2. FORM

(a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable

to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, provided that no Knock-in Event has occurred in respect of each Nominal Amount, at Cash Amount 1. Where a Knock-in Event has occurred, each Security will be redeemed in respect of each Nominal Amount:

(1) at Cash Amount 1 if the Final Reference Price is equal to or greater than the Initial Reference Price; and otherwise

(2) at Cash Amount 2,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, on the next succeeding Business Day.

(b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

(c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption.

(d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any

account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or the Interest Amount. The purchase of Securities does not confer

on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any

Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

(1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange;
or

(2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity

(other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

For a description of certain restrictions on offers, sales and deliveries of Securities and the distribution of this document and other offering material relating to the Securities please refer to “Selling Restrictions” in this Base Prospectus.

In connection with the issue and the distribution of any Securities, any one manager (the “**Manager**”) appointed by the Issuer or any person acting for it may over-allot Securities or effect transactions with

However, there is no assurance that the Manager (or any person acting on behalf of the Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the day on which adequate public disclosure of the final terms of the Securities is made and, if begun, may be ended at any time but it must end no later than the earlier of 30 days after the issue date of the Securities and 60 days after the date of allotment of the Securities.

This Base Prospectus is issued in replacement of an earlier Base Prospectus dated 20 July 2007.

SUMMARY

This summary must be read as an introduction to this Base Prospectus and any decision to invest in any Securities should be based on a consideration of this Base Prospectus as a whole, including the documents incorporated by reference. No civil liability attaches to the Issuer in respect of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus. Where a claim relating to information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area (an “EEA State”), the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this summary.

Issuer:

ABN AMRO Bank N.V.

History and Development:

The Issuer is a subsidiary of ABN AMRO Holding N.V. (“**Holding**”). Holding’s is a public limited liability company incorporated under Dutch law on 30 May 1990 with registered offices in Amsterdam, The Netherlands. The main address is Gustav Mahlerlaan 10, 1082 PP Amsterdam, with a mailing address in The Netherlands at Post Office Box 283, 1000 EA Amsterdam.

On 17 October 2007 RFS Holdings B.V., a company whose shares are held by The Royal Bank of Scotland Group plc (“**RBS**”), Banco Santander S.A. (“**Santander**”), Fortis N.V. and Fortis SA/N.V. (“**Fortis**”) acquired 85.6% of ABN AMRO Holding N.V. Through subsequent purchases RFS Holdings B.V. increased its stake in ABN AMRO Holding N.V. and its consolidated subsidiaries (“**ABN AMRO**”) to 99.3% as at 31 December 2007. RFS Holdings B.V. is controlled by RBS, which is incorporated in the U.K. and registered at 36 St. Andrew Square, Edinburgh, Scotland. As from 17 October 2007 The Royal Bank of Scotland Group plc is the ultimate parent

company of ABN AMRO Holding N.V.

Holding's consolidated financial statements include condensed financial information with respect to ABN AMRO Bank N.V. (the "**Bank**"), which itself had total assets of €1,025 billion as of 31 December 2007.

Plans and proposals

Following the completion of the acquisition, RBS, Fortis and Santander (the "**Consortium Banks**") have worked closely with the management of ABN AMRO to verify and expand the information received from, and assumptions made on the basis of, the limited due diligence access granted to them before announcement of the offers.

In December 2007, the Consortium Banks agreed and validated a base-line plan for achieving synergies and for separating and transferring the ABN AMRO businesses to the respective banks. The businesses to be acquired by each of the Consortium Banks and in which each have an interest through their share holdings in RFS Holdings B.V., equal to their funding requirements are:

RBS: Business Unit North America, Business Unit Global Clients (excluding Latin America) and Dutch wholesale clients and wholesale clients in Latin America (excluding Brazil), Business Unit Asia (excluding interest in Saudi Hollandi Bank) and Business Unit Europe (excluding Antonveneta).

Fortis: Business Unit Netherlands (excluding former Dutch wholesale clients), Business Unit Private Clients (excluding Latin America) and Business Unit Asset Management. The European Commission has cleared the acquisition of certain businesses of ABN AMRO by Fortis, on the condition that certain specified businesses were divested. The businesses identified for disposal are the Hollandsche Bank Unie N.V., 13 advisory branches and two Corporate Client Departments as well as the sale of the Dutch factoring company IFN Finance B.V. Fortis

can only acquire control over ABN AMRO's Business Unit Netherlands and Business Unit Private Clients after divesting these assets to a suitable purchaser.

Santander: Business Unit Latin America (excluding wholesale clients outside Brazil), Antonveneta, Asset Management Antonveneta and Private Clients business in Latin America. On 8 November 2007 Santander announced it had reached an agreement with Banco Monte dei Paschi di Siena with respect to the sale of Antonveneta.

Furthermore the Consortium Banks participate proportionally to their funding commitment in the shared assets which include: central functions including Head Office functions, the private equity portfolio, ABN AMRO Group's investment in Saudi Hollandi Bank, the central investment portfolio and debt issuances. During the reorganisation, the Consortium Banks will retain a shared economic interest in all central functions (including Head Office functions) that provide support to the ABN AMRO businesses. The non-core assets are expected to be disposed of over a period of time with a view to maximising their value.

This transition plan forms the basis for continued consultation with employee representative bodies and regulators. The plan for separating and transferring the ABN AMRO businesses to the Consortium Banks was submitted to the Dutch Central Bank and Central Works Council for review in mid December and was neutrally advised by the Central Works Council on 14 February 2008 and approved by the Dutch Central Bank on 10 March 2008. Now that the approvals have been received, the implementation of the plan can begin.

Different parts of ABN AMRO will separate and integrate at different times. The precise timing of the separation of the businesses will depend on a range of factors, including

the complexity of the separation task. For more complex separation processes, where the businesses are closely interlinked with the ABN AMRO Group systems and platforms, (such as within the BU Netherlands), separation and integration is expected to take some time; in contrast other less complicated separations will move relatively quickly. In each case the pace of the separation process will aim to accommodate the need for clarity among employees while also maintaining the appropriate level of service to ABN AMRO's clients.

The Consortium Banks are in the process of agreeing on the ownership of the debt issued and/or guaranteed by ABN AMRO. Upon the finalisation of this agreement, the impact, if any, on the debt issuances will be communicated.

Our Business:

The following organisational structure was adopted in January 2006. This structure was used by the Consortium Banks to divide the activities amongst each other:

Holding's Group structure comprises:

- seven client BUs
- three global product BUs
- two cross-BU segments
- Group Functions
- Services

The seven client BUs consist of five regional BUs (The Netherlands, Europe, North America, Latin America and Asia) and two global client BUs, Private Clients and Global Clients. BU Global Clients overlaps the regional BUs in the segment reporting adopted in 2007.

The three global product BUs (Global Markets, Transaction Banking and Asset Management) support the client BUs by developing and delivering products for all of

ABN AMRO's clients globally.

The Commercial Client Segment encompasses all of ABN AMRO's commercial clients. The Commercial Client Segment coordinates activities across the Client and Product BUs, sharing best practice and the overall strategic framework supporting this essential component of the Bank's portfolio.

Group Functions delivers support across the Group in areas ranging from Risk to Finance and from Human Resources to Sustainability.

Services focuses on increasing its operational efficiency through Group-wide consolidation and standardisation.

As from 2008, ABN AMRO will be organised into three units each containing the businesses that will ultimately be transferred to the respective Consortium Banks. A fourth unit will include central functions including the Head Office functions and businesses which are regarded as non-strategic.

Guarantor:

ABN AMRO Holding N.V. (" **Holding**") pursuant to its declaration under Article 2:403 of the Netherlands Civil Code.

Principal Agent and Calculation Agent: ABN AMRO Bank N.V.

Listing and Admission to Trading: Application has been made to NYSE Euronext for Securities to be admitted to trading and listed on Euronext Amsterdam by NYSE Euronext up to the expiry of 12 months from the date of this Base Prospectus. In addition, Securities may be listed or admitted to trading, as the case may be, on any other stock exchange or market specified in the applicable Final Terms. The Issuer may also issue unlisted Securities.

Description of the Securities: A range of reverse exchangeable securities may be issued under this Base Prospectus. The Conditions applicable to such reverse exchangeable securities are contained in the General Conditions which are applicable to all reverse exchangeable securities, the Product Conditions applicable to the particular type of reverse exchangeable security being issued and the Final Terms applicable to the particular Series being issued.

Reverse exchangeable securities are interest bearing investment instruments which, at maturity, either, at the option of the Issuer (i) pay a cash amount equal to the nominal amount of the relevant reverse exchangeable security, less certain expenses (the "**Cash Amount**"); or (ii) pay a cash amount equal to the value of the underlying stock or index (including in the case of an index, the index and its constituent elements) (together, the "**Underlying**") or deliver the Underlying, in each case, subject to the terms of the relevant reverse exchangeable security. The types of reverse exchangeable securities that may be issued under this Base Prospectus are described below.

Single Stock Reverse Exchangeable Securities:

Single stock reverse exchangeable securities are interest bearing securities which could (I) provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, either (i) by payment of the Cash Amount; or (ii) by physical delivery of the share amount, as specified in the applicable Final Terms or (II) redeem at the Cash Amount or share amount depending upon the closing price of the share.

Worst of Basket Reverse Exchangeable Securities:

Worst of basket reverse exchangeable securities are interest bearing securities, to be redeemed at the option of the Issuer on the relevant settlement date, as specified in the applicable Final Terms, either (i) by payment of the Cash Amount; or (ii) by physical delivery of a number of the least performing share, as determined by the Calculation Agent, comprised in the basket of shares, as specified in the applicable Final Terms.

Single Stock Knock-in Reverse Exchangeable Securities:

Single stock knock-in reverse exchangeable securities are interest bearing securities, to be redeemed at the option of the Issuer on the relevant maturity date, as specified in the applicable Final Terms, by (i) payment of the Cash Amount if a knock-in event has not occurred (such event occurs if the price of the relevant stock specified in the applicable Final Terms is less than or equal to the knock-in level, being a predetermined level, during a particular period); or (ii) where a knock-in event has occurred, either by payment of the Cash Amount or by the physical delivery of the relevant number of shares.

Single Stock Knock-out Reverse Exchangeable Securities:

Single stock knock-out reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares.

Basket Knock-in Reverse Exchangeable Securities:

Basket knock-in reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if the Issuer elects to redeem the securities by way of physical delivery, the number of shares to be delivered, as determined by the Calculation Agent, shall be calculated by reference to the price of each share comprised in the relevant basket on the pricing date and its respective weighting, each as specified in the applicable Final Terms.

Basket Knock-out Reverse Exchangeable Securities:

Basket knock-out reverse exchangeable securities are similar to basket knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares.

Index Reverse Exchangeable Securities:

Index reverse exchangeable securities are cash settled interest bearing securities which provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, for an amount equal to either (i) the Cash Amount; or (ii) the index amount, being an amount calculated by the Calculation Agent using a formula specified in the relevant Product Conditions and is dependent on the performance of the relevant index during the life of the securities.

Index Knock-in Reverse Exchangeable Securities:

Index knock-in reverse exchangeable securities are similar to index reverse exchangeable securities, the difference being that if a knock-in event has not occurred (such event occurs if the price of the relevant index specified in the applicable Final Terms is less than or equal to the knock-in level, being a predetermined level, during a particular period) the securities will be redeemed by payment of the Cash Amount.

Index Knock-out Reverse

Interest:	The reverse exchangeable securities bear interest, as specified in the applicable Final Terms.
General Conditions	Set out below is a summary of certain significant provisions of the General Conditions applicable to all reverse exchangeable securities issued under this Base Prospectus.
<i>Status of the Reverse Exchangeable Securities:</i>	The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those

preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by Holding (unless Holding is the Substitute). In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with, the

ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Adjustments for European Monetary Union:

The Issuer may, without the consent of any Holder, on giving notice to the Holders elect that, with effect from the date specified in such notice, certain terms of the Securities shall be redenominated in euro, see General Condition 11.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the reverse exchangeable securities to be issued under this Base Prospectus.

Form of Reverse Exchangeable Securities:

Except in the case of reverse exchangeable securities issued in dematerialised form, reverse exchangeable securities will be issued in global form.

Settlement of Reverse Exchangeable Securities:

Reverse exchangeable securities may be cash or physically settled, as specified in the applicable Product Conditions.

Market Disruption Events:

If a Market Disruption Event occurs Holders of reverse exchangeable securities may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of reverse exchangeable security and vary depending on the type of reverse exchangeable security.

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at all times have been more volatile and illiquid than the major

securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders of the reverse exchangeable securities may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Section 1 of the Product Conditions.

Settlement Disruption Event:

If a Settlement Disruption Event occurs in relation to a physically settled reverse exchangeable security, the Holder of the reverse exchangeable security may experience a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected. Settlement Disruption Events are defined in Product Condition 1 for reverse exchangeable securities which may be physically settled and vary depending on the type of reverse exchangeable security.

Governing Law:

English law.

English courts:

The courts of England have exclusive jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with the reverse exchangeable securities.

Final Terms:

Each Series will be the subject of a Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of reverse exchangeable security is set out at the end of this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued.

Factors which are material for the purpose of assessing the market risks associated with Securities issued

The Securities are reverse exchangeable securities which entail particular risks

Reverse exchangeable securities are interest bearing investment instruments which, at maturity, either, at the option of the Issuer (i) pay a Cash Amount, or (ii) pay a cash amount equal to the level of the Underlying or deliver the Underlying, in each case, subject to the terms of the relevant reverse exchangeable security. As such, reverse exchangeable securities entail the same level of risk as a direct investment in the Underlying. Investors should be aware that their entire investment may be

lost in the event that the Underlying is valued at zero. Since reverse exchangeable securities are of limited maturity, unlike direct investments, investors are not able to hold them beyond their stated maturity date in the expectation of a recovery in the price of the Underlying.

The price at which a Holder will be able to sell reverse exchangeable securities prior to maturity may be at a potentially substantial discount to the market value of the reverse exchangeable securities at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their maturity date. Holders of Securities (the “**Holders**”) may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an affect on the level of the Underlying include the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events which apply.
- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain

circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.

- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events) has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled reverse exchangeable security. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank *pari passu* among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

There may be delays in effecting settlement

If the Securities contain provisions providing for an option to the Issuer to settle the Securities in cash (“**Cash Settled Securities**”) by payment of the applicable Cash Amount or otherwise or to settle the Securities by way of physical delivery (“**Physical Delivery Securities**”) by payment of the applicable Share Amount (as defined in the relevant Product Conditions), there will be a time lag, if the Securities are Physical Delivery Securities, following exercise by the Issuer of its option until they are delivered to the relevant Holder’s account. Any such delay between the time of exercise by the Issuer of its option and the delivery of the Share Amount will be specified in the Conditions. However, such delay could be significantly longer if the Calculation Agent determines that a Market Disruption Event (which includes Emerging Market Disruption Events) or a Settlement Disruption Event has occurred at the relevant time. The applicable Share Amount could decrease or increase from what it would have been but for such delay.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

If the Securities require a Notice to be delivered before close of business in the place of receipt on the Cut-off Date (as defined in the Product Conditions), then delivery after the Cut-off Date may result in a delay in delivery of the applicable Share Amount (as defined in the Product Conditions).

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 8 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of the relevant global Security and, in the case of a temporary global Security, certification as to non-U.S. beneficial ownership. The risk is that the bearer of the relevant global Security, typically a depositary for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System, not the Holder itself, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

There may be a change of law which may affect the value of the Security

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

TAXATION

Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.

1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client and may be subject to change in the future.

2. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

3. UNITED KINGDOM

The following applies only to persons who are beneficial owners of the Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of persons (such as dealers) to whom special rules apply. Prospective Holders of the Securities who are in any doubt as to their own tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.

Withholding Tax

Securities issued otherwise than through the Issuer's London branch

Payments of interest on these Securities may be made without withholding on account of United Kingdom income tax.

Securities issued by the Issuer's London branch

Provided the Issuer's London branch continues to qualify as a bank for United Kingdom tax purposes, payments of interest on these Securities may be made without deduction of tax where the interest is paid in the ordinary course of the Issuer's London branch's business; this would include all payments of interest by the Issuer's London branch except where those Securities concerned conform to the definition of tier 1, 2 or 3 capital for regulatory purposes or where there is an intention to avoid United Kingdom tax.

Payments of interest on these Securities may also be made without deduction of or withholding on account of United Kingdom income tax if these Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the Income Tax Act 2007. The Euronext Amsterdam is a recognised stock exchange. These Securities will satisfy this requirement if they are (a) officially listed in Amsterdam in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Euronext Amsterdam, or (b) listed and admitted to trading on another "recognised stock exchange". Provided, therefore, that these Securities are and remain so listed, interest on these Securities will be payable without withholding or deduction on account of United Kingdom tax whether or not the Issuer's London branch carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on these Securities may also be paid without withholding or deduction on account of United Kingdom tax where interest on these Securities is paid by a company and, at the time the payment is made, the Issuer's London branch reasonably believes (and any person by or through whom interest on these Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on these Securities may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of these Securities is less than 365 days.

In other cases, an amount must generally be withheld from payments of interest on these Securities on account of United Kingdom income tax at the savings rate (currently 20%). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of these Securities, HMRC can issue a

notice to the Issuer's London branch to pay interest to the Holder of these Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

UK Information Gathering Powers

Irrespective of whether the Securities are issued by the Issuer's London branch, Holders of the Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Holder of the Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities (which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005) to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2008. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of the Securities is resident for tax purposes.

European Union Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

Stamp Taxes

Subject to what follows, no stamp duty, capital duty, stamp duty reserve tax or other similar tax is payable in the United Kingdom on the issue or transfer by delivery of any Security.

In relation to Securities which are denominated in sterling and which are not loan capital, a charge to stamp duty at 1.5 per cent. of the value of such Securities will arise if issued in the

United Kingdom. No stamp duty liability will arise on the issue of such Securities if issued outside the United Kingdom. However, in relation to such Securities originally issued outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security will arise.

For these purposes, a Security would be loan capital if the holder has the right in all circumstances to be paid on redemption an amount equal to substantially all of the amount subscribed for the Security, either with or without any additional amount that may be payable on redemption. In addition, it is likely (based on our understanding of practice in relation to other tax legislation) that HM Revenue & Customs will regard a Security as loan capital if the Security gives the holder the right in all circumstances to be paid on redemption an amount equal to at least 10 per cent. of the amount subscribed for the Security.

Stamp duty and stamp duty reserve tax may be payable on the transfer of an asset on physical settlement of the Securities.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as contemplated by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State::

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;

- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

3. THE NETHERLANDS

Securities which qualify as savings certificates as defined in the Savings Certificates Act (“*Wet inzake spaarbewijzen*”) may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

The Securities may not at any time be offered, sold, delivered, traded or exercised, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and a U.S. person may not, at any time, directly or indirectly, maintain a position in the Securities. Offers, sales, trading or deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons may constitute a violation of the United States law governing commodities trading. Exercise of the Securities will be conditional upon certification as to non-U.S. beneficial ownership. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Issuer will not offer, sell or deliver the Securities at any time within the United States or to, or for the account or benefit of, any U.S. person, and it will require all those dealers participating in the distribution of the Securities not to offer, sell, deliver or trade, at any time, directly or indirectly, any Securities in the United States or to, for the account or benefit of, any U.S. person. In addition, the Issuer will send to each dealer to which it sells Securities at any time a confirmation or other notice setting forth the restrictions on offers, sales and deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons. As used in this and the above paragraph “United States” means the United States of America, its territories or possessions, any state of the United States, the District of Columbia or any other enclave of the United States government, its agencies or instrumentalities, and “U.S. person” means:

- (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;

- (5) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

5. UNITED KINGDOM

6. INDIA

Any purchase of the Securities relating to or linked to securities listed on a stock exchange in India or indices that reference such securities should be made on the understanding that the purchaser shall be deemed to acknowledge, represent, warrant and undertake to the Issuer and its subsidiaries and affiliates (“**ABN AMRO**”) that:

- (d) it is not a Restricted Entity or a nominee of a Restricted Entity;
- (e) it will not, directly or indirectly, sell, transfer, assign, novate or otherwise dispose of the Securities to or for the account of any Restricted Entity or to any nominee of any Restricted Entity; and

Unless permitted to do so under the laws of Hong Kong, no Holder may issue or have in its possession for the purpose of issue any advertisement, invitation or document relating to the Securities whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong other than with respect to the Securities intended to be disposed of only to persons outside Hong Kong, or only to “professional investors” within the meaning of the SFO.

(a) Offer Process

For a short period prior to the Launch Date specified in the applicable Final Terms, the Securities of the relevant Series may be offered by the Issuer for subscription to prospective investors but the Issuer reserves the right to close subscription early. The Issuer anticipates that it will deliver the Final Terms in respect of each Series of the Securities which are either (i) to be admitted to trading and listed on Euronext Amsterdam or (ii) offered to the public in The Netherlands in circumstances which require the publication of a prospectus to Euronext Amsterdam prior to the commencement of the Subscription Period specified in the Final Terms or prior to the Launch Date specified in the Final Terms if there is no Subscription Period. On or about the Launch Date, the Issuer will, pursuant to its agreement with Euronext Amsterdam, offer to buy or sell the Securities of any Series to be admitted to trading and listed on Euronext Amsterdam. Any such trading will be on an as, if and when issued basis until the Issue Date specified in the applicable Final Terms. The Issuer expects that each such Series of the Securities will be admitted to trading on Euronext Amsterdam with effect from the Launch Date. Except in the case of dematerialised Securities, the Securities will be issued in global form and all trades will be settled in the applicable clearing systems on their usual basis for secondary market transactions. Other than the issue price of the Securities of the relevant Series, each prospective investor shall not be required to pay any expenses to the Issuer in order to subscribe for the relevant Securities.

The types of reverse exchangeable securities that may be issued under this Base Prospectus are described below.

Single stock reverse exchangeable securities are interest bearing securities which could (I) provide an option to the Issuer to redeem the securities on the relevant maturity date, as specified in the applicable Final Terms, either (i) by payment of the Cash Amount; or (ii) by physical delivery of the share amount, as specified in the applicable Final Terms or (II) redeem at the Cash Amount or share amount depending upon the closing price of the share.

being a predetermined level, during a particular period); or (ii) where a knock-in event has occurred, either by payment of the Cash Amount or by the physical delivery of the relevant number of shares.

Single stock knock-out reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares.

Basket knock-in reverse exchangeable securities are similar to single stock knock-in reverse exchangeable securities, the difference being that if the Issuer elects to redeem the securities by way of physical delivery, the number of shares to be delivered, as determined by the Calculation Agent, shall be calculated by reference to the price of each share comprised in the relevant basket on the pricing date and its respective weighting, each as specified in the applicable Final Terms.

Basket knock-out reverse exchangeable securities are similar to basket knock-in reverse exchangeable securities, the difference being that if a knock-out event has occurred the securities will be redeemed by payment of the Cash Amount. If a knock-out event has not occurred, the Issuer has the option to redeem the securities by payment of the Cash Amount or by physical delivery of the relevant number of shares

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities and attached to any Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) Validity. Unless otherwise specified in the applicable Final Terms, announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such announcement to the Holders.
- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published as specified in the applicable Final Terms on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or

- (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
 - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
 - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum

assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

The election will have effect as follows:
- (1) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (2) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and

- (c) Euro Conversion Costs. Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for

the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
(2) by delivery of the Share Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day. The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the

case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) **Notice.** If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency

drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.

- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal

Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on

which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the

determination of the Calculation Agent, such suspension or limitation is material; or

- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price

as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the

Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the

rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

(1) at the Cash Amount, if the Final Reference Price is equal to or greater than the Strike Price; or

(2) by delivery of the Share Amount, if the Final Reference Price less than the Strike Price,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

If the Securities are redeemed in accordance with Product Condition 3(a)(2) above, and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the

case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) **Notice.** If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency

drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.

- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal

Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on

which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the

determination of the Calculation Agent, such suspension or limitation is material; or

- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (3) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (4) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price

as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. - (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in

accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) **Redemption on the Settlement Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount,

such redemption to occur, subject as provided below, on the Settlement Date.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above.

(b) **Interest Amount.** In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

(c) **Interest Accrual.** Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment relating to any fraction of a Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.

(d) **Method of Payment.** Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security,

payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (h) **Notice.** If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal

Agent a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court

within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Settlement Date (the date of delivery in relation to a Share Amount whether on or after the Settlement Date being the "**Delivery Date**") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Settlement Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above prior to the date that is 30 calendar days after the Settlement Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the "**Realised Share Amount**") for the account of the Holder until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.

- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of the Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under

any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a

Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, provided that no Knock-in Event has occurred in respect of each Nominal Amount, at the Cash Amount. Where a Knock-in Event has occurred, each Security will be redeemed at the sole option of the Issuer, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

(b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

(c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.

(d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement

Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or

other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

(6) specify the Delivery Details.

- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the "**Delivery Date**") in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the "**Realised Share Amount**") for the account of the Holder, until presentation of the relevant Notice.

Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.

- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) Intervening Period. If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such

other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions

contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
- (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
 - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that

adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such

determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

“**Share Amount**” means, for each Nominal Amount, and unless otherwise specified in the relevant Series in the applicable Final Terms, the number of Shares determined by the Calculation Agent as being the Nominal Amount converted into the Underlying Currency at the Exchange Rate, if an Exchange Rate is specified, divided by (a) where the Share is quoted in GB pence or US cents, the quotient of the Initial Reference Price and 100 and otherwise (b) the Initial Reference Price. If the Share Amount is an amount comprising a fraction of any Shares, the Holder will receive a Share Amount comprising of the nearest whole number (rounded down) of Shares (taking into account that a Holder's entire holding may be aggregated at the Issuer's discretion for the purpose of delivering the Share Amount), and an amount in the Settlement Currency equal to the value of the outstanding undelivered fraction of such Share, as calculated by the Calculation Agent on the basis of the Final Reference Price converted into the Settlement Currency at the prevailing Exchange Rate, if an Exchange Rate is specified;

“**Share Company**” means the share company specified as such in the definition of the relevant Series in the applicable Final Terms, subject to Product Condition 4;

“**Standard Currency**” means, unless otherwise specified in the definition of the relevant Series in the applicable Final Terms, the lawful currency of Australia, Austria, Belgium, Canada, Cyprus, Denmark, Finland, France, Germany, Greece, Hong Kong, Iceland, Ireland, Italy, Japan, Luxembourg, Malta, the Netherlands, New Zealand, Norway, Portugal, Singapore, Slovenia, Spain, Sweden, Switzerland, Taiwan, the United Kingdom and the

United States, or such other currency as determined by the Calculation Agent at its sole and absolute discretion from time to time;

“**Trading Day**” means any day that is (or but for the occurrence of a Market Disruption Event, would have been) a trading day on each Exchange or Related Exchange other than a day on which trading on the Exchange or Related Exchange is scheduled to close prior to its regular weekday closing time;

“**Underlying Currency**” means the currency specified as such in the definition of the relevant Series in the applicable Final Terms; and

“**Valuation Time**” means the close of trading on the relevant Exchange in relation to a Share or such other time as the Issuer may select in its absolute discretion and notify to Holders in accordance with General Condition 4.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in

accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) **Redemption on the Maturity Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-out Event has occurred, each Security will be redeemed by the Issuer, at the sole option of the Issuer, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount.

If a Knock-out Event has occurred, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) **Interest Amount.** In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) **Interest Accrual.** Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) **Method of Payment.** Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the

case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the

Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque; and

- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares

comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.

- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating

thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing,

Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Determination Date (regardless of the Market Disruption Event) and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares on the Exchange and such other factors as the Calculation Agent determines to be relevant;

2. FORM

(a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by

the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) **Redemption on the Maturity Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, provided that no Knock-in Event has occurred in respect of each Nominal Amount, at the Cash Amount. Where a Knock-in Event has occurred, each Security will be redeemed at the sole option of the Issuer, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

(b) **Interest Amount.** In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

(c) **Interest Accrual.** Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.

(d) **Method of Payment.** Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident

account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities

does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security), in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;

- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares

comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.

- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating

thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing,

Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

(d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

(a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

(b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by

the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) **Redemption on the Maturity Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-out Event has occurred, each Security will be redeemed, at the sole option of the Issuer, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) by delivery of the Share Amount.

If a Knock-out Event has occurred, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to settle the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the fraction of Share (if any) has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

(b) **Interest Amount.** In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

(c) **Interest Accrual.** Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Share Amount or payment of any fraction of Share is postponed due to a Settlement Disruption Event or a Market Disruption Event.

(d) **Method of Payment.** Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident

account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities

does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. If the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security), in each case with a copy to the Principal Agent, a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;

- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares

comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.

- (j) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any such other person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any such other persons being the legal owner of such Shares during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating

thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing,

Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be

registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

(1) at the Cash Amount; or

(2) at the Index Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Index Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

(b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.

(c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Index Amount is postponed due to the occurrence of a Market Disruption Event.

(d) Method of Payment. Subject as provided below, where the Cash Amount, Index Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a

non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Index Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, Index Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Index Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Index Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Index Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any

errors or omissions in the calculation of the Cash Amount, the Index Amount or the Interest Amount.

- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
 - (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers

appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further notes, to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall,

as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a

particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-in Event has occurred, each Security will be redeemed at the Cash Amount. Where a Knock-in Event has occurred, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) at the Index Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Index Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Index Amount is postponed due to the occurrence of a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, Index Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Index Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, Index Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Index Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Index Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Index Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the

order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Index Amount or the Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that

security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the

Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to issue further notes, to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the

context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a

particular nominal amount (as the case may be) of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions and provided that no Knock-out Event has occurred, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) at the Index Amount.

If a Knock-out Event has occurred, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Index Amount has been delayed due to a Market Disruption Event, then such amount will be

payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Index Amount is postponed due to the occurrence of a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, Index Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Index Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, Index Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Index Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Index Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie*

evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Index Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Index Amount or the Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a

security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If: (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than

those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; or (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to issue further notes, to make adjustments or to distribute to the Holders any rights in connection with the Securities as it

reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

3. RIGHTS AND PROCEDURES

(a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed, at the sole option of the Issuer, either, in respect of each Nominal Amount:

- (1) at the Cash Amount; or
- (2) at the Commodity Amount,

such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

The Issuer will give notice to the Holders in accordance with General Condition 4 stating whether it will redeem the Securities in accordance with Product Condition 3(a)(1) or 3(a)(2) above. Where the Issuer has opted to redeem the Securities in accordance with Product Condition 3(a)(2) above and the calculation of the Commodity Amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

(b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.

(c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any Commodity Amount is postponed due to the occurrence of a Market Disruption Event.

(d) Method of Payment. Subject as provided below, where the Cash Amount, Commodity Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, Commodity Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, where the

Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, Commodity Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, Commodity Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount and the Commodity Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, Commodity Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Commodity Amount or the Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions

contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

A “**Market Disruption Event**” means:

Commodity on the Valuation Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or

(viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or

(ix) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

(b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. such redemption to occur, subject as provided below, on the Maturity Date or, if the Maturity Date is not a Business Day, then on the succeeding Business Day.

If the Securities are redeemed in accordance with Product Condition 3(a)(2) above, and the calculation of the fraction of Certificate (if any) has been delayed due to a

Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.

- (b) Interest Amount. In respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that delivery of any Certificate Amount or payment of any fraction of Certificate is postponed due to a Settlement Disruption Event or a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or the Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of a Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a

Security shall be the only person entitled to receive payments of the Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Interest Amount, the Certificate Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Certificates.
- (h) **Notice.** If the Securities are to be redeemed by delivery of the Certificate Amount then, in order to obtain delivery of the Certificate Amount the relevant Holder must deliver to the Agent (if the Securities are in definitive form) or the Clearing Agent, (if the Securities are represented by the Global Security) in each case with a copy to the Principal Agent a duly completed notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach the relevant Securities (if in definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if the Securities are represented by the Global Security) and instruct the Clearing Agent to debit such account on the Cut-off Date;

- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;
- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque;
- (5) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act

of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (6) specify the Delivery Details.
- (i) Late Delivery of Notice. If the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Certificate Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Certificate Amount whether on or after the Maturity Date being the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Certificate Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Certificates comprised in the Certificate Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Certificates, and shall hold the proceeds (the “**Realised Certificate Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Certificate Amount as aforesaid, the Issuer's obligations in respect of such Security shall be discharged.
- (j) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Certificate Amount. Subject as provided in the Conditions, the delivery of the Certificate Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Certificates or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. Where an amount equal to the value of the outstanding undelivered fraction of the Certificates is payable but the Determination Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Determination Date used for the purposes of calculating such amount.
- (l) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such

Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Certificate Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Certificates comprising the relevant Certificate Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Certificates (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Certificates during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Certificates or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Certificates during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Certificate Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Certificates executed on the Maturity Date and to be delivered in the same manner as such Certificate Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Certificate Amount and prior to delivery of the Certificate Amount in respect thereof in the

opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Certificate Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Certificate Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are listed; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificate on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for

inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
