(‘**RBS Holdings**’), which is incorporated as a limited liability company under Dutch law by deed of 30 May 1990. The articles of association of RBS Holdings were last amended by deed of 1 April 2010 executed before Mr. M.W. Gajaart, a deputy of Mr. B.J. Kuck, a notary public in Amsterdam. The registered office of RBS Holdings is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The

Netherlands.

RBS Holdings owns 100 per cent. of RBS N.V.'s shares and is jointly and severally liable for all our liabilities in respect of the structured products pursuant to a declaration under Article 2:403 of the Dutch Civil Code.

RBS Holdings and the Issuer form part of The Royal Bank of Scotland Group plc (referred to as the '**Group**', '**RBS**' or '**RBS Group**').

Overview:

The Issuer is a bank licensed by the Dutch Central Bank (*De Nederlandsche Bank*) and constitutes a strong and stable wholesale banking enterprise. RBS Group targets the highest possible credit rating for RBS N.V.

The Issuer operates on a significant scale across Europe, Middle East and Africa (EMEA), the Americas and Asia. At legal separation from the ABN AMRO group on 1 April 2010 (see the paragraph "Separation from the ABN AMRO group" below), RBS N.V. has a sizeable balance sheet, a significant staff presence and a broad set of products; provided by a sales force operating in approximately 50 countries (reducing over time following intended asset sales or exits of selected network countries). As at 31 December 2009, the RBS acquired businesses within RBS N.V. reported total consolidated assets of €275 billion and had more than 27,000 full time staff through a network of 264 offices and branches.

Headquartered in Edinburgh, the RBS Group operates in the United Kingdom, the United States and internationally through its two principal subsidiaries, RBS and Natwest. Both RBS and Natwest are major United Kingdom clearing banks whose origins go back over 275 years. In the United States, RBS Group's subsidiary Citizens is a large commercial banking organization. RBS Group has a large and diversified customer base and provides a wide range of products and services to personal, commercial

and large corporate and institutional customers.

Group Organisational Structure:

RBS N.V. comprises the following core businesses:

- Global Banking & Markets: Global Lending, Equities, Short Term Markets & Funding, and Local Markets;
- Global Transaction Services: Global Lending, Transaction Banking and International Cash Management;
- Risk & Restructuring: The Non-Core Division in Risk & Restructuring contains assets that are no longer core to RBS Group's strategic objectives and include Trading, Wholesale Banking and Retail & Commercial Business Units, as well as selected network countries. The assets will reduce over time through wind-down, sale or transfer.

These RBS N.V. businesses are part of global business units in the RBS Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall businesses' strategies of the RBS Group.

Separation from the ABN AMRO group:

On 17 October 2007 85.6% of the shares in ABN AMRO Holding N.V. was acquired through RFS Holdings B.V. ('**RFS Holdings**'), a company incorporated by a consortium consisting of the RBS, Fortis N.V., Fortis SA/NV ('**Fortis**') and Banco Santander S.A. each a '**Consortium Member**'.

On 3 October 2008, the State of the Netherlands ('**Dutch State**') acquired all Fortis' businesses in The Netherlands, including the Fortis share in RFS Holdings. On 24 December 2008, the Dutch State purchased from Fortis Bank Nederland (Holding) N.V. its investment in RFS Holdings, to become a direct shareholder in RFS Holdings.

Agreement as to separation and debt instrument allocation

RBS and the Dutch State agreed that the Dutch State acquired businesses would be legally separated from the residual RBS acquired businesses into a new bank.

As part of the separation process the Consortium Members also came to an agreement on the economic allocation of issued debt instruments within ABN AMRO Bank N.V. to the individual Consortium Members' acquired businesses.

A list of the allocation of the issued debt instruments to the RBS and the Dutch State acquired businesses can be found in the Registration Document on pages 10 to 13, as supplemented.

The LaunchPAD Programme has been economically allocated to RBS N.V.

Legal demerger and legal separation process

On 30 September 2009 ABN AMRO Holding N.V. announced that a two-step approach would be taken to effect the legal separation of the assets and liabilities acquired by the Dutch State:

Step 1 – "**Legal Demerger**": Transfer of the majority of the Dutch State acquired businesses from ABN AMRO Bank N.V. (the '**Demerging Company**') to a new legal entity, ABN AMRO II N.V. (the '**Acquiring Company**'). Following the demergers and the transfer of the Dutch State acquired businesses into the new bank, the Demerging Company was to be renamed The Royal Bank of Scotland N.V. The Acquiring Company, comprising the Dutch State acquired businesses, was to then be renamed ABN AMRO Bank N.V.

The Legal Demerger and the consequent name changes were successfully effected on 6th February 2010.

Step 2 – "**Legal Separation**": Transfer of the shares of the

renamed ABN AMRO Bank N.V. from ABN AMRO Holding N.V. to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding N.V. Following the transfer of the shares in ABN AMRO Bank N.V. to a new holding company, ABN AMRO Holding N.V. was to be renamed RBS Holdings N.V.

The Legal Separation and the consequent name change were successfully effected on 1 April 2010. This represents the final major milestone in the integration of the businesses and assets acquired by RBS.

Following Legal Separation, the Issuer's activities continue to be subject to Dutch Central Bank (*De Nederlandsche Bank*) and the Dutch Authority for the Financial Markets (*Autoriteit Financiële Markten*) supervision and on a consolidated basis as part of the RBS Group subject to UK Financial Services Authority supervision. Due to the change in the operating model of RBS N.V. compared to pre-acquisition ABN AMRO Bank N.V. a licence renewal has been granted by the Dutch Central Bank on 3 February 2010.

Following Legal Separation a new managing board and supervisory board of RBS N.V. were appointed.

Guarantor:

RBS Holdings pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the "**Cash Amount**") or, in the case of exchangeable notes, permit the Holder (as defined below) to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by

reference to the value of the Underlying (the “**Conversion Amount**”). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the “**Underlying**”), in all cases, as provided in the terms of the relevant note. The types of note that may be issued under this Base Prospectus are described below.

Target Coupon Notes:

Target coupon notes are interest bearing cash settled

securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate Notes:

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Callable Index Notes:

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

General Conditions

Set out below is a summary of certain significant provisions of the General Conditions applicable to all Securities issued under this Base Prospectus.

Status of the Securities:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each holder of the Securities (the “**Holder**”) in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated

by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. The Issuer may make adjustments following any event likely to have a material adverse effect on the Issuer's hedge position, subject to the conditions set out in General Condition 5(d).

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as Issuer of the Securities, RBS or any entity other than RBS subject to the conditions set out in General Condition 8. In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the Securities to be issued under this Base Prospectus.

exchangeable notes, either cash settled or physically settled, as specified in the applicable Final Terms.

Market Disruption Events:

If a Market Disruption Event occurs Holders of Securities may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of Security and vary depending on the type of Security.

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders may experience a delay in settlement of delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Product Conditions.

If a Potential Adjustment Event occurs the Calculation Agent may adjust one or more of the Conditions to account for the diluting or concentrative effect of the Potential Adjustment Event. Fund Events are defined in Product Condition 4 for each type of Security (if applicable).

De-listing:	If a De-listing occurs the Calculation Agent may adjust one or more of the Conditions, including replacing the relevant Underlying, to account for such event. De-listing is defined in Product Condition 4 for each type of Security (if applicable).

APPENDIX 1: Unaudited pro forma condensed consolidated financial information relating to RBS Holdings N.V.
APPENDIX 2: Curriculum vitae of supervisory and managing board members

Unaudited pro forma condensed consolidated financial information relating to RBS Holdings N.V.

Background

This appendix provides pro forma financial information as at and for the year ended 31 December 2009 for RBS Holdings N.V. (previously named ABN AMRO Holding N.V.) This information is included to allow investors to assess the impact of the legal separation, which took place on 1 April 2010.

The legal separation was preceded by a legal demerger on 6 February 2010, through which the majority of the Dutch State acquired businesses were demerged to a new legal entity, ABN AMRO II N.V. At the same time ABN AMRO II N.V. was renamed ABN AMRO Bank N.V. and the existing ABN AMRO Bank N.V. was renamed The Royal Bank of Scotland N.V. ('RBS N.V.').

On 5 February 2010 ABN AMRO Holding N.V. made a distribution of EUR 7.5 billion of capital to the parent of ABN AMRO Holding N.V., RFS Holdings B.V., for the benefit of Santander. A further distribution for an amount of EUR 1.5 billion for the benefit of Santander was made immediately before legal separation. After these distributions, the indirect interest of Santander in ABN AMRO Holding N.V. decreased to its share in the remaining Shared Assets.

At legal separation of the new ABN AMRO Bank N.V., ABN AMRO Holding N.V. was renamed RBS Holdings N.V. and the Dutch State's interest in this entity is now limited to its share in the remaining Shared Assets and a limited number of assets and liabilities to be transferred after legal separation (refer to note 3).

Following the legal separation, RBS Holdings N.V. and its sole subsidiary, RBS N.V., substantially contain The Royal Bank of Scotland Group plc ('RBS Group') acquired businesses. For further information, refer to the notes and to Section 2: 'Information about the Company' of the ABN AMRO Holding N.V. Annual Report 2009.

For the purposes of the pro forma:

- RBS Holdings N.V. represents the entity which was previously named ABN AMRO Holding N.V. and renamed RBS Holdings N.V. at the date of legal separation on 1 April 2010, and its consolidated subsidiaries. Following the completion of the legal separation, RBS Holdings N.V. has one direct subsidiary, RBS N.V.
- The new ABN AMRO Bank N.V. represents the entity previously named ABN AMRO II N.V. and its consolidated subsidiaries. This entity was legally separated from ABN AMRO Holding N.V. on 1 April 2010.

The pro forma financial information has been prepared for illustrative purposes only, to show the effect of the legal separation of the new ABN AMRO Bank N.V., on the basis of estimates and assumptions which are preliminary. The pro forma information addresses a hypothetical situation and does not represent the actual position or the results of RBS Holdings N.V.

Notes to pro forma financial information for RBS Holdings N.V.

1 Basis of preparation

The pro forma financial information for RBS Holdings N.V. as at 31 December 2009 has been based on International Financial Reporting Standards ('IFRS') and IFRS as adopted by the European Union. Save as disclosed below, the pro forma financial information does not reflect events subsequent to 31 December 2009.

The pro forma financial information has been prepared on the following basis:

- The pro forma condensed consolidated statement of financial position of RBS Holdings N.V. at 31 December 2009 is presented to show the effect of the legal separation of the new ABN AMRO Bank N.V. and is based on the respective consolidated statements of financial position at 31 December 2009 of RBS Holdings N.V. and the new ABN AMRO Bank N.V. as if the legal separation had occurred on 31 December 2009.
- The pro forma condensed consolidated income statement of RBS Holdings N.V. for the years ended 31 December 2009, 2008 and 2007 is presented to show the effect of the legal separation of the new ABN AMRO Bank N.V. and is based upon the respective consolidated income statements for the years ended 31 December 2009, 2008 and 2007 of RBS Holdings N.V. and the new ABN AMRO Bank N.V. as if the legal separation had occurred on 1 January of the earliest period presented.
- The pro forma condensed consolidated statement of financial position at 31 December 2009 of the new ABN AMRO Bank N.V. assumes that all assets and liabilities acquired by the Dutch State are demerged or otherwise legally transferred and subsequently legally separated with no residual assets or liabilities (see note 3 for information on assets and liabilities to be transferred after the legal separation). Consequently the pro forma total for RBS Holdings N.V. does not include these residual assets except for the Central Items as mentioned in note 4.

The pro forma financial information has been prepared using the same accounting policies and methods of computation as were applied in the preparation of the ABN AMRO Holding N.V. financial statements for the year ended 31 December 2009. Please refer to the accounting policies section within Section 6: 'Financial Statements' of the ABN AMRO Holding N.V. Annual Report 2009 for a more detailed description.

2 Overview of RBS N.V. business after legal separation

RBS Holdings N.V. holds the shares in RBS N.V., a fully operational bank within the RBS Group and licensed and regulated by the Dutch Central Bank. RBS N.V. is an independently rated legal entity for which RBS Group targets the highest possible credit rating.

RBS N.V. constitutes a strong and stable wholesale banking enterprise which operates on a significant scale across Europe, the Middle East and Africa (EMEA), the Americas and Asia. At legal separation on 1 April 2010, RBS N.V. has a sizeable balance sheet, a significant staff presence and a broad set of products provided by a sales force operating in approximately 50 countries. The geographic coverage is expected to reduce over time following intended asset sales or exits from selected network countries. As at 31 December 2009, the RBS acquired businesses within RBS Holdings N.V. reported total consolidated assets of EUR 275 billion and had more than 27,000 full time staff operating through an international network of 264 offices and branches. The operating results of the RBS acquired businesses are discussed in Section 3 'Operating Review' of the ABN AMRO Holding N.V. Annual Report 2009.

RBS N.V. comprises the following core businesses:

- Global Banking & Markets: Global Lending, Equities, Short Term Markets & Funding, and Local Markets;
- Global Transaction Services: Global Trade Finance, Transaction Banking and International Cash Management;
- Risk & Restructuring: The Non-Core Division in Risk & Restructuring contains assets that are no longer core to RBS Group's strategic objectives and include Trading, Wholesale Banking and Retail & Commercial Business Units, as well as selected network countries. The assets will reduce over time through wind-down, sale or transfer.

These RBS N.V. businesses are part of global business units in RBS Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall business strategy of the RBS Group.

3 Assets and liabilities to be transferred after legal separation

A number of assets and liabilities of the Dutch State acquired businesses were not part of the legal demerger. At the date of legal separation, approximately EUR 600 million of assets and EUR 500 million of liabilities remain in RBS N.V. and will be transferred as soon as possible after legal separation. These remaining assets are adequately funded and capitalised until their transfer after legal separation. They are presented as part of the new ABN AMRO Bank N.V. in the pro forma income statement and statement of financial position as they are not significant.

4 Central Items

The pro forma financial information for RBS Holdings N.V. includes in addition to the RBS acquired businesses certain other 'Central Items' as detailed below. For further detail on the Central Items and a discussion of the related operating results, refer to Section 2: 'Information about the Company' and Section 3 'Operating Review' of the ABN AMRO Holding N.V. Annual Report 2009 respectively.

RBS Holdings N.V., after the legal separation, continues to include assets and liabilities that have not yet been settled between the consortium members, the so-called 'Shared Assets', in which each of the consortium shareholders has a joint and indirect interest. The net asset value of the assets and liabilities that are currently expected to remain for an interim period in RBS Holdings N.V. and consolidated subsidiaries amounts to approximately EUR 500 million at 31 December 2009. Sufficient capital remains in RBS Holdings N.V. to cover the Dutch State interest and the Santander interest in the remaining Shared Assets until such time that these are sold, redeemed or otherwise settled.

2. The Base Prospectus was approved as a base prospectus pursuant to Directive 2003/71/EC by the AFM. This Supplement constitutes a supplemental prospectus to the Base Prospectus for the purposes of Article 5:23 of the Financial Supervision Act (*Wet op het financieel toezicht*).
3. This Supplement is supplemental to, and should be read in conjunction with, the Base Prospectus and any other supplements to the Base Prospectus issued by the Issuer.
4. In accordance with Article 5:23(6) of the Financial Supervision Act (*Wet op het financieel toezicht*), investors who have agreed to purchase or subscribe for securities issued under the Base Prospectus before the Supplement is published have the right, exercisable before the end of the period of two working days beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances.
5. The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.

6. Commencing on 1 January 2010, dematerialised Securities issued under the Base Prospectus, which clear through SIX SIS Ltd. in Switzerland, will become Intermediated Securities in accordance with the Federal Intermediated Securities Act (the “**FISA**”) of Switzerland. Accordingly, to reflect the change in law in this jurisdiction, the Base Prospectus is amended as follows:

6.1 Condition 2 (Form) in the Product Conditions sections shall be deleted in its entirety and replaced with the following, in respect of each set of Product Conditions.

“2. FORM

(a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “Holder” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security..

(b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “Rules”). Accordingly, in these Conditions, the term “Holder” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

(c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the

Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “Holder” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.”

6.2 Each set of Form of Final Terms in the Final Terms section shall contain the following additional fields:

<p>Form of the Securities: <i>(Only applicable to Securities where the Clearing Agent is SIX SIS Ltd)</i></p>	<p>[Global Security transformed into Intermediated Securities] [Dematerialised Securities transformed into Intermediated Securities] [Not Applicable]</p>
-------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------

7. Condition 4 (Notices) of the General Conditions section shall be deemed deleted and replaced with the following:

“4. NOTICES

(a) Notices to Holders shall be given by the delivery of the relevant notice to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such notice to the Holders. The Issuer shall also ensure that notices are duly published, to the extent required, in a manner which complies (i) with the rules of any stock exchange or other relevant authority on which the Securities are for the time being listed or in the country in which such Securities have been admitted to trading and (ii) with any relevant legislation.

(b) Any such notice issued pursuant to General Condition 4(a) by being delivered to the Clearing Agent(s) will be deemed to have been given on the date of the delivery of such notice to the Clearing Agent(s). Any such notice issued pursuant to General Condition 4(a) by being published will be deemed to have been given on the date of the first publication (for the avoidance of doubt, such notice having been published by any valid means) or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.”

8. The following Condition 18 (Events of Default) shall be added to the General Conditions section:

“18. EVENTS OF DEFAULT

If any one or more of the following events (each an "Event of Default") shall occur and be continuing:

(a) default is made for more than 30 days in the payment of interest or principal in respect of the Securities; or

(b) the Issuer fails to perform or observe any of its other obligations under the Securities and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied,

then any Holder may, by written notice to the Issuer at the specified office of the Principal Agent, effective upon the date of receipt thereof by the Principal Agent, declare the Security held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as defined below), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

"Early Redemption Amount" means an amount calculated by the Calculation Agent as the fair market value of the Security immediately prior to such Event of Default. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent."

9. To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into the Base Prospectuses by this Supplement and (b) any other statement in or incorporated by reference in the Base Prospectuses, the statements in (a) above will prevail.
10. Save as disclosed in this Supplement and any supplement to the Base Prospectus previously issued, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectus since the publication of the Base Prospectus.

SIXTH SUPPLEMENT TO THE BASE PROSPECTUS IN RESPECT OF THE LAUNCHPAD PROGRAMME FOR THE ISSUANCE OF NOTES

**THE ROYAL BANK OF SCOTLAND N.V.
(previously named ABN AMRO Bank N.V.)**

(Registered at Amsterdam, The Netherlands)

(the Issuer)

RBS LaunchPAD Programme

1. This Supplement dated 8 February 2010 (the **Supplement**) constitutes the sixth supplement to the base prospectus dated 1 July 2009 in relation to the Issuer's LaunchPAD Programme for the Issuance of Notes (the **Base Prospectus**) approved by the Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*, the **AFM**) on 1 July 2009, as supplemented on 8 July 2009, 11 August 2009, 28 August 2009, 19 October 2009 and 27 November 2009.
2. The Base Prospectus was approved as a base prospectus pursuant to Directive 2003/71/EC by the AFM. This Supplement constitutes a supplemental prospectus to the Base Prospectus for the purposes of Article 5:23 of the Financial Supervision Act (*Wet op het financieel toezicht*).
3. This Supplement is supplemental to, and should be read in conjunction with, the Base Prospectus and any other supplements thereto issued by the Issuer.
4. The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case), the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.
5. On 8 February 2010, the Issuer together with ABN AMRO II N.V (now renamed ABN AMRO Bank N.V.) published a press release (the **Completion Press Release**) announcing that on 6 February 2010 it had completed the legal demerger of the Dutch State acquired businesses (the **Legal Demerger**) and associated legal renaming, pursuant to which the Issuer was renamed The Royal Bank of Scotland N.V. and ABN AMRO II N.V. was renamed ABN AMRO Bank N.V. This represents the successful execution of the first step in a two step process ABN AMRO Group chose to affect the legal separation of the assets and liabilities acquired by the Dutch State. The second step, "Legal Separation", will result in the transfer of the shares of the renamed ABN AMRO Bank N.V. from ABN AMRO Holding N.V. to a new holding company fully owned by the Dutch State

and independent of ABN AMRO Holding N.V. (which will after separation be renamed RBS Holdings N.V.). The Completion Press Release is attached to this Supplement as Annex 2.

6. On 8 February 2010, the Issuer also published pro forma financial information as of 31 December 2008 and 30 September 2009 reflecting the impact of the legal transfers and demergers on the Issuer and pro forma financial information for the same dates on ABN AMRO II N.V (now renamed ABN AMRO Bank N.V.) (the **September 2009 Pro Forma Financial Information**). The September 2009 Pro Forma Financial Information is attached to this Supplement as Annex 3.
7. The following amendments are hereby made to the Base Prospectus as a result of the completion of the Legal Demerger:
 - 7.1 All references to "ABN AMRO Bank N.V." as Issuer, Principal Agent and Calculation Agent and all references to "ABN AMRO Bank" in the Base Prospectus are hereby deleted and replaced with references to "The Royal Bank of Scotland N.V."
 - 7.2 The Summary of the Base Prospectus is deleted in its entirety and replaced with the contents of Annex 1 hereto.
8. Following the Legal Demerger, Standard & Poor's (**S&P**), Fitch Ratings Ltd. (**Fitch**) and Moody's Investors Services (**Moody's**) have respectively assigned the following ratings to the Issuer:

S&P: A+ (long term) / A-1 (short term) with a stable outlook;

Fitch: AA- (long term) / F1+ (short term) with a stable outlook.

Moody's: A2 (long term) / P-1 (short term).

The long term rating assigned to the Issuer by Moody's represents a downgrade to A2 from Aa3. This rating action reflects Moody's view that the Issuer has undergone a major restructuring process over the past two years and expects this to continue for the next 1-2 years. They expect this will put pressure on profitability and capitalisation, especially during the transition from Basel I to Basel II. In their view this creates uncertainty around the strength of the underlying franchise of the Issuer.

In all other cases, the ratings assigned to the Issuer remain unchanged from those assigned prior to the Legal Demerger.
9. Copies of the Base Prospectus and all documents incorporated by reference in the Base Prospectus are accessible on <http://markets.rbs.com/bparchive> and can be obtained, on request, free of charge, by writing or telephoning, The Royal Bank of Scotland Group Investor Relations, 280 Bishopsgate, London EC2M 4RB, United Kingdom, telephone +44 207 672 1758, e-mail investor.relations@rbs.com.
10. To the extent that there is any inconsistency between (a) any statement in this Supplement or any statement incorporated by reference into the Base Prospectus by this Supplement and (b) any other statement in or incorporated by reference in the Base Prospectus, the statements in (a) above will prevail.
11. Save as disclosed in this Supplement, there has been no other significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectus since the publication of the Base Prospectus.
12. In accordance with Article 5:23(6) of the Financial Supervision Act (*Wet op het financieel toezicht*), investors who have agreed to purchase or subscribe for securities issued under the Base Prospectus

before the Supplement is published have the right, exercisable before the end of the period of two working days beginning with the working day after the date on which this Supplement was published, to withdraw their acceptances.

Issuer: The Royal Bank of Scotland N.V. (previously named ABN AMRO Bank N.V.) (the ‘**Issuer**’ or ‘**RBS N.V.**’)

History and Development: The origin of RBS N.V. can be traced to the formation of “Nederlandsche Handel-Maatschappij, N.V.” in 1825 pursuant to a Dutch Royal Decree of 1824. ABN AMRO Bank’s Articles of Association were last amended by deed of 26 June 2009 executed before Mr. B.J. Koek, Notary Public in Amsterdam. RBS N.V. is registered in the Commercial Register of Amsterdam under number 33002587. RBS N.V.’s registered office is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS N.V. is a wholly-owned subsidiary of ABN AMRO Holding N.V. (‘**ABN AMRO Holding**’), which is incorporated as a limited liability company under Dutch law by deed of 30 May 1990 as the holding company of the ABN AMRO Group. The Articles of Association of ABN AMRO Holding were last amended by deed of 24 November 2008 executed before Mr. R. J. C. van Helden, Notary Public in Amsterdam. The registered office of ABN AMRO Holding is at Gustav Mahlerlaan 10, 1082 PP

Amsterdam, The Netherlands.

ABN AMRO Holding is the parent company of the ABN AMRO consolidated group of companies (referred to as the '**Group**', '**ABN AMRO**' or '**ABN AMRO Group**'). ABN AMRO Holding owns 100 per cent. of RBS N.V.'s shares and is jointly and severally liable for all our liabilities in respect of the Structured Products pursuant to a declaration under Article 2:403 of the Dutch Civil Code.

Overview:

The ABN AMRO Group is an international banking group offering a wide range of banking products and financial services, including consumer, commercial and investment banking, on a global basis through a network of 1,020 offices and branches in 50 countries and territories, and as at 31 December 2008, had more than 59,000 full time staff. ABN AMRO reported total consolidated assets of €667 billion as at 31 December 2008 and €501 billion as at 30 September 2009, the last externally reported period.

On 17 October 2007 85.6% of ABN AMRO Holding N.V. was acquired through RFS Holdings B.V. ('**RFS Holdings**'), a company incorporated by a consortium consisting of the Royal Bank of Scotland Group plc ('**RBS**'), Fortis N.V., Fortis SA/NV ('**Fortis**') and Banco Santander S.A. ('**Santander**') each a "**Consortium Member**". ABN AMRO applied for de-listing of its ordinary shares from Euronext Amsterdam and the New York Stock Exchange. The de-listing of the ABN AMRO Holding N.V. ordinary shares and the (formerly convertible) preference shares with a nominal value of €2.24 each from Euronext Amsterdam and the de-listing of its American Depositary Shares ('**ADSs**') from the New York Stock Exchange was effected on 25 April 2008. Through subsequent purchases RFS Holdings has now become the sole shareholder of ABN AMRO Holding N.V.

RFS Holdings is controlled by RBS, which is incorporated in the UK and registered at 36 St. Andrew Square,

Edinburgh, Scotland. RBS is the ultimate parent company of ABN AMRO Holding N.V. The consolidated financial statements of the Group are included in the consolidated financial statements of RBS.

On 3 October 2008, the State of the Netherlands (**‘Dutch State’**) acquired all Fortis’ businesses in The Netherlands, including the Fortis share in RFS Holdings. On 24 December 2008, the Dutch State purchased from Fortis Bank Nederland (Holding) N.V. its investment in RFS Holdings, to become a direct shareholder in RFS Holdings.

ABN AMRO is separately governed by its managing board and supervisory board and regulated by the Dutch Central Bank.

Group Organisational Structure:

From 1 January 2009, ABN AMRO is comprised of three reportable segments, namely “RBS acquired”, “Dutch State acquired” and “Central Items”. The “RBS acquired” segment principally contains the international lending, international transaction services with operations in Europe, Asia and the Americas and the equities business of the RBS group. The “Dutch State acquired” segment serves Dutch commercial clients, Dutch consumer clients, and Dutch and international private clients, and includes the International Diamond and Jewelry business. The “Central Items” segment includes items that are not allocated to but economically shared by the Consortium Members as well as settlement amounts accruing to Santander.

The Group presented segmental disclosures to reflect the above changes in its interim results for the period ended 30 June 2009, which it published 30 September 2009 and which has been filed with the Netherlands Authority for the Financial Markets (*Stichting Autoriteit Financiële Markten*, the AFM).

In 2008 the Group disclosed six reportable Business Units (**‘BU’s**), namely Europe, Americas, Asia, the Netherlands,

Private Clients and Central Items. The change from six reportable BUs to three reportable segments reflects the focus of the managing board on the creation and subsequent legal separation of the Dutch State acquired businesses from the residual RBS acquired businesses into two separate independent banks, and the consequential impact that this progression has had on the management of the Group.

Central Items as noted includes items that are not allocated to but economically shared by the Consortium Members, as well as accumulated amounts accruing to Santander arising from the disposal of Banco Real and other sales and settlements. In addition prior to April 2008, the majority of the Group Asset and Liability Management portfolios were economically shared prior to allocation to the respective Consortium Members. Since the allocation was effected on the basis of prospective agreements between Consortium Members, Group Asset and Liability Management results prior to this date are reported in Central Items. Remaining unallocated Group Asset and Liability Management portfolios continue to be reported in Central Items.

Separation Activity:

Business description and separation activity in 2009

RBS and the Dutch State agreed that the Dutch State acquired businesses would be legally separated from the residual RBS acquired businesses into a new bank. A strategy was developed in relation to the RBS acquired businesses that will remain in ABN AMRO. These businesses are principally part of the Global Banking & Markets, Global Transaction Services, Retail and Commercial Banking divisions of RBS.

Issued debt instrument allocation

As part of the separation process the Consortium Members came to an agreement on the economic allocation of issued debt instruments within ABN AMRO to the individual

Consortium Members' acquired businesses. All Santander allocated instruments were transferred as part of the business transfers carried out in 2008.

A list of the allocation of the remaining issued debt instruments to the RBS and the Dutch State acquired businesses can be found in the Registration Document on pages 10 to 13, as supplemented.

The LaunchPAD Programme has been economically allocated to the RBS acquired businesses of ABN AMRO.

Announcement of legal demerger process

On 30 September 2009 ABN AMRO Group announced that it had chosen a two-step approach to effect the legal separation of the assets and liabilities acquired by the Dutch State:

Step 1 – "**Legal Demerger**": Transferring the majority of the Dutch State acquired businesses from ABN AMRO Bank N.V. (the '**Demerging Company**') to a new legal entity, ABN AMRO II N.V. (the '**Acquiring Company**'). Some subsidiaries and assets and liabilities were separately transferred to the Acquiring Company before the planned legal demerger date. Following the demergers and the transfer of the Dutch State acquired businesses into the new bank, the Demerging Company would be renamed The Royal Bank of Scotland N.V. The Acquiring Company comprising the Dutch State acquired businesses would then be renamed ABN AMRO Bank N.V.

Step 2 – "**Legal Separation**": Transferring the shares of the renamed ABN AMRO Bank N.V. from ABN AMRO Holding N.V. to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding N.V. (which will be renamed RBS Holdings N.V.)

Completion of legal demerger process and associated legal renaming

On 6th February 2010 the ABN AMRO Group successfully executed the deed of demerger issued by the Amsterdam Chamber of Commerce on 30th September 2009, thereby demerging the majority of the Dutch State acquired businesses.

Effective at the same date the existing legal entity, ABN AMRO Bank N.V., from which the Dutch State acquired businesses were demerged, was renamed The Royal Bank of Scotland N.V. The legal entity into which the Dutch State acquired businesses were demerged was also renamed, from ABN AMRO II N.V. to ABN AMRO Bank N.V. Both The Royal Bank of Scotland N.V. and ABN AMRO Bank N.V. will remain wholly owned by ABN AMRO Holding N.V. until the latter is legally transferred out of the ABN AMRO Group.

This represents the successful execution of the first step in the two step process ABN AMRO Group chose to effect the legal separation of the assets and liabilities acquired by the Dutch State as described above. The second step, "legal separation", will result in the transfer of the shares of ABN AMRO Bank N.V. from ABN AMRO Holding to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding (which will after legal separation be renamed RBS Holdings N.V.).

Until legal separation, ABN AMRO Group will continue to be governed by the ABN AMRO Holding managing board and supervisory board and regulated on a consolidated basis with capital adequacy, liquidity measures and exposures being reported to and regulated by the Dutch Central Bank.

RBS N.V. will be an integral part of the RBS group and will principally contain international lending, international transaction services and equities businesses of the RBS

group. These remaining activities will continue to be subject to Dutch Central Bank (*De Nederlandsche Bank*) supervision and on a consolidated basis as part of the RBS group subject to UK Financial Services Authority supervision. Due to the change in the operating model of RBS N.V. compared to pre-acquisition ABN AMRO Bank N.V. a licence renewal has been granted by the Dutch Central Bank on 3 February 2010.

Following the legal demerger and until legal separation the managing board and supervisory board of RBS N.V. and of ABN AMRO Bank N.V. will be the same as the managing board and supervisory board of ABN AMRO Holding N.V.

Listing and Admission to Trading:

Application will be made to NYSE Euronext or any other stock exchange or market specified in the Final Terms for Securities to be admitted to trading and listed on Euronext Amsterdam by NYSE Euronext or any other stock exchange or market specified in the Final Terms up to the expiry of 12 months from the date of this Base Prospectus. Description of the Securities:

A range of notes may be issued under this Base Prospectus. The terms and conditions (the “**Conditions**”) applicable to such notes are contained in the General Conditions which are applicable to all notes, the Product Conditions applicable to the particular type of note being issued and the Final Terms applicable to the particular Series being issued.

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the “**Cash Amount**”) or, in the case of exchangeable notes, permit the Holder (as defined below) to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the “**Conversion Amount**”). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the “**Underlying**”), in all cases, as provided in the terms of the relevant note. The types of note that may be issued under this Base Prospectus are described below.

Range Accrual Notes:

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a

percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder Notes:

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target Coupon Notes:

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate Notes:

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount

or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Zero Coupon Notes

Zero coupon notes are cash settled securities which are issued at a percentage of the nominal amount and which do not bear any interest.

Currency Exchange Notes:

Currency exchange notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

Yield Discovery Notes:

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Certificate Notes:

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its nominal amount (if it is capital protected) plus a return (which may be zero) calculated by reference to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

Index Notes:

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Inflation Index Notes:

Inflation index notes are fixed-income securities that track a consumer price index (“CPI”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

Callable Index Notes:

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Autocallable Notes:

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount

plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

In the case of a physically settled exchangeable note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

Multi-Asset Basket Linked Notes:

Multi-asset Basket Linked Notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The cash amount payable at maturity on a Note will at least equal a specified percentage of its Nominal Amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the

Underlying, as specified in the applicable Final Terms.

In addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

Commodity Notes:

Commodity notes are cash settled securities which may be partially or fully capital protected and may or may not be interest bearing. The Cash Amount payable at maturity of a commodity note is calculated by reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

Indicative Issue Price:

The Securities will be issued at their nominal amount or a percentage thereof.

Maturity:

The Securities have a fixed maturity date, as specified in the applicable Final Terms, but may be subject to early termination in the event that the level of the Underlying exceeds a level specified in the applicable Final Terms or if the Issuer has a call option.

Interest: The Securities may bear interest, as specified in the applicable Final Terms.

General Conditions Set out below is a summary of certain significant provisions of the General Conditions applicable to all Securities issued under this Base Prospectus.

Status of the Securities: The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination: The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each holder of the Securities (the “**Holder**”) in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption: If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. The Issuer may make adjustments following any event likely to have a material adverse effect on the Issuer’s

hedge position, subject to the conditions set out in General Condition 5(d).

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as Issuer of the Securities, RBS or any entity other than RBS subject to the conditions set out in General Condition 8. In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the Securities to be issued under this Base Prospectus.

Form of Securities:

Except in the case of Securities issued in dematerialised form, the Securities will be issued in global form.

Settlement of Securities:

Securities shall be cash settled or, in the case of exchangeable notes, either cash settled or physically settled, as specified in the applicable Final Terms.

Market Disruption Events:

If a Market Disruption Event occurs Holders of Securities may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of Security and vary depending on the type of Security.

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging

markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders may experience a delay in settlement of delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Product Conditions.

Potential Adjustment Event:

If a Potential Adjustment Event occurs the Calculation Agent may adjust one or more of the Conditions to account for the diluting or concentrative effect of the Potential Adjustment Event. Potential Adjustment Events are defined in Product Condition 4 for each type of Security (if applicable) and vary depending on the type of Security.

Fund Event:

If a Fund Event occurs, the Issuer or the Calculation Agent on its behalf, in each case acting in good faith and in a commercially reasonable manner, may adjust one or more of the Conditions to reflect the impact of the Fund Event. Fund Events are defined in Product Condition 4 for each type of Security (if applicable).

De-listing:

If a De-listing occurs the Calculation Agent may adjust one or more of the Conditions, including replacing the relevant Underlying, to account for such event. De-listing is defined in Product Condition 4 for each type of Security (if applicable).

Governing Law:

English law.

English courts:

The courts of England have exclusive jurisdiction to settle any dispute arising from or in connection with the Securities.

ANNEX 2

DEMERGER PRESS RELEASE

ABN AMRO completes legal demerger of Dutch State acquired businesses and associated legal renaming

Certain definitions

Throughout this press release, 'ABN AMRO Holding' means ABN AMRO Holding N.V. The term 'ABN AMRO' refers to ABN AMRO Holding and its consolidated subsidiaries. 'RBS N.V.' and 'the Demerging Company' means The Royal Bank of Scotland N.V. (previously named ABN AMRO Bank N.V.) and its consolidated subsidiaries. The 'Acquiring Company' means the new entity named ABN AMRO Bank N.V. (previously named ABN AMRO II N.V.). 'EUR' refers to euros, while 'USD' refers to US dollars.

The terms 'Consortium' and 'Consortium Members' refer to The Royal Bank of Scotland Group plc (RBS Group), Fortis N.V., Fortis SA/NV (Fortis) and Banco Santander S.A. (Santander) that jointly acquired ABN AMRO Holding N.V. on 17 October 2007 through RFS Holdings B.V. On 3 October 2008 the State of the Netherlands (Dutch State) acquired Fortis Bank Nederland (Holding) N.V., including the interest in RFS Holdings B.V. that represents the acquired activities of ABN AMRO, and effectively became the successor of Fortis in the Consortium Shareholder Agreement.

Furthermore, all references to ABN AMRO Bank N.V. (where it is clear from the context that such reference is not a reference to the Acquiring Company) shall be deemed to be a reference to The Royal Bank of Scotland N.V.

The term 'legal demerger' refers to the legal demerger (*juridische splitsing*) under Title 2:7 of the Dutch Civil Code of ABN AMRO into the Acquiring Company and the Demerging Company, pursuant to the legal demerger. The Dutch State acquired businesses were transferred to the Acquiring Company from the Demerging Company on 6 February 2010. Certain subsidiaries and assets and liabilities were separately transferred to the Acquiring Company prior to the execution of the legal demerger and some further assets and liabilities will be separately transferred to the Acquiring Company around the same time or shortly after the execution of the legal demerger.

On 6 February 2010 ABN AMRO successfully executed the deed of demerger in accordance with the demerger proposal filed with the Amsterdam Chamber of Commerce on 30 September 2009, thereby demerging the majority of the Dutch State acquired businesses. Additionally, as part of the overall separation process, some subsidiaries and assets and liabilities were separately transferred to the new legal entity ahead of the execution of the legal demerger. Furthermore, some further assets and liabilities will be separately transferred to the Acquiring Company around the same time or shortly after the execution of the legal demerger.

Effective at the same date, the existing legal entity ABN AMRO Bank N.V., from which the Dutch State acquired businesses were demerged, was renamed The Royal Bank of Scotland N.V. The legal entity into which the Dutch State acquired businesses were demerged was also renamed, from ABN AMRO II N.V. to ABN AMRO Bank N.V. Both the Demerging Company and the Acquiring Company will remain wholly owned by ABN AMRO Holding until the latter is legally separated from ABN AMRO Holding.

The demerger proposals (excluding the description of assets and liabilities) and pro forma financial information as of 31 December 2008 and 30 June 2009 reflecting the impact of the legal transfers and demergers on ABN AMRO are available at www.abnamro.com. The complete demerger filing, including a description of assets and liabilities to be transferred, was filed with the Amsterdam Chamber of Commerce on 30 September 2009.

This represents the successful execution of the first step in a two step process ABN AMRO chose to effect the legal separation of the assets and liabilities acquired by the Dutch State. The second step, "legal separation", will result in the transfer of the shares of the Acquiring Company from ABN AMRO Holding to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding. After the legal separation, ABN AMRO Holding will be renamed RBS Holdings N.V.

ABN AMRO Holding was acquired by a consortium of banks through RFS Holdings B.V. on 17 October 2007. The consortium consisted of RBS (38%), Fortis (34%) and Santander (28%). On 24 December 2008 the Fortis Bank Nederland (Holding) N.V. stake in RFS Holdings B.V. was transferred to the Dutch State, following the acquisition by the Dutch State in October 2008 of Fortis Bank Nederland (Holding) N.V., including its stake in RFS Holdings B.V.

Until legal separation, ABN AMRO will continue to be governed by ABN AMRO Holding's managing and supervisory boards and regulated on a consolidated basis with capital adequacy, liquidity measures and exposures being reported to and regulated by the Dutch Central Bank. ABN AMRO's capital ratios continue to exceed the minimum tier 1 and total capital ratios of 9% and 12.5% respectively (as set under Basel I by the Dutch Central Bank (*De Nederlandsche Bank*) during the separation period of ABN AMRO) and are adequate to cover for stress scenarios. ABN AMRO continues to comfortably exceed the regulatory liquidity requirements. ABN AMRO and its shareholder have taken steps to ensure that at legal separation each individual, separating bank will be adequately capitalised and has a sound liquidity position.

RBS N.V. will be an integral part of the RBS Group and will principally contain international lending, international transaction services and equities businesses of the RBS Group. These remaining activities will continue to be subject to Dutch Central Bank supervision and on a consolidated basis as part of the RBS Group be subject to UK Financial Services Authority supervision. Due to the change in the operating model of RBS N.V. compared to pre-acquisition ABN AMRO Bank N.V., a licence renewal was granted by the Dutch Central Bank on 3 February 2010.

The majority of the businesses acquired by the Dutch State, consisting of the Dutch commercial and retail banking, Dutch and international private clients and diamond businesses, were transferred to the Acquiring Company at or shortly before the legal demerger. However, during the period between the legal demerger and legal separation a small 'tail' of predominantly international businesses will continue to be transferred to the Acquiring Company. The exact timing of these transfers will be determined by, amongst other things, the granting of regulatory approvals in the countries in which the businesses operate. The Acquiring Company was granted a banking licence on 13 January 2010.

Following the legal demerger and until legal separation, the managing and supervisory boards of RBS N.V. and of the Acquiring Company will be the same as the managing and supervisory boards of ABN AMRO Holding.

Banking license

On 13 January 2010 the Dutch Central Bank granted a banking license to the Acquiring Company for engaging in universal banking business in the Netherlands.

On 3 February 2010 the Dutch Central Bank granted a continuation of its existing banking license to RBS N.V.

Capital ratios

The following table shows the pro forma capital ratios as at 30 September 2009 on the basis of the Basel I capital accord for both ABN AMRO Holding and the Acquiring Company, both after the effect of the legal demerger and including the effect of capital actions executed on 23 December 2009 and the planned capital distribution as described below.

	Pro forma ABN AMRO Holding N.V.	Pro forma ABN AMRO Holding N.V. excluding the Acquiring Company	Pro forma Acquiring Company
Tier 1 capital ratio	13.44%	18.95%	10.56%
Total tier capital ratio	19.14%	27.33%	14.85%

Capital actions new ABN AMRO Bank N.V.

The capital actions of the Dutch State for the benefit of the Dutch State acquired businesses to be transferred to the Acquiring Company, executed on 23 December 2009, consisted of the issue of two Mandatory Convertible Securities. The first of these was issued by the Demerging Company in the amount of EUR 967 million and has been demerged together with the assets and liabilities of the Dutch State acquired businesses in accordance with the legal demerger filing dated 30 September 2009 to the Acquiring Company. The second of these was in the amount of EUR 833 million and was issued directly by the Acquiring Company to cover expected losses in respect of the EU Remedy business disposal as described below. The latter issuance did not contribute to the capital ratios as of 31 December 2009, since a banking license was granted to the Acquiring Company in 2010.

As a consequence of the capital actions described above, the capital position of the Acquiring Company will exceed the current regulatory minima as set by the Dutch Central Bank for ABN AMRO (Tier I capital ratio 9%, Total capital ratio 12.5%) under the agreed Basel I transitional regime during the period of separation of ABN AMRO. These capital actions are also aimed to adequately satisfy the Dutch Central Bank regulatory requirements in accordance with Basel II.

Capital actions RBS N.V.

The capital actions completed by the RBS Group for the benefit of the future RBS N.V. consisted of the inclusion of assets in the UK's Asset Protection Scheme through a guarantee agreement between The Royal Bank of Scotland plc and RBS N.V., and an equity capital contribution of EUR 3.6 billion. As a result, the RBS acquired businesses are more than adequately capitalised under the current Basel I transitional regime and are aimed to be adequately capitalised at a level commensurate with the requirements of the future RBS N.V., post legal separation, under Basel II.

Capital distribution

The completion of the capital actions described facilitated the execution of the legal demerger and supports the future legal separation of the Acquiring Company from ABN AMRO Holding planned to be completed approximately two months after the legal demerger.

The boards of ABN AMRO Holding have approved and have obtained necessary approval from the Dutch Central Bank for the distribution of EUR 7.5 billion of capital to the parent of ABN AMRO Holding, RFS Holdings B.V., for the benefit of Santander. This distribution was effected on 5 February 2010. The boards of ABN AMRO Holding have furthermore resolved to make a further distribution for an amount in the range of EUR 1.2 to 1.5 billion for the benefit of Santander, subject to Dutch Central Bank approval, immediately before legal separation. After such further distribution, the indirect interest of Santander in ABN AMRO will have decreased to its share in the remaining Shared Assets.

Ratings

The Acquiring Company

On 5 February 2010, Standard & Poor's announced that it assigned A+ (long term) / A-1 (short term) ratings with a negative outlook to the Acquiring Company upon legal demerger.

On 20 January 2010, Fitch Ratings announced that it expects to assign A+ (long term) / F1+ (short term) ratings with a stable outlook to the Acquiring Company upon legal demerger.

On 21 January 2010, Moody's Investors Service assigned provisional Aa3 (long term) / P-1 (short term) ratings with a negative outlook to the Acquiring Company upon legal demerger. Moody's Investors Services will assign final ratings upon legal demerger.

The Demerging Company

On 7 January 2010, Standard & Poor's announced that it expects to assign A+ (long term) / A-1 (short term) ratings with a stable outlook to the Demerging Company upon legal demerger.

On 5 February 2010, Fitch Ratings reaffirmed that it expects to assign AA- (long term) / F1+ (short term) ratings with a stable outlook to the Demerging Company upon legal demerger.

On 5 February 2010, Moody's Investors Service assigned provisional A2 (long term) / P-1 (short term) ratings with a stable outlook to the Demerging Company upon legal demerger.

Debt allocation

The allocation of debt instruments to Consortium Members has been finalised as part of the legal demerger process. The debt instrument allocation list is available at www.abnamro.com/investors/investors.cfm.

As part of the finalisation, the USD 150 million 7.13% subordinated notes 2093 (previously reported in Central Items) have been allocated to the RBS acquired businesses and will, therefore, continue as an obligation of RBS N.V.

The USD 250 million 7.75% subordinated lower tier 2 notes 2023, while economically allocated to the Dutch State acquired businesses, remain a legal obligation of RBS N.V. until their intended transfer in the second quarter of 2010 to the new ABN AMRO Bank N.V. These notes can not be transferred to the Acquiring Company as part of the Dutch legal demerger process, because they are governed by US law.

Risk Factors

Set out below are the risk factors pertaining to the legal demerger process.

Recourse of investors due to legal demerger and cross liability

Following the legal demerger, ABN AMRO has demerged into two entities, being the Demerging Company and the Acquiring Company with effect from 6 February 2010. After that date, in principle investors will only have recourse to the entity to which the relevant assets and liabilities have been transferred for payments in respect of the appropriate securities.

However, under article 2:334t of the Dutch Civil Code, the Demerging Company, after legal demerger, remains liable to the creditors for obligations which transferred from the Demerging Company to the Acquiring Company in the event that the Acquiring Company cannot meet its obligation to those creditors.

Similarly, after legal demerger, the Acquiring Company is liable to the creditors for obligations that remain in the Demerging Company, in the event that the Demerging Company cannot meet its obligation to those creditors.

In each case, the liability of a party for the obligations of the other party and vice versa relates only to obligations existing at the date of legal demerger. The liability will cease to exist upon

expiration of the obligations. Furthermore, the Demerging Company's liability for (in short) monetary obligations is limited to the equity retained at legal demerger, amounting to EUR 4.0 billion. The Acquiring Company's liability for (in short) monetary obligations is limited to the amount of equity acquired at legal demerger, which amounts to EUR 1.8 billion.

The Demerging Company will put in place arrangements to mitigate the risks of its liability to the creditors which transferred from the Demerging Company to the Acquiring Company. The Acquiring Company will also put in place arrangements to mitigate the risks of its liability to the creditors which remain with the Demerging Company. Such arrangements include the provision of collateral upon the occurrence of certain events, which will be put in place by legal separation. Each of the Demerging Company and the Acquiring Company will hold the regulatory capital agreed with the Dutch Central Bank for any residual risks.

The joint and several liability of ABN AMRO Holding for the debts of the Acquiring Company will be revoked following the anticipated legal separation

ABN AMRO Holding deposited two statements pursuant to Section 2:403 of the Netherlands Civil Code with the Commercial Register of the Chamber of Commerce in Amsterdam (403 Declaration), each declaring that ABN AMRO Holding is jointly and severally liable for the debts resulting from the legal acts of ABN AMRO Bank N.V., the Demerging Company in its form prior to the legal demerger, and of the Acquiring Company.

Following the legal demerger, these 403 Declarations continue to be applicable. Upon the legal separation, the 403 Declaration relating to the Acquiring Company, the demerged and transferred subsidiaries and, partially, to the Demerging Company, will be revoked, provided that all of the relevant conditions of Section 2:404 of the Dutch Civil Code are met. Consequently the joint and several liability of ABN AMRO Holding for the debts resulting from legal acts of the Acquiring Company (including remaining liability for legal acts of the Acquiring Company which arose prior to the date of revocation of the 403 Declaration), the demerged and transferred subsidiaries and of the Demerging Company to the extent it relates to the split-off to the Acquiring Company pursuant to the legal demerger, will be terminated.

ABN AMRO Holding filed its intention to terminate any such remaining liability with the Amsterdam Chamber of Commerce on 2 December 2009. By filing the intention to terminate the remaining liability, a creditor objection period of two months was initiated, which ended on 2 February 2010.

ABN AMRO's legal demerger and legal separation process creates additional risks for ABN AMRO's business and stability

ABN AMRO is going through a period of transition and change, which poses additional risks to ABN AMRO's business including (i) ABN AMRO's ability to manage the break up of ABN AMRO in a controlled manner while minimising the loss of business, (ii) ABN AMRO's ability to retain key personnel during the transition and (iii) enhanced operational and regulatory risks during this period. During this period of transition and change and as a result of the legal demerger and upcoming legal separation, the Demerging Company and the Acquiring Company will remain interdependent with respect to certain business areas, for which they will *inter alia* provide certain services to each other.

Integration of the Acquiring Company with Fortis Bank (Nederland) N.V.

On 21 November 2008, the Dutch State announced its intention to integrate the Dutch State acquired businesses of ABN AMRO with Fortis Bank (Nederland) N.V. ('FBN') after completion of the legal demerger and legal separation process. The integration of the Acquiring Company with FBN is subject to the completion of the sale by the Acquiring Company to Deutsche Bank AG of NEW HBU II N.V. and IFN Finance B.V.

The integration process of the Acquiring Company with FBN could be delayed due to *inter alia* delays regarding the structuring of the legal merger of the two entities or delays in approval or additional terms and conditions of supervisory and regulatory bodies. Failure or delay in this

integration may adversely affect the stand alone operation of the Acquiring Company and may therefore adversely affect the Acquiring Company's results and financial condition.

Major Shareholder and change of control

As at the date of the legal demerger, ABN AMRO Holding is the sole shareholder of the Acquiring Company.

As a consequence of and as from the legal separation, the shares of the Acquiring Company will be transferred from ABN AMRO Holding to a new holding company fully owned by the Dutch State, named ABN AMRO Group N.V., and independent of ABN AMRO Holding, which will after separation be renamed RBS Holdings N.V.

The Dutch State has announced its intention to integrate the Acquiring Company with FBN after completion of the legal separation process. The Dutch State is not involved in the day-to-day management of the Acquiring Company, and has expressed the intention not to be involved in the day-to-day management of the combined entity once the Acquiring Company has merged with FBN. The Dutch State has stated its intention to privatise the combined bank not earlier than 2011.

EU Remedy

ABN AMRO Bank N.V. and Deutsche Bank AG signed the Share Purchase Agreement confirming the agreements reached for the sale of NEW HBU II N.V. (NEW HBU II) and IFN Finance B.V. (IFN Finance) on 23 December 2009. The sale price agreed upon for NEW HBU II and IFN Finance, including a guarantee provided for 75% of the credit losses ('credit umbrella') and an amount for other liabilities and costs, is EUR 700 million.

With the signing, the sale is now closer to completion. The final steps in the process prior to the closing thereof are the transfer of the NEW HBU II shares to the Acquiring Company, the legal demerger of the majority of the businesses acquired by the Dutch State into the Acquiring Company and the legal separation of the Acquiring Company. The closing of the NEW HBU II and IFN Finance transaction is expected to take place thereafter in the early spring of 2010. ABN AMRO has considered the impact of the transaction on results and capital ratios and considers that the transaction will have a negative impact of between EUR 800 and EUR 900 million on results. The total loss on the transaction includes a provision for the credit umbrella. The new ABN AMRO Bank N.V. expects to account for these losses when, after legal separation, the conditions for effecting the closing have been met.

Documents available

On 8 February 2010, ABN AMRO Holding, the Demerging Company and the Acquiring Company also published pro forma financial information as of 31 December 2008 and 30 September 2009 reflecting the financial impact of the legal transfers and demergers on ABN AMRO (the **September 2009 Pro Forma Financial Information**). Background

At the date of demerger, ABN AMRO Bank N.V. was renamed to The Royal Bank of Scotland N.V. (hereinafter RBS N.V.) and ABN AMRO II N.V. was renamed ABN AMRO Bank N.V. Until legal separation both RBS N.V. and ABN AMRO Bank N.V. will be governed by the ABN AMRO Holding N.V. managing and supervisory boards and regulated on a consolidated basis with capital ratios, liquidity measures and exposures being reported to and regulated by the Dutch Central Bank. For an overview of the liabilities issued by ABN AMRO Bank N.V. that have been allocated to the Dutch State acquired businesses and a list of the liabilities remaining as legal obligations of RBS N.V., refer to www.abnamro.com.

The Royal Bank of Scotland Group plc ('RBS Group') and the State of the Netherlands ('Dutch State') continue to work towards the legal separation of the Dutch State acquired businesses from the residual RBS acquired businesses into two separate viable banks, each with its own banking license and each adequately capitalised at the time of legal separation. On 13 January 2010 the Dutch Central Bank granted a banking license to ABN AMRO Bank N.V. for engaging in universal banking business in the Netherlands. On 3 February 2010 the Dutch Central Bank granted a continuation of its existing banking license to RBS N.V.

After legal separation, ABN AMRO Holding N.V. will be renamed RBS Holdings N.V. RBS N.V. will remain a wholly owned subsidiary of RBS Holdings N.V., which in turn will remain wholly owned by RFS Holdings B.V. RFS Holdings B.V. will be substantially owned by the RBS Group after separation. RBS N.V. principally contains international lending, international transaction services and equities businesses of the RBS Group.

ABN AMRO Bank N.V. will become a wholly owned subsidiary of a newly incorporated entity ABN AMRO Group N.V. which in turn will be wholly owned by the Dutch State. ABN AMRO Bank N.V. serves Dutch commercial and retail banking clients, Dutch and international private clients, and diamond businesses.

The diagram below shows the demerger and separation process in steps.

1. The Dutch State's part of the assets and liabilities that are not yet allocated to any of the Consortium shareholders, the so-called *Shared Assets*, are not included in this overview.
2. The structure shown represents the position after a transitional phase, during which the Dutch State and Banco Santander S.A. will continue to hold a stake in RFS Holdings B.V. commensurate to their holding in remaining *Shared Assets* and any other businesses subject to later separation.

The purpose of this document is to provide pro forma financial information to supplement the demerger press release by ABN AMRO Holding N.V. with updated information about the new legal structure of ABN AMRO. The legal demerger is a significant event and therefore the update is required to provide investors with relevant historical financial information on a pro forma basis allowing an assessment of the impact of the demerger. The pro forma financial information has been prepared for illustrative purposes only on the basis of estimates and assumptions which are preliminary. The pro forma information addresses a hypothetical situation and does not represent the actual position or the results of either ABN AMRO Holding N.V. or ABN AMRO Bank N.V.

The pro forma financial information includes the following pro forma information for both ABN AMRO Holding N.V. and ABN AMRO Bank N.V. Notes to pro forma financial information for ABN AMRO Holding N.V. (to be renamed RBS Holdings N.V. and including RBS N.V.)

1 Basis of preparation

The pro forma financial information for ABN AMRO Holding N.V. as at 30 September 2009 and 31 December 2008 has been based on International Financial Reporting Standards (IFRS) and IFRS as adopted by the European Union. The pro forma financial information does not include events subsequent to 30 September 2009.

The pro forma financial information has been prepared on the following basis:

- The pro forma condensed consolidated statement of financial position of ABN AMRO Holding N.V. at 30 September 2009 and 31 December 2008 is presented to show the effect of the legal demerger of ABN AMRO Bank N.V. and is based upon the respective consolidated balance sheets at 30 September 2009 and 31 December 2008 of ABN AMRO Holding N.V. and ABN AMRO Bank N.V. as if the proposed transaction had occurred on 30 September 2009 and 31 December 2008.
- The pro forma condensed consolidated income statement of ABN AMRO Holding N.V. for the nine months ended 30 September 2009 and the year ended 31 December 2008 is presented to show the effect of the legal demerger of ABN AMRO Bank N.V. and is based upon the respective consolidated income statements for the nine months ended 30 September 2009 and the year ended 31 December 2008 of ABN AMRO Holding N.V. and ABN AMRO Bank N.V. as if the proposed transaction had occurred on 30 September 2009 and 31 December 2008.
- The pro forma condensed consolidated statements of financial position at 30 September 2009 and 31 December 2008 for ABN AMRO Bank N.V. assume that all assets acquired by the Dutch State are demerged with no residual assets (see note 3 for information on assets to be transferred after the demerger). Consequently the pro forma total for ABN AMRO Holding N.V. does not include these residual assets.

2 Central Items

The pro forma financial information for ABN AMRO Holding N.V. includes not only the RBS acquired businesses but also other items as detailed below, the so-called "Central Items".

a) Shared Assets

ABN AMRO Holding N.V., after the demerger, continues to include assets and liabilities that have not yet been settled between the consortium shareholders, the so-called "Shared Assets", in which each of the consortium shareholders has a joint and indirect interest. The net value of the assets and liabilities that are currently expected to remain for an interim period in ABN AMRO Holding N.V. amounts to EUR 6.9 billion negative at 30 September 2009. As part of the legal demerger, capital related to the demerged businesses transferred to ABN AMRO Bank N.V. However sufficient capital remains in ABN AMRO Holding N.V. to cover the Dutch State interest in the Shared Assets.

b) Other Central Items

The pro forma for ABN AMRO Holding N.V. includes some remaining assets and the results thereon as well as profit from discontinued operations allocated to the Banco Santander S.A. (Santander) acquired businesses. These are reported as part of the Central Items and remain in ABN AMRO Holding N.V. until any remaining balances with Santander are settled and remaining capital distributed for the benefit of Santander. Sufficient capital will also remain in ABN AMRO Holding N.V. for the Santander interest in the remaining Shared Assets until such time that these are sold, redeemed or otherwise settled.

3 Assets and liabilities to be transferred after demerger

A number of assets and liabilities included in some Private Clients and International Diamonds & Jewellery Group businesses in branches and subsidiaries are not part of the legal demerger. These assets and liabilities are part of the Dutch State acquired businesses and will be transferred to ABN AMRO Bank N.V., as soon as

possible after the effective date of the demerger, when all required technical and regulatory separation activities are complete and approvals obtained.

At the date of legal demerger, EUR 4.2 billion of EUR 203.0 billion of assets and EUR 4.1 billion of EUR 196.1 billion liabilities, which are included the pro forma financial information of ABN AMRO Bank N.V. at 30 September 2009 remain in ABN AMRO Holding N.V. The remaining assets are adequately funded and capitalised until they are transferred. The majority of these assets will transfer during the interim period between legal demerger and legal separation once the necessary consents have been obtained.

It is expected that at the date of legal separation, EUR 0.6 billion of these EUR 4.2 billion of assets and EUR 0.5 billion of these EUR 4.1 billion of liabilities will remain in ABN AMRO Holding N.V. and will be transferred as soon as possible after legal separation. The remaining assets are adequately funded and capitalised until their transfer after legal separation.

The assets and liabilities that will be transferred at a later stage are presented as part of ABN AMRO Bank N.V. in the pro forma income statement and statement of financial position as they are not significant.

4 Accounting policies

The same accounting policies and methods of computation are followed in the pro forma financial information as were applied in the preparation of the ABN AMRO Holding N.V. financial statements for the year ended 31 December 2008, except for the impact for the adoption of IAS 1 (revised 2007) Presentation of Financial Statements as disclosed in the Condensed Consolidated Financial Statements for the six months period ended 30 June 2009. Please refer to pages 99 to 118 of ABN AMRO Holding N.V.'s 2008 Annual Report for a description of the accounting policies.

5 Cross liability

Under article 2:334t of the Dutch Civil Code, RBS N.V., after legal demerger, remains liable to the creditors which transferred from RBS N.V. to ABN AMRO Bank N.V. in the event that ABN AMRO Bank N.V. cannot meet its obligation to those creditors.

The liability relates only to obligations existing at the date of legal demerger. The liability will cease to exist upon expiration of the obligations. RBS N.V.'s liability is limited to the equity retained at legal demerger, amounting to approximately EUR 4.0 billion.

RBS N.V. will put in place arrangements to mitigate the risks of the liability to the creditors which transferred from RBS N.V. to ABN AMRO Bank N.V. by legal separation. RBS N.V. will after legal separation hold the regulatory capital agreed with the Dutch Central Bank for any residual risks.

Similarly under Article 2:334t of the Dutch Civil Code, RBS N.V. is under certain circumstances liable to the creditors which have transferred from RBS N.V. to New HBU II N.V. on 7 August 2008. This liability amounts to approximately EUR 1.6 billion at 30 September 2009.

The financial information of ABN AMRO Bank N.V. as at 30 September 2009 and 31 December 2008 has been based on IFRS and IFRS as adopted by the European Union. The pro forma financial information does not include events subsequent to 30 September 2009.

The pro forma financial information has been prepared on the following basis:

- The pro forma condensed consolidated statement of financial position of ABN AMRO Bank N.V. at 30 September 2009 and 31 December 2008 is presented to show the effect of the legal demerger of ABN AMRO Bank N.V. and is based upon the respective consolidated balance sheets at 30 September 2009 and 31 December 2008 of ABN AMRO Holding N.V. as if the proposed transaction had occurred on 30 September 2009 and 31 December 2008.
- The pro forma condensed consolidated income statement of ABN AMRO Bank N.V. for the nine months ended 30 September 2009 and the year ended 31 December 2008 is presented to show the effect of the legal demerger of ABN AMRO Bank N.V. and is based upon the respective consolidated income statements for the nine months ended 30 September 2009 and the year ended 31 December 2008 of ABN AMRO Holding N.V. as if the proposed transaction had occurred on 30 September 2009 and 31 December 2008.
- The pro forma condensed consolidated statement of financial position at 30 September 2009 and 31 December 2009 for ABN AMRO Holding N.V. does not include residual assets left behind after the legal demerger (see note 2 for information on assets to be transferred after the demerger). Consequently the pro forma information for ABN AMRO Bank N.V. includes these residual assets.

2 Assets and liabilities to be transferred after demerger

A number of assets and liabilities included in some Private Clients and International Diamonds & Jewellery Group businesses in branches and subsidiaries of the current ABN AMRO Bank N.V. are not part of the demerger. These assets and liabilities are part of the Dutch State acquired businesses and will be transferred to ABN AMRO Bank N.V. as soon as possible after the effective date of the demerger, when all required technical and regulatory separation activities are completed and approvals have been obtained.

At the date of legal demerger, EUR 4.2 billion of EUR 203.0 billion of assets and EUR 4.1 billion of EUR 196.1 billion of liabilities, which are included in the pro forma financial information of ABN AMRO Bank N.V. at 30 September 2009 remain in ABN AMRO Holding N.V. The remaining assets are adequately funded and capitalised until they are transferred. The majority of these assets will transfer during the interim period between legal demerger and legal separation once the necessary consents have been obtained.

It is expected that at the date of legal separation, EUR 0.6 billion of these EUR 4.2 billion of assets will remain in ABN AMRO Holding N.V. and will be transferred as soon as possible after legal separation. The remaining assets are adequately funded and capitalised until their transfer after legal separation.

The assets and liabilities that will be transferred at a later stage are presented as part of ABN AMRO Bank N.V. in the pro forma income statement and statement of financial position as they are not significant.

3 Accounting policies

The same accounting policies and methods of computation are followed in the pro forma financial information as were applied in the preparation of the ABN AMRO Holding N.V. financial statements for the year ended 31 December 2008, except for the impact for the adoption of IAS 1 (revised 2007) Presentation of Financial Statements as disclosed in the Condensed Consolidated Financial Statements for the six months period ended 30 June 2009. Please refer to pages 99 to 118 of ABN AMRO Holding N.V.'s 2008 Annual Report for a description of the accounting policies.

4 Cross liability

Under article 2:334t of the Dutch Civil Code ABN AMRO Bank N.V., after legal demerger, remains liable to the creditors of RBS N.V. that remain in RBS N.V., in the event that RBS N.V. can not meet its obligations with those creditors.

The liability relates only to obligations existing as at date of legal demerger. The liability will cease to exist upon expiration of the obligations. ABN AMRO Bank N.V.'s liability to creditors is limited to the amount of equity acquired at legal demerger, which amounts to approximately EUR 1.8 billion.

ABN AMRO Bank N.V. will put in place arrangements to mitigate the risks of the liability to the creditors which remain with RBS N.V. by legal separation. ABN AMRO Bank N.V. will after legal separation hold the regulatory capital agreed with the Dutch Central Bank for any residual risks.

Similarly under Article 2:334t of the Dutch Civil Code, New HBU II N.V. is under certain circumstances liable to the creditors of RBS N.V. following the demerger from RBS N.V. to new HBU II N.V. on 7 August 2008. This liability amounts to approximately EUR 0.9 billion at 30 September 2009.

On 30 September 2009 ABN AMRO Group announced that it has chosen a two-step approach to effect the legal separation of the assets and liabilities acquired by the Dutch State:

Step 1 – "Legal Demerger": Transferring the majority of the Dutch State acquired businesses from ABN AMRO Bank N.V. (the **Demerging Company**) to a new legal entity, ABN AMRO II N.V. (the **Acquiring Company**) Some subsidiaries and assets and liabilities are separately transferred to the Acquiring Company, mostly before the planned legal demerger date. Following the demergers and the transfer of the Dutch State acquired businesses into the new bank, the Demerging Company will be renamed The Royal Bank of Scotland N.V. The Acquiring Company comprising the Dutch State acquired businesses will then be renamed ABN AMRO Bank N.V.

Until legal separation, ABN AMRO Group will continue to be governed by the ABN AMRO Holding N.V. Managing Board and Supervisory Board and regulated on a consolidated basis with capital adequacy, liquidity measures and exposures being reported to and regulated by the Dutch Central Bank.

Proposed Timeline

Upon completion of the legal demerger procedures, ABN AMRO plans to complete the legal demerger as early as possible in the first quarter of 2010. The group plans to legally separate within two months of effecting the legal demerger.

SUMMARY

This summary must be read as an introduction to this Base Prospectus and any decision to invest in any Securities should be based on a consideration of this Base Prospectus as a whole, including the documents incorporated by reference. No civil liability attaches to the Issuer in respect of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus. Where a claim relating to information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area (an “EEA State”), the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.

Issuer: ABN AMRO Bank N.V. (the “**Issuer**”)

History and Incorporation: The origin of ABN AMRO Bank N.V. (‘**ABN AMRO Bank**’) can be traced to the formation of “Nederlandsche Handel-Maatschappij, N.V.” in 1825 pursuant to a Dutch Royal Decree of 1824. ABN AMRO Bank’s Articles of Association were last amended by deed of 9 June 2005 executed before Mr. R.J.C. van Helden, Notary Public in Amsterdam. ABN AMRO Bank is registered in the Commercial Register of Amsterdam under number 33002587. ABN AMRO Bank’s registered office is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

ABN AMRO Bank is a wholly-owned subsidiary of ABN AMRO Holding N.V. (‘**ABN AMRO Holding**’), which is incorporated as a limited liability company under Dutch law by deed of 30 May 1990 as the holding company of the ABN AMRO Group. The Articles of Association of ABN AMRO Holding were last amended by deed of 24 November 2008 executed before Mr. R. J. C. van Helden, Notary Public in Amsterdam. The registered office of ABN AMRO Holding is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

ABN AMRO Holding is the parent company of the ABN

AMRO consolidated group of companies (referred to as the '**Group**', '**ABN AMRO**' or '**ABN AMRO Group**'). ABN AMRO Holding owns 100 per cent. of ABN AMRO Bank's shares and is jointly and severally liable for all our liabilities in respect of the Structured Products pursuant to a declaration under Article 2:403 of the Dutch Civil Code.

Overview:

The ABN AMRO Group is an international banking group offering a wide range of banking products and financial services, including consumer, commercial and investment banking, on a global basis through a network of 970 offices and branches in 5 countries and territories, and as at 31 December 2008, had more than 55,000 full time staff. ABN AMRO reported total consolidated assets of €666.8 billion as at 31 December 2008.

On 17 October 2007 85.6% of ABN AMRO Holding N.V. was acquired through RFS Holdings B.V. ('**RFS Holdings**'), a company incorporated by a consortium consisting of the Royal Bank of Scotland Group plc ('**RBS**'), Fortis N.V., Fortis SA/NV ('**Fortis**') and Banco Santander S.A. ('**Santander**') each a "**Consortium Member**". ABN AMRO applied for de-listing of its ordinary shares from Euronext Amsterdam and the New York Stock Exchange. The de-listing of the ABN AMRO Holding N.V. ordinary shares and the (formerly convertible) preference shares with a nominal value of €2.24 each from Euronext Amsterdam and the de-listing of its American Depositary Shares ('**ADSs**') from the New York Stock Exchange was effected on 25 April 2008. Through subsequent purchases RFS Holdings has now become the sole shareholder of ABN AMRO Holding N.V.

RFS Holdings is controlled by RBS Group plc, which is incorporated in the UK and registered at 36 St. Andrew Square, Edinburgh, Scotland. RBS is the ultimate parent company of ABN AMRO Holding N.V. The consolidated financial statements of the Group are included in the consolidated financial statements of RBS.

On 3 October 2008, the State of the Netherlands ('**Dutch State**') acquired all Fortis' businesses in The Netherlands, including the Fortis share in RFS Holdings. On 24 December 2008, the Dutch State purchased from Fortis Bank Nederland (Holding) N.V. its investment in RFS Holdings, to become a direct shareholder in RFS Holdings.

ABN AMRO is separately governed by its Managing Board and Supervisory Board and regulated by the Dutch Central Bank.

Group Strategy:

The organisational business units of ABN AMRO are described in further detail in the 2008 ABN AMRO Holding N.V. annual report.

From 1 January 2008 the management and control structure of ABN AMRO has been aligned with the consortium ownership of the Group. RBS acquired businesses consist of the business units Europe (which includes RBS acquired businesses in the Netherlands), and business units Americas and Asia. The Dutch State acquired businesses comprise of the Netherlands (excluding RBS acquired businesses) and Private Clients. Central Items includes head office functions and other items centrally managed. All Santander acquired businesses and the former business unit Asset Management are classified as discontinued.

In April 2008, the majority of the Group Asset and Liability Management portfolios were economically allocated to individual Consortium Members. From that date the assets and liabilities and related results are reflected in business unit Europe for the RBS allocated portfolios and business unit Netherlands for the Dutch State allocated portfolios.

The former regional client business unit Netherlands is no longer managed as a single component. To reflect the consortium ownership, the operating unit Netherlands within the Dutch State acquired businesses now excludes the Dutch wholesale client business. This has been added to the business unit Europe.

One Group:

Separation activity in 2008

A number of businesses and client activities were transferred to RBS during 2008 and many businesses have been re-branded as RBS.

The transfer of business to RBS, in line with obtaining synergies and combining risk management, will continue in 2009. This process will reduce the scope of operations conducted by ABN AMRO. The core activities expected to remain will include global transaction services and local market functions.

Other assets and liabilities shared in ownership by the Consortium have significantly decreased. They have either been sold or are economically allocated to a Consortium Member. In 2008, the majority of the Group Asset and Liability Management portfolios were allocated to individual Consortium Members. Group Functions have been scaled down in line with the separation of businesses.

As the transfer of businesses to Santander is substantially complete, ABN AMRO consists now of the remaining RBS acquired businesses, the Dutch State acquired businesses and some residual shared assets.

Business description and planned separation activity for 2009

RBS and the Dutch State have agreed that the Dutch State acquired businesses will be legally separated from the residual RBS acquired businesses into a new bank. A strategy is being developed in relation to the RBS acquired businesses that will remain in ABN AMRO. These businesses are principally part of the Global Banking & Markets, Global Transaction Services, Retail and Commercial Banking divisions of RBS Group.

It is intended that the Dutch State acquired businesses, which consist of the Dutch commercial and retail banking and international private clients business, will be transferred into a

new legal entity under a separate banking license. The preparation of the license application including pro-forma financial information is in progress and is planned for submission to the Dutch Central Bank by the end of the 2nd quarter 2009.

Governance until legal separation

Until the final legal separation, ABN AMRO will continue to be governed by its Managing Board and Supervisory Board and be regulated on a consolidated basis with capital ratios and liquidity measures and exposures of the Group being reported to and regulated by its supervisor, the Dutch Central Bank.

Any future capital repatriations to individual Consortium Members are part of an overall capital plan agreed between all Consortium Members and are subject to regulatory approval.

Issued debt instrument allocation

As part of the separation process the Consortium Members have come to an agreement on the economic allocation of issued debt instruments within ABN AMRO to the individual Consortium Members' acquired businesses. All Santander allocated instruments were transferred as part of the business transfers carried out in 2008.

A list of the allocation of the remaining issued debt instruments to the RBS and the Dutch State acquired businesses can be found in the Registration Document on pages 10 to 13.

The LaunchPAD Programme has been economically allocated to the RBS acquired businesses of ABN AMRO.

Guarantor: ABN AMRO Holding N.V. (“**Holding**”) pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

Principal Agent and Calculation Agent: ABN AMRO Bank N.V.

Listing and Admission to Trading: Application will be made to NYSE Euronext or any other stock exchange or market specified in the Final Terms for Securities to be admitted to trading and listed on Euronext Amsterdam by NYSE Euronext or any other stock exchange or market specified in the Final Terms up to the expiry of 12 months from the date of this Base Prospectus. The Issuer may also issue unlisted Securities.

Description of the Securities: A range of notes may be issued under this Base Prospectus. The terms and conditions (the “**Conditions**”) applicable to such notes are contained in the General Conditions which are applicable to all notes, the Product Conditions applicable to the particular type of note being issued and the Final Terms applicable to the particular Series being issued.

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the “**Cash Amount**”) or, in the case of exchangeable notes, permit the Holder (as defined below) to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the

“**Conversion Amount**”). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the “**Underlying**”), in all cases, as provided in the terms of the relevant note. The types of note that may be issued under this Base Prospectus are described below.

Range Accrual Notes:

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder Notes:

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target Coupon Notes:

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more

underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate Notes:

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Zero Coupon Notes

Zero coupon notes are cash settled securities which are issued at a percentage of the nominal amount and which do not bear any interest.

Currency Exchange Notes:

Currency exchange notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

Yield Discovery Notes:

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Certificate Notes:

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its

nominal amount (if it is capital protected) plus a return (which may be zero) calculated by reference to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

Index Notes:

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Inflation Index Notes:

Inflation index notes are fixed-income securities that track a consumer price index (“CPI”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

Callable Index Notes:

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Autocallable Notes:

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified

manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Share Notes:

Share notes are cash settled securities and may be interest bearing. If applicable, interest may be payable on a share note at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

Exchangeable Notes:

Exchangeable notes may be cash settled or physically settled securities and may be interest bearing. If applicable, interest may be payable on an exchangeable note at a rate specified in the applicable Final Terms. The cash amount payable at maturity of a cash settled exchangeable note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms. In the case of a physically settled exchangeable note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

Multi-Asset Basket Linked Notes:

Multi-asset Basket Linked Notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The cash amount payable at maturity on a Note will at least equal a specified percentage of its Nominal Amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified

in the applicable Final Terms.

Fund Linked Notes:

Fund linked notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms.

Basket related capital protected notes enable investors to participate in the performance of one or more baskets of different components relating to the relevant Series (including, without limitation and as specified in the applicable Final Terms, an index component, a real estate index component, a commodity component or a bond index component). In addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

The Cash Amount payable at maturity of a commodity note is calculated by reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

Indicative Issue Price:

The Securities will be issued at their nominal amount or a percentage thereof.

The Securities have a fixed maturity date, as specified in the applicable Final Terms, but may be subject to early termination in the event that the level of the Underlying exceeds a level specified in the applicable Final Terms or if the Issuer has a call option.

Interest:

The Securities may bear interest, as specified in the applicable

Final Terms.

General Conditions

Set out below is a summary of certain significant provisions of the General Conditions applicable to all Securities issued under this Base Prospectus.

Status of the Securities:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each holder of the Securities (the “**Holder**”) in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. The Issuer may make adjustments following any event likely to have a material adverse effect on the Issuer’s hedge position, subject to the conditions set out in General Condition 5(d).

<i>Substitution:</i>	The Issuer may at any time, without the consent of the Holders substitute for itself as Issuer of the Securities, RBS or any entity other than RBS subject to the conditions set out in General Condition 8. In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.
<i>Taxation:</i>	The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.
Product Conditions:	Set out below is a summary of certain significant provisions of the Product Conditions applicable to the Securities to be issued under this Base Prospectus.
<i>Form of Securities:</i>	Except in the case of Securities issued in dematerialised form, the Securities will be issued in global form.
<i>Settlement of Securities:</i>	Securities shall be cash settled or, in the case of exchangeable notes, either cash settled or physically settled, as specified in the applicable Final Terms.
<i>Market Disruption Events:</i>	If a Market Disruption Event occurs Holders of Securities may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of Security and vary depending on the type of Security.
<i>Emerging Market Disruption Events:</i>	The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more

developed countries. If an Emerging Market Disruption Event occurs Holders may experience a delay in settlement of delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Product Conditions.

Potential Adjustment Event:

If a Potential Adjustment Event occurs the Calculation Agent may adjust one or more of the Conditions to account for the diluting or concentrative effect of the Potential Adjustment Event. Potential Adjustment Events are defined in Product Condition 4 for each type of Security (if applicable) and vary depending on the type of Security.

Fund Event:

If a Fund Event occurs, the Issuer or the Calculation Agent on its behalf, in each case acting in good faith and in a commercially reasonable manner, may adjust one or more of the Conditions to reflect the impact of the Fund Event. Fund Events are defined in Product Condition 4 for each type of Security (if applicable).

De-listing:

If a De-listing occurs the Calculation Agent may adjust one or more of the Conditions, including replacing the relevant Underlying, to account for such event. De-listing is defined in Product Condition 4 for each type of Security (if applicable).

Governing Law:

English law.

English courts:

The courts of England have exclusive jurisdiction to settle any dispute arising from or in connection with the Securities.

Final Terms:

Each Series will be the subject of a Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of Security is set out at the end of this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued.

Factors which are material for the purpose of assessing the market risks associated with Securities issued

The Securities are notes which entail particular risks

The notes to be issued are investment instruments which may or may not bear interest and which (except in the case of exchangeable notes) at maturity or earlier termination pay the Cash Amount which may or may not be equal to the nominal amount of the relevant note. In the case of exchangeable notes, the Holder has the option at maturity or earlier termination to exchange the notes for a defined amount of the Underlying or the Conversion Amount, depending upon the terms of the exchangeable securities. As such, each note will entail particular risks. Notes which are not capital protected may result in the Holder losing some or, in

certain limited cases, all of his initial investment. Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their maturity date. Holders may sustain a total loss of their investment (unless the Securities are of a type in which capital is

protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an effect on the level of the Underlying include, in the case of a stock or index, the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event (including an Emerging Market Disruption Event) and/or no Potential Adjustment Events and/or no De-listing and/or no Fund Event which apply.
- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term "volatility" refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental

or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.

- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events), Fund Event, Potential Adjustment Event and/or De-listing has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled note. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

The Issuer may, in its sole and absolute discretion, decide to offer a secondary market in the Securities. In the event that the Issuer elects to offer such secondary market, the Issuer shall be entitled to impose such conditions as it, in its sole and absolute discretion, shall deem fit, including but not limited to:

- (a) providing a large bid/offer spread determined by the Issuer in its sole and absolute discretion by reference to the Issuer's own appreciation of the risks involved in providing such secondary market;
- (b) normal market conditions prevailing at such date; and
- (c) limiting the number of Securities in respect of which it is prepared to offer such secondary market.

Holders should note that the imposition of any of the above conditions may severely limit the availability of any such secondary market and may result in Holders receiving significantly less than they otherwise would have received if the Securities were redeemed at maturity.

In the event that such a secondary market does not develop, it is unlikely that an investor in the Securities will be able to sell his Securities or at prices that will provide him with a yield comparable to similar investments that have a developed secondary market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event is likely to have a material adverse effect on the Issuer's Hedge Position. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.

Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 8 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

No tax gross-up

If payments on the Securities are or become subject to a withholding or deduction required by law on account of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will make the required withholding or deduction, as the case may be, and neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Holders in respect of such withholding or deduction. Please refer to section "General Condition 9 - Taxation".

The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an

amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities are held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of the relevant global Security and, in the case of a temporary global Security, certification as to non-U.S. beneficial ownership. The risk is that the bearer of the relevant global Security, typically a depository for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System and not the Holder itself, shall be treated by the Issuer and any Agent (as defined in the Conditions) as the sole holder of the relevant Securities with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities. Holders therefore are required to look to the Relevant Clearing System in respect of payments made to it by the Issuer in respect of Securities in global or dematerialised form.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

Change of law and jurisdiction

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus. Prospective investors in the Securities should note that the courts of England and Wales shall have jurisdiction in respect of any disputes involving the Securities. Holders may, however, take any suit, action or proceedings arising out of or in connection with the Securities against the Issuer in any court of competent jurisdiction. English law may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Securities.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Modification, waivers and substitution

The Issuer may decide to make modifications to the Securities without the consent of the Holders which may affect the Holders' interest either:

- (a) for the purpose of curing any ambiguity or of curing, correcting or supplementing any manifest error or other defective provision; or
- (b) in any other manner which is not materially prejudicial to the interests of the Holders; or
- (c) for the purpose of the substitution of another company as principal debtor under any Securities in place of the Issuer, in the circumstances described in General Condition 8.

DOCUMENT INCORPORATED BY REFERENCE

The Issuer's registration document dated 30 June 2009 (the "**Registration Document**") prepared in accordance with Article 5(3) of the Prospectus Directive was published prior to the date of this Base Prospectus, has been approved by the Netherlands Authority for the Financial Markets (*Autoriteit Financiële Markten*) in its capacity as competent authority under the Act on Financial Supervision (*Wet op het financieel toezicht (Wft) 2007*) (the "**Competent Authority**") and shall be incorporated in, and form part of, this Base Prospectus.

Copies of the Registration Document can be obtained from the registered office of the Issuer at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands and on www.abnamro.com.

The Issuer will, in connection with the listing of the Securities on Euronext Amsterdam by NYSE Euronext, so long as any Security remains outstanding and listed on such exchange, in the event of any significant new factor, material mistake or inaccuracy relating to the information included in this Base Prospectus which is capable of affecting the assessment of any Securities, prepare a supplement to this Base Prospectus for use in connection with any subsequent issue of Securities.

This Base Prospectus and any supplement will be valid for listing Securities on Euronext Amsterdam by NYSE Euronext and/or any other exchange in an unlimited aggregate nominal amount.

TAXATION

Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.

1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client any may be subject to change in future.

2. EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

3. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only

which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

4. UNITED KINGDOM

The following applies only to persons who are beneficial owners of the Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of persons (such as dealers) to whom special rules apply. Prospective Holders of the Securities who are in any doubt as to their own tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.

Withholding Tax

Securities issued otherwise than through the Issuer's London branch

Payments of interest on these Securities may be made without withholding on account of United Kingdom income tax.

Securities issued by the Issuer's London branch

Provided the Issuer's London branch continues to qualify as a bank for United Kingdom tax purposes, payments of interest on these Securities may be made without deduction of tax where the interest is paid in the ordinary course of the Issuer's London branch's business; this would include all payments of interest by the Issuer's London branch except where those Securities concerned conform to the definition of tier 1, 2 or 3 capital for regulatory purposes or where there is an intention to avoid United Kingdom tax.

Payments of interest on these Securities may also be made without deduction of or withholding on account of United Kingdom income tax if these Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the Income Tax Act 2007. The Euronext Amsterdam is a recognised stock exchange. These Securities will satisfy this requirement if they are (a) officially listed in Amsterdam in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Euronext Amsterdam, or (b) listed and admitted to trading on another "recognised stock exchange". Provided, therefore, that these Securities are and remain so listed, interest on these Securities will be payable without withholding or deduction on account of United Kingdom tax whether or not the Issuer's London branch carries

on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on these Securities may also be paid without withholding or deduction on account of United Kingdom tax where interest on these Securities is paid by a company and, at the time the payment is made, the Issuer's London branch reasonably believes (and any person by or through whom interest on these Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on these Securities may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of these Securities is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on these Securities on account of United Kingdom income tax at the basic rate (currently 20%). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of these Securities, HMRC can issue a notice to the Issuer's London branch to pay interest to the Holder of these Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

UK Information Gathering Powers

Irrespective of whether the Securities are issued by the Issuer's London branch, Holders of the Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Holder of the Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities (which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005) to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2010. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of the Securities is resident for tax purposes.

Stamp Taxes

Subject to what follows, no stamp duty, capital duty, stamp duty reserve tax or other similar tax is payable in the United Kingdom on the issue or transfer by delivery of any Security.

In relation to Securities which are denominated in sterling and which are not loan capital, a charge to stamp duty at 1.5 per cent. of the value of such Securities will arise if issued in the United Kingdom. No stamp duty liability will arise on the issue of such Securities if issued outside the United Kingdom. However, in relation to such Securities originally issued outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security will arise.

For these purposes, a Security would be loan capital if the holder has the right in all circumstances to be paid on redemption an amount equal to substantially all of the amount subscribed for the Security, either with or without any additional amount that may be payable on redemption. In addition, it is likely (based on our understanding of practice in relation to other tax legislation) that HM Revenue & Customs will regard a Security as loan capital if the Security gives the holder the right in all circumstances to be paid on redemption an amount equal to at least 10 per cent. of the amount subscribed for the Security.

Stamp duty and stamp duty reserve tax may be payable on the transfer of an asset on physical settlement of the Securities.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as contemplated by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State::

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;

- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive. .

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

3. THE NETHERLANDS

Securities which qualify as savings certificates as defined in the Savings Certificates Act (“*Wet inzake spaarbewijzen*”) may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

4. UNITED STATES OF AMERICA

No Securities of any Series have been, or will be, registered under the United States Securities Act of 1933, as amended (**Securities Act**), and trading in the Securities has not been approved by the United States Commodity Futures Trading Commission (**CFTC**) under the United States Commodity Exchange Act, as amended (**CEA**). No Securities of any Series, or interests therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person.

Offers, sales, resales or deliveries of Securities of any Series, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. In addition, in the absence of relief from the CFTC, offers, sales, resales, trades or deliveries of Securities, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading.

Securities having a maturity of more than one year will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the “**C Rules**”). Securities having a maturity of one year or less are not subject to the C Rules and will be referred to in the relevant Final Terms as a transaction to which the C Rules are not applicable.

The Securities subject to the C Rules may not be offered, sold or delivered within the United States, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 (the “**Code**”) and the U.S. Treasury regulations thereunder.

The Issuer will require each dealer participating in the distribution of Securities subject to the C Rules to agree that it will not at any time offer, sell, resell or deliver, directly or indirectly, the Securities in the United States or to others for offer, sale, resale or delivery, directly or indirectly, in the United States. Further, the Issuer and each dealer to which it sells the Securities will represent and agree that in connection with the original issuance of such Securities that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such purchaser is within the United States and will not otherwise involve its U.S. office in the offer or sale of such Securities. The terms used in the preceding sentence (and not otherwise defined below) have the meanings given to them by the Code and the U.S. Treasury regulations thereunder, including the C Rules.

As used herein, **United States** means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and

U.S. person means (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC's regulations by virtue of its participants being non-U.S. persons; or (vii) any other "U.S. Person" as such term may be defined in Regulation S under the Securities Act or in regulations adopted under the Commodity Exchange Act.

Notice to Purchasers and Holders of Restricted Securities and Transfer Restrictions

- (a) that trading in the Securities has not been and will not be approved by the CFTC under the CEA;
- (b) that it will not at any time offer, sell, resell or deliver, directly or indirectly, any Securities of such Series so purchased in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;
- (c) that it is not purchasing any Securities of such Series for the account or benefit of any U.S. person;
- (d) that it will not make offers, sales, resales or deliveries of any Securities of such Series (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;
- (e) that it will send each person who purchases any Securities of such issue from it a written confirmation (which shall include the definitions of **United States** and **U.S. person** set forth herein) stating that the Securities have not been registered under the Securities Act, that trading in the Securities has not been approved by the CFTC under the CEA and stating that such purchaser agrees that it will not at any time offer, sell, resell or deliver any of such

Securities, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;

- (f) that no U.S. person or person in the United States may at any time trade or maintain a position in the instruments and that a person entitled to receive an interim payment or exercising (or entitled to receive any amount at maturity or exercise under) the instrument will be required to certify that neither it nor the beneficial owner of the instrument is a U.S. person or is located in the United States;
- (g) that any person exercising a Security will be required to represent that it is not a U.S. person; and
- (h) if it is outside the United States and is not a U.S. person, that if it should resell or otherwise transfer the Securities prior to 40 days after the closing of the offer of the relevant Securities, it will do so only (a) outside the United States in compliance with Rule 903 or 904 under the Securities Act and (b) in accordance with all applicable United States state securities laws; and it acknowledges that the Global Securities will bear a legend to the following effect unless otherwise agreed to by the Issuer:

THE SECURITIES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (SECURITIES ACT) AND THE SECURITIES MAY NOT BE EXERCISED, OFFERED, SOLD, TRANSFERRED OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY U.S. PERSON AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT. FURTHERMORE, TRADING IN THE SECURITIES HAS NOT BEEN APPROVED BY THE UNITED STATES COMMODITY FUTURES TRADING COMMISSION UNDER THE UNITED STATES COMMODITY EXCHANGE ACT, AS AMENDED AND NO U.S. PERSON MAY AT ANY TIME TRADE OR MAINTAIN A POSITION IN THE SECURITIES.

5. UNITED KINGDOM

The Issuer represents, warrants and agrees that it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the “FSMA”)) received by it in connection with the issue or sale of any Securities in circumstances in which section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer and it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom.

6. INDIA

Any purchase of the Securities relating to or linked to securities listed on a stock exchange in India or indices that reference such securities should be made on the understanding that the purchaser shall be deemed to acknowledge, represent, warrant and undertake to the Group that:

- (a) it consents to the provision by the Group to any Indian governmental or regulatory authority of any information regarding it and its dealings in the Securities as required under applicable Indian regulations and/or as requested by any Indian governmental or regulatory authority;
- (b) it agrees to promptly provide to the Group, or directly to the relevant Indian governmental or regulatory authority (and confirm to the Group when it has done so), such additional information that the Group deems necessary or appropriate in order for the Group to comply with any such regulations and/or requests;

(k) Description of the Securities

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the "**Cash Amount**") or, in the case of exchangeable notes, permit the holder thereof (the "**Holder**") to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the "**Conversion Amount**"). The amount of interest to be paid and/or the Cash Amount and/or

the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket, in all cases, as provided in the terms of the relevant note. As such, each note will entail particular risks. Notes which are not capital protected may result in the Holder losing some or, in certain limited cases, all of his initial investment. Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

The types of note that may be issued under this Base Prospectus are described below.

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Zero coupon notes are cash settled securities which are issued at a percentage of the nominal amount and which do not bear any interest.

Currency exchange notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its nominal amount (if it is capital protected) plus a return (which may be zero) calculated by reference to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Inflation index notes are fixed-income securities that track a consumer price index (“CPI”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms.

If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Share notes are cash settled securities and may be interest bearing. If applicable, interest may be payable on a share note at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

Exchangeable notes may be cash settled or physically settled securities and may be interest bearing. If applicable, interest may be payable on an exchangeable note at a rate specified in the applicable Final Terms. The cash amount payable at maturity of a cash settled exchangeable note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms. In the case of a physically settled exchangeable note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

Multi-asset Basket Linked Notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The cash amount payable at maturity on a Note will at least equal a specified percentage of its Nominal Amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Fund linked notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms.

Basket related capital protected notes enable investors to participate in the performance of one or more baskets of different components relating to the relevant Series (including, without limitation and as specified in the applicable Final Terms, an index component, a real estate index component, a commodity component or a bond index component). In addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

Commodity notes are cash settled securities which may be partially or fully capital protected and may or may not be interest bearing. The Cash Amount payable at maturity of a commodity note is calculated by

reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities or attached to any Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

(a) **Validity.** Unless otherwise specified in the applicable Final Terms, announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such announcement to the Holders.

- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to have been given on the date of such delivery or, if earlier, the date of any publication as required by any relevant stock exchange or any Relevant Clearing System or, if published more than once, on the date of the first such publication.

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer acting in good faith and in a commercially reasonable manner, determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer or any Hedge Provider wholly or partially (i) hold, acquire, to establish, re-establish, substitute, maintain, unwind or dispose of a relevant hedging transaction (a “**Relevant Hedging Transaction**”) or asset it deems necessary, appropriate or desirable to hedge the Issuer’s obligations in respect of the Securities or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) the Issuer or any Hedge Provider will, whether directly or indirectly, incur a material increase (as compared with circumstances existing on the Issue Date) in the amount of tax, duty, expense (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) or fee (other than brokerage commissions) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or the Hedge Provider shall not be considered for the purposes of this subparagraph (i); or
 - (ii) any material illiquidity in the market for, or any mandatory redemption in whole or in part of, the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
 - (iii) a change in any applicable law or regulation (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority); or

- (iv) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
- (v) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

In the Conditions:

“Hedge Position” means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in reference assets to which the Securities relate, securities, options, futures, derivatives or foreign exchange, (ii) securities lending transactions or (iii) other instruments or arrangements (however described) by the Issuer in order to hedge the Issuer’s risk of issuing, and performing its obligations with respect to, the Securities; and

“Hedge Provider” includes but is not limited to the Issuer, any associate, subsidiary or affiliate thereof and/or The Royal Bank of Scotland plc and/or any other party(ies) and/or any special purpose vehicle(s) holding or entering into a Hedge Position in connection with the Issuer’s hedging arrangements in respect of the Securities.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
 - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a

consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);

- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.
- (d) The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event as specified in Product Condition 4, is likely to have a material adverse effect on the Issuer's Hedge Position. Where the Issuer makes adjustments to the Conditions pursuant to this General Condition 5(d), the Issuer shall notify the Holders thereof and shall offer to purchase from Holders for a period of not less than 10 days any Securities held by them at their fair market value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and taking into account the proposed adjustment) less the cost to the Issuer of unwinding any related hedging arrangements.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.
- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

(a) Determinations.

- (i) In making any determinations and calculations under these Conditions, the Issuer and the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner. All such determinations and calculations by the Issuer and the Calculation Agent shall, in the absence of manifest error, be final and binding.
- (ii) Whilst it is intended that the Issuer and the Calculation Agent will employ the methodology described in the Conditions to make determinations in respect of the Securities, no assurance can be given that market, regulatory, judicial or fiscal circumstances or, without limitation, any other circumstances will not arise that would necessitate a modification or change in such methodology in order that the Securities replicate as closely as possible investments in the assets underlying the Securities and its components. The Issuer and the Calculation Agent may make any such modification or change to such methodology that it considers necessary to reflect such circumstances.
- (iii) Calculations made by the Issuer or the Calculation Agent in respect of the Securities shall be made on the days specified herein; however, notwithstanding the foregoing or anything else contained in these Conditions, should the Issuer or the Calculation Agent determine that in order to give effect to the methodology described in these Conditions it is necessary to make calculations on a day or days other than that specified, then each of the Issuer and the Calculation Agent is permitted to make such calculations on such calendar day or days as it shall determine.
- (iv) Due to timing considerations, process requirements and other matters that would, in the opinion of the Issuer or the Calculation Agent, be relevant in relation to the implementation of asset allocation models, the Issuer or the Calculation Agent may need to make appropriate adjustments to the methodology set out in the terms and conditions as it considers necessary in order to reflect the timing and amounts that would be applicable were the Issuer or the Calculation Agent physically implementing the methodology set out in the Securities.

- (b) Modifications. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means the situation in which the Reference Rate is not available on the relevant Screen Page specified in the definition of Interest Rate of the relevant Series in the applicable Final Terms, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of the quotations for the Reference Rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time on the relevant Valuation Date. The Issuer will request each Reference Bank to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate from at least three of the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination

made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

4. ADJUSTMENTS

- (a) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

- (b) Merger Event, Hedging Disruption, Nationalisation, Insolvency, Insolvency Filing or Delisting. If a Merger Event (A) which is a Reverse Merger or (B) under which the consideration for the relevant Shares consists (or, at the option of the holder of such Shares, will consist) solely of New Shares, occurs in relation to a Share Company, the Calculation Agent shall make such adjustments to the terms and conditions of the Securities as it determines appropriate to account for the economic effect on the Securities of such Merger Event (provided that the Issuer may, but need not, determine the adjustment by reference to the adjustment in respect of such event made by an options exchange to options on the Shares traded on that options exchange) and determine the effective date of that adjustment. If the Calculation Agent determines that, as a result of the application of this provision, the number of different Shares in the Basket is reduced, Share Substitution will apply. Share Substitution shall also apply where a Merger Event other than those as set out in (A) and/or (B) of this Product Condition 4(b) occurs.

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as is determined by the Calculation Agent.

“Merger Event” means any (i) reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares, (ii) consolidation, amalgamation, merger or binding share exchange of the Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which

does not result in a reclassification or change to all of the outstanding Shares), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror or (iv) consolidation, amalgamation, merger or binding share exchange of the Share Company or its subsidiary with or into another entity in which the Share Company is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the holders of the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively owning less than 50 per cent. of the outstanding Shares immediately following such event (a “**Reverse Merger**”), in each case if the Merger Date is on or before the final Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity or instrumentality thereof.

“**New Share**” means ordinary or common shares, whether of the entity or person (other than the Merger Company) involved in the Merger Event or a third party that are, or that as of the Merger Date are promptly scheduled to be, (i) publicly quoted, traded or listed on an exchange or quotation system located in the same country as the Exchange and (ii) not subject to any currency exchange controls, trading restrictions or other trading limitations.

“**Share Substitution**” means on or after the relevant Merger Date or the date of the Nationalisation, Insolvency or Delisting or the date of the Insolvency Filing or Hedging Disruption (as the case may be), the Calculation Agent will adjust the Basket to include a share selected by it in good faith in accordance with the criteria for share selection set out below (the “**Substitute Shares**”) in place of the Shares which are affected by the Merger Event, Nationalisation, Insolvency, Delisting, Insolvency Filing or Hedging Disruption, and the Substitute Shares and their respective issuers will be deemed “**Shares**” and a “**Share Company**”, respectively, and the Calculation Agent will adjust any relevant terms and conditions hereunder accordingly, provided that (for the avoidance of doubt) the Initial Reference Spot of each Substitute Share will be determined in accordance with the formula set out as below:

$$\text{Initial Reference Spot} = A \times (B / C)$$

Where:

“A” is the official closing price of the relevant Substitute Share on the Substitution Date;

“B” is the Initial Reference Spot of the relevant affected Share; and

“C” is the official closing price of the relevant affected Share on the Substitution Date.

In order to be selected as Substitute Shares, the relevant shares shall (if practicable as selected by the Calculation Agent on a best efforts basis) meet all or some of the following criteria:

1. a share which is not already comprised in the Basket;
2. a share which belongs to a similar economic sector as the affected Share; and
3. a share which is of comparable market capitalisation, international standing and exposure as the affected Share.

After selecting each Substitute Share, the Calculation Agent will, as soon as reasonably practicable, notify the Holders in accordance with General Condition 4 of the occurrence of the relevant events and the identity of each affected share and the relevant adjustment to the Basket will be deemed to be effective as of the date selected by the Calculation Agent in its absolute discretion acting in good faith and in a commercially reasonable manner and specified in such notice (the “**Substitution Date**”) which may, but need not, be the day upon which the relevant event occurred.

“**Tender Offer**” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of a Share Company, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

- (c) In the event that any price quoted on the Exchange and which is utilised for any calculation or determination made hereunder is subsequently corrected and quoted or published by the Exchange within two Scheduled Trading Days of the previously published or quoted price, to the extent that the Calculation Agent is aware of the same, the Calculation Agent will take into account such correction when determining the relevant Coupon Amount and, to the extent necessary, the Calculation Agent will adjust the terms and conditions of the Securities to account for such correction.
- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it consider it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt by it of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies

of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

- (g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. The Issuer will request the principal London office of each Reference Bank to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not

possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the relevant Underlying Rate at its sole and absolute discretion, which determination may be delayed for up to 180 days following the occurrence of an Emerging Market Disruption Event.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging

arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (A) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of outstanding Shares; (B) consolidation, amalgamation, merger or binding share exchange of a Share Company

with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (C) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (A) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (B) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (e) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. 4. ADJUSTMENTS

(a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) **Potential Adjustment Events.** Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first

preceding Payment Day or (b) if " Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the

official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to

calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and

(H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If "Issuer Call" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If "Interest" is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or

omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

- (g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence during the one hour period that ends at the official close of trading on any relevant exchanges of any suspension of or limitation imposed on trading in relation to the relevant Inflation Index or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchanges or otherwise):
 - (A) on any relevant exchanges(s) in securities that comprise 20 per cent or more of the level of the relevant Inflation Index if, in the determination of the Calculation Agent,

such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Inflation Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Inflation Index shall be based on a comparison of (x) the portion of the level of the Inflation Index attributable to that security relative to (y) the overall level of the Inflation Index, in each case immediately before that suspension or limitation; or

- (B) on any relevant exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Inflation Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.
- (1) If any Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but a in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the inflation index so calculated and announced by that successor inflation index, as the case may be.
 - (2) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating any Inflation Index or in any other way an Inflation Index is materially modified (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events); or (B) on the Interest Payment Date there is a failure to calculate and/or publish any Inflation Index; then (in either case) the Calculation Agent shall determine the Inflation Index Level using, in lieu of a published level for the relevant Inflation Index on the Interest Payment Date, the level for the relevant Inflation Index as determined by the Calculation Agent in

accordance with the formula for and method of calculating the relevant Inflation Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Inflation Index immediately prior to the change or failure (other than those securities that have since ceased to be included in the Inflation Index) or, in the case of a material modification of the Inflation Index only, shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

(3) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

 - (2) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating the Index or the Index Sponsor, in any other way, materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Final Reference Price using, in lieu of a published level for the Index, the level for the Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Index to be the

Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.

(3) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
 - (i) If an Early Redemption Event has not occurred, the Cash Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount, such redemption to occur on the Settlement Date.
- (b) Interest. The Securities bear no interest and no payment shall be made on account thereof.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or the Early Redemption Amount.
- (e) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any

circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (f) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (g) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the

Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event) and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant; and

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

- (a) **Redemption on the Settlement Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
- (i) If an Early Redemption Event has not occurred, the Cash Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount,
- such redemption to occur on the Settlement Date.
- (b) **Interest Amount.** If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest

Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (f) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (g) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or

transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (h) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
 - (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any

other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

“**Trading Day**” means any day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on each Exchange or Related Exchange other than a day on which trading on the Exchange or Related Exchange is scheduled to close prior to its regular weekday closing time;

In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event) and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant;

“**Valuation Time**” means the close of trading on the relevant Exchange in relation to a Share or such other time as the Issuer may determine in its absolute discretion and notify to Holders in accordance with General Condition 4; and

“**Weighting**” means, in relation to each Share, the number specified as such in the definition of Basket in the applicable Final Terms, subject to adjustment in accordance with Product Condition 4.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which

regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
 - (i) If an Early Redemption Event has not occurred, the Cash Amount otherwise if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Share Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as

the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (d) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (e) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, Early Redemption Amount, any Interest Amount or the Share Amount, if applicable.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (f) **Notice.** If Physical Settlement is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms and the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are expressed to be in Definitive form) or the Clearing Agent, (if the Securities are expressed to be in Global form) in each case with a copy to the Principal Agent a notice (the "**Notice**") not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) attach with the specified aggregate Nominal Amount of the Securities (if in Definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if in Global form) and instruct the Clearing Agent to debit such account on such date;

- (iii) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (iv) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means
 - (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;
 - (b) any person or entity other than one of the following:
 - (1) a natural person who is not a resident of the United States;
 - (2) a partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a jurisdiction other than the United States and which has its principal place of business in a jurisdiction other than the United States;
 - (3) an estate or trust, the income of which is not subject to United States income tax regardless of source;
 - (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or
 - (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States;

- (v) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (iii) above or make a deduction from any cheque; and
 - (vi) specify the Delivery Details.
- (g) **Late Delivery of Notice.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being for the purposes of the Conditions the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer’s obligations in respect of such Security shall be discharged.
- (h) **Verification.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (i) **Delivery of the Share Amount.** Subject as provided in the Conditions, if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered

shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (j) **Determinations.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (k) **Intervening Period.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the

Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.

- (l) Dividends. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (m) Settlement Disruption. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (n) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (o) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre

of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (p) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding

levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange

if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as

practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day

falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if " Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) Method of Payment. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not

subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“**Merger Event**” means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Issuer Call Date or Valuation Date, as applicable.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

“**Valuation Date**” means the date specified as such in the definition of the relevant Series in the applicable Final Terms or, if such date is not a Trading Day, the first Trading Day thereafter unless, in the determination of the Calculation Agent, a Market Disruption Event has occurred on that day, in which case the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Valuation Date. In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event) and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Share on the Exchange and such other factors as the Calculation Agent determines to be relevant; and

“**Valuation Time**” means the time with reference to which the Exchange publishes the official closing price of the Share or such other time as the Issuer may determine in its absolute discretion and notify to Holders in accordance with General Condition 4.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular Nominal Amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the Nominal

Amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such Nominal Amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously exchanged, redeemed or purchased and cancelled and subject as provided by the Conditions and in the case of an Issuer Call (if applicable), each Security will be redeemed in respect of each Nominal Amount at:
- (i) the Cash Amount, on the Maturity Date;
 - (ii) by delivery of the Share Amount, in the event of there being an Optional Exchange Right;
 - (iii) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer Call Cash Amount in the event of there being an Issuer Call and the Issuer Call Cash Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied; or
 - (iv) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, by delivery of the Share Amount in the event of there being an Issuer Call and the Issuer Call Share Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied,
- such redemption to occur, subject as provided below, on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by

reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date. In respect of each Security, in the event that a Notice is delivered by the relevant Holder during an Interest Period then, in respect of that Interest Period and each subsequent Interest Period to the Maturity Date, no further Interest Amount shall be paid and any accrued unpaid Interest Amount shall be exchanged as provided in Product Condition 3(e).

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest (A) from and including the due date for redemption, or (B) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. No interest shall accrue after the Maturity Date or any earlier date, as the case may be, in the event that payment of any amount, or delivery of any Share Amount or payment of any fraction of a Share, is postponed due to the occurrence of a Settlement Disruption Event or a Market Disruption Event. Further, no Interest Amount will be paid in respect of the Interest Period in which the Exchange Date or, if applicable, the Issuer Call Date falls.
- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (e) Optional Exchange Right. Subject to an Issuer Call (if applicable), the Holder is entitled to exercise the Optional Exchange Right on any Business Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and by delivery of a valid Notice by the Exchange Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such valid exchange, the right of the relevant Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and in consideration and exchange thereof the Issuer shall, except as otherwise provided in these Conditions, deliver the Share Amount on the Settlement Date.

In the event that the Holder does not hold an account with the Exchange on the Settlement Date, the Issuer shall use reasonable endeavours to sell the Share Amount on behalf of the Holder and pay the resultant proceeds of sale less Expenses to the Holder in such manner as it shall determine in its sole discretion.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Amount, any Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) **Notice.** Pursuant to Condition 3(e), to exercise the Optional Exchange Right, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the "**Notice**"). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (iii) specify the number of the account with the Clearing Agent to be credited with any Disruption Cash Settlement Price;
- (iv) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "**U.S. person**" means
- (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;
- (b) any person or entity other than one of the following:

- (1) a natural person who is not a resident of the United States;
 - (2) a partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a jurisdiction other than the United States and which has its principal place of business in a jurisdiction other than the United States;
 - (3) an estate or trust, the income of which is not subject to United States income tax regardless of source;
 - (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or
 - (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States;
- (v) include an undertaking to pay all Expenses and an irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to make a deduction from any amount payable; and
- (vi) specify the Delivery Details.
- (i) Late Delivery of Notice. Any Notice to exercise the Optional Exchange Right delivered after the Exchange Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
 - (j) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
 - (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Share or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for

such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered holder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.

- (l) **Determinations.** Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Share comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Share, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Share or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Share during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exchange Date or Issuer Call Date, as applicable, and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.

- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to the delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the delivery date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (q) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (r) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to

receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and

- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
 - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not

subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“**Merger Event**” means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular Nominal Amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the Nominal Amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such Nominal Amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date. In respect of each Security, in the event that a Notice is delivered by the relevant Holder during an Interest Period then, in respect of that Interest Period and each subsequent Interest Period to the Maturity Date, no further Interest Amount shall be paid.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including (A) from and including the due date for redemption or (B) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. Further, no Interest Amount will be paid in respect of the Interest Period in which the Early Termination Date or, if applicable, the Issuer Call Date falls.
- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (e) Holder Early Termination. Subject to an Issuer Call (if applicable), the Holder may terminate the Securities held by it in whole or in part at any time on any Trading Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and delivery of a valid Notice by the Conversion Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such Holder Early Termination, the right of the Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and the Issuer shall, except as otherwise provided in these Conditions, deliver the Conversion Amount on the Settlement Date.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount.
- (h) **Notice.** Pursuant to Condition 3(e), to effect a Holder Early Termination, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the “**Notice**”). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- iii) specify the number of the account with the Clearing Agent to be credited with the Conversion Amount of such Securities;

 - (4) an entity organised principally for passive investment such as a pool, investment company or other similar entity, provided that units of participation in the entity held by U.S. persons represent in the aggregate less than 10 per cent. of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by U.S. persons; or
 - (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States; and
- (v) include an undertaking to pay all Expenses and irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to make a deduction from any amount payable.
- (i) Late Delivery of Notice. Any Notice to effect a Holder Early Termination delivered after the Conversion Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other period shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
- (j) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing

Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (l) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (m) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (n) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging

arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share

Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

CONDITIONS: PRODUCT CONDITIONS

- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

- (e) **Holder Early Termination.** Subject to an Issuer Call (if applicable) and pursuant to Condition 3(j), the Holder may terminate the Securities held by it in whole or in part at any time on any Trading Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and delivery of a valid Notice by the Conversion Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such Holder Early Termination, the right of the Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and the Issuer shall, except as otherwise provided in these Conditions, deliver the Conversion Amount on the Settlement Date.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount.
- (h) **Notice.** Pursuant to Product Condition 3(e), to effect a Holder Early Termination, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the “**Notice**”). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (ii) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (iii) specify the number of the account with the Clearing Agent to be credited with the Conversion Amount of such Securities;

- (i) Late Delivery of Notice. Any Notice to effect a Holder Early Termination delivered after the Conversion Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other period shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.

- (j) **Verification.** In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) **Determinations.** Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (l) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (m) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (n) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence

that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. “**Market Disruption Event**” means (i) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on any Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor**

Sponsor”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Index Level using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not

previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently

trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

 - (A) on any Exchange(s) in securities that comprise 20 per cent. or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(ii) In respect of the Strategy:

- (G) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the relevant Strategy Component (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the relevant Strategy Component on the Valuation Date and/or

on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or

(H) Trading Limitation. The material limitation imposed on trading in the relevant Strategy Component with respect to it or any contract with respect thereto on any exchange or principal trading market; or

(I) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

(c) Index Adjustment Event. The Issuer or the Calculation Agent on its behalf shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:

(i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

(ii) If: (A) on or prior to the Valuation Date or, if applicable, the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date or, if applicable, the Issuer Call Date as the case may be, the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Value using, in lieu of a published level(s) for the Index on the Valuation Date or, if applicable, the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified

Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (I) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) (i) a distribution or dividend to existing holders of the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (C) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (D) an extraordinary dividend; (E) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (G) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date or the Issuer Call Date, if applicable; (H) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (I) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations

hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(i), (ii) and (iv) above shall apply in the same context to the Strategy.

 - (L) A significant market, trading or exchange disruption and/or crisis in the major financial markets occurs.
- (ii) NAV/Price and Reporting:

unqualified audit report, in respect of the Fund, or the Issuer or the Calculation Agent on its behalf considers that the unaudited official NAV of the Fund published by or on behalf of the Fund in respect of any date does not reflect the NAV of such Fund as it would have been determined by the independent auditors of that Fund using the generally accepted accounting standards adopted by the Fund.

- (E) (i) In respect of any Fund Reference Asset, the occurrence of any event affecting such Fund Reference Asset that, in the determination of the Issuer or the Calculation Agent on its behalf, would make it impossible or impracticable for the Issuer or the Calculation Agent to determine the value of such Fund Reference Asset, and the Issuer or the Calculation Agent on its behalf determines that such event will not be, or has not been, resolved within 15 calendar days from the occurrence of such event; (ii) any failure of the Fund, any Fund Service Provider or any director of the Fund to deliver, or cause to be delivered, (A) information that such person has agreed to deliver, or cause to be delivered, to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider in respect of the Fund (including, without limitation, any information required by the Issuer or the Calculation Agent in the execution of its duties and obligations under the Securities or required by the Issuer or the Calculation Agent in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities) or (B) information that has been previously delivered to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider, in accordance with such person's, or its authorised representative's, normal practice and that the Issuer or the Calculation Agent deems necessary for it to perform its duties and obligations under the Securities or that the Issuer or the Calculation Agent deems is required by it in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities (including, in either case, monitoring the Fund's compliance with any Portfolio Guidelines, asset allocation methodologies, the occurrence of any Fund Event or any other similar policies relating to such Fund Reference Assets).

- (iii) Fund Reference Assets:

Any of the following events relating to the Fund Reference Assets occurs:

- (A) a subdivision, reclassification or distribution of Fund Reference Assets which has a diluting or concentrative or other effect on the value (theoretical or otherwise) of the Fund Reference Assets;
 - (B) a portion of each Fund Reference Asset is converted (whether by way of redemption and re-issue or otherwise) into new securities participating in the capital of the Fund, which securities are subject to lock-up periods during which they may not be redeemed and which relate to any segregated assets of the Fund, or the Fund creates any other form of “side-pocket” which affects the Fund Reference Assets;
 - (C) a (i) dividend (including cash and whether ordinary or extraordinary), (ii) distribution or (iii) issue of Fund Reference Assets, capital, securities, rights or other assets or interests to existing holders of Fund Reference Assets which has or is likely to have an adverse effect on the value (theoretical or otherwise) of the Fund Reference Assets;
 - (D) any suspension or limitation on the trading of the relevant currencies in which the Fund Reference Assets are denominated or any amendment to the currency of denomination of the Fund Reference Assets so that their price is no longer calculated in the same currency as at the Inclusion Date of the Fund; or
- (iv) Trading and Fees:
- (A) In respect of the Fund Reference Assets, the Fund or any Fund Service Provider increases the level of any redemption fee, subscription fee, management fee, performance fee or a bid/offer spread (or other charge however described) above the level that would have been applicable to any Fund Reference Assets held by any of the Issuer, any affiliate of the Issuer or any Hedge Provider on the Inclusion Date (regardless of whether any such person actually holds any Fund Reference Assets as of such date).
 - (B) Any suspension of or limitation imposed on trading of the Fund or on trading in the Fund Reference Assets (for any reason, including, without limitation, by reason of liquidity restrictions) or any dealing request made by any investor or prospective investor in the Fund or the Fund Reference Assets is deferred in whole or in part or is made at a value other than the related NAV or price, as applicable.

- (C) The frequency at which Fund Reference Assets can be traded is amended or the timing for subscription or redemption of Fund Reference Assets is amended, in each case so that it is no longer that specified in the Fund Documents and/or Fund Prospectus as they prevailed on the Inclusion Date, including, without limitation, an amendment to the timetable for payment of redemption proceeds upon redemption.
- (D) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Fund Reference Assets or is entitled to any other amount and:
 - (I) does not receive the full proceeds of such redemption or amount in cash in accordance with the timing set out in the Fund Documents or the Fund Prospectus; or
 - (II) receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any Hedge Provider to redeem Fund Reference Assets or be entitled to actual payment of any such other amount.

 - (A) The Fund Adviser indicates or acknowledges that in its opinion the strategy/investment objective of the Fund will not be, or is no longer able to be, met.

 - (C) Any of: (a) the resignation, termination of appointment or replacement of the Fund Adviser from its role as such occurs or the resignation, termination of appointment or replacement of any other Fund Service Provider from its role as such occurs with respect to the Fund or (b) any change in the personnel of any Fund Service Provider occurs which the Issuer or the Calculation Agent on its behalf considers materially adversely affects the ability of such Fund Service Provider to carry out its duties with respect to the Fund.

- (D) The Issuer or the Calculation Agent on its behalf becomes aware of any failure by the Fund or any person on its behalf to disclose to the Issuer or the Calculation Agent on its behalf, on or before the Inclusion Date, any information, event or circumstance that was in existence on such date and that would have been necessary to enable the Issuer or the Calculation Agent to make an informed assessment of the assets and liabilities, financial position and prospects of the Fund and of the rights attaching to the Fund Reference Assets.
- (vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.
- (e) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a “**Permitted Action**”):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or
- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a

notional liquidation of all of the Fund Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Fund Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(e)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(d), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(f) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Fund Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value

does not fairly represent the value of the Fund or Fund Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.

- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (g) (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising. The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations

in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

(4) **ADJUSTMENTS**

- (a) **Market Disruption in relation to a Share.** The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(a), a “**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Market Disruption in relation to an Index. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(b) a “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason

of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (c) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (d) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
 - (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents

(if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**”, in this Product Condition 4(d) only, means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“**Merger Event**”, in this Product Condition 4(d) only, means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power in the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or

- (2) holders of the Shares of that Share Company become legally prohibited from transferring them.
- (e) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the

relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(f) Fund Events. Each of the following events constitutes a “**Fund Event**”. The Fund Events are for the benefit of the Issuer in order that the Issuer is protected against any adverse effects of such Fund Events on its Hedge Position. The Issuer, or the Calculation Agent on its behalf, shall make all determinations in respect of such Fund Events including as to whether such Fund Event has occurred and the effective date of such occurrence. In order to

constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.

- (B) a portion of each Reference Asset is converted (whether by way of redemption and re-issue or otherwise) into new securities participating in the capital of the Fund, which securities are subject to lock-up periods during which they may not be redeemed and which relate to any segregated assets of the Fund, or the Fund creates any other form of "side-pocket" which affects the Reference Assets;
- (C) a (i) dividend (including cash and whether ordinary or extraordinary), (ii) distribution or (iii) issue of Reference Assets, capital, securities, rights or other assets or interests to existing holders of Reference Assets which has or is likely to have an adverse effect on the value (theoretical or otherwise) of the Reference Assets;

 - (C) The frequency at which Reference Assets can be traded is amended or the timing for subscription or redemption of Reference Assets is amended, in each case so that it is no longer that specified in the Fund Documents and/or Fund Prospectus as they prevailed on the Inclusion Date, including, without limitation, an amendment to the timetable for payment of redemption proceeds upon redemption.
 - (D) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Reference Assets or is entitled to any other amount and:

 - (II) receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any

(D) The Issuer or the Calculation Agent on its behalf becomes aware of any failure by the Fund or any person on its behalf to disclose to the Issuer or the Calculation Agent on its behalf, on or before the Inclusion Date, any information, event or circumstance that was in existence on such date and that would have been necessary to enable the Issuer or the Calculation Agent to make an informed assessment of the assets and liabilities, financial position and prospects of the Fund and of the rights attaching to the Reference Assets.

(vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.

(g) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a “**Permitted Action**”):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or
- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(g)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted

Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(f), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(h) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.

(iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

(i) Adjustments to the Basket

If a De-Listing occurs with respect to a Fund or a Share, as applicable or a Fund or a Share, as applicable is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Fund or Share, as applicable by a successor fund or share, as applicable which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Fund or Share, as applicable (B) remove the de-listed or cancelled Fund or Share, as applicable and allocate the Fund Final Reference Price or Share Final Reference Price, as applicable of such Fund or Share, as applicable as of the effective date of the de-listing or cancellation, pro rata to the remaining Funds or Shares, as applicable or (C) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“Valuation Time” means (i) with respect to each Commodity and FX Rate at or around the time specified as such in the definition of the relevant Series in the applicable Final Terms, (ii) with respect to each Index the time with reference to which the Index Sponsor calculates the closing level of the Index, (iii) with respect to each Certificate or Share, the official close of trading on the relevant Exchange and (iv) with respect to each Fund (other than those Funds which are exchange traded funds) the time with reference to which the fund manager publishes the NAV or value and (v) with respect to Funds which are exchange traded funds the time specified as such in the definition of the relevant series in the applicable Final Terms. All unless otherwise specified in the definition of the relevant Series in the applicable Final Terms or, such other time as the Issuer or the Calculation Agent on its behalf may select and notify to Holders in accordance with General Condition 4; and

“**Weight**” means, for each Basket Constituent, the percentage specified as such in the definition of Basket of the relevant Series in the applicable Final Terms, subject to adjustment in accordance with Product Condition 4.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) **Redemption on the Settlement Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event or Fund Event, as applicable.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any

circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

(4) **ADJUSTMENTS**

- (a) **Market Disruption in relation to a Commodity.** The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(a), a “**Market Disruption Event**” means:

- (i) **Price Source Disruption.** The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) **Trading Suspension.** The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) **Disappearance of Price.** The failure of trading to commence, or the permanent discontinuation of trading of the Commodity on the Exchange; or

- (iv) Material Change in nature of or pricing method. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Commodity; or
 - (v) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content, composition of the Commodity; or
 - (vi) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or, a material reduction in, trading in the Commodity on the Exchange; or
 - (vii) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or
 - (viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
 - (ix) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.
- (b) Market Disruption in relation to an FX Rate. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. In this Product Condition 4(b), a “**Market Disruption Event**” means:
- (a) Price Source Disruption. If it becomes impossible to obtain any one or more FX Rates on the Valuation Date; or
 - (b) Governmental Default. If with respect to any security or indebtedness for money borrowed or guaranteed by any Governmental Authority, there occurs a default, event of default or other similar condition or event (howsoever described) including, but not limited to, (i) the failure of timely payment in full of principal, interest or other amounts due (without giving effect to any applicable grace periods) in respect of any such security indebtedness for money borrowed or guarantee, (ii) a declared moratorium, standstill, waiver, deferral, repudiation or rescheduling of any principal,

interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee or (iii) the amendment or modification of the terms and conditions of payment of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee without the consent of all holders of such obligation. The determination of the existence or occurrence of any default, event of default or other similar condition or event shall be made without regard to any lack or alleged lack of authority or capacity of such Governmental Authority to issue or enter into such security, indebtedness for money borrowed or guarantee; or

- (c) Inconvertibility/non-transferrability. The occurrence of any event which (i) generally makes it impossible to convert the currencies in any one or more FX Rates through customary legal channels for conducting such conversion in the principal financial centre of a Basket Constituent Currency or (ii) generally makes it impossible to deliver a Basket Constituent Currency from accounts in the country of the principal financial centre of that Basket Constituent Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
- (d) Nationalisation. Any expropriation, confiscation, requisition, nationalization or other action by any Governmental Authority which deprives the Issuer (or any of its affiliates), of all or substantially all of its assets in the country of the principal financial centre of a Basket Constituent Currency; or
- (e) Illiquidity. Any impossibility in obtaining a firm quote for any one or more FX Rates or the Settlement Currency for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or
- (f) Change in Law. A change in law in the country of the principal financial centre of a Basket Constituent Currency which may affect the ownership in and/or the transferability of that Basket Constituent Currency; or
- (g) Imposition of Tax/Levy. The imposition of any tax and/or levy with punitive character which is imposed in the country of the principal financial centre of a Basket Constituent Currency; or
- (h) Unavailability of Settlement Currency. The unavailability of the Settlement Currency in the country of the principal financial centre of a Basket Constituent Currency; or

- (i) Other Events. Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

For this purpose a “**Governmental Authority**” is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of the Settlement Currency.

- (c) Market Disruption in relation to a Certificate and a Share. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(c), a “**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares or Certificates, as applicable, on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares or Certificates, as applicable, on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (d) Market Disruption in relation to an Index. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(d), a “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (e) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

In this Product Condition 4(e), “**Potential Adjustment Event**” means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

- (f) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

In this Product Condition 4(f), “**Potential Adjustment Event**” means any of the following:

- (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the

consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(g) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or

futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**”, in this Product Condition 4(g) only, means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“**Merger Event**”, in this Product Condition 4(g) only, means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (h) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied

by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(i) Adjustments to the Basket

If a De-Listing occurs with respect to a Fund, Certificate or a Share, as applicable or a Fund, Certificate or Share, as applicable is for any reason cancelled or ceases to exist, the

Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Fund, Certificate or Share, as applicable by a successor fund, certificate or share, as applicable which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Fund, Certificate or Share, as applicable (B) remove the de-listed or cancelled Fund, Certificate or Share, as applicable and allocate the Fund Final Reference, Certificate Final Reference Price or Share Final Reference Price, as applicable of such Fund, Certificate or Share, as applicable as of the effective date of the de-listing or cancellation, pro rata to the remaining Funds, Certificates or Shares, as applicable or (C) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“**De-listing**” means, for the purpose of the foregoing paragraph, a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituents are listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (j) Fund Events. Each of the following events constitutes a “**Fund Event**”. The Fund Events are for the benefit of the Issuer in order that the Issuer is protected against any adverse effects of such Fund Events on its Hedge Position. The Issuer, or the Calculation Agent on its behalf, shall make all determinations in respect of such Fund Events including as to whether such Fund Event has occurred and the effective date of such occurrence. In order to constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.

(i) Global Events:

- (A) Any of: (a) the investment strategy and/or the investment objective of the Fund has changed so that it is materially different from that applicable at its Inclusion Date or (b) a material change has been made to the underlying nature, strategy or risk of the Fund’s portfolio from that which prevailed at its Inclusion Date and that is over and above that expected by the Issuer or the Calculation Agent on its behalf as of the Inclusion Date with respect to

the trading strategies employed by the Fund as of that date or (c) the operation or organisation of the Fund or the Fund Adviser (including, without limitation, its organisational structure and its procedures, processes or policies in respect of investment selection, due diligence, asset allocation, risk management or investment monitoring) has changed from that at the Inclusion Date or are other than as represented at such Inclusion Date or (d) any such procedures, processes or policies as are referred to in (c) above are either not being applied or are not being applied consistently with their application on the Inclusion Date or (e) an event or change affecting any of the structure, ownership, management or reputation or liquidity of the Fund or the Reference Assets and/or any other units in the capital of the Fund and/or any Fund Service Provider occurs or (f) any other amendments, changes, modifications or variations are made after the Inclusion Date to any of the Fund Documents, the Fund Prospectus or the Portfolio Guidelines.

- (B) (a) the Fund is not being managed in accordance with the Fund Documents and/or the Fund Prospectus as they prevailed on the Inclusion Date, and no action satisfactory to the Issuer or the Calculation Agent on its behalf has been taken by the Fund or any person on its behalf with a view towards correcting such breach within five calendar days from the date on which the Fund was notified of the breach, or (b) any event occurs which causes, or will with the passage of time (in the opinion of the Issuer or the Calculation Agent on its behalf) cause, the failure of the Fund and/or any Fund Service Provider to meet or maintain any obligation or undertaking under the Fund Documents.
- (C) The Issuer or the Calculation Agent on its behalf determines that (a) the obligations of any of the Fund or any Fund Service Provider or the directors of the Fund under any Hedging Agreement do not comprise legal, valid and binding obligations of such person, enforceable in accordance with their terms or (b) any of the Fund or any Fund Service Provider was acting outside its powers or authority in executing any Hedging Agreement or in making any agreement or undertaking therein. Each of (a) and (b) shall be conclusively presumed to be the case if the Issuer or the Calculation Agent on its behalf is advised that such is the case by reputable legal counsel having expertise in such matters.

- (D) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Reference Assets or is entitled to any other amount and:

 - (II) receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any Hedge Provider to redeem Reference Assets or be entitled to actual payment of any such other amount.

- (vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.

(k) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a “**Permitted Action**”):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or
- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation

methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or

- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(k)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(j), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by

the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(l) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary

duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

- (m) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

(vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.

(c) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a “**Permitted Action**”):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or
- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(c)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody’s Investors Service, Inc. (any transaction costs that would be incurred in

respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a “**Suspension Asset**”).

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(b), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(d) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Fund Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Fund Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is

permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.

- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.(e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (i) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” relating to a Commodity (if applicable) means:

- (a) Price Source Disruption. The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (b) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (c) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Commodity on the Exchange; or
- (d) Material Change in Formula. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Commodity; or
- (e) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content or composition of the Commodity; or
- (f) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions

with respect to the Commodity has been impaired due to a lack of, or, a material reduction in, trading in the Commodity on the Exchange; or

- (g) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be and/or on each of the three Trading Days following the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be from what it would have been without that imposition, change or removal; or
- (h) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
- (i) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (j) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

A “**Market Disruption Event**” relating to an Index (if applicable) means:

- (a) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);
- (b) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (c) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- b) Adjustments to the Commodity (if applicable) and the Index (if applicable)
- (1) If a Commodity (an “**Affected Commodity**”) for any reason ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace that Affected Commodity by a successor commodity which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact as such Affected Commodity and is of a similar type to such Affected Commodity or (B) remove the Affected Commodity from the Basket and allocate the price of such Affected Commodity, pro rata to the remaining Commodities in the Basket.
- (2) Adjustments to the Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If (A) on or prior to the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the level of the Index using, in lieu of a published level for the

relevant Index on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market

value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determination and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, in respect of each Nominal Amount, at the Cash Amount, such redemption to occur on the Settlement Date.
- b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. - d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

- g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

- (vii) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or
- (viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
- (ix) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities

are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity

Date in the event that payment of any amount is postponed due to a Market Disruption Event.

- (d) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (e) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (f) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (g) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (h) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to

receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**”, in relation to an Index, means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

“**Market Disruption Event**”, in relation to an Inflation Index, means the Index Sponsor fails to calculate and announce the level of the Inflation Index.

- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (i) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor**

Sponsor”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (ii) If (A) on or prior to the Valuation Date, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an

extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the Issue Date up to but excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (c) Adjustments to the Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.
- (1) If the Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the Inflation Index so calculated and announced by that successor index, as the case may be.
- (2) If (A) on or prior to any calculation of the level of the Inflation Index there is a material change in the formula for or the method of calculating the Inflation Index or the Index Sponsor, in any other way, materially modifies the Inflation Index (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Inflation Index level using, in lieu of a published level for the Inflation Index, the level for the Inflation Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.

- (d) (1) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (2) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
