, in respect of each Share, the Share Closing Price on the Valuation Date, subject to adjustment in accordance with Product Condition 4;

"Strike Currency" means the currency specified as such in the definition of Basket in the definition of the relevant Series in the applicable Final Terms;

"Trading Day" means any day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on each Exchange or Related Exchange other than a day on which trading on the Exchange or Related Exchange is scheduled to close prior to its regular weekday closing time;

"Valuation Date" means the date or dates specified as such in the definition of the relevant Series in the applicable Final Terms or, if such date is not a Trading Day, the first Trading Day thereafter unless, in the determination of the Calculation Agent, a Market Disruption Event has occurred on that day in which case the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Valuation Date. In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Share on the Exchange and such other factors as the Calculation Agent determines to be relevant;

#### 2. Form

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "**Dematerialised Securities**") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities

(the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

## 3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Exercise Date.
- (b) Settlement. Each Security, upon due exercise and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date or, if later, five Business Days following the delivery of the Notice, subject to General Condition 6(c), either the Cash Amount or, if Physical Settlement is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Share Amount.

- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Share Amount, Realised Share Amount, if applicable or the Disruption Cash Settlement Price, if applicable. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;
- (iv) in the case of delivery of a Share Amount, include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar in respect thereof or, as the case may be, to debit the account referred to in paragraph (iii) above or make a deduction from any cheque;
- (v) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with the Cash Amount (if any) or Disruption Cash Settlement Price, if applicable for such Securities;
- (vi) specify the Delivery Details;

- (vii) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- certify that neither the person delivering the Notice nor any person on whose (viii) behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (ix) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (g) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent or the Swiss Agent, or, where the Securities are cleared through CREST, the Registrar after the close of business in the place of receipt on the Exercise Date, then the Share Amount will be delivered as

soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount whether on or after the Settlement Date being the "Delivery Date") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Exercise Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares and shall hold the proceeds (the "Realised Share Amount") for the account of the Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.

- (h) Delivery of the Share Amount. If Physical Settlement is specified as "Applicable in the definition of the relevant Series in the applicable Final Terms, subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of the Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.
- (i) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (j) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to

the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (1) Intervening Period. If Physical Settlement is specified as "Applicable in the definition of the relevant Series in the applicable Final Terms, with respect to delivery of the Share Amount, for such period of time after the Exercise Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the "Intervening Period"), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Shares or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any such other person being the legal owner of such Shares during such Intervening Period.

- (m) Dividends. If Physical Settlement is specified as "Applicable in the definition of the relevant Series in the applicable Final Terms, any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exercise Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- Settlement Disruption. If Physical Settlement is specified as "Applicable in the (n) definition of the relevant Series in the applicable Final Terms and the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Settlement Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of the Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of delivery of the Share Amount and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that notice of such election is given to the Holders in accordance with General Condition 4. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment in respect of a Security in the event of any delay in the delivery of the Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (o) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (p) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (q) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

### 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

# "Market Disruption Event" means:

- that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed: or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such

payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
  - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be

made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

following any adjustment to the settlement of terms of options contracts or (iii) futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"De-listing" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is

the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

# CONDITIONS: PRODUCT CONDITIONS RELATING TO INTEREST RATE EXPRESS CERTIFICATES

The Product Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the applicable Final Terms and the General Conditions (whether or not attached to this document). The applicable Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities and attached to any Global Security representing the Securities.

Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions, shall be void.

#### 4. Adjustments

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.
  - "Market Disruption Event", in relation to a Reference Rate, means the situation in which a Reference Rate is not available on the relevant Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at

the Valuation Time for the relevant Business Day. The Issuer will request the principal London office of each of the Reference Banks to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the relevant Reference Rate at its sole and absolute discretion, which determination may be delayed for up to 180 days following the occurrence of an Emerging Market Disruption Event.

# "Market Disruption Event", in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation

Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

"De-listing" means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without

any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

#### 3. RIGHTS AND PROCEDURES

(a) Exercise. Provided no Early Termination Event has occurred and notwithstanding notice of an Issuer Call if "Issuer Call" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Securities will be deemed to be automatically exercised on the Exercise Date.

- (b) Early Termination Event. Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. An Early Termination Event will override an Issuer Call and/or due Exercise if the Early Termination Event occurs prior to or on an Issuer Call Date or Valuation Date, as the case may be.
- (c) Issuer Call. If "Issuer Call" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate, subject to a valid Exercise or the occurrence of an Early Termination Event, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Cash Settlement. Each Security upon exercise, termination pursuant to an Issuer Call or following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date either:
  - (i) The Cash Amount, following a valid Exercise; or
  - (ii) The Issuer Call Cash Amount, following an Issuer Call; or
  - (iii) The Early Termination Amount, following an Early Termination Event.
- (e) Interest Amount. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (f) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from (and including) exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date or the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following

- Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

## A Notice shall:

As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court

- (vii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (k) Settlement. The Issuer shall pay or cause to be paid the Cash Amount, the Issuer Call Cash Amount or the Early Termination Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (1) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to

be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar, as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (o) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a

euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. Adjustments

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

# "Market Disruption Event", in relation to a Commodity, means:

- (i) Price Source Disruption. The failure by the Exchange to announce or publish the price of a relevant Commodity (or the information necessary for determining such price) or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) Disappearance of Price. The failure of trading of a relevant Commodity to commence, or the permanent discontinuation of trading of the Commodity, on the Exchange; or
- (iv) Material Change in Formula. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the price of a relevant Commodity; or
- Material Change in Content. The occurrence, since the Issue Date, of a material change in the content or composition of a relevant Commodity; or

- (vi) De Minimis Trading. The number of contracts traded on the Exchange with respect to a relevant Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or a material reduction in, trading in the Commodity on the Exchange; or
- (vii) Tax Disruption. The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, a relevant Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, and/or on each of the three Trading Days following the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, from what it would have been without that imposition, change or removal; or
- (viii) Trading Limitation. The material limitation imposed on trading in a relevant Commodity with respect to it or any contract with respect to it on any exchange or principal trading market; or
- (ix) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (x) Other Events. Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

# "Market Disruption Event", in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.
  - For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.
  - "De-listing" means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such

determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

# 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

(a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be

transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as

Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (b) Early Termination Event. Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. An Early Termination Event will override an Issuer Call and/or due Exercise if the Early Termination Event occurs prior to or on an Issuer Call Date or Valuation Date, as the case may be.
- (c) Issuer Call. If "Issuer Call" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate, subject to a valid Exercise or the occurrence of an Early Termination Event, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Cash Settlement. Each Security upon exercise, termination pursuant to an Issuer Call or following an Early Termination Event, subject to delivery by the Holder of a duly

completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date either:

- (i) The Cash Amount, following a valid Exercise; or
- (ii) The Issuer Call Cash Amount, following an Issuer Call; or
- (iii) The Early Termination Amount, following an Early Termination Event.
- (e) Interest Amount. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (f) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from (and including) exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date or the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates:

As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar, as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (o) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Where the Securities are cleared through CREST, General Condition 20 shall apply.

### 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

# "Market Disruption Event", in relation to a Basket Constituent, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by a relevant Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Share and, if so, will:
  - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and

(ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the relevant Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the relevant Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by a relevant Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by a relevant Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to a relevant Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
  - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made

by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the relevant Shares traded on such Related Exchange; or

- cancel the Securities by giving notice to Holders in accordance with General (ii) Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4: or
- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the relevant Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4,

stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"De-listing" in this paragraph (c) means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Early Termination Date, Issuer Call Date or Valuation Date, as applicable.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

- "Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.
- (d) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has in the determination of the Calculation Agent the same or a substantially similar structure and a substantially

- (f) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from (and including) exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date or the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following

- Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court

- (k) Settlement. The Issuer shall pay or cause to be paid the Cash Amount, the Issuer Call Cash Amount or the Early Termination Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (1) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to

be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.
  - "Market Disruption Event", in relation to an Index, means (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index (as determined by the Calculation Agent) if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

(ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

# "Market Disruption Event", in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

- (1) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation

Agent shall make such adjustment to the level of the Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from (and including) the Issue Date up to (but excluding) the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account

of provisions of the laws of the relevant jurisdiction or the practices of the relevant Exchange.

(c) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

"De-listing" means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

# 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. relating to such Securities (and the expression "**Holder**" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (b) Early Termination Event. Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. An Early Termination Event will override an Issuer Call and/or due Exercise if the Early Termination Event occurs prior to or on an Issuer Call Date or Valuation Date, as the case may be.
- (c) Issuer Call. If "Issuer Call" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate, subject to a valid Exercise or the occurrence of an Early Termination Event, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.

Each Security upon exercise, termination pursuant to an Issuer Call or following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date either:
  - (i) The Cash Amount, following a valid Exercise; or
  - (ii) The Issuer Call Cash Amount, following an Issuer Call; or
  - (iii) The Early Termination Amount, following an Early Termination Event.

- Interest Period, the Interest Rate and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (f) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from (and including) exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date or the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (vii) authorise the production of such Notice in any applicable administrative or legal proceedings.

(1) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws,

regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (o) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

## 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

## "Market Disruption Event", in relation to an Underlying FX Rate, means:

- (i) Price Source Disruption. If it becomes impossible to obtain the Underlying FX Rate on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, in the inter-bank market; or
- (ii) Governmental Default. If with respect to any security or indebtedness for money borrowed or guaranteed by any Governmental Authority, there occurs

a default, event of default or other similar condition or event (howsoever described) including, but not limited to, (i) the failure of timely payment in full of principal, interest or other amounts due (without giving effect to any applicable grace periods) in respect of any such security indebtedness for money borrowed or guarantee, (ii) a declared moratorium, standstill, waiver, deferral, repudiation or rescheduling of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee or (iii) the amendment or modification of the terms and conditions of payment of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee without the consent of all holders of such obligation. The determination of the existence or occurrence of any default, event of default or other similar condition or event shall be made without regard to any lack or alleged lack of authority or capacity of such Governmental Authority to issue or enter into such security, indebtedness for money borrowed or guarantee; or

- (iii) Inconvertability/non-transferrability. The occurrence of any event which (i) generally makes it impossible to convert the currencies in the Underlying FX Rate through customary legal channels for conducting such conversion in the principal financial centre of the Underlying Currency or (ii) generally makes it impossible to deliver the Underlying Currency from accounts in the country of the principal financial centre of the Underlying Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
- (iv) Nationalisation. Any expropriation, confiscation, requisition, nationalization or other action by any Governmental Authority which deprives the Issuer (or any of its affiliates), of all or substantially all of its assets in the country of the principal financial centre of the Underlying Currency; or
- (v) Illiquidity. Any impossibility in obtaining a firm quote for the Underlying FX Rate or the Settlement Currency for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or
- (vi) Other Events. Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

For this purpose a "Governmental Authority" is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other

governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of either of the currencies in the Underlying FX Rate.

## "Market Disruption Event", in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. The Calculation Agent

shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to this paragraph.

"De-listing" means that a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituent is listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

#### 4. Adjustments

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

### "Market Disruption Event", in relation to a Reference Asset, means:

- (i) Price Source Disruption. The failure by the Exchange to announce or publish the Reference Asset Price (or the information necessary for determining such price) or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) Disappearance of Price. The failure of trading of the Reference Asset to commence, or the permanent discontinuation of trading of the Reference Asset, on the Exchange; or
- (iv) Material Change in Formula. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the Reference Asset Price; or
- (v) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content or composition of the Reference Asset; or
- (vi) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Reference Asset is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Reference Asset has been impaired due to a lack of, or a material reduction in, trading in the Reference Asset on the Exchange; or
- (vii) Tax Disruption. The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Reference Asset (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the Reference Asset Price on the Valuation Date, Issuer Call Date or the Early Termination Date,

as the case may be, and/or on each of the three Trading Days following the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, from what it would have been without that imposition, change or removal; or

- (viii) Trading Limitation. The material limitation imposed on trading in a relevant the Reference Asset with respect to it or any contract with respect to it on any exchange or principal trading market; or
- (ix) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (x) Other Events. Any other event similar to any of the above which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

### "Market Disruption Event", in relation to a Certificate, means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or

- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange

may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to the Basket. If a De-Listing occurs with respect to a Basket Constituent or a Basket Constituent is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Basket Constituent by a successor basket constituent which has, in the determination of the Calculation Agent, the same or a substantially similar structure and a substantially similar economic impact and is linked to the same asset as such Basket Constituent or (B) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion. (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 2. Form

- Global Form. Except in the case of Securities issued in the form described in either (a) Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name

a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in

the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "**Dematerialised Securities**") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "**Intermediated Securities**") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "**FISA**").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or

- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this Product Condition 4(b)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "Suspension Asset").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms

and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(b), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

# (c) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or

decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

(d) The Issuer shall give notice in accordance with General Condition 4 of any calculation or determination made by it or the Calculation Agent pursuant to this Product Condition 4 as soon as practicable after it has been made. The Issuer shall make available for inspection by Holders copies of any such calculations and determinations.

## 5. EFFECT OF FINAL TERMS

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (e) Interest Amount. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (f) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from (and including) exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date or the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any

errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.

(i) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

## A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities:
- (iv) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with any Cash Amount, Issuer Call Cash Amount or Early Termination Amount (if any) for such Securities;
- (v) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- (vi) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other

entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (vii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (k) Settlement. The Issuer shall pay or cause to be paid the Cash Amount, the Issuer Call Cash Amount or the Early Termination Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (1) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (o) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable).

All payments will be subject to applicable fiscal and legal requirements applicable thereto.

(p) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.
  - "Market Disruption Event", in relation to an Index, means (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (i) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
  - (ii) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

"Market Disruption Event", in relation to an Inflation Index, means the Index Sponsor fails to calculate and announce the level of the Inflation Index.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
  - (1) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than

those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

(3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders of the Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer of the Shares has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Shares, provided that, in all cases, the related ex-dividend date occurs during the period from (and including) the Issue Date up to (but excluding) the Valuation Date, Issuer Call Date or the Early Termination Date, as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market

- value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to issue further certificates, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant Exchange.
- (c) Adjustments to the Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.
  - (1) If the Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the Inflation Index so calculated and announced by that successor inflation index, as the case may be.
  - (2) If (A) on or prior to any calculation of the level of the Inflation Index there is a material change in the formula for or the method of calculating the Inflation Index or the Index Sponsor, in any other way, materially modifies the Inflation Index (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Inflation Index level using, in lieu of a published level for the Inflation Index, the level for the Inflation Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Inflation Index to be the Inflation

- Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

In the event that the sale of all Shares comprising the Parcel is not completed within the period specified as the Final Reference Price Period in the definition of the relevant Series in the applicable Final Terms, the Final Reference Price shall be deemed to be the product of (a) the weighted average price per Share of the Share(s) sold and (b) the number of Share(s) sold, such product divided by the total number of Shares in the Parcel (converted, where applicable, into the Settlement Currency at the Exchange Rate as the Issuer determines in its reasonable judgement, which determination shall be conclusive, less Expenses);

## 2. FORM

(a) Global Form. Except in the case of Securities issued in the form described in Product Condition 2(b), if the Form is specified as Global Registered in the definition of the relevant Series in the applicable Final Terms, then the Securities will be represented by a global security in registered form (a "Global Security") which will be deposited with the Clearing Agent (and be registered in the name of a common nominee of the Clearing Agent) and will be transferable only in accordance with the provisions of Product Condition 5, applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred.

If the Form is specified as Global Bearer in the definition of the relevant Series in the applicable Final Terms, then the Securities will be represented by a global security in bearer form (also a "Global Security") which will be deposited with the Clearing Agent and will be transferable only in accordance with applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the registered holder (if the Form is specified as Global Registered in the definition of the relevant Series in the applicable Final Terms) or the bearer (if the Form is specified as Global Bearer in the definition of the relevant Series in the applicable Final Terms) of the Global Security.

(b) CREST Form. If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "Regulations").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in

accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "**Holder**" and related expressions shall be construed accordingly).

Any reference to the "Operator" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

#### 3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Exercise Date.
- (b) Cash Settlement. If Cash Settled Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, each Security upon due Exercise, subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership (save that, in the case of Regulation S Registered Global Securities, such certification will only be required during the Distribution Compliance Period), entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount.
- (c) Issuer Call. If Issuer Call is specified as being Applicable in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate, subject to a valid Exercise or the occurrence of an Early Termination Event, the Securities, in whole but not in part on any Business Day, by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date. Each Security upon an Issuer Call entitles its Holder to receive from the Issuer on the Issuer Call Date the Issuer Call Cash Amount.
- (d) Early Termination Event. If an Early Termination is specified in the definition of the relevant Series in the applicable Final Terms, upon the occurrence of an Early

Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4 where such notice shall specify the Early Termination Date. An Early Termination Event will override an Issuer Call and/or the automatic Exercise of the Securities under 3(a) above, if the Early Termination Event occurs prior to or on an Issuer Call Date or Valuation Date, as the case may be. Each Security upon the occurrence of an Early Termination Event entitles its Holders to receive from the Issuer on the Early Termination Date the Early Termination Amount.

- (e) Dividend Amount. The Holder, subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership (save that, in the case of Regulation S Registered Global Securities, such certification will only be required during the Distribution Compliance Period), is entitled to receive the Dividend Amount the number of days specified as Dividend Amount Days in the definition of the relevant Series in the applicable Final Terms following the receipt by the Issuer or the Hedge Holder of the dividend and/or cash distribution to which it relates and the person entitled to receive such Dividend Amount shall be the person who is shown in the records of the Clearing Agent as the beneficial holder of such Security as represented by the Global Security on the Record Date for the relevant dividend or cash distribution; provided that in no event shall either the Issuer or the Hedge Holder be obligated (a) to take any action whatsoever in pursuit of payment of any dividend or cash distribution as a result of the Share Company failing to pay any such dividend or cash distribution when due or (b) to make any payment to a Holder in respect of any such dividend received by the Issuer or the Hedge Holder after the Expiration Date; provided further that if any dividend or cash distribution has not been received by the Hedge Holder by the Expiration Date, all obligations of the Issuer under the Securities in respect thereof shall be discharged and the Issuer shall have no further obligation in respect thereof.
- (f) Share Settlement. The Securities may not be physically delivered to a U.S. person (as defined below). If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and if a Holder gives notice to the Issuer before the Exercise Date that it wishes to receive delivery of the Share Amount in lieu of the Cash Amount ("Share Settlement"), the Securities of such holder may be redeemed by delivery of the Share Amount in lieu of payment of the Cash Amount and the Issuer shall be required to agree to such request unless the Issuer shall have determined in its sole and absolute discretion that delivery of the Share Amount is or would be impractical, inadvisable, impossible or unduly onerous

to the Issuer or is or would be unlawful in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power. The inability or failure, as the case may be, of the Holder to give any relevant certification required or requested by the Issuer or any Clearing Agent in connection with such delivery shall allow the Issuer to redeem the Securities by payment of the Cash Amount and not by delivery of the Share Amount. The Issuer will give notice to the Holder not later than the Settlement Date if, following a notice from the Holder for delivery of the Share Amount, such delivery will not take place for any of the reasons aforementioned. If the Securities of any Holder are to be redeemed by delivery of the Share Amount, then such Holder shall be liable for Expenses incurred or to be incurred by the Issuer in connection with the delivery of the Share Amount to such Holder and no such delivery shall take place until all Expenses have been paid or accounted for to the satisfaction of the Issuer. The Share Amount is deliverable on the Settlement Date.

- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay. Where FX Market Disruption Event is specified in the definition of the relevant Series in the applicable Final Terms and if a FX Market Disruption Event occurs on or around any day on which any amount is due to be paid hereunder the effect of which makes it, in the sole determination of the Issuer, impossible, impracticable or inadvisable to make the relevant payment, then no payment shall be made until as soon as practicable thereafter, provided that if such a FX Market Disruption Event is subsisting for the period specified as the Payment Day Period in the definition of the relevant Series in the applicable Final Terms, then all obligations of the Issuer in respect of the Securities shall be discharged and the Issuer shall have no further obligations in respect thereof.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent and any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Dividend Amount, Share Amount, Realised Share Amount, or Disruption Cash Settlement Price, as applicable.

The purchase of Securities does not confer on any Holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

(i) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;
- (iv) if Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, include an undertaking to pay all Expenses and an irrevocable authority to the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit a specified account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar in respect thereof or, as the case may be, to debit the account referred to in paragraph (ii) above;
- (v) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with any Cash Amount (if any) for such Securities or, as the case may be, any Disruption Cash Settlement Price and any dividends payable pursuant to Product Condition 3(o);
- (vi) if Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, include the Delivery Details;
- (vii) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- (viii) if the Form is specified as Global Bearer in the definition of the relevant Series in the applicable Final Terms, certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a

U.S. person or a person within the United States. As used herein, "U.S. **person**" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (ix) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (j) Late Delivery of Notice. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and if the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent or the Swiss Agent, or where the Securities are cleared through CREST, the Registrar after the close of business in the place of receipt on the Exercise Date, then the Share Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount, whether on or after the Settlement Date, being for the purposes of the Conditions, the "Delivery Date") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Exercise Date as provided above. In the event that a Holder does not, in respect of a Security

which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the "Realised Share Amount") for the account of the relevant Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged. The Holder shall not be entitled to any interest or other payment in respect of such Realised Share Amount.

- (k) Verification. In respect of any Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (1) Delivery of the Share Amount. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable on the Settlement Date.
- (m) Settlement. If Cash Settled Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, the Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (n) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal

Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions. The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (o) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (p) Intervening Period. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, for such period of time after the Exercise Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the "Intervening Period"), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Shares or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any

loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any other such person being the legal owner of such Shares during such Intervening Period.

- (q) Dividends. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms, any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exercise Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (r) Settlement Disruption. If Physical Delivery Securities is specified as Applicable in the definition of the relevant Series in the applicable Final Terms and if, prior to the delivery in accordance with the Conditions of the Share Amount in respect of any Security, in the determination of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred and of the method of payment of the Disruption Cash Settlement Price. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (s) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are

cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (t) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (u) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

### 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

## "Market Disruption Event" means:

- (1) the occurrence or existence at any time on any Trading Day on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material;
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located; or
- (3) the inability of the Hedge Holder to unwind its hedge or related trading position relating to the Securities due to illiquidity if, in the determination of the Calculation Agent, that illiquidity is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or

dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
  - (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other

instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

(iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

"**De-listing**" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means any (1) reclassification or change to the Shares o that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share

exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer, a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) Force Majeure Event. If a Force Majeure Event occurs on any day resulting in the Issuer being unable to fulfil its obligations when such obligations are due, then such obligations shall be postponed until the first immediately succeeding Business Day on which the Force Majeure Event is no longer subsisting provided that if a Force Majeure Event is subsisting for the period specified as the Force Majeure Event Period in the definition of the relevant Series in the applicable Final Terms, then all the obligations of the Issuer in respect of the Securities shall be discharged and the Issuer shall have no further obligations in respect thereof.
- (e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. Transfers

- (a) Transfers of interests in Regulation S Registered Global Securities. Transfers of a Regulation S Registered Global Security or a beneficial interest therein may only be made:

"Substitution Date" means, in relation to a Fund, the date selected by the Issuer or the Calculation Agent on its behalf for the replacement of the Fund by a Replacement Fund.

"Trading Day" means, unless otherwise specified in the definition of the relevant Series in the applicable Final Terms, (i) with respect to each Certificate, Commodity, Fund that is an

exchange traded fund or Share, any day that is (or but for the occurrence of a Market Disruption Event or Fund Event, as applicable, would have been) a trading day on each Exchange or Related Exchange other than a day on which trading on the Exchange or Related Exchange is scheduled to close prior to its regular weekday closing time, (ii) with respect to a Fund, any day (or, but for the occurrence of a Fund Event, would have been a day) on which trading in the Fund can take place, (iii) with respect to an Index, any day on which the Index Sponsor should calculate and publish the closing level of the Index according to its rules and (v) with respect to an FX Rate, any day that is (or but for the occurrence of a Market Disruption Event, would have been) a day on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the Settlement Currency;

"Valuation Date" means the date or dates specified as such in the definition of the relevant Series in the applicable Final Terms or, if any such day is not a Trading Day, the next following Trading Day, unless, in the determination of the Issuer or the Calculation Agent on its behalf, either

- (i) a Market Disruption Event has occurred on that day with respect to any Basket Constituent, in which case the Valuation Date shall be the first succeeding Trading Day on which the Issuer or the Calculation Agent on its behalf determines that there is no Market Disruption Event unless the Issuer or the Calculation Agent on its behalf determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Valuation Date. In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (b) the Issuer or the Calculation Agent on its behalf shall determine the price, level or NAV, as applicable, having regard to the then prevailing market conditions, the last reported trading price of the Basket Constituent and such other factors as the Calculation Agent determines to be relevant; or
- (ii) a Fund Event has occurred on that day in which case the provisions of Product Condition 4(i)(ii) shall apply and the Valuation Date shall be adjusted accordingly;

"Valuation Time" means (i) with respect to each Commodity and FX Rate at or around the time specified as such in the definition of the relevant Series in the applicable Final Terms, (ii) with respect to each Index the time with reference to which the Index Sponsor calculates the closing level of the Index, (iii) with respect to each Certificate or Share, the official close of trading on the relevant Exchange, (iv) with respect to each Fund (other than those Funds which are exchange traded funds) the time with reference to which the fund manager

publishes the NAV or value and (v) with respect to Funds which are exchange traded funds the time specified as such in the definition of the relevant series in the applicable Final Terms. All unless otherwise specified in the definition of the relevant Series in the applicable Final Terms or, such other time as the Issuer or the Calculation Agent on its behalf may select in its absolute discretion and notify to Holders in accordance with General Condition 4; and

"Weight" means, for each Basket Constituent, the percentage specified as such in the definition of Basket of the relevant Series in the applicable Final Terms, subject to adjustment in accordance with Product Condition 4.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

### 2. FORM

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "Holder" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name

a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "Holder" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in

the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

### 3. RIGHTS AND PROCEDURES

(a) Exercise. Provided no Early Termination Event has occurred and notwithstanding notice of an Issuer Call, the Securities will be deemed to be automatically exercised on the Exercise Date.

- (b) Issuer Call. If "Issuer Call" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate, subject to a valid Exercise or Early Termination Event (if applicable), the Securities in whole, but not in part, on any Business Day at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Early Termination Event: Upon the occurrence of an Early Termination Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. An Early Termination Event will override an Issuer Call and/or due Exercise if the Early Termination Event occurs prior to an Issuer Call Date or Valuation Date as the case may be.
- (d) Cash Settlement. Each Security upon Exercise, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Cash Amount. Each Security following an Early Termination Event, subject to delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date the Early Termination Amount. Each Security upon termination pursuant to an Issuer Call, subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership entitles its Holder to receive from the Issuer on the Settlement Date the Issuer Call Cash Amount.
- (e) Interest Amount. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (f) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including exercise. No interest shall accrue after the Exercise Date, the Issuer Call Date in respect of an Issuer Call or after the Early Termination Date in respect of which an Early Termination Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event or a Fund Event.

- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, Issuer Call Cash Amount, Early Termination Amount or Interest Amount, if applicable.
- (i) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

### A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with any Cash Amount, Issuer Call Cash Amount or Early Termination Amount (if any) for such Securities;
- (v) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- (vi) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the

United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (vii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (k) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for value on the Settlement Date.
- (1) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (o) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency;

where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

(p) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. ADJUSTMENTS

(a) Market Disruption in relation to a Commodity. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(a), a "Market Disruption Event" means:

- (i) Price Source Disruption. The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Commodity on the Exchange; or
- (iv) Material Change in nature of or pricing method. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Commodity; or

- (v) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content, composition of the Commodity; or
- (vi) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or, a material reduction in, trading in the Commodity on the Exchange; or
- (vii) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Early Termination Date, Issuer Call Date or Valuation Date, as the case may be, and/or on each of the three Trading Days following the Early Termination Date, Issuer Call Date or Valuation Date, as the case may be, from what it would have been without that imposition, change or removal; or
- (viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
- (ix) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.
- (b) Market Disruption in relation to an FX Rate. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

# In this Product Condition 4(b), a "Market Disruption Event" means:

- (i) Price Source Disruption. If it becomes impossible to obtain any one or more FX Rates on the Early Termination Date, Issuer Call Date or Valuation Date, as the case may be; or
- (ii) Governmental Default. If with respect to any security or indebtedness for money borrowed or guaranteed by any Governmental Authority, there occurs

a default, event of default or other similar condition or event (howsoever described) including, but not limited to, (i) the failure of timely payment in full of principal, interest or other amounts due (without giving effect to any applicable grace periods) in respect of any such security indebtedness for money borrowed or guarantee, (ii) a declared moratorium, standstill, waiver, deferral, repudiation or rescheduling of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee or (iii) the amendment or modification of the terms and conditions of payment of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee without the consent of all holders of such obligation. The determination of the existence or occurrence of any default, event of default or other similar condition or event shall be made without regard to any lack or alleged lack of authority or capacity of such Governmental Authority to issue or enter into such security, indebtedness for money borrowed or guarantee; or

- (iii) Inconvertability/non-transferrability. The occurrence of any event which (i) generally makes it impossible to convert the currencies in any one or more FX Rates through customary legal channels for conducting such conversion in the principal financial centre of a Basket Constituent Currency or (ii) generally makes it impossible to deliver a Basket Constituent Currency from accounts in the country of the principal financial centre of that Basket Constituent Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
- (iv) Nationalisation. Any expropriation, confiscation, requisition, nationalization or other action by any Governmental Authority which deprives the Issuer (or any of its affiliates), of all or substantially all of its assets in the country of the principal financial centre of a Basket Constituent Currency; or
- (v) Illiquidity. Any impossibility in obtaining a firm quote for any one or more FX Rates or the Settlement Currency for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or
- (vi) Change in Law. A change in law in the country of the principal financial centre of a Basket Constituent Currency which may affect the ownership in and/or the transferability of that Basket Constituent Currency; or

- (vii) Imposition of Tax/Levy. The imposition of any tax and/or levy with punitive character which is imposed in the country of the principal financial centre of a Basket Constituent Currency; or
- (viii) Unavailability of Settlement Currency. The unavailability of the Settlement Currency in the country of the principal financial centre of a Basket Constituent Currency; or
- (ix) Other Events. Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

For this purpose a "Governmental Authority" is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of the Settlement Currency.

(c) Market Disruption in relation to a Certificate and a Share. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(c), "Market Disruption Event" means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares or Certificates, as applicable, on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares or Certificates, as applicable, on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(d) Market Disruption in relation to an Index. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(d), a "Market Disruption Event" means (i) a general moratorium is declared in respect of banking activities in the country in which any Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise

exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (e) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
  - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders of the relevant Shares by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(f) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the

Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4: or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and

absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"**De-listing**" (in this Product Condition 4(f) only) means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" (in this Product Condition 4(f) only) means any (i) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (ii) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (iii) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Determination Date.

"Nationalisation" means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

- "Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.
- (g) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
  - (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the "Successor Sponsor") acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Early Termination Date, Issuer Call Date or Valuation Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Early Termination Date, Issuer Call Date or Valuation Date, as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order so to account for: (A) a distribution or dividend to existing holders of the Index Shares (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders of the Index Shares by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer of the Index Shares has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Index Shares at a time when the relevant issuer of the Index Shares has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer of the Index Shares, provided that, in all cases, the related exdividend date occurs during the period from but including the Issue Date up to and excluding the Early Termination Date, Issuer Call Date or Valuation Date, as the case may be; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

(3)

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding

any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

# (h) Adjustments to the Basket

If a De-Listing occurs with respect to a Fund, Certificate or a Share, as applicable or a Fund, Certificate or Share, as applicable is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Fund, Certificate or Share, as applicable by a successor fund, certificate or share, as applicable which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Fund, Certificate or Share, as applicable (B) remove the de-listed or cancelled Fund, Certificate or Share, as applicable and allocate the Fund Final Reference, Certificate Final Reference Price or Share Final Reference Price, as applicable of such Fund, Certificate or Share, as applicable as of the effective date of the de-listing or cancellation, pro rata to the remaining Funds, Certificates or Shares, as applicable or (C) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

"De-listing" means, for the purpose of the foregoing paragraph, a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which they are listed (and such cessation or suspension is continuing and they are not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

In order to constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.

## (B) NAV/Price and Reporting:

- (5) (i) In respect of any Reference Asset, the occurrence of any event affecting such Reference Asset that, in the determination of the Issuer or the Calculation Agent on its behalf, would make it impossible or impracticable for the Issuer or the Calculation Agent to determine the value of such Reference Asset, and the Issuer or the Calculation Agent on its behalf determines that such event will not be, or has not been, resolved within 15 calendar days from the occurrence of such event; (ii) any failure of the Fund, any Fund Service Provider or any director of the Fund to deliver, or cause to be delivered, (A) information that such person has agreed to deliver, or cause to be delivered, to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider in respect of the Fund (including, without limitation, any information required by the Issuer or the Calculation Agent in the execution of its duties and obligations under the Securities or required by the Issuer or the Calculation Agent in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities) or (B) information that has been previously delivered to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider, in accordance with such person's, or its authorised representative's, normal practice and that the Issuer or the Calculation Agent deems necessary for it to perform its duties and obligations under the Securities or that the Issuer or the Calculation Agent deems is required by it in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities (including, in either case, monitoring the

Fund's compliance with any Portfolio Guidelines, asset allocation methodologies, the occurrence of any Fund Event or any other similar policies relating to such Reference Assets).

- a subdivision, reclassification or distribution of Reference Assets which has a diluting or concentrative or other effect on the value (theoretical or otherwise) of the Reference Assets;
- (2) a portion of each Reference Asset is converted (whether by way of redemption and re-issue or otherwise) into new securities participating in the capital of the Fund, which securities are subject to lock-up periods during which they may not be redeemed and which relate to any segregated assets of the Fund, or the Fund creates any other form of "side-pocket" which affects the Reference Assets;
- (3) a (i) dividend (including cash and whether ordinary or extraordinary), (ii) distribution or (iii) issue of Reference Assets, capital, securities, rights or other assets or interests to existing holders of Reference Assets which has or is likely to have an adverse effect on the value (theoretical or otherwise) of the Reference Assets;
- (4) any suspension or limitation on the trading of the relevant currencies in which the Reference Assets are denominated or any amendment to the currency of denomination of the Reference Assets so that their price is no longer calculated in the same currency as at the Inclusion Date of the Fund; or

# (D) Trading and Fees:

(1) In respect of the Reference Assets, the Fund or any Fund Service Provider increases the level of any redemption fee, subscription fee, management fee, performance fee or a bid/offer spread (or other charge however described) above the level that would have been applicable to any Reference Assets held by any of the Issuer, any affiliate of the Issuer or any Hedge Provider on the Inclusion Date (regardless of whether any such person actually holds any Reference Assets as of such date).

- (2) Any suspension of or limitation imposed on trading of the Fund or on trading in the Reference Assets (for any reason, including, without limitation, by reason of liquidity restrictions) or any dealing request made by any investor or prospective investor in the Fund or the Reference Assets is deferred in whole or in part or is made at a value other than the related NAV or price, as applicable.
- (3) The frequency at which Reference Assets can be traded is amended or the timing for subscription or redemption of Reference Assets is amended, in each case so that it is no longer that specified in the Fund Documents and/or Fund Prospectus as they prevailed on the Inclusion Date, including, without limitation, an amendment to the timetable for payment of redemption proceeds upon redemption.
- (4) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Reference Assets or is entitled to any other amount and:
  - (I) does not receive the full proceeds of such redemption or amount in cash in accordance with the timing set out in the Fund Documents or the Fund Prospectus; or
  - receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,

or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any Hedge Provider to redeem Reference Assets or be entitled to actual payment of any such other amount.

- (1) The Fund Adviser indicates or acknowledges that in its opinion the strategy/investment objective of the Fund will not be, or is no longer able to be, met.

resignation, termination of appointment or replacement of any other Fund Service Provider from its role as such occurs with respect to the Fund or (b) any change in the personnel of any Fund Service Provider occurs which the Issuer or the Calculation Agent on its behalf considers materially adversely affects the ability of such Fund Service Provider to carry out its duties with respect to the Fund.

- (4) The Issuer or the Calculation Agent on its behalf becomes aware of any failure by the Fund or any person on its behalf to disclose to the Issuer or the Calculation Agent on its behalf, on or before the Inclusion Date, any information, event or circumstance that was in existence on such date and that would have been necessary to enable the Issuer or the Calculation Agent to make an informed assessment of the assets and liabilities, financial position and prospects of the Fund and of the rights attaching to the Reference Assets.
- (F) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in subparagraphs (A) to (E) above.
- (j) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a "Permitted Action"):

- (A) (1) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (2) determine the effective date of the relevant adjustments; or
- (B) select a Replacement Fund and a Substitution Date. Following any such selection (1) the Replacement Fund shall replace the affected Fund on the Substitution Date, (2) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (3) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment

- terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (C) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (D) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (1) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (2) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (1) or (2) of this Product Condition 4(j)(D) (as determined by the Issuer or the Calculation Agent on its behalf), (3) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (1), (2) or (3), a "Suspension Asset").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(j), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has

occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

- (k) Fund Event Methodology and Determinations:
  - (A) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value gives a fairer representation than the more recent figure.
  - (B) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
  - (C) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required

to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

(1) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

# 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

(a) Global Form. Except in the case of Securities issued in the form specified in Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the "Global Security") which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the

term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If CREST is specified as the Clearing Agent in the relevant Final Terms, the Securities will be cleared through CREST. Such Securities will be registered securities in dematerialised and uncertificated form, and will be (i) participating securities and (ii) uncertificated securities in accordance with the Uncertificated Securities Regulations 2001 (SI. No. 3755) as amended, supplemented or replaced from time to time (the "**Regulations**").

Securities cleared through CREST may be transferred in accordance with the Regulations and the rules, procedures and practices of the relevant Operator (as defined below). No transfer of such Securities will be valid unless and until entered on the relevant Operator register of corporate securities (as defined in and in accordance with, the Regulations).

In the case of Securities cleared through CREST, title to the Securities is recorded on the relevant Operator register of corporate securities (as defined in the Regulations). The Registrar on behalf of the Issuer will maintain a register of such Securities recorded on the relevant Operator register of corporate securities (the "Register") and shall procure that the Register is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator and the Regulations. Subject to this requirement, (i) each person who is for the time being shown in the Register as the holder of such Securities shall be treated by the Issuer and the Registrar as the holder of such Securities for all purposes and (ii) neither the Issuer nor the Registrar shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Register which the Registrar maintains are in

accordance with particulars entered in the Operator register of corporate securities relating to such Securities (and the expression "**Holder**" and related expressions shall be construed accordingly).

Any reference to the "**Operator**" (as such term is used in the Regulations) shall be to CREST and shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator approved by the Issuer from time to time in accordance with the Regulations and notified to the relevant Holders in accordance with General Condition 4.

Any indication herein that the Operator "shall do", or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in the Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the relevant Registrar or the Calculation Agent of responsibility or liability for the performance of the Operator.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the "Dematerialised Securities") or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the "Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the "Custodian"), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, in these Conditions, the term "Holder" means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

#### 3. RIGHTS AND PROCEDURES

- (a) Exercise. The Securities will be deemed to be automatically exercised on the Valuation Date.
- (b) Settlement. Each Security, upon due exercise, and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date or, if later, five Business Days following the delivery of the Notice, subject to General Condition 6(c), the Cash Amount or the Certificate Amount, as the case may be, specified as such in the definition of Settlement for the relevant Series in the applicable Final Terms.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount, the Certificate Amount, Realised Certificate Amount, or the Disruption Cash Settlement Price, as the case may be.

The purchase of Securities does not confer on any holder of such Securities any rights attached to the Certificates.

(e) Notice. All payments shall be subject to the delivery of a duly completed notice (a "Notice") to a Clearing Agent with a copy to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar with a copy to the Issuer. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

#### A Notice shall:

(i) specify the number of Securities to which it relates;

- (ii) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be debited with the Securities to which it relates;
- (iii) irrevocably instruct and authorise the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to debit on or before the Settlement Date such account with such Securities;
- (iv) specify the number of the account with the Clearing Agent or, where the Securities are cleared through CREST, the Operator and the Registrar to be credited with any Cash Amount;
- (v) specify the Delivery Details;
- (vi) where the Securities are cleared through CREST, specify the account of the Holder and any such other details as may be required to enable receipt or delivery of any settlement in respect of any Securities other than in cash;
- (vii) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "U.S. person" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (viii) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (f) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or (g) the copy is delivered to the Principal Agent or the Swiss Agent, or in the case of Securities cleared through CREST, the Registrar after the close of business in the place of receipt on the Valuation Date, then the Certificate Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Certificate Amount whether on or after the Settlement Date being the "Delivery Date") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Valuation Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Certificate Amount, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Certificates comprised in the Certificate Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Certificates multiplied by the Entitlement if an Entitlement is specified and shall hold the proceeds (the "Realised Certificate Amount") for the account of the Holder until presentation of the relevant Notice. Upon payment of the Realised Certificate Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (h) Delivery of the Certificate Amount. Subject as provided in the Conditions, the delivery of the Certificate Amount shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Certificates or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery.
- (i) Settlement. The Issuer shall pay or cause to be paid the Cash Amount for each Security with respect to which a Notice has been delivered to the account specified in

the relevant Notice for value on the date determined according to Product Condition 3(b).

Determinations. Failure properly to complete and deliver a Notice may result in such (j) Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (1) Intervening Period. With respect to delivery of the Certificate Amount, for such period of time after the Valuation Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Certificates comprising the relevant Certificate Amount (the "Intervening Period"), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Certificates or any other person

any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Certificates, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Certificates during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Certificates or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any such other person being the legal owner of such Certificates during such Intervening Period.

- (m) Settlement Disruption. If the Securities are to settle by delivery of the Certificate Amount and prior to delivery of the Certificate Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Settlement Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of the Certificate Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of delivery of the Certificate Amount and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that notice of such election is given to the Holders in accordance with General Condition 4. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment in respect of a Security in the event of any delay in the delivery of the Certificate Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (n) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any

acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (o) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (p) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

#### 4. Adjustments

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.
  - "Market Disruption Event" means (i) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) in the Certificates on the Exchange or any other exchange on which the Certificates are listed; or (B) on any Related Exchange in any

options contracts or futures contracts or other derivatives contracts relating to the Certificate if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
  - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

# 5. EFFECT OF FINAL TERMS

authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (ix) authorise the production of such Notice in any applicable administrative or legal proceedings.
- (h) Verification. In respect of each Notice, the relevant Holder must provide evidence to the Principal Agent or the Swiss Agent, in either case reasonably satisfactory to the Principal Agent or, where the Securities are cleared through CREST, the Registrar of its holding of such Securities.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Exercise Date, then any Delivery Parcel, if applicable, will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Delivery Parcel whether on or after the Settlement Date being the "Delivery Date") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Exercise Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of any Delivery Parcel, if applicable, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Delivery Shares comprised in such Delivery Parcel in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Delivery Shares and shall hold the proceeds (the "Realised Delivery Parcel") for the account of the Holder until

- presentation of the relevant Notice. Upon payment of the Realised Delivery Parcel as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Delivery of the Delivery Parcel. Subject as provided in the Conditions, the delivery of the Delivery Parcel shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Delivery Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of the Holder or any other person as the registered shareholder in respect of the Delivery Shares comprised in any Delivery Parcel in the register of members of the Delivery Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Delivery Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.
- (k) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent or, where the Securities are cleared through CREST, the Registrar and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent or, where the Securities are cleared through CREST, which is not delivered to the Registrar, in each case as provided in the Conditions, shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent or, where the Securities are cleared through CREST, the Registrar, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent or the Swiss Agent or, where the Securities are cleared through CREST, at the time such correction is delivered to the Registrar as provided in the Conditions.

The Principal Agent or, where the Securities are cleared through CREST, the Registrar shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent nor, where the Securities are cleared through CREST, the Registrar shall be liable to

- any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (l) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent or the Swiss Agent or, where the Securities are cleared through CREST, the Registrar, as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- Intervening Period. With respect to delivery of the Delivery Parcel, for such period of (m) time after the Exercise Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Delivery Shares comprising the relevant Delivery Parcel (the "Intervening Period"), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of such Delivery Shares or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by that person in its capacity as the holder of such Delivery Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Delivery Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Delivery Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any such other person being the legal owner of such Delivery Shares during such Intervening Period.
- (n) No Dividends. No dividend in respect of any Share, Nominee Security or Delivery Parcel to be delivered will be payable to Holders.
- (o) Settlement Disruption. If prior to delivery of the Delivery Parcel in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Settlement Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of the Delivery Parcel is not practicable by reason of a Settlement Disruption Event, then in lieu of delivery of the Delivery Parcel and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that notice of such election is given to the Holders in accordance with General Condition 4. Payment of the

Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment in respect of a Security in the event of any delay in the delivery of the Delivery Parcel relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and none of the Issuer, any Agent nor, where the Securities are cleared through CREST, the Registrar shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Agents nor, where the Securities are cleared through CREST, the Registrar shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (q) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (r) Presentation and Surrender. Unless the Securities are cleared through CREST, the Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so

paid. Where the Securities are cleared through CREST, General Condition 20 shall apply.

(s) New Delivery Share Request. A Holder may, by delivery of a duly completed written notice to the Issuer at:

Level 22 88 Phillip Street Sydney NSW 2000

Attn: Manager, Equities Operations

at least 10 Business Days (unless otherwise specified in the definition of the relevant Series in the applicable Final Terms) prior to the Exercise Date (a "New Delivery Share Request Notice") request that a Delivery Share and its corresponding Delivery Share Weighting (each as specified in the definition of the relevant Series in the applicable Final Terms) be replaced with a new delivery share ("New Delivery Share") with a new corresponding weighting ("New Delivery Share Weighting" and such request, a "New Delivery Share Request"). The form of the New Delivery Share Request Notice may be obtained during normal business hours from the office of the Issuer specified above. The Issuer may, in its sole and absolute discretion, consent to a New Delivery Share Request by notice in writing to the Holder 5 Business Days (unless otherwise specified in the definition of the relevant Series in the applicable Final Terms) prior to the Exercise Date (a "New Delivery Share Request Consent"). If the Issuer does not consent to the New Delivery Share Request, the Delivery Shares shall be delivered to Holder in accordance with the definition of Delivery Shares and Delivery Share Weighting for the relevant Series in the applicable Final Terms without further notice to Holder pursuant to Product Condition 3(c) and subject to Product Condition 5. Neither the Issuer nor the Agents shall under any circumstances be liable for exercising its discretion to not consent to the New Delivery Share Request. For the avoidance of doubt, if the Issuer gives a New Delivery Share Request Consent, all references to a Delivery Share and a Delivery Share Weighting under these Conditions shall thereafter be deemed to refer to a New Delivery Share and New Delivery Share Weighting.

#### 4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

"Market Disruption Event" means in respect of each Share:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the relevant Exchange or any relevant Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the relevant Shares on the relevant Exchange or any other exchange on which the relevant Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the relevant Shares on any relevant Related Exchange,
  - if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange, in each case relating to the relevant Shares, is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event in respect of the relevant Shares if it results from an announced change in the regular business hours of the relevant Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event in respect of the relevant Shares.

- (b) Potential Adjustment Events. Following a declaration by a Share Company of the terms of any Potential Adjustment Event in respect of the relevant Shares, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of that Share and, if so, will:
  - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

"Potential Adjustment Event" means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the relevant Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the relevant Shares equal to or greater than 8 per cent. per annum of the then current market value of such Shares; (E) a call by the Share Company in respect of relevant Shares, that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event (including but not limited to any takeover bid any scheme of arrangement, arrangement, compromise, or reconstruction of the Share Company which results in the reconstruction, cancellation, replacement or modification of the Shares or any other event that, in RBS' reasonable opinion is similar) that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to any Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
  - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made

by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the relevant Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4: or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts in respect of the relevant Shares traded on any relevant Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts in respect of the relevant Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the relevant Related Exchange, if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

"**De-listing**" means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means, in respect of any Share Company, any (1) reclassification or change to the relevant Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of that Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding relevant Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding relevant Shares that results in a transfer of, or an irrevocable commitment to transfer, a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

"Nationalisation" means that all the Shares of the relevant Share Company or all the assets or substantially all the assets of the relevant Share Company, are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the relevant Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) If any such Market Disruption Event, Potential Adjustment Event, De-listing, Merger Event, Nationalisation and Insolvency occurs in relation to Delivery Shares after the Issue Date but on or before the Exercise Date, the Calculation Agent may, in its sole

and absolute discretion, make adjustments to the Conditions or the applicable Final Terms in order to account for any such event if it considers it appropriate to do so to. The adjustments that the Calculation Agent may make include, but are not limited to, adjusting the number and/or description of the Delivery Shares and or the Delivery Share Weightings so as to preserve, to the extent possible, the equivalent economic value of the rights of the Holders immediately prior to such event having regard to the event, any diluting or concentrating effect of that event and the redesignation of, or replacement of the Delivery Shares with any other securities. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the event.

(e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event set out in this Product Condition 4 or the applicable Final Terms if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 or the applicable Final Terms on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. AGENCY SALE ARRANGEMENT

If a Holder wants the Issuer to arrange for the sale of its Delivery Parcel, the Holder may, elect in its Maturity Notice to enter into the Agency Sale Arrangement with the Issuer. A Holder which enters into an Agency Sale Arrangement will receive the proceeds of sale of its Delivery Parcel less Expenses associated with the sale of the Delivery Parcel ("Sale Proceeds") within 10 Business Days of the Settlement Date, or as soon as reasonably practicable thereafter.

If a Holder has elected to enter into an Agency Sale Arrangement and the Issuer consents to such election, the Issuer (either itself or through a nominee) will procure the delivery of the Delivery Parcel as follows:

(a) the Issuer or its nominees are irrevocably authorised by the Holder to accept physical delivery of the Delivery Parcel for and on behalf of the Holder on the Settlement Date;

- (b) the Holder irrevocably authorises the Issuer or its nominees to sell, and irrevocably directs and authorises the Issuer or any of its nominees to take all actions necessary or desirable, to effect the sale by the Issuer or its nominees of the Delivery Parcel;
- (c) the Issuer or its nominees on behalf of the Issuer will deliver to the Holder's nominated account (or pay by cheque to the Investor if no nominated account is nominated) the Sale Proceeds, within 10 Business Days of the Settlement Date or as soon as reasonably practical thereafter; and
- (d) the Holder acknowledges and agrees that:
  - (i) subject to (d)(iii) below, the Issuer or its nominees agree to use reasonable endeavours to sell the Delivery Parcel on behalf of the Holder for an amount per Delivery Share equal to the Delivery Share Final Reference Price;
  - (ii) to the maximum extent permitted by law, and in the absence of gross negligence or wilful misconduct on its part, the Issuer and its nominees are not responsible for any losses, costs or expenses incurred by the Holder as a result of using the Agency Sale Arrangement; and
  - (iii) the Issuer or its nominees will use reasonable endeavours to sell the relevant Delivery Parcel in accordance with paragraph (d)(i) above. If, for any reason whatsoever, the Issuer is unable to sell the Delivery Parcel for an amount per Delivery Share equal to the Delivery Share Final Reference Price, the Holder irrevocably authorises the Issuer to sell the relevant Delivery Parcel as soon as reasonably practicable at the market price of such Delivery Parcel available to the Issuer at the time of sale and as determined by the Calculation Agent having regard to such factors as the Calculation Agent determines to be relevant.

#### 6. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
