This Supplement constitutes a supplemental prospectus to the Base Prospectus for the purposes of Article 5:23 of the Financial Supervision Act (*Wet op het financieel toezicht*).
- 3 This Supplement is supplemental to, and should be read in conjunction with, the Base Prospectus and any other supplements thereto issued by the Issuer.

- 5 The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Supplement is in accordance with the facts and does not omit anything likely to affect the import of such information.

8 By virtue of this Supplement, the following changes shall be deemed to be made to the Registration Document for the purposes of being incorporated by reference in the Base Prospectus:

8.1 the third paragraph under the sub-section of “Investigations” headed “Payment Protection Insurance” on page 42 shall be deemed to be deleted and replaced by the following:

“Following unsuccessful negotiations with the industry, the Financial Services Authority (the “**FSA**”) issued consultation papers on PPI complaint handling and redress in September 2009 and again in March 2010. The FSA published its final policy statement on 10 August 2010 and instructed firms to implement the measures contained in it by 1 December 2010. The new rules impose significant changes with respect to the handling of mis-selling PPI complaints. On 8 October 2010, the British Bankers’ Association (the “**BBA**”) filed an application for judicial review of the FSA’s policy statement and of related guidance issued by the Financial Ombudsman Service (the “**FOS**”). The application was heard in January 2011. On 20 April 2011, the High Court issued a judgment in favour of the FSA and the FOS. The BBA announced on 9 May 2011 that it would not appeal that judgment and the Group supports this position. On 9 May 2011, the Group announced that, although the costs of PPI redress and its administration are subject to a degree of uncertainty, the Group will record an additional provision of £850 million in the second quarter of 2011. To date, the Group has paid compensation to customers of approximately £100 million and the Group has an existing provision of approximately £100 million.

The Group is currently discussing with the FSA how the FSA’s policy statement should be implemented and what its requirements are. As part of these discussions, the Group will review its PPI complaint handling processes to ensure that redress is offered to any customers identified as having suffered detriment.”; and

8.2 each of the paragraphs under the heading “No Significant Change and No Material Adverse Change” on page 61 shall be deemed to be deleted and replaced with the following:

“Save in relation to the matters referred to in the sub-section of “Investigations” headed “Payment Protection Insurance”:

(a) there has been no significant change in the trading or financial position of the Issuer and its subsidiaries consolidated in accordance with International Financial Reporting Standards (the “**Issuer Group**”) taken as a whole since 31 December 2010 (the end of the last financial period for which either audited financial information or interim financial information of the Issuer Group has been published); and

(b) there has been no material adverse change in the prospects of the Issuer Group taken as a whole since 31 December 2010 (the last date to which the latest audited published financial information of the Issuer Group was prepared).”.

9 By virtue of this Supplement, the RBSG Interim Management Statement shall be deemed to be incorporated in, and form part of, the Base Prospectus.

The Issuer shall also ensure that notices are duly published, to the extent required, in a manner which complies (i) with the rules of any stock exchange or other relevant authority on which the Securities are for the time being listed or in the country in which such Securities have been admitted to trading and (ii) with any relevant legislation.
- (b) Any such notice issued pursuant to General Condition 4(a) by being delivered to the Clearing Agent(s) will be deemed to have been given on the date of the delivery of such notice to the Clearing Agent(s). Any such notice issued pursuant to General Condition 4(a) by being published will be deemed to have been given on the date of the first publication (for the avoidance of doubt, such notice having been published by any valid means) or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer, acting in good faith and in a commercially reasonable manner, determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer or any Hedge Provider wholly or partially to (i) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of a relevant hedging transaction (a “**Relevant Hedging Transaction**”) or asset it deems necessary, appropriate or desirable to hedge the Issuer’s obligations in respect of the Securities or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) the Issuer or any Hedge Provider will, whether directly or indirectly, incur a

material increase (as compared with circumstances existing on the Issue Date) in the amount of tax, duty, expense (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) or fee (other than brokerage commissions) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or the Hedge Provider shall not be considered for the purposes of this sub-paragraph (i); or

- (ii) any material illiquidity in the market for, or any mandatory redemption in whole or in part of, the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
- (iii) a change in any applicable law or regulation (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority); or
- (iv) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
- (v) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

In the Conditions:

“**Hedge Position**” means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in reference assets to which the Securities relate, securities, options, futures, derivatives or foreign exchange, (ii) securities lending transactions or (iii) other instruments or arrangements (however described) by the Issuer in order to hedge the Issuer’s risk of issuing, and performing its obligations with respect to, the Securities; and

“**Hedge Provider**” includes but is not limited to the Issuer, any associate, subsidiary or affiliate thereof and/or any other party(ies) and/or any special purpose vehicle(s) holding or entering into a Hedge Position in connection with the Issuer’s hedging arrangements in respect of the Securities.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:

- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.
- (d) The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event as specified in Product Condition 4, is likely to have a material adverse effect on the Issuer's Hedge Position. Where the Issuer makes adjustments to the Conditions

pursuant to this General Condition 5(d), the Issuer shall notify the Holders thereof and shall offer to purchase from Holders for a period of not less than 10 days any Securities held by them at their fair market value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and taking into account the proposed adjustment) less the cost to the Issuer of unwinding any related hedging arrangements.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.
- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations.
 - (i) In making any determinations and calculations under these Conditions, the Issuer and the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner. All such determinations and calculations by the Issuer and the Calculation Agent shall, in the absence of manifest error, be final and binding.
 - (ii) Whilst it is intended that the Issuer and the Calculation Agent will employ the methodology described in the Conditions to make determinations in respect of the Securities, no assurance can be given that market, regulatory, judicial or fiscal circumstances or, without limitation, any other circumstances will not arise that would necessitate a modification or change in such methodology in order that the Securities replicate as closely as possible investments in the assets underlying the Securities and its components. The Issuer and the Calculation Agent may make any such modification or change

to such methodology that it considers necessary to reflect such circumstances.

- (iii) Calculations made by the Issuer or the Calculation Agent in respect of the Securities shall be made on the days specified herein; however, notwithstanding the foregoing or anything else contained in these Conditions, should the Issuer or the Calculation Agent determine that in order to give effect to the methodology described in these Conditions it is necessary to make calculations on a day or days other than that specified, then each of the Issuer and the Calculation Agent is permitted to make such calculations on such calendar day or days as it shall determine.
- (iv) Due to timing considerations, process requirements and other matters that would, in the opinion of the Issuer or the Calculation Agent, be relevant in relation to the implementation of asset allocation models, the Issuer or the Calculation Agent may need to make appropriate adjustments to the methodology set out in the terms and conditions as it considers necessary in order to reflect the timing and amounts that would be applicable were the Issuer or the Calculation Agent physically implementing the methodology set out in the Securities.
- (b) Modifications. The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time without the consent of the Holders substitute for itself as issuer of the Securities with regard to any and all rights, obligations and liabilities under and in connection with the Securities:
 - (A) any entity which (i) acquires all or substantially all of the undertaking and/or assets of the Issuer or (ii) acquires the beneficial ownership of the whole of the issued voting stock and/or share capital of the Issuer or (iii) into which the Issuer is amalgamated, merged or reconstructed and where the Issuer is not the continuing company (such entity, a “**Successor in Business**” or the “**Substitute**”) subject to the Issuer having given at least 30 days prior notice of

the date of such substitution to the Holders in accordance with General Condition 4; or

- (B) the holding company of the Issuer (the holding company currently being The Royal Bank of Scotland Group plc, company number SC045551) (the “**Holding Company**” or the “**Substitute**”) subject to the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4; or
- (C) any entity other than a Successor in Business or the Holding Company (also, the “**Substitute**”), subject to: the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4; and the Issuer having issued a legal, valid and binding guarantee of the obligations and liabilities of the Substitute under the Securities for the benefit of each and any of the Holders;

and in each case subject to all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect.

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have been given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued. This General Condition will not apply to Securities issued in dematerialised form.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:
- (i) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and
 - (iii) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) Adjustment to Conditions. The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such

adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.

- (c) Euro Conversion Costs. Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.
- (d) Definitions Relating to European Economic and Monetary Union. In this General Condition, the following expressions have the meanings set out below.

“**Adjustment Date**” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the Original Company or, as the case may be, the Settlement Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

“**Established Rate**” means the rate for the conversion of the Original Currency or, as the case may be, the Settlement Currency (including compliance with rules relating to rounding in accordance with applicable European community regulations) into euro established by the Council of the European Union pursuant to Article 123 of the Treaty;

“**National Currency Unit**” means the unit of the currency of a country as those units are defined on the day before the country first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty; and

“**Treaty**” means the treaty establishing the European Community, as amended.

12. AGENTS

- (a) Principal Agent and Agents. The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint further or additional Agents, provided that no termination of appointment of the principal agent (the “**Principal Agent**”) shall become effective until a replacement Principal Agent shall have been appointed and provided that, if and to the extent that any of the Securities are listed on any stock exchange or publicly offered in any jurisdiction, there shall be an Agent having a specified office in each country required by the rules and regulation of each such stock exchange and each such jurisdiction and provided further that, if and to the extent that any of the Securities are in registered form, there shall be a Registrar and a

Transfer Agent (which may be the Registrar), if so specified in the relevant Product Conditions. Notice of any appointment, or termination of appointment, or any change in the specified office, of any Agent will be given to Holders in accordance with General Condition 4. Each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders or any of them. Any calculations or determinations in respect of the Securities made by an Agent shall (save in the case of manifest error) be final, conclusive and binding on the Holders.

- (b) Calculation Agent. The Issuer or such other Calculation Agent as specified in the applicable Final Terms, shall undertake the duties of calculation agent (the “**Calculation Agent**” which expression shall include any successor calculation agent or assignee as approved by the Issuer) in respect of the Securities unless the Issuer decides to appoint a successor Calculation Agent in accordance with the provisions below.

The Issuer reserves the right at any time to appoint another institution as the Calculation Agent provided that no termination of appointment of the existing Calculation Agent shall become effective until a replacement Calculation Agent shall have been appointed. Notice of any termination or appointment will be given to the Holders in accordance with General Condition 4.

The Calculation Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. Any calculations or determinations in respect of the Securities made by the Calculation Agent (whether or not the Issuer) shall (save in the case of manifest error) be final, conclusive and binding on the Holders.

The Calculation Agent may, with the consent of the Issuer (if it is not the Issuer), delegate any of its obligations and functions to a third party as it deems appropriate.

13. SURRENDER OF UNMATURED COUPONS

Each Security should be presented for redemption, where applicable, together with all unmatured Coupons relating to it. Upon the due date for redemption of any Security, where applicable, all unmatured Coupons relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof. This General Condition will not apply to Securities issued in dematerialised form.

14. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No rights are conferred on any person under the English Contracts (Rights of Third Parties)

Act 1999 to enforce any Condition. The preceding sentence shall not affect any right or remedy of any person which exists or is available apart from that Act.

15. GOVERNING LAW AND JURISDICTION

- (a) The Securities and any non-contractual obligations arising out of or in connection with the Securities, are governed by and shall be construed in accordance with English law.
- (b) The courts of England have exclusive jurisdiction to settle any dispute (including any dispute relating to any non-contractual obligations) (a "**Dispute**") arising from or in connection with the Securities.
- (c) Subparagraph (b) is for the benefit of the Holders only. As a result, nothing prevents any Holder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Holders may take concurrent Proceedings in any number of jurisdictions.
- (d) The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

16. METHOD OF PAYMENT

For purposes of any payment on a Security (other than an equity certificate issued in registered form), the Clearing Agents may not be United States persons, as defined for United States Federal income tax purposes, and their respective specified offices may not be located in the United States or any of its possessions. No payment on a Security (other than an equity certificate issued in registered form) shall be made by transfer to an account in the United States (including its possessions) or by cheque mailed to an address in the United States (including its possessions).

17. COMMISSIONS, FEES AND REBATES

From time to time, the Issuer may make payments or receive the benefit of payments in relation to the issue of Securities including the following:

- (a) The Issuer may pay to a distributor, sales agent or other intermediary fees or commissions. Such fees or commissions are generally required to be disclosed by distributors, sales agents or intermediaries which, in each case, are EEA investment firms or credit institutions to their clients. Each potential investor in the Securities should satisfy itself as to the amount of any fees or commissions received by intermediaries;
- (b) The Issuer may receive or pay management or other fees from or to third parties. Where such fees are payable, further details of them will be set out in the relevant Final Terms; and

- (c) The Issuer may make payments to or receive the benefit of generic commission, discount and rebate arrangements from Hedge Providers and other transaction counterparties. Such arrangements will be as agreed between the Issuer and the third parties.

The Issuer reserves the right to retain any amounts received without any obligation to pass the benefit of the rebates to investors in the Securities.

18. EVENTS OF DEFAULT

If any one or more of the following events (each an "**Event of Default**") shall occur and be continuing:

- (a) default is made for more than 30 days in the payment of interest or principal in respect of the Securities; or
- (b) the Issuer fails to perform or observe any of its other obligations under the Securities and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (c) an order is made or an effective resolution is passed for the winding up of the Issuer (excluding a solvent winding up solely for the purposes of a reconstruction, amalgamation, reorganisation, merger or consolidation in connection with which The Royal Bank of Scotland Group plc or any of its subsidiaries assumes the obligations of the Issuer as principal debtor in respect of the Securities),

then any Holder may, by written notice to the Issuer at the specified office of the Principal Agent, effective upon the date of receipt thereof by the Principal Agent, declare the Security held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as defined below), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

"Early Redemption Amount" means an amount calculated by the Calculation Agent as the fair market value of the Security immediately prior to such Event of Default. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent.

SCHEDULE 1

Issuer:

The Royal Bank of Scotland plc (the “**Issuer**” or “**RBS**”)

The Issuer is a public limited company incorporated in Scotland. The Issuer (together with its subsidiaries, the “**Issuer Group**”) is a wholly owned subsidiary of The Royal Bank of Scotland Group plc (“**RBSG**” (RBSG together with its subsidiaries consolidated in accordance with International Financial Reporting Standards, the “**Group**”). RBSG is the holding company of a large global banking and financial services group. Headquartered in Edinburgh, the Group operates in the United Kingdom, the United States and internationally through its three principal subsidiaries, the Issuer, National Westminster Bank Public Limited Company (“**NatWest**”) and The Royal Bank of Scotland N.V. (“**RBS N.V.**”). Both the Issuer and NatWest are major United Kingdom clearing banks. RBS N.V. is a bank regulated by the Dutch Central Bank. In the United States, the Group’s subsidiary, Citizens Financial Group, Inc., is a large commercial banking organisation. Globally, the Group has a diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers.

The Group had total assets of £1,453.6 billion and owners’ equity of £75.1 billion as at 31 December 2010. As at 31 December 2010, the Group’s capital ratios were a total capital ratio of 14.0 per cent., a Core Tier 1 capital ratio of 10.7 per cent. and a Tier 1 capital ratio of 12.9 per cent.

The Issuer Group had total assets of £1,422.2 billion and owner’s equity of £58.1 billion as at 30 June 2010. As at 30 June 2010, the Issuer Group’s capital ratios were a total capital ratio of 14.0 per cent., a Core Tier 1 capital ratio of 8.5 per cent. and a Tier 1 capital ratio of 10.3 per cent.

On 17 October 2007, RFS Holdings B.V. (“**RFS Holdings**”), which at the time was owned by RBSG, Fortis N.V., Fortis S.A./N.V., Fortis Bank Nederland (Holding) N.V. and Banco Santander, S.A. (“**Santander**”), completed the acquisition of ABN AMRO Holding N.V., which was renamed RBS Holdings N.V. on 1 April 2010 when the shares in ABN AMRO Bank N.V. were transferred to ABN AMRO Group N.V., a holding company for the interests of the Dutch State. This marked a substantial completion of the restructuring of the activities of ABN AMRO Holding N.V. in accordance with the agreement between RBSG, the Dutch State and Santander (the “**Consortium Members**”). RBS Holdings N.V. has one direct subsidiary, RBS N.V., a fully operational bank within the Group, which is independently rated and regulated by the Dutch Central Bank.

On 31 December 2010, the share capital of RFS Holdings was amended, such that approximately 98 per cent. of RFS Holdings' issued share capital is now held by RBSG, with the remainder being held by Santander and the Dutch State. Ultimately it is expected that RFS Holdings will become a wholly-owned subsidiary of RBSG.

The Royal Bank of Scotland plc

ANNEX A

The Group's businesses, earnings and financial condition have been and will continue to be affected by the global economy and instability in the global financial markets

The performance of the Group has been and will continue to be influenced by the economic conditions of the countries in which it operates, particularly the United Kingdom, the United States and other countries throughout Europe and Asia. The outlook for the global economy over the near to medium term remains challenging, particularly in the United Kingdom, the United States and other European economies. In addition, the global financial system has yet to fully overcome the difficulties which first manifested themselves in August 2007 and financial markets conditions have not yet fully normalised. These conditions led to severe dislocation of financial markets around the world and unprecedented levels of illiquidity in 2008 and 2009, resulting in the development of significant problems at a number of the world's largest corporate institutions operating across a wide range of industry sectors, many of which are the Group's customers and counterparties in the ordinary course of its business. In response to this economic instability and market illiquidity, a number of governments, including the United Kingdom Government, the governments of the other EU member states and the United States Government, have intervened in order to inject liquidity and capital into the financial system, and in some cases, to prevent the failure of these institutions.

Despite such measures, the volatility and disruption of the capital and credit markets have continued, with many forecasts predicting only modest levels of GDP growth in the near to medium term. Similar conditions are likely to exist in a number of the Group's key markets, including those in the United States and Europe, particularly Ireland. These conditions have exerted, and may continue to exert, downward pressure on asset prices and on availability of credit for financial institutions and upward pressure on the cost of credit for financial institutions, including RBSG and RBS, and will continue to impact the credit quality of the Group's customers and counterparties. Such conditions, alone or in combination with regulatory changes or actions of other market participants, may cause the Group to incur losses or to experience further reductions in business activity, increased funding costs and funding pressures, lower share prices, decreased asset values, additional write-downs and impairment charges and lower profitability.

In particular, the performance of the Group may be affected by economic conditions impacting EU member states. For example, the financial problems recently experienced by the governments of certain EU member states may lead to the issuance of significant volumes of debt by these member states, including Greece and Ireland, which may in turn reduce demand for debt issued by financial institutions and corporate borrowers. This, as well as credit rating downgrades experienced by such member states, could adversely affect the Group's access to the debt capital markets and may increase the Group's funding costs, having a negative impact on the Group's earnings and financial condition. In addition, EU member states in which the Group operates have agreed to provide financial assistance to certain member states, currently Greece and Ireland, which may in turn have a negative impact on the financial condition of those EU member states providing the assistance. The Group's exposure to the economies of such member states, in particular Ireland, has resulted in the Group making significant provisions. Should the adverse economic conditions currently faced by such member states be replicated in other EU member states, the risks discussed above would be exacerbated.

In addition, the Group will continue to be exposed to the risk of loss if major corporate borrowers or counterparty financial institutions fail or are otherwise unable to meet their obligations. The Group is

currently exposed to country concentration risk in the United States, the United Kingdom and the rest of Europe and certain business sector concentration risk relating to personal and banking and financial institution exposures. The Group's performance may also be affected by future recovery rates on assets and the historical assumptions underlying asset recovery rates, which (as has already occurred in certain instances) may no longer be accurate given the unprecedented market disruption and general economic instability. The precise nature of all the risks and uncertainties the Group faces as a result of current economic conditions cannot be predicted and many of these risks are outside the control of the Group.

The Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements

Effective management of the Group's capital is critical to its ability to operate its businesses, to grow organically and to pursue its strategy of returning to standalone strength. The Group is required by regulators in the United Kingdom, the United States and in other jurisdictions in which it undertakes regulated activities, to maintain adequate capital resources. The maintenance of adequate capital is also necessary for the Group's financial flexibility in the face of continuing turbulence and uncertainty in the global economy. Accordingly, the purpose of the issuance of the £25.5 billion of B Shares, the grant of the Contingent Subscription (as defined below) and the previous placing and open offers was to allow the Group to strengthen its capital position. The FSA's liquidity policy statement issued in October 2009 states that firms must hold sufficient eligible securities to survive a liquidity stress and this will result in banks holding a greater amount of government securities, to ensure that these institutions have adequate liquidity in times of financial stress.

On 17 December 2009, the Basel Committee on Banking Supervision (the "**Basel Committee**") proposed a number of fundamental reforms to the regulatory capital framework in its consultative document entitled "Strengthening the resilience of the banking sector". On 12 September 2010, the Group of Governors and Heads of Supervision, the oversight body of the Basel Committee, announced further details of the proposed substantial strengthening of existing capital requirements, and the reforms were endorsed by the G20 leaders after the G20 Summit in Seoul in November 2010. On 16 December 2010, the Basel Committee published the Basel III rules in documents entitled "Basel III: A global regulatory framework for more resilient banks and banking systems" (containing the reforms relating to capital) and "Basel III: International framework for liquidity risk measurement, standards and monitoring" (containing the reforms relating to liquidity).

The Basel Committee's package of reforms includes increasing the minimum common equity requirement from 2% (before the application of regulatory adjustments) to 4.5% (after the application of stricter regulatory adjustments). The total Tier 1 capital requirement, which includes common equity and other qualifying financial instruments, will increase from 4% to 6%. The total capital requirement (which comprises Tier 1 capital and Tier 2 capital) remains at 8%. In addition, banks will be required to maintain, in the form of common equity (after the application of deductions), a capital conservation buffer of 2.5% to withstand future periods of stress, bringing the total common equity requirements to 7%. If there is excess credit growth in any given country resulting in a system-wide build up of risk, a countercyclical buffer within a range of 0% to 2.5% of common equity (or possibly other fully loss absorbing capital) is to be applied as an extension of the conservation buffer. In addition, a leverage ratio will be introduced, together with a liquidity coverage ratio and a net stable funding ratio. The liquidity coverage ratio is intended to promote resilience to potential liquidity stress scenarios lasting for a 30-day period. The net stable funding ratio is intended to limit over reliance on short-term wholesale funding and has been developed to provide a sustainable maturity structure of assets and liabilities. The Basel Committee is conducting further work on systemically important financial institutions and contingent capital in close coordination with the Financial

Stability Board. The Basel Committee has stated that measures may include capital surcharges, contingent capital and bail-in debt (which could be introduced by statute, possibly impacting existing as well as future issues of debt and exposing them to the risk of conversion into equity and/or write-down of principal amount). Such measures would be in addition to proposals for the write-off of Tier 1 and Tier 2 debt (and its possible conversion into ordinary shares) if a bank becomes non-viable. The Basel Committee has committed to complete by early 2011 a methodology for identifying global systemically important financial institutions with a view to the Financial Stability Board and national authorities determining by mid-2011 those institutions to which the recommendations for global systemically important financial institutions will initially apply. In addition, by mid-2011, the Basel Committee is to complete a study of how much additional loss absorbency capacity global systemically important financial institutions should have and how much of such capacity could be provided by the various proposed instruments (which include contingent capital securities and bail-in debt).

The implementation of the Basel III reforms will begin on 1 January 2013, however the requirements are subject to a series of transitional arrangements and will be phased in over a period of time, to be fully effective by 2019.

These and other future changes to capital adequacy and liquidity requirements in the jurisdictions in which it operates, including the European Commission's public consultation on further possible changes to the Capital Requirements Directive launched in February 2010, may require the Group to raise additional Tier 1 (including Core Tier 1) and Tier 2 capital by way of further issuances of securities, including in the form of Ordinary Shares or B Shares and will result in existing Tier 1 and Tier 2 securities issued by the Group ceasing to count towards the Group's regulatory capital, either at the same level as present or at all. The requirement to raise additional Core Tier 1 capital could have a number of negative consequences for RBSG and its shareholders, including impairing RBSG's ability to pay dividends on or make other distributions in respect of Ordinary Shares and diluting the ownership of existing shareholders of RBSG. If the Group is unable to raise the requisite Tier 1 and Tier 2 capital, it may be required to further reduce the amount of its risk-weighted assets and engage in the disposal of core and other non-core businesses, which may not occur on a timely basis or achieve prices which would otherwise be attractive to the Group. In addition, pursuant to the State Aid approval, should the Group's Core Tier 1 capital ratio decline to below 5 per cent. at any time before 31 December 2014, or should the Group fall short of its funded balance sheet target level (after adjustments) for 31 December 2013 by £30 billion or more, the Group will be required to reduce its risk-weighted assets by a further £60 billion in excess of its plan through further disposals of identifiable businesses and their associated assets. As provided in the Acquisition and Contingent Capital Agreement (as defined below), the Group will also be subject to restrictions on payments on its hybrid capital instruments should its Core Tier 1 ratio fall below 6 per cent. or if it would fall below 6 per cent. as a result of such payment. For further details of these restrictions, see "Appendix 3 to the Letter From the Chairman of RBS – Principal Terms of Issue of the B Shares and the Dividend Access Share – Undertakings" on pages 77 to 79 of the Shareholder Circular, which is incorporated by reference herein.

As at 30 September 2010, the Group's Tier 1 and Core Tier 1 capital ratios were 12.5 per cent. and 10.2 per cent., respectively, calculated in accordance with FSA definitions (as set out in Interim Management Statement Q3 2010). Any change that limits the Group's ability to manage effectively its balance sheet and capital resources going forward (including, for example, reductions in profits and retained earnings as a result of write-downs or otherwise, increases in risk-weighted assets, delays in the disposal of certain assets or the inability to syndicate loans as a result of market conditions, a growth in unfunded pension exposures

or otherwise) or to access funding sources, could have a material adverse impact on its financial condition and regulatory capital position or result in a loss of value in the Securities.

2. FORM

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form and represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised

Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event or Fund Event, as applicable.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in

the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption in relation to a Share. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(a), a “**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Market Disruption in relation to an Index. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(b) a **“Market Disruption Event”** means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (c) Market Disruption in relation to an Index Future. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. In this Product Condition 4(c), a Market Disruption Event means:
- (a) Price Source Disruption. The failure by the Exchange to announce or publish the Index Future Price (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange on a Valuation Date; or
 - (b) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
 - (c) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Index Future on the Exchange; or
 - (d) Material Change in Formula. The occurrence, since the Pricing Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of, calculating the Index Future Price; or
 - (e) Material Change in Content. The occurrence, since the Pricing Date, of a material change in the content or composition of the Index Future Price; or
 - (f) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Index Future is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Index Future has been impaired due to a lack of, or a material reduction in, trading in the Index Future on the Exchange; or
 - (g) Tax Disruption. The imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Index Future (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Pricing Date, if the direct effect of such imposition, change or removal is to raise or lower the Index Future Price on a Valuation Date and/or on each of the three Trading Days following a Valuation Date from what it would have been without that imposition, change or removal; or

- (h) Trading Limitation. The material limitation imposed on trading in the Index Future with respect to it or any contract with respect to it on any exchange or principal trading market; or
 - (i) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
 - (j) Other Events. Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.
- (d) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” in this Product Condition 4(d) means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (e) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
 - (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange

if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing”, in this Product Condition 4(e) only, means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event”, in this Product Condition 4(e) only, means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power in the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (f) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below. In this Product Condition 4(f) **“Potential Adjustment Event”** means:

- (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the relevant Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the relevant Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the relevant Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E)

any non-cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the relevant Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(g) Fund Events. Each of the following events constitutes a “**Fund Event**”. The Fund Events are for the benefit of the Issuer in order that the Issuer is protected against any adverse effects of such Fund Events on its Hedge Position. The Issuer, or the Calculation Agent on its behalf, shall make all determinations in respect of such Fund Events including as to whether such Fund Event has occurred and the effective date of such occurrence. In order to constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.

- (H) The Fund or any Fund Service Provider has experienced or is experiencing a material adverse change in its business, assets, operations or financial condition which adversely impacts its ability to provide services to the Fund and/or the quality of such services.
- (I) In respect of any Reference Assets, any fraudulent or negligent entry is made on the register of such Reference Assets maintained by or on behalf of the Fund or there is a reduction in the number of such Reference Assets held for the account of any investor in the Fund for reasons beyond the control of that investor.
- (J) (a) any change occurs in the legal, tax, accounting or regulatory treatment of (i) the Issuer, any of its affiliates or any Hedge Provider by reason of its investment in the Fund or the Reference Assets or (ii) the Fund or any Fund Service Provider, in each case from that which was applicable at the Inclusion Date or (b) the Issuer or the Calculation Agent on its behalf determines that any of Issuer, its affiliates or any Hedge Provider is or may in the future be unable, or it may be unduly onerous or impractical for any such entity, to perform any obligation (including, without limitation, any regulatory or accounting reporting obligation) imposed on any such entity by the law or regulation of any relevant jurisdiction, any relevant regulatory or administrative body or any court of competent jurisdiction, in each case by reason of its investment in the Fund or the Reference Assets or (c) the Issuer, any of its affiliates or any Hedge Provider deems it necessary or appropriate, in order to comply with or remain within (i) any applicable legal and/or regulatory limits on the amounts of Reference Assets that it may hold and/or (ii) any internal exposure limits governing the maximum exposure (direct and indirect) that the Issuer, any relevant affiliate or the Hedge Provider as the case may be, is permitted to have to the Fund, to redeem all or some of the Reference Assets held by them.

- (K) A cross-contamination or other failure effectively to segregate the portfolio of assets occurs between different series, classes and/or sub-funds in relation to the Fund (if the Fund is part of an umbrella structure with more than one sub-fund).
 - (L) A significant market, trading or exchange disruption and/or crisis in the major financial markets occurs.
- (ii) NAV/Price and Reporting:
- (A) There is (a) a failure to calculate and/or publish the NAV of the Fund on any day on which such calculation or publication was scheduled to be made in accordance with the Fund Documents and/or the Fund Prospectus as they prevailed on the Inclusion Date or (b) a failure to calculate and publish the NAV of the Fund with the frequency set out in the Fund Documents and/or the Fund Prospectus as they prevailed on the Inclusion Date or (c) where the Fund is an exchange traded fund, a failure to publish the trading price of the Reference Assets on the Exchange.
 - (B) (a) Any change is made to the methodology used for calculating either the NAV of the Fund or any estimate of the NAV of the Fund from that which prevailed on the Inclusion Date or (b) there is a failure to calculate and deliver any estimate of the NAV of the Fund in accordance with the timing within which such information has previously been provided to the Issuer, the Calculation Agent, any of its affiliates or any Hedge Provider.
 - (C) (a) The time delay between calculation of the NAV (or any estimated NAV) of the Fund and the publication of such NAV (or estimated NAV) is changed so that it is no longer the same as set out in the Fund Prospectus as it prevailed on the Inclusion Date or (b) any other information relating to the Fund that was specified to be published in accordance with the Fund Documents or the Fund Prospectus as they respectively prevailed on the Inclusion Date is not published in accordance with the timetable therefor set out in such documents.
 - (D) The audited NAV of the Fund varies by more than 0.50 per cent. from the related NAV previously published by or on behalf of the Fund, or the auditors of the Fund qualify any audit report, or refuse to provide an unqualified audit report, in respect of the Fund, or the Issuer or the Calculation Agent on its behalf considers that the unaudited official NAV of the Fund published by or on behalf of the Fund in respect of any date does not reflect the NAV of such Fund as it would have been determined by the independent auditors of that Fund using the generally accepted accounting standards adopted by the Fund.

(E) (i) In respect of any Reference Asset, the occurrence of any event affecting such Reference Asset that, in the determination of the Issuer or the Calculation Agent on its behalf, would make it impossible or impracticable for the Issuer or the Calculation Agent to determine the value of such Reference Asset, and the Issuer or the Calculation Agent on its behalf determines that such event will not be, or has not been, resolved within 15 calendar days from the occurrence of such event; (ii) any failure of the Fund, any Fund Service Provider or any director of the Fund to deliver, or cause to be delivered, (A) information that such person has agreed to deliver, or cause to be delivered, to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider in respect of the Fund (including, without limitation, any information required by the Issuer or the Calculation Agent in the execution of its duties and obligations under the Securities or required by the Issuer or the Calculation Agent in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities) or (B) information that has been previously delivered to the Issuer, the Calculation Agent, any of the Issuer's affiliates or any Hedge Provider, in accordance with such person's, or its authorised representative's, normal practice and that the Issuer or the Calculation Agent deems necessary for it to perform its duties and obligations under the Securities or that the Issuer or the Calculation Agent deems is required by it in order to determine whether any Fund Event has occurred or to make any other determination permitted by it in respect of the Securities (including, in either case, monitoring the Fund's compliance with any Portfolio Guidelines, asset allocation methodologies, the occurrence of any Fund Event or any other similar policies relating to such Reference Assets).

(iii) Reference Assets:

Any of the following events relating to the Reference Assets occurs:

(A) a subdivision, reclassification or distribution of Reference Assets which has a diluting or concentrative or other effect on the value (theoretical or otherwise) of the Reference Assets;

(B) a portion of each Reference Asset is converted (whether by way of redemption and re-issue or otherwise) into new securities participating in the capital of the Fund, which securities are subject to lock-up periods during which they may not be redeemed and which relate to any segregated assets of the Fund, or the Fund creates any other form of "side-pocket" which affects the Reference Assets;

- (C) a (i) dividend (including cash and whether ordinary or extraordinary), (ii) distribution or (iii) issue of Reference Assets, capital, securities, rights or other assets or interests to existing holders of Reference Assets which has or is likely to have an adverse effect on the value (theoretical or otherwise) of the Reference Assets;
 - (D) any suspension or limitation on the trading of the relevant currencies in which the Reference Assets are denominated or any amendment to the currency of denomination of the Reference Assets so that their price is no longer calculated in the same currency as at the Inclusion Date of the Fund; or
- (iv) Trading and Fees:
- (A) In respect of the Reference Assets, the Fund or any Fund Service Provider increases the level of any redemption fee, subscription fee, management fee, performance fee or a bid/offer spread (or other charge however described) above the level that would have been applicable to any Reference Assets held by any of the Issuer, any affiliate of the Issuer or any Hedge Provider on the Inclusion Date (regardless of whether any such person actually holds any Reference Assets as of such date).
 - (B) Any suspension of or limitation imposed on trading of the Fund or on trading in the Reference Assets (for any reason, including, without limitation, by reason of liquidity restrictions) or any dealing request made by any investor or prospective investor in the Fund or the Reference Assets is deferred in whole or in part or is made at a value other than the related NAV or price, as applicable.
 - (C) The frequency at which Reference Assets can be traded is amended or the timing for subscription or redemption of Reference Assets is amended, in each case so that it is no longer that specified in the Fund Documents and/or Fund Prospectus as they prevailed on the Inclusion Date, including, without limitation, an amendment to the timetable for payment of redemption proceeds upon redemption.
 - (D) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Reference Assets or is entitled to any other amount and:
 - (I) does not receive the full proceeds of such redemption or amount in cash in accordance with the timing set out in the Fund Documents or the Fund Prospectus; or
 - (II) receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,

or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any Hedge Provider to redeem Reference Assets or be entitled to actual payment of any such other amount.

- (v) Fund Adviser and Fund Service Provider Failures:
 - (A) The Fund Adviser indicates or acknowledges that in its opinion the strategy/investment objective of the Fund will not be, or is no longer able to be, met.
 - (B) Any representations, covenants or agreements of the Fund Adviser under the investment management agreement or investment advisory agreement (howsoever described) relating to the Fund have been breached and not cured.
 - (C) Any of: (a) the resignation, termination of appointment or replacement of the Fund Adviser from its role as such occurs or the resignation, termination of appointment or replacement of any other Fund Service Provider from its role as such occurs with respect to the Fund or (b) any change in the personnel of any Fund Service Provider occurs which the Issuer or the Calculation Agent on its behalf considers materially adversely affects the ability of such Fund Service Provider to carry out its duties with respect to the Fund.
 - (D) The Issuer or the Calculation Agent on its behalf becomes aware of any failure by the Fund or any person on its behalf to disclose to the Issuer or the Calculation Agent on its behalf, on or before the Inclusion Date, any information, event or circumstance that was in existence on such date and that would have been necessary to enable the Issuer or the Calculation Agent to make an informed assessment of the assets and liabilities, financial position and prospects of the Fund and of the rights attaching to the Reference Assets.
- (vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.

(h) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a **"Permitted Action"**):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account

for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or

- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(h)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(g), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(i) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the

Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

(j) Adjustments to the Basket

If a De-Listing occurs with respect to a Fund or a Share, as applicable or a Fund or a Share, as applicable is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Fund or Share, as applicable by a successor fund or share, as applicable which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Fund or Share, as applicable (B) remove the de-listed or cancelled Fund or Share, as applicable and allocate the Fund Final Reference Price or Share Final Reference Price, as applicable of such Fund or Share, as applicable as of the effective date of the de-listing or cancellation, pro rata to the remaining Funds or Shares, as applicable or (C) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made pursuant to the foregoing paragraph.

“**De-listing**” means, for the purpose of the foregoing paragraph, a Basket Constituent for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Basket Constituents are listed (and such cessation or suspension is continuing and such Basket Constituent is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

- (k) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Royal Bank of Scotland plc

SCHEDULE

Changes in interest rates, foreign exchange rates, credit spreads, bond, equity and commodity prices, basis, volatility and correlation risks and other market factors have significantly affected and will continue to affect the Group's business

Some of the most significant market risks the Group faces are interest rate, foreign exchange, credit spread, bond, equity and commodity price, basis, volatility and correlation risks. Changes in interest rate levels, yield curves and spreads may affect the interest rate margin realised between lending and borrowing costs, the effect of which may be heightened during periods of liquidity stress, such as those experienced in recent years. Changes in currency rates, particularly in the sterling-US dollar and sterling-euro exchange rates, affect the value of assets, liabilities, income and expenses denominated in foreign currencies and the reported earnings of RBSG's non-United Kingdom subsidiaries (principally Citizens Financial Group, Inc. ("Citizens"), The Royal Bank of Scotland N.V. ("RBS N.V.") and RBS Securities Inc.) and may affect income from foreign exchange dealing. The performance of financial markets may affect bond, equity and commodity prices and, therefore, cause changes in the value of the Group's investment and trading portfolios. This has been the case during the period since August 2007, with market disruptions and volatility resulting in significant variations in the value of such portfolios. As part of its ongoing derivatives operations, the Group also faces significant basis, volatility and correlation risks for which materialisation is highly dependent on relative changes in the aforementioned first order risks. Basis risk is the risk that offsetting investments in a hedging strategy will not experience price changes in entirely opposite directions from each other. This imperfect correlation between the two investments creates the potential for excess gains or losses in a hedging strategy, thus adding risk to the position. Volatility risk is the likelihood of fluctuations in the price or rate of an underlying asset. It is a probability measure of the threat that an underlying movement in price of rate poses to a portfolio. It is also the risk that the buyer or seller of an option is exposed to based on the potential for the volatility of the underlying asset or the market's perception of that volatility to change. Correlation risk is the risk of loss from changes in or from a disparity between the estimated and actual correlation between two or more assets, currencies, derivatives, instruments or markets. While the Group has implemented risk management methods to mitigate and control these and other market risks to which it is exposed, it is difficult, particularly in the current environment, to predict with accuracy changes in economic or market conditions and to anticipate the effects that such changes could have on the Group's financial performance and business operations.

The Group's business performance could be adversely affected if its capital is not managed effectively or as a result of changes to capital adequacy and liquidity requirements

Effective management of the Group's capital is critical to its ability to operate its businesses, to grow organically and to pursue its strategy of returning to standalone strength. The Group is required by regulators in the United Kingdom, the United States and in other jurisdictions in which it undertakes regulated activities, to maintain adequate capital resources. The maintenance of adequate capital is also necessary for the Group's financial flexibility in the face of continuing turbulence and uncertainty in the global economy. Accordingly, the purpose of the issuance of the £25.5 billion of B Shares, the grant of the Contingent Subscription (as defined below) and the previous placing and open offers was to allow the Group to strengthen its capital position. The FSA's liquidity policy statement issued in October 2009 states that firms must hold sufficient eligible securities to survive a liquidity stress and this will result in banks holding a greater amount of government securities, to ensure that these institutions have adequate liquidity in times of financial stress.

On 17 December 2009, the Basel Committee on Banking Supervision (the “**Basel Committee**”) proposed a number of fundamental reforms to the regulatory capital framework in its consultative document entitled “Strengthening the resilience of the banking sector”. The Basel Committee published its economic impact assessment on 18 August 2010 and on 12 September 2010, the Group of Governors and Heads of Supervision, the oversight body of the Basel Committee, announced further details of the proposed substantial strengthening of existing capital requirements. The Basel Committee’s package of reforms include increasing the minimum common equity requirement from 2% (before the application of regulatory adjustments) to 4.5% (after the application of stricter regulatory adjustments). The total Tier 1 capital requirement, which includes common equity and other qualifying financial instruments, will increase from 4% to 6%. In addition, banks will be required to maintain, in the form of common equity (after the application of deductions), a capital conservation buffer of 2.5% to withstand future periods of stress, bringing the total common equity requirements to 7%. If there is excess credit growth in any given country resulting in a system-wide build up of risk, a countercyclical buffer within a range of 0% to 2.5% of common equity (or other fully loss absorbing capital) is to be applied as an extension of the conservation buffer. The capital requirements are to be supplemented by a leverage ratio, and a liquidity coverage ratio and a net stable funding ratio will also be introduced. The Basel Committee has confirmed that work continues to ensure that systemically important banks have loss absorbing capacities beyond the above standards. The Basel Committee has stated that measures may include capital surcharges, contingent capital and bail-in debt. Such measures would be in addition to proposals for the write-off of Tier 1 and Tier 2 debt (and its possible conversion into ordinary shares) if a bank becomes non-viable. The proposed reforms are expected to be implemented by the end of 2012, however the requirements are subject to a series of transitional arrangements and will be phased in over a period of time, to be fully effective by 2019.

These and other future changes to capital adequacy and liquidity requirements in the jurisdictions in which it operates, including the European Commission’s public consultation on further possible changes to the Capital Requirements Directive launched in February 2010, may require the Group to raise additional Tier 1 (including Core Tier 1) and Tier 2 capital by way of further issuances of securities, including in the form of Ordinary Shares or B Shares and could result in existing Tier 1 and Tier 2 securities issued by the Group ceasing to count towards the Group’s regulatory capital, either at the same level as present or at all. The requirement to raise additional Core Tier 1 capital could have a number of negative consequences for RBSG and its shareholders, including impairing RBSG’s ability to pay dividends on or make other distributions in respect of Ordinary Shares and diluting the ownership of existing shareholders of RBSG. If the Group is unable to raise the requisite Tier 1 and Tier 2 capital, it may be required to further reduce the amount of its risk-weighted assets and engage in the disposal of core and other non-core businesses, which may not occur on a timely basis or achieve prices which would otherwise be attractive to the Group. In addition, pursuant to the State Aid approval, should the Group’s Core Tier 1 capital ratio decline to below 5 per cent. at any time before 31 December 2014, or should the Group fall short of its funded balance sheet target level (after adjustments) for 31 December 2013 by £30 billion or more, the Group will be required to reduce its risk-weighted assets by a further £60 billion in excess of its plan through further disposals of identifiable businesses and their associated assets. As provided in the Acquisition and Contingent Capital Agreement (as defined below), the Group will also be subject to restrictions on payments on its hybrid capital instruments should its Core Tier 1 ratio fall below 6 per cent. or if it would fall below 6 per cent. as a result of such payment. For further details of these restrictions, see “Appendix 3 to the Letter From the Chairman of RBS – Principal Terms of Issue of the B Shares and the Dividend Access Share – Undertakings” on pages 77 to 79 of the Shareholder Circular, which is incorporated by reference herein.

As at 30 September 2010, the Group's Tier 1 and Core Tier 1 capital ratios were 12.5 per cent. and 10.2 per cent., respectively, calculated in accordance with FSA definitions (as set out in Interim Management Statement Q3 2010). Any change that limits the Group's ability to manage effectively its balance sheet and capital resources going forward (including, for example, reductions in profits and retained earnings as a result of write-downs or otherwise, increases in risk-weighted assets, delays in the disposal of certain assets or the inability to syndicate loans as a result of market conditions, a growth in unfunded pension exposures or otherwise) or to access funding sources, could have a material adverse impact on its financial condition and regulatory capital position or result in a loss of value in the Securities.

Issuer:

The Royal Bank of Scotland plc (the "**Issuer**" or "**RBS**")

The Issuer is a public limited company incorporated in Scotland. The Issuer (together with its subsidiaries, the "**Issuer Group**") is a wholly owned subsidiary of The Royal Bank of Scotland Group plc ("**RBSG**" (RBSG together with its subsidiaries, the "**Group**")). RBSG is the holding company of a large global banking and financial services group. Headquartered in Edinburgh, the Group operates in the United Kingdom, the United States and internationally through its two principal subsidiaries, the Issuer and National Westminster Bank Public Limited Company ("**NatWest**"). The Issuer and NatWest are major United Kingdom clearing banks whose origins go back over 275 years. In the United States, the Group's subsidiary Citizens Financial Group, Inc. is a large commercial banking organisation. The Group has a large and diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers in over 50 countries.

The Group had total assets of £1,696.5 billion and owners' equity of £77.7 billion as at 31 December 2009. The Group's capital ratios as at that date, which included the equity

minority interest of the State of the Netherlands and Banco Santander in ABN AMRO Holding N.V. (which was renamed RBS Holding N.V. on 1 April 2010), were a total capital ratio of 16.1 per cent., a Core Tier 1 capital ratio of 11.0 per cent. and a Tier 1 capital ratio of 14.1 per cent.

As at 31 December 2009, the Issuer had total assets of £1,333.00 billion and owners' equity of £55.05 billion. The Issuer's capital ratios as at that date were a total capital ratio of 14.8 per cent. and a Tier 1 capital ratio of 10.5 per cent.

On 17 October 2007, RFS Holdings B.V. ("**RFS Holdings**"), which at the time was owned by RBSG, Fortis N.V., Fortis S.A./N.V., Fortis Bank Nederland (Holding) N.V. and Banco Santander, S.A. ("**Santander**"), completed the acquisition of ABN AMRO Holding N.V. (which was renamed RBS Holdings N.V. on 1 April 2010). RFS Holdings, which is now jointly owned by RBSG, the Dutch State and Santander (the "**Consortium Members**"), is continuing the process of implementing an orderly separation of the business units of RBS Holdings N.V. As part of this reorganisation, on 6 February 2010, the businesses of RBS Holdings N.V. acquired by the Dutch State were legally demerged from the RBS Holdings N.V. businesses acquired by the Group and were transferred into a newly established holding company, ABN AMRO Bank N.V. (save for certain assets and liabilities acquired by the Dutch State that were not part of the legal separation and which will be transferred to the Dutch State as soon as possible). Legal separation of ABN AMRO Bank N.V. occurred on 1 April 2010, with the shares in that entity being transferred by RBS Holdings N.V. to a holding company called ABN AMRO Group N.V., which is owned by the Dutch State. Certain assets within RBS Holdings N.V. continue to be shared by the Consortium Members. RBS Holdings N.V. is a fully operational bank within the Group and is independently rated and licensed and regulated by the Dutch Central Bank.

Risk Factors:

Risks Relating to the Issuer

Certain factors may affect the Issuer's ability to fulfil its obligations under the Securities, including:

- RBSG and its United Kingdom bank subsidiaries (including the Issuer) may face the risk of full nationalisation or other resolution procedures under the Banking Act 2009 (the "**Banking Act**").
- The Group's businesses, earnings and financial condition have been and will continue to be affected by the global economy and instability in the global financial markets.
- The performance of the Group may be affected by economic conditions impacting euro-zone member states. For example, the financial problems experienced by the government of Greece may lead to Greece issuing significant volumes of debt, which may reduce demand for debt issued by financial institutions and corporate borrowers. This could adversely affect the Group's access to the debt capital markets and may increase the Group's funding costs, having a negative impact on the Group's earnings and financial condition. In addition, euro-zone countries in which the Group operates will be required to provide financial assistance to Greece, which may in turn have a negative impact on the financial condition of those EU member states. Should the economic conditions facing Greece be replicated in other euro-zone member states, the risks above would be exacerbated.
- The Group was required to obtain State aid approval for the aid given to the Group by Her Majesty's Treasury in the United Kingdom ("**HM Treasury**"), and for the Group's state aid restructuring plan, from the European Commission. The Group is subject to a variety of risks as a result of implementing the State aid restructuring plan. The State aid restructuring plan includes a prohibition on the making of discretionary dividend or coupon payments on existing hybrid capital instruments (including preference shares and B Shares) for a two year period commencing no

later than 30 April 2010, which may impair the Group's ability to raise new Tier 1 capital through the issuance of ordinary shares and other securities.

- The Group's ability to implement its strategic plan depends on the success of the Group's refocus on its core strengths and the balance sheet reduction programme arising out of its previously announced non-core restructuring plan and the State aid restructuring plan.
- The extensive organisational restructuring may adversely affect the Group's business, results of operations and financial condition.
- The restructuring proposals for RBS Holdings N.V. (previously ABN AMRO Holding N.V.) are complex and may not realise the anticipated benefits for the Group.
- Lack of liquidity is a risk to the Group's business and its ability to access sources of liquidity has been, and will continue to be, constrained.
- Governmental support schemes may be subject to cancellation, change or withdrawal or may fail to be renewed, which may have a negative impact on the availability of funding in the markets in which the Group operates.
- The financial performance of the Group has been and will be affected by borrower credit quality.
- The actual or perceived failure or worsening credit of the Group's counterparties has adversely affected and could continue to adversely affect the Issuer Group.
- The Group's earnings and financial condition have been, and its future earnings and financial condition may continue to be, affected by depressed asset valuations resulting from poor market conditions.
- The value or effectiveness of any credit protection that the Group has purchased from monoline and other insurers

and other market counterparties (including credit derivative product companies) depends on the value of the underlying assets and the financial condition of the insurers and such counterparties.

- Changes in interest rates, foreign exchange rates, credit spreads, bond, equity and commodity prices and other market factors have significantly affected and will continue to affect the Group's business.
- The Issuer Group's borrowing costs and its access to the debt capital markets depend significantly on its and the United Kingdom government's credit ratings.
- The Group's business performance could be adversely affected if its capital is not managed effectively or if there are changes to capital adequacy and liquidity requirements.
- The value of certain financial instruments recorded at fair value is determined using financial models incorporating assumptions, judgements and estimates that may change over time or may ultimately not turn out to be accurate.
- The Group operates in markets that are highly competitive and consolidating. If the Group is unable to perform effectively, its business and results of operations will be adversely affected.
- As a condition to HM Treasury support, RBSG has agreed to certain undertakings which may serve to limit the Group's operations.
- The Group could fail to attract or retain senior management, which may include members of the Board, or other key employees, and it may suffer if it does not maintain good employee relations.
- Each of the Group's businesses is subject to substantial regulation and oversight. Any significant regulatory developments could have an effect on how the Issuer Group conducts its business and on its results of operations

and financial condition.

- The Group's results have been and could be further adversely affected in the event of goodwill impairment.
- The Group may be required to make further contributions to its pension schemes if the value of pension fund assets is not sufficient to cover potential obligations.
- The Group is and may be subject to litigation and regulatory investigations that may impact its business.
- Operational risks are inherent in the Issuer Group's operations.
- The Group is exposed to the risk of changes in tax legislation and its interpretation and to increases in the rate of corporate and other taxes in the jurisdictions in which it operates.
- HM Treasury (or UK Financial Investments Limited on its behalf) may be able to exercise a significant degree of influence over the Group.
- The Group's operations have inherent reputational risk.
- In the United Kingdom and in other jurisdictions, the Group is responsible for contributing to compensation schemes in respect of banks and other authorised financial services firms that are unable to meet their obligations to customers.
- The Group's business and earnings may be affected by geopolitical conditions.
- The restructuring proposals for RBS Holdings N.V. (previously ABN AMRO Holding N.V.) are complex and may not realise the anticipated benefits for the Group.
- The recoverability and regulatory capital treatment of certain deferred tax assets recognised by the Group depends on the Group's ability to generate sufficient future taxable profits and there being no adverse changes to tax

legislation, regulatory requirements or accounting standards.

- The Issuer has entered into a credit derivative and a financial guarantee contract with The Royal Bank of Scotland N.V. which may adversely affect the Issuer Group's results.

In addition to the risk factors described above, the Group is also subject to additional risks related to the entry into the asset protection scheme, the B shares, the contingent B shares and the dividend access share.

In addition, there are certain factors which are material for the purpose of assessing the market risks associated with the Securities including (i) the value of the Securities may fluctuate based on the value of the Underlying, (ii) there may not be a secondary market in the Securities, (iii) holders of the Securities have no ownership interest in the Underlying and (iv) there may be limitations on a holder's right to exercise the Securities or there may be delays in effecting settlement, see "Risk Factors" in this Base Prospectus.

Description of the Securities:

A range of notes may be issued under this Base Prospectus. The terms and conditions (the "**Conditions**") applicable to such notes are contained in the General Conditions which are applicable to all notes, the Product Conditions applicable to the particular type of note being issued and the Final Terms applicable to the particular Series being issued.

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the “**Cash Amount**”) or, in the case of exchangeable notes, permit the Holder (as defined below) to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the “**Conversion Amount**”). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the “**Underlying**”), in all cases, as provided in the terms of the relevant note. The types of note that may be issued under this Base Prospectus are described below.

Range Accrual Notes:

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder Notes:

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined

specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target Coupon Notes:

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate Notes:

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Callable Index Notes:

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. than the nominal amount of the note.

The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

General Conditions

Set out below is a summary of certain significant provisions of the General Conditions applicable to all Securities issued under this Base Prospectus.

Status of the Securities:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each holder of the Securities (the “**Holder**”) in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith

adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. The Issuer may make adjustments following any event likely to have a material adverse effect on the Issuer's hedge position, subject to the conditions set out in General Condition 5(d).

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as Issuer of the Securities any entity subject to the conditions set out in General Condition 8. In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Settlement of Securities:

Securities shall be cash settled or, in the case of exchangeable notes, either cash settled or physically settled, as specified in the applicable Final Terms.

Market Disruption Events:

If a Market Disruption Event occurs Holders of Securities may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4 for each type of Security and vary depending on the type of Security.

Emerging Market Disruption Events:

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders may experience a delay in settlement of delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Product Conditions.

Potential Adjustment Event:

If a Potential Adjustment Event occurs the Calculation Agent may adjust one or more of the Conditions to account for the diluting or concentrative effect of the Potential Adjustment Event. Potential Adjustment Events are defined in Product Condition 4 for each type of Security (if applicable) and vary depending on the type of Security.

Fund Event:

If a Fund Event occurs, the Issuer or the Calculation Agent on its behalf, in each case acting in good faith and in a commercially reasonable manner, may adjust one or more of

the Conditions to reflect the impact of the Fund Event. Fund Events are defined in Product Condition 4 for each type of Security (if applicable).

De-listing:

If a De-listing occurs the Calculation Agent may adjust one or more of the Conditions, including replacing the relevant Underlying, to account for such event. De-listing is defined in Product Condition 4 for each type of Security (if applicable).

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued

Each potential investor in the Securities should refer to the Risk Factors Section in the Registration Document incorporated by reference into this Base Prospectus and the risk factors set out below for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued.

The Group's businesses, earnings and financial condition have been and will continue to be affected by the global economy and instability in the global financial markets

The performance of the Group has been and will continue to be influenced by the economic conditions of the countries in which it operates, particularly the United Kingdom, the United States and other countries throughout Europe, the Middle East and Asia. The outlook for the global economy over the near to medium term remains challenging, particularly in the United Kingdom, the United States and other European economies. In addition, the global financial system has yet to fully overcome the difficulties which first manifested themselves in August 2007 and financial markets conditions have not yet fully normalised. These conditions led to severe dislocation of financial markets around the world and unprecedented levels of

illiquidity in 2008 and 2009, resulting in the development of significant problems at a number of the world's largest corporate institutions operating across a wide range of industry sectors, many of whom are the Group's customers and counterparties in the ordinary course of its business. In response to this economic instability and illiquidity in the market, a number of governments, including the United Kingdom Government, the governments of the other EU member states and the United States Government, have intervened in order to inject liquidity and capital into the financial system, and, in some cases, to prevent the failure of these institutions.

Despite such measures, the volatility and disruption of the capital and credit markets have continued, with many forecasts predicting only modest levels of GDP growth over the course of 2010. Similar conditions are likely to exist in a number of the Group's key markets, including those in the United States and Europe, particularly Ireland. These conditions have exerted, and may continue to exert, downward pressure on asset prices and on availability and cost of credit for financial institutions, including RBSG, and will continue to impact the credit quality of the Group's customers and counterparties. Such conditions, alone or in combination with regulatory changes or actions of other market participants, may cause the Group to incur losses or to experience further reductions in business activity, increased funding costs and funding pressures, lower share prices, decreased asset values, additional write-downs and impairment charges and lower profitability.

The performance of the Group may be affected by economic conditions impacting euro-zone member states. For example, the financial problems experienced by the government of Greece may lead to Greece issuing significant volumes of debt, which may reduce demand for debt issued by financial institutions and corporate borrowers. This could adversely affect the Group's access to the debt capital markets and may increase the Group's funding costs, having a negative impact on the Group's earnings and financial condition. In addition, euro-zone countries in which the Group operates will be required to provide financial assistance to Greece, which may in turn have a negative impact on the financial condition of those EU member states. Should the economic conditions facing Greece be replicated in other euro-zone member states, the risks above would be exacerbated.

In addition, the Group will continue to be exposed to the risk of loss if major corporate borrowers or counterparty financial institutions fail or are otherwise unable to meet their obligations. The Group currently experiences certain business sector and country concentration risk, primarily focused in the United States, the United Kingdom and the rest of Europe and relating to personal and banking and financial institution exposures. The Group's performance may also be affected by future recovery rates on assets and the historical assumptions underlying asset recovery rates, which (as has already occurred in certain instances) may no longer be accurate given the unprecedented market disruption and general economic instability. The precise nature of all the risks and uncertainties the Group faces as a result of current economic conditions cannot be predicted and many of these risks are outside the control of the Group.

As a condition to HM Treasury support, RBSG has agreed to certain undertakings which may serve to limit the Group's operations

Under the terms of the First Placing and Open Offer, RBSG provided certain undertakings aimed at ensuring that the subscription by HM Treasury of the relevant Ordinary Shares and preference shares and the Group's participation in the Credit Guarantee Scheme offered by HM Treasury as part of its support for the United Kingdom banking industry are compatible with the common market under EU law. These undertakings include (i) supporting certain initiatives in relation to mortgage lending and lending to SMEs until 2011, (ii) regulating management remuneration and (iii) regulating the rate of growth of the Group's balance sheet. Under the terms of the placing and open offer undertaken by RBSG in April 2009, the Group's undertakings in relation to mortgage lending and lending to SMEs were extended to larger commercial and industrial companies in the United Kingdom. Pursuant to these arrangements, RBS agreed to make available to creditworthy borrowers on commercial terms, £16 billion above the amount RBSG had budgeted to lend to United Kingdom businesses and £9 billion above the amount RBSG had budgeted to lend to United Kingdom homeowners in the year commencing 1 March 2009. For a description of these undertakings, see paragraph 9 of Part IV of the Shareholder Circular, which is incorporated by reference herein.

In relation to the 2009 commitment period, which ended on 28 February 2010, the Group's net mortgage lending to UK homeowners was £12.7 billion above the amount it had originally budgeted to lend. In relation to its business lending commitment, the Group achieved £60 billion of gross new lending to businesses, including £39 billion to SMEs but, in the economic environment prevailing at the time, many customers were strongly focused on reducing their borrowings and repayments consequently increased. Moreover, the withdrawal of foreign lenders was less pronounced than anticipated, there was a sharp increase in capital market issuance and demand continued to be weak. As a result, the Group's net lending did not reach the £16 billion targeted.

In March 2010, RBS agreed with the United Kingdom government certain adjustments to the lending commitments for the 2010 commitment period (the 12 month period commencing 1 March 2010), to reflect expected economic circumstances over the period. As part of the amended lending commitments, RBS has committed, among other things, to make available gross new facilities, drawn or undrawn, of £50 billion to UK businesses in the period 1 March 2010 to 28 February 2011. In addition, RBS has agreed with the United Kingdom government to make available £8 billion of net mortgage lending in the 2010 commitment period. This is a decrease of £1 billion on the net mortgage lending target that previously applied to the 2010 commitment period which ends on 28 February 2011, to reflect that the mortgage lending commitment for the 2009 commitment period was increased from £9 billion to £10 billion.

The Group has also agreed to certain other commitments, which are material for the structure of the Group and its operations, under the State aid restructuring plan approved by the European Commission in relation to

State aid, as set out in Part I, Appendix 4 of the Shareholder Circular, which is incorporated by reference herein.

In addition, the Group, together with HM Treasury, has agreed with the European Commission a prohibition on the making of discretionary dividends (including on preference shares and B Shares) or coupon payments on existing hybrid capital instruments for a two-year period from a date commencing no later than 30 April 2010 (which the Group has subsequently announced shall be 30 April 2010). It is possible that the Group may, in future, be subject to further restrictions on payments on such hybrid capital instruments, whether as a result of undertakings given to regulatory bodies, changes to capital requirements such as the proposals published by the Basel Committee on 17 December 2009 or otherwise. The Group has also agreed to certain other undertakings in the Acquisition and Contingent Capital Agreement, as described in Part I, Appendix 3 of the Shareholder Circular, which is incorporated by reference herein.

The undertakings described above may serve to limit the Group's operations.

The restructuring proposals for RBS Holdings N.V. (previously ABN AMRO Holding N.V.) are complex and may not realise the anticipated benefits for the Group.

The restructuring plan in place for the integration and separation of the businesses of ABN AMRO Holding N.V., which was renamed RBS Holdings N.V. on 1 April 2010, into and among the businesses and operations of the Consortium Members is complex, involving substantial reorganisation of RBS Holdings N.V.'s operations and legal structure. The restructuring plan is being implemented and significant elements have been completed within the planned timescales and the integration of the Group's businesses continues. Certain assets and liabilities of the RBS Holdings N.V. businesses acquired by the Dutch State were not part of the legal separation which occurred on 1 April 2010 and will be transferred to the Dutch State as soon as possible. In addition, certain assets within RBS Holdings N.V. continue to be shared by the Consortium Members. The Group may not realise the benefits of the acquisition or the restructuring when expected or to the extent projected. The occurrence of any of these events, including as a result of staff losses or performance issues, or as a result of further disposals or restructurings by the Group, may have a negative impact on the Group's financial condition and results of operations.

RBS has entered into a credit derivative and a financial guarantee contract with The Royal Bank of Scotland N.V. which may adversely affect the Issuer Group's results

RBS has also entered into a credit derivative and a financial guarantee contract with The Royal Bank of Scotland N.V., which is a subsidiary undertaking of RBSG, under which it has sold credit protection over the exposures held by The Royal Bank of Scotland N.V. and its subsidiaries that are subject to the APS. These agreements may adversely affect the Issuer Group's results as: (a) they cover 100% of losses on these assets whilst the APS provides 90% protection if losses on the whole APS portfolio exceed the first loss; and (b) the basis of valuation of the APS and the financial guarantee contract are asymmetrical: the one measured at

fair value and the other at the higher of cost less amortisation and the amount determined in accordance with IAS 37 “Provisions, Contingent Liabilities and Contingent Assets”.

Capitalised terms used in the above risk factors have the meanings given to them in the Registration Document.

Factors which are material for the purpose of assessing the market risks associated with Securities issued

The Securities are notes which entail particular risks

The notes to be issued are investment instruments which may or may not bear interest and which (except in the case of exchangeable notes) at maturity or earlier termination pay the Cash Amount which may or may not be equal to the nominal amount of the relevant note. In the case of exchangeable notes, the Holder has the option at maturity or earlier termination to exchange the notes for a defined amount of the Underlying or the Conversion Amount, depending upon the terms of the exchangeable securities. As such, each note will entail particular risks. Notes which are not capital protected may result in the Holder losing some or, in certain limited cases, all of his initial investment. Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor’s currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and

- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their maturity date. Holders may sustain a total loss of their investment (unless the Securities are of a type in which capital is protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an affect on the level of the Underlying include, in the case of a stock or index, the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event (including an Emerging Market Disruption Event) and/or no Potential Adjustment Events and/or no De-listing and/or no Fund Event which apply.
- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors.

Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.

- (c) *Volatility.* The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.
- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events), Fund Event, Potential Adjustment Event and/or De-listing has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled note. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank pari passu among themselves.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

The Issuer may, in its sole and absolute discretion, decide to offer a secondary market in the Securities. In the event that the Issuer elects to offer such secondary market, the Issuer shall be entitled to impose such conditions as it, in its sole and absolute discretion, shall deem fit, including but not limited to:

- (a) providing a large bid/offer spread determined by the Issuer in its sole and absolute discretion by reference to the Issuer's own appreciation of the risks involved in providing such secondary market;
- (b) normal market conditions prevailing at such date; and
- (c) limiting the number of Securities in respect of which it is prepared to offer such secondary market.

Holder should note that the imposition of any of the above conditions may severely limit the availability of any such secondary market and may result in Holders receiving significantly less than they otherwise would have received if the Securities were redeemed at maturity.

As part of its issuing, market-making and/or trading arrangements, the Issuer may issue more Securities than those which are to be subscribed or purchased by third party investors. The Issuer (or any of its affiliates) may hold such Securities for the purpose of meeting any investor interest in the future. Prospective investors in the Securities should therefore not regard the issue size of any Series as indicative of the depth or liquidity of the market for such Series, or of the demand for such Series.

In the event that such a secondary market does not develop, it is unlikely that an investor in the Securities will be able to sell his Securities or at prices that will provide him with a yield comparable to similar investments that have a developed secondary market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event is likely to have a material adverse effect on the Issuer's Hedge Position. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.

Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 9 and payment and/or

delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

No tax gross-up

If payments on the Securities are or become subject to a withholding or deduction required by law on account of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will make the required withholding or deduction, as the case may be, and neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Holders in respect of such withholding or deduction. Please refer to section "General Condition 9 - Taxation".

The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a "**Relevant Clearing System**"), either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities are held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of any relevant global Security and, in the case of a temporary global Security in bearer form, certification as to non-U.S. beneficial ownership. The risk is that the bearer or the registered holder, as the case may be, of the relevant global Security, typically a depositary or a nominee for a depositary for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System and not the Holder itself, shall be treated by the Issuer and any Agent (as defined in the Conditions) as the sole holder of the relevant Securities with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in

respect of the Securities. Holders therefore are required to look to the Relevant Clearing System in respect of payments made to it by the Issuer in respect of Securities in global or dematerialised form.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

Change of law and jurisdiction

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus. Prospective investors in the Securities should note that the courts of England and Wales shall have jurisdiction in respect of any disputes involving the Securities. Holders may, however, take any suit, action or proceedings arising out of or in connection with the Securities against the Issuer in any court of competent jurisdiction. English law may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Securities.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Modification, waivers and substitution

The Issuer may decide to make modifications to the Securities without the consent of the Holders which may affect the Holders' interest either:

- (a) for the purpose of curing any ambiguity or of curing, correcting or supplementing any manifest error or other defective provision; or
- (b) in any other manner which is not materially prejudicial to the interests of the Holders; or
- (c) for the purpose of the substitution of another company as principal debtor under any Securities in place of the Issuer, in the circumstances described in General Condition 8.

RESPONSIBILITY STATEMENT

The Issuer accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

TAXATION

Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.

1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client and may be subject to change in future.

2. EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of the proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

3. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

4. UNITED KINGDOM

The following applies only to persons who are the beneficial owners of Securities and is a summary of the Issuer's understanding of current United Kingdom tax law and United Kingdom HM Revenue & Customs ("HMRC") practice relating only to certain aspects of United Kingdom taxation. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Securities. Some aspects do not apply to certain classes of person (such as persons carrying on a trade of dealing in Securities and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Holders of Securities depends on their individual circumstances and may be subject to change in the future. The precise tax treatment of a Holder of Securities will depend for each issue on the terms of the Securities, as specified in the terms and Conditions of the Securities as amended and supplemented by the applicable Final Terms. Prospective Holders of Securities who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Withholding on account of United Kingdom tax

Payments made in respect of the Securities may be made without deduction or withholding for or on account of United Kingdom income tax where such payments are not regarded as either interest or annual payments for United Kingdom tax purposes.

Even if such payments were to be regarded as interest or annual payments for United Kingdom tax purposes, the Issuer should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments made in respect of the Securities provided that the Securities are derivative contracts, the profits and losses arising from which are calculated in accordance with the provisions of Part 7 of the Corporation Tax Act 2009 (which broadly they should be provided that they are derivatives for the purposes of FRS25 (or International Accounting Standard 32) and are not excluded for the purposes of Part 7 of that Act by virtue of their underlying subject matter).

Interest on the Securities

If interest is payable on the Securities or if payments made in respect of the Securities were to be regarded as interest for United Kingdom tax purposes, such payments may be made without deduction or withholding for or on account of United Kingdom income tax, provided that the Issuer continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "**Act**"), and provided that any such interest is paid in the ordinary course of the Issuer's business within the meaning of section 878 of the Act.

Payments of interest on or in respect of the Securities may also be made without deduction or withholding for or on account of United Kingdom income tax provided that the Securities continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Act. Euronext Amsterdam is a recognised stock exchange for this purpose. The Securities will therefore satisfy this requirement if they are officially listed in the Netherlands in accordance with provisions corresponding to those generally applicable in EEA States and are admitted to trading on Euronext Amsterdam. Provided, therefore, that the Securities are and remain so listed, interest on the Securities will be payable without withholding or deduction for or on account of United Kingdom income tax.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where interest on or in respect of the Securities is paid by the Issuer and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on or in respect of the Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on or in respect of the Securities may also be paid without withholding or deduction for or on account of United Kingdom income tax where the maturity of the Securities is less than 365 days and those Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on or in respect of the Securities on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of Securities, HMRC can issue a notice to the Issuer to pay interest to the Holder of Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Holders of Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Holder of Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2011. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of Securities is resident for tax purposes.

Stamp Duty

Stamp duty on the issue of Securities

A charge to United Kingdom stamp duty at a rate of 1.5 per cent. of the value of the Securities may arise on the issue of Securities in bearer form where such Securities are denominated in sterling and do not constitute loan capital (Loan Capital) for the purposes of section 78 Finance Act 1986 (FA 1986). A Security should be Loan Capital if the Holder has a right in all circumstances to be paid on redemption an amount equal to substantially all of the amount subscribed for the Security, either with or without any additional amount that may be payable on redemption.

Stamp duty on the transfer of Securities

No United Kingdom stamp duty should be required to be paid on transfers of Securities on sale provided no instrument of transfer is used to complete such sales.

An instrument transferring Securities on sale may be subject to stamp duty at a rate of 0.5 per cent. of the consideration paid for the Securities if the Securities are either not Loan Capital or are Loan Capital but are not Exempt Loan Capital.

Stamp duty on the redemption of Securities

No United Kingdom stamp duty should be payable in relation to the redemption of a Security which is cash settled. United Kingdom stamp duty may be required to be paid in relation to the transfer of assets on the redemption of a Security which is settled by way of physical delivery.

Stamp duty reserve tax ("SDRT")

For the purposes of the following paragraphs, it has been assumed that the Securities constitute stock and/or loan capital for the purposes of section 99(3) FA 1986. Securities which are capable of being cash settled only are referred to as Cash Settled Securities and Securities which are capable of being settled by way of physical delivery are referred to as Physically Settled Securities.

For the purposes of the following paragraphs, Exempt Loan Capital means any security which constitutes Loan Capital and: (a) does not carry rights to acquire shares or securities (by way of exchange, conversion or otherwise) that are not Exempt Loan Capital; (b) has not carried and does not carry a right to interest the amount of which exceeds a reasonable commercial return on the nominal amount of the relevant security; (c) has not carried and does not carry a right to interest the amount of which falls or has fallen to be determined to any extent by reference to the results of, or any part of, a business or to the value of any property; and (d) has not carried and does not carry a right to a premium which is not reasonably comparable with amounts payable on securities listed on the London Stock Exchange.

SDRT on the issue of Securities to a Clearance Service

No SDRT should be payable in relation to the issue to any person providing a clearance service, or a nominee for any such person, within the meaning of section 96 FA 1986 (a Clearance Service) of a Security provided that it is Exempt Loan Capital.

Except where an election has been made under which the alternative system of charge as provided for in section 97A FA 1986 (a s97A Election) applies, SDRT should generally be payable in relation to the issue to a Clearance Service of a Security which is not Exempt Loan Capital, unless that Security is in bearer form and either: (i) it is denominated in sterling and it is not repayable in a different currency solely at the option of the holder; or (ii) it is not denominated in sterling (or is denominated in sterling but is repayable in a different currency solely at the option of the holder), it constitutes Loan Capital and it does not carry a right to obtain securities which are not relevant securities within the meaning of section 97(3D) FA 1986 (Relevant Securities). SDRT would be payable at a rate of 1.5 per cent. of the issue price.

The ECJ has found in *C-569/07 HSBC Holdings plc and Vidacos Nominees Ltd v The Commissioners of Her Majesty's Revenue & Customs* (Case C-569/07) that the 1.5% charge is contrary to EU Community Law where shares are issued to a clearance service. HMRC has subsequently indicated that it will not levy the charge on shares issued to a clearance service within the EU. It is not clear the extent to which this decision applies to the Securities or the way in which any change in legislation or HMRC practice in response to this decision may alter the position outlined above.

SDRT on the transfer of Securities held within a Clearance Service

SDRT should generally not be payable in relation to an agreement to transfer a Security held within a Clearance Service provided that no s97A Election applies to the Security.

SDRT on the transfer of Securities held outside a Clearance Service or held within a Clearance Service where a s97A Election has been made

In the case of Securities held outside a Clearance Service or Securities held within a Clearance Service where a s97A Election has been made, no SDRT should be payable in relation to any agreement to transfer a Security provided that it is Exempt Loan Capital.

In the case of Securities held outside a Clearance Service or Securities held within a Clearance Service where a s97A Election has been made, SDRT should generally be payable in relation to any agreement to transfer a Security which is not Exempt Loan Capital, unless that Security is in bearer form and: (i) it constitutes Loan Capital, it is listed on a recognised stock exchange and it carries no right to obtain unlisted securities (for example by way of conversion or exchange); (ii) it was not exempt from stamp duty on issue because it does not constitute Loan Capital and it is denominated in sterling; or (iii) it was exempt from stamp duty on issue solely because it is denominated in a currency other than sterling and it is listed on a recognised stock exchange. SDRT would be payable at a rate of 0.5 per cent. of the consideration given under an agreement to transfer such Securities, unless the transfer is to a depository for a Clearance Service or to a person issuing depository receipts (or to an agent or nominee of such a person) where SDRT may be payable at a rate of 1.5 per cent..

SDRT on the redemption of Securities

SDRT may be required to be paid in respect of the agreement to transfer an asset pursuant to a Physically Settled Security. However, any such liability to SDRT will be cancelled (or if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied.

5. LUXEMBOURG

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

TAXATION OF THE HOLDERS OF SECURITIES

Withholding Tax

(i) Non-resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005 (the "**Laws**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of Securities.

Under the Laws implementing the Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which is resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 20% and will be levied at a rate of 35% as of 1 July 2011. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Laws would at present be subject to withholding tax of 20%.

(ii) Resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 as amended (the "**Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 10%. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Law would be subject to withholding tax of 10 per cent.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State::

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;

- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

3. THE NETHERLANDS

Securities which qualify as savings certificates as defined in the Savings Certificates Act (“*Wet inzake spaarbewijzen*”) may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

4. UNITED STATES OF AMERICA

No Securities of any Series have been, or will be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and trading in the Securities has not been approved by the United States Commodity Futures Trading Commission (the "**CFTC**") under the United States Commodity Exchange Act, as amended (the "**CEA**"). No Securities of any Series, or interests therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person.

Offers, sales, resales or deliveries of Securities of any Series, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. In addition, in the absence of relief from the CFTC, offers, sales, resales, trades or deliveries of Securities, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading.

Securities having a maturity of more than one year will be issued in compliance with U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (the "**D Rules**") and, in accordance with the D Rules, may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Securities in dematerialised form having a maturity of more than one year will be issued in compliance with U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (the "**C Rules**") and, in accordance with the C Rules, may not be offered, sold or delivered within the United States or its possessions, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 (the "**Code**") and the U.S. Treasury regulations thereunder.

The Issuer will require each dealer participating in the distribution of Securities subject to the D Rules:

- (a) except to the extent permitted under the D Rules, (i) to represent that it has not offered or sold, and agrees that during the restricted period it will not offer or sell, such Securities to a person who is within the United States or its possessions or to a United States person, and (ii) to represent that it has not delivered and agrees that it will not deliver within the United States or its possessions definitive Securities that are sold during the restricted period;
- (b) to represent that it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Securities subject to the D Rules are aware that such Securities may not

be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;

- (c) if it is a United States person, each dealer represents that it is acquiring Securities for purposes of resale in connection with their original issuance and if it retains Securities for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(6);
- (d) with respect to each affiliate that acquires Securities from a dealer for the purpose of offering or selling such Securities during the restricted period, to repeat and confirm the representations and agreements contained in subclauses (a), (b) and (c) of this paragraph on such affiliate's behalf; and
- (e) to agree that it will obtain from any distributor (within the meaning of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(4)(ii)) that purchases any Securities subject to the D Rules from it pursuant to a written contract with such dealer (except a distributor that is one of its affiliates or is another dealer), for the benefit of the Issuer and each other dealer, the representations contained in, and such distributor's agreement to comply with, the provisions of subclauses (a), (b), (c) and (d) of this paragraph insofar as they relate to the D Rules, as if such distributor were a dealer hereunder.

The terms used in the preceding sentence have the meanings given to them by the Code and the U.S. Treasury regulations thereunder, including the D Rules.

The Issuer will require each dealer participating in the distribution of Securities subject to the C Rules to agree that it will not at any time offer, sell, resell or deliver, directly or indirectly, such Securities in the United States or to others for offer, sale, resale or delivery, directly or indirectly, in the United States. Further, the Issuer and each dealer to which it sells such Securities will represent and agree that in connection with the original issuance of such Securities that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such purchaser is within the United States and will not otherwise involve its U.S. office in the offer or sale of such Securities. The terms used in the preceding sentence have the meanings given to them by the Code and the U.S. Treasury regulations thereunder, including the C Rules.

As used herein, "**United States**" means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and "**U.S. person**" means (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organized in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over

the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC's regulations by virtue of its participants being non-U.S. persons; or (vii) any other "U.S. Person" as such term may be defined in Regulation S under the Securities Act or in regulations adopted under the CEA.

Notice to Purchasers and Holders of Restricted Securities and Transfer Restrictions

Each purchaser of Securities will, by its purchase of such Securities, be deemed to acknowledge, represent and agree as follows:

- (a) that trading in the Securities has not been and will not be approved by the CFTC under the CEA;
- (b) that it will not at any time offer, sell, resell or deliver, directly or indirectly, any Securities of such Series so purchased in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;
- (c) that it is not purchasing any Securities of such Series for the account or benefit of any U.S. person;
- (d) that it will not make offers, sales, resales or deliveries of any Securities of such Series (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;
- (e) that it will send each person who purchases any Securities of such issue from it a written confirmation (which shall include the definitions of "**United States**" and "**U.S. person**" set forth herein) stating that the Securities have not been registered under the Securities Act, that trading in the Securities has not been approved by the CFTC under the CEA and stating that such purchaser agrees that it will not at any time offer, sell, resell or deliver any of such Securities, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;
- (f) that no U.S. person or person in the United States may at any time trade or maintain a position in the instruments and that a person entitled to receive an interim payment or exercising (or entitled to receive any amount at maturity or exercise under) the instrument

will be required to certify that neither it nor the beneficial owner of the instrument is a U.S. person or is located in the United States;

(k) Description of the Securities

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the "**Cash Amount**") or, in the case of exchangeable notes, permit the holder thereof (the "**Holder**") to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the "**Conversion Amount**"). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket, in all cases, as provided in the terms of the relevant note. As such, each note will entail particular risks. Notes which are not capital protected may result in the Holder losing some or, in certain limited cases, all of his initial investment. Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

The types of note that may be issued under this Base Prospectus are described below.

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range

accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Zero coupon notes are cash settled securities which are issued at a percentage of the nominal amount and which do not bear any interest.

Currency exchange notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its nominal amount (if it is

capital protected) plus a return (which may be zero) calculated by reference to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Inflation index notes are fixed-income securities that track a consumer price index (“**CPI**”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Share notes are cash settled securities and may be interest bearing. If applicable, interest may be payable on a share note at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

Exchangeable notes may be cash settled or physically settled securities and may be interest bearing. If applicable, interest may be payable on an exchangeable note at a rate specified in the applicable Final Terms. The cash amount payable at maturity of a cash settled exchangeable note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms. In the case of a physically settled exchangeable note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

Multi-asset Basket Linked Notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The cash amount payable at maturity on a Note will at least equal a specified percentage of its Nominal Amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Fund linked notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms.

Basket related capital protected notes enable investors to participate in the performance of one or more baskets of different components relating to the relevant Series (including, without limitation and as specified in the applicable Final Terms, an index component, a real estate index component, a commodity component or a bond index component). In addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

Commodity notes are cash settled securities which may be partially or fully capital protected and may or may not be interest bearing. The Cash Amount payable at maturity of a commodity note is calculated by reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

A “**Hedging Disruption Event**” shall occur if the Issuer, acting in good faith and in a commercially reasonable manner, determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer or any Hedge Provider wholly or partially to (i) hold, acquire, establish, re-establish, substitute, maintain, unwind or dispose of a relevant hedging transaction (a “**Relevant Hedging Transaction**”) or asset it deems necessary, appropriate or desirable to hedge the Issuer’s obligations in respect of the Securities or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) the Issuer or any Hedge Provider will, whether directly or indirectly, incur a material increase (as compared with circumstances existing on the Issue Date) in the amount of tax, duty, expense (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) or fee (other than brokerage commissions) provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer or the Hedge Provider shall not be considered for the purposes of this subparagraph (i); or
 - (ii) any material illiquidity in the market for, or any mandatory redemption in whole or in part of, the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or

- (iii) a change in any applicable law or regulation (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority); or
- (iv) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
- (v) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

In the Conditions:

“Hedge Position” means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in reference assets to which the Securities relate, securities, options, futures, derivatives or foreign exchange, (ii) securities lending transactions or (iii) other instruments or arrangements (however described) by the Issuer in order to hedge the Issuer’s risk of issuing, and performing its obligations with respect to, the Securities; and

“Hedge Provider” includes but is not limited to the Issuer, any associate, subsidiary or affiliate thereof and/or any other party(ies) and/or any special purpose vehicle(s) holding or entering into a Hedge Position in connection with the Issuer’s hedging arrangements in respect of the Securities.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
 - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;

- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.
- (d) The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event or other disruption event as specified in Product Condition 4, is likely to have a material adverse effect on the Issuer's Hedge Position. Where the Issuer makes adjustments to the Conditions pursuant to this General Condition 5(d), the Issuer shall notify the Holders thereof and shall offer to purchase from Holders for a period of not less than 10 days any Securities held by them at their fair market value (as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and taking into account the proposed adjustment) less the cost to the Issuer of unwinding any related hedging arrangements.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) **Purchases.** The Issuer or any affiliate may purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.
- (b) **Further Issues.** The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) **Prescription.** Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not

so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

(a) Determinations.

- (i) In making any determinations and calculations under these Conditions, the Issuer and the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner. All such determinations and calculations by the Issuer and the Calculation Agent shall, in the absence of manifest error, be final and binding.
- (ii) Whilst it is intended that the Issuer and the Calculation Agent will employ the methodology described in the Conditions to make determinations in respect of the Securities, no assurance can be given that market, regulatory, judicial or fiscal circumstances or, without limitation, any other circumstances will not arise that would necessitate a modification or change in such methodology in order that the Securities replicate as closely as possible investments in the assets underlying the Securities and its components. The Issuer and the Calculation Agent may make any such modification or change to such methodology that it considers necessary to reflect such circumstances.
- (iii) Calculations made by the Issuer or the Calculation Agent in respect of the Securities shall be made on the days specified herein; however, notwithstanding the foregoing or anything else contained in these Conditions, should the Issuer or the Calculation Agent determine that in order to give effect to the methodology described in these Conditions it is necessary to make calculations on a day or days other than that specified, then each of the Issuer and the Calculation Agent is permitted to make such calculations on such calendar day or days as it shall determine.
- (iv) Due to timing considerations, process requirements and other matters that would, in the opinion of the Issuer or the Calculation Agent, be relevant in relation to the implementation of asset allocation models, the Issuer or the Calculation Agent may need to make appropriate adjustments to the methodology set out in the terms and conditions as it considers necessary in order to reflect the timing and amounts that would be applicable were the Issuer or the Calculation Agent physically implementing the methodology set out in the Securities.

- (b) Modifications. The Issuer may, without the consent of the Holders or any of them, modify any provision of the Conditions which is: (i) of a formal, minor or technical nature; (ii) made

to correct a manifest error; or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

(a) Substitution of Issuer. The Issuer may at any time without the consent of the Holders substitute for itself as issuer of the Securities with regard to any and all rights, obligations and liabilities under and in connection with the Securities any entity (the "**Substitute**"), subject to:

either (x):

- (i) the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4; and
- (ii) the Issuer having issued a legal, valid and binding guarantee of the obligations and liabilities of the Substitute under the Securities for the benefit of each and any of the Holders;

or (y):

- (i) the Issuer having given at least three months' prior notice of the date of such substitution to the Holders in accordance with General Condition 4; and
- (ii) each Holder, from (and including) the date of such notice, to (and including) the date of such substitution, being entitled to terminate the Securities held by such Holder without any notice period in which event the Issuer will, if and to the extent permitted by Applicable Law, pay to such Holder with respect to each Security held by such Holder an amount calculated by the Issuer as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide for a minimum assured return of principal or a minimum assured return of interest or other payments, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable) any such amount to be paid shall not be less than the present value of the minimum assured return of principal and/or interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holders in accordance with General Condition 4;

and in each case subject to all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect.

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have be given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued. This General Condition will not apply to Securities issued in dematerialised form.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:
- (i) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a National Currency Unit (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and
 - (iii) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) Adjustment to Conditions. The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) Euro Conversion Costs. Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

- (a) **Principal Agent and Agents.** The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint further or additional Agents, provided that no termination of appointment of the principal agent (the “**Principal Agent**”) shall become effective until a replacement Principal Agent shall have been appointed and provided that, if and to the extent that any of the Securities are listed on any stock exchange or publicly offered in any jurisdiction, there shall be an Agent having a specified office in each country required by the rules and regulation of each such stock exchange and each such jurisdiction and provided further that, if and to the extent that any of the Securities are in registered form, there shall be a Registrar and a Transfer Agent (which may be the Registrar), if so specified in the relevant Product Conditions. Notice of any appointment, or termination of appointment, or any change in the specified office, of any Agent will be given to Holders in accordance with General Condition 4. Each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders or any of them. Any calculations or determinations in respect of the Securities made by an Agent shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) **Calculation Agent.** The Issuer or such other Calculation Agent as specified in the applicable Final Terms, shall undertake the duties of calculation agent (the “**Calculation Agent**” which expression shall include any successor calculation agent or assignee as approved by the Issuer) in respect of the Securities unless the Issuer decides to appoint a successor Calculation Agent in accordance with the provisions below.

The Issuer reserves the right at any time to appoint another institution as the Calculation Agent provided that no termination of appointment of the existing Calculation Agent shall become effective until a replacement Calculation Agent shall have been appointed. Notice of any termination or appointment will be given to the Holders in accordance with General Condition 4.

Each Security should be presented for redemption, where applicable, together with all unmatured Coupons relating to it. Upon the due date for redemption of any Security, where applicable, all unmatured Coupons relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof. This General Condition will not apply to Securities issued in dematerialised form.

14. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

- (c) Subparagraph (b) is for the benefit of the Holders only. As a result, nothing prevents any Holder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Holders may take concurrent Proceedings in any number of jurisdictions.

- (d) The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

16. METHOD OF PAYMENT

For purposes of any payment on a Security, the Clearing Agents may not be United States persons, as defined for United States Federal income tax purposes, and their respective specified offices may not be located in the United States or any of its possessions. Such fees or commissions are generally required to be disclosed by distributors, sales agents or intermediaries which, in each case, are EEA investment firms or credit institutions to their clients. Each potential investor in the Securities should satisfy itself as to the amount of any fees or commissions received by intermediaries;
- (b) The Issuer may receive or pay management or other fees from or to third parties. Where such fees are payable, further details of them will be set out in the relevant Final Terms; and

- (a) default is made for more than 30 days in the payment of interest or principal in respect of the Securities; or

then any Holder may, by written notice to the Issuer at the specified office of the Principal Agent, effective upon the date of receipt thereof by the Principal Agent, declare the Security held by the holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as defined below), together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

"Early Redemption Amount" means an amount calculated by the Calculation Agent as the fair market value of the Security immediately prior to such Event of Default. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons having regard to prevailing market rates, credit spreads and market liquidity, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent.

- (c) Interest Amount. If "Interest" is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date and the Issuer Call Date, as the case may be.
- (d) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. A “**Market Disruption Event**” means the situation in which Rate 1 and/or Rate 2, if applicable, is not available on the relevant Reference Spread Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Business Day. The Issuer will request each Reference Bank to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the

lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine Rate 1 and/or Rate 2 (if applicable) and/or the Reference Spread, if applicable, at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means the situation in which the Reference Rate is not available on the relevant Screen Page specified in the definition of Interest Rate of the relevant Series in the applicable Final Terms, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of the quotations for the Reference Rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time on the relevant Valuation Date. The Issuer will request each Reference Bank to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate from at least three of the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

4. ADJUSTMENTS

- (a) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent, (iii) an extraordinary dividend, (iv) a call by the Share Company in respect of relevant Shares that are not fully paid, (v) a repurchase by the Share Company or any of its subsidiaries of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise, (vi) with respect to the Share Company, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Share Company pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value (as determined by the Calculation Agent) provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights or (vii) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Share.

- (b) Merger Event, Hedging Disruption, Nationalisation, Insolvency, Insolvency Filing or Delisting. If a Merger Event (A) which is a Reverse Merger or (B) under which the consideration for the relevant Shares consists (or, at the option of the holder of such Shares, will consist) solely of New Shares, occurs in relation to a Share Company, the Calculation Agent shall make such adjustments to the terms and conditions of the Securities as it determines appropriate to account for the economic effect on the Securities of such Merger Event (provided that the Issuer may, but need not, determine the adjustment by reference to the adjustment in respect of such event made by an options exchange to options on the Shares traded on that options exchange) and determine the effective date of that adjustment. If the Calculation Agent determines that, as a result of the application of this provision, the number of different Shares in the Basket is reduced, Share Substitution will apply. Share Substitution shall also apply where a Merger Event other than those as set out in (A) and/or (B) of this Product Condition 4(b) occurs.

If any of Hedging Disruption, Nationalisation, Insolvency, Insolvency Filing or De-listing occurs in relation to a Share Company, Share Substitution shall apply.

“**Hedging Disruption**” means the inability of the Issuer to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of entering into and performing its obligations with respect to any Securities or (B) realise, recover or remit the proceeds of any such transaction or asset.

(other than Shares owned or controlled by such other entity) immediately prior to such event collectively owning less than 50 per cent. of the outstanding Shares immediately following such event (a “**Reverse Merger**”), in each case if the Merger Date is on or before the final Valuation Date.

“**Share Substitution**” means on or after the relevant Merger Date or the date of the Nationalisation, Insolvency or Delisting or the date of the Insolvency Filing or Hedging Disruption (as the case may be), the Calculation Agent will adjust the Basket to include a share selected by it in good faith in accordance with the criteria for share selection set out below (the “**Substitute Shares**”) in place of the Shares which are affected by the Merger Event, Nationalisation, Insolvency, Delisting, Insolvency Filing or Hedging Disruption, and the Substitute Shares and their respective issuers will be deemed “**Shares**” and a “**Share Company**”, respectively, and the Calculation Agent will adjust any relevant terms and conditions hereunder accordingly, provided that (for the avoidance of doubt) the Initial Reference Spot of each Substitute Share will be determined in accordance with the formula set out as below:

$$\text{Initial Reference Spot} = A \times (B / C)$$

Where:

“A” is the official closing price of the relevant Substitute Share on the Substitution Date;

“B” is the Initial Reference Spot of the relevant affected Share; and

After selecting each Substitute Share, the Calculation Agent will, as soon as reasonably practicable, notify the Holders in accordance with General Condition 4 of the occurrence of the relevant events and the identity of each affected share and the relevant adjustment to the Basket will be deemed to be effective as of the date selected by the Calculation Agent in its absolute discretion acting in good faith and in a commercially reasonable manner and specified in such notice (the “**Substitution Date**”) which may, but need not, be the day upon which the relevant event occurred.

“**Tender Offer**” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of a Share Company, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

- (c) In the event that any price quoted on the Exchange and which is utilised for any calculation or determination made hereunder is subsequently corrected and quoted or published by the Exchange within two Scheduled Trading Days of the previously published or quoted price, to the extent that the Calculation Agent is aware of the same, the Calculation Agent will take into account such correction when determining the relevant Coupon Amount and, to the extent necessary, the Calculation Agent will adjust the terms and conditions of the Securities to account for such correction.
- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it consider it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt by it of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. - (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre

of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

A “**Market Disruption Event**” means the situation in which an Underlying Rate is not available on the relevant Screen Page, in which case the relevant rate shall be determined by the Calculation Agent on the basis of quotations for the relevant rate, or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify, provided by the Reference Banks at the Valuation Time for the relevant day. The Issuer will request the principal London office of each Reference Bank to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the relevant Underlying Rate at its sole and absolute discretion, which determination may be delayed for up to 180 days following the occurrence of an Emerging Market Disruption Event.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the

Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and

regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of

any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or

(B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or

(ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

(i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and

(ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an

extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

(ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

(iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related

Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (A) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of outstanding Shares; (B) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (C) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (A) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (B) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and

effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first

preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
 - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to

which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or

(ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (b) Issuer Call. If "Issuer Call" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If "Interest" is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or

omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

- (g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or

limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

(B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

(1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

(2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than

those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations

hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole,

but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

- (c) **Interest Amount.** If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) **Interest Accrual.** If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence during the one hour period that ends at the official close of trading on any relevant exchanges of any suspension of or limitation imposed on trading in relation to the relevant Inflation Index or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchanges or otherwise):
 - (A) on any relevant exchanges(s) in securities that comprise 20 per cent or more of the level of the relevant Inflation Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Inflation Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Inflation Index shall be based on a comparison of (x) the portion of the level of the Inflation Index attributable to that security relative to (y) the overall level of the Inflation Index, in each case immediately before that suspension or limitation; or

- (B) on any relevant exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Inflation Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.
 - (1) If any Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but a in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the inflation index so calculated and announced by that successor inflation index, as the case may be.
 - (2) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating any Inflation Index or in any other way an Inflation Index is materially modified (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events); or (B) on the Interest Payment Date there is a failure to calculate and/or publish any Inflation Index; then (in either case) the Calculation Agent shall determine the Inflation Index Level using, in lieu of a published level for the relevant Inflation Index on the Interest Payment Date, the level for the relevant Inflation Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Inflation Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Inflation Index immediately prior to the change or failure (other than those securities that have since ceased to be included in the Inflation Index) or, in the case of a material modification of the Inflation Index only, shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (g) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (h) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption.  - (1) If the Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the Index so calculated and announced by that successor index, as the case may be.
 - (2) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating the Index or the Index Sponsor, in any other way, materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Final Reference Price using, in lieu of a published level for the Index, the level for the Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Index to be the Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.
 - (3) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and

its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. 5. EFFECT OF FINAL TERMS

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

 - (i) If an Early Redemption Event has not occurred, the Cash Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount, such redemption to occur on the Settlement Date.
- (b) Interest. The Securities bear no interest and no payment shall be made on account thereof.
- (c) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (d) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or the Early Redemption Amount.
- (e) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (f) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments

will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (g) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar

issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will

be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as

the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (d) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (e) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (f) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. - (g) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (h) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to

receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case)

the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or

non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

If the Share Amount is an amount comprising a fraction of any Least Performing Shares, the Holders will receive a Share Amount comprising of the nearest whole number (rounded down) of Least Performing Shares (taking into account that a Holder’s entire holding may be aggregated at the Issuer’s discretion for the purpose of delivering the relevant Share Amount), and an amount in the Settlement Currency equal to the value of the outstanding undelivered fraction of such Least Performing Share, as calculated by the Calculation Agent on the basis of the Final Reference Price of the Least Performing Share converted into the Settlement Currency at the prevailing Exchange Rate, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Market Disruption Event) would have been the Valuation Date. In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date for the purposes of calculating the value of any outstanding undelivered fraction of the Least Performing Share (regardless of the Market Disruption Event); and (ii) the Calculation Agent shall determine such value having regard to the then prevailing market conditions, the last reported trading price for the Least Performing Share on the Exchange and such other factors as the Calculation Agent determines to be relevant);

“**Share Company**” means, in relation to each Share, the share company specified as such in the definition of Basket in the applicable Final Terms, subject to Product Condition 4;

“**Standard Currency**” means unless otherwise specified in the definition of the relevant Series in the applicable Final Terms, the lawful currency of Australia, Austria, Belgium, Canada, Cyprus, Denmark, Finland, France, Germany, Greece, Hong Kong, Ireland, Italy, Japan, Luxembourg, Malta, the Netherlands, New Zealand, Norway, Portugal, Singapore, Slovenia, Spain, Sweden, Switzerland, Taiwan, the United Kingdom and the United States, or such other currency as determined by the Calculation Agent at its sole and absolute discretion from time to time;

“**Trading Day**” means any day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on each Exchange or Related Exchange other than a day on which trading on the Exchange or Related Exchange is scheduled to close prior to its regular weekday closing time;

“**Underlying Value**” means, unless otherwise specified in the definition of the relevant Series in the applicable Final Terms, the value of the Basket determined in accordance with the formula specified as such in the definition of the relevant Series in the applicable Final Terms, subject to adjustment in accordance with Product Condition 4;

“**Valuation Date**” means each of the dates specified as such in the definition of the relevant Series in the applicable Final Terms or, if any such date is not a Trading Day, the first Trading Day thereafter unless, in the determination of the Calculation Agent, a Market Disruption Event has occurred on that day, in which case the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Market Disruption Event) would have been the Valuation Date. In that case (i) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Market Disruption Event) and (ii) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported trading price of the Shares and such other factors as the Calculation Agent determines to be relevant;

“**Valuation Time**” means the close of trading on the relevant Exchange in relation to a Share or such other time as the Issuer may determine in its absolute discretion and notify to Holders in accordance with General Condition 4; and

“**Weighting**” means, in relation to each Share, the number specified as such in the definition of Basket in the applicable Final Terms, subject to adjustment in accordance with Product Condition 4.

2. FORM

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal

amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
 - (i) If an Early Redemption Event has not occurred, the Cash Amount otherwise if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Share Amount; or
 - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, Early Redemption Amount, any Interest Amount or the Share Amount, if applicable.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (f) Notice. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are expressed to be in Definitive form) or the Clearing Agent, (if the Securities are expressed to be in Global form) in each case with a copy to the Principal Agent a notice (the “**Notice**”) not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) attach with the specified aggregate Nominal Amount of the Securities (if in Definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if in Global form) and instruct the Clearing Agent to debit such account on such date;
- (iii) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (iv) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act;
 - (v) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (iii) above or make a deduction from any cheque; and
 - (vi) specify the Delivery Details.
- (g) Late Delivery of Notice. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being for the purposes of the Conditions the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the

Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer’s obligations in respect of such Security shall be discharged.

- (h) Verification. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (i) Delivery of the Share Amount. Subject as provided in the Conditions, if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.
- (j) Determinations. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and

copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) **Intervening Period.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.
- (l) **Dividends.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (m) **Settlement Disruption.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of

the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (n) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (o) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (p) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging

arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share

Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified

Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if " Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (f) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. - (g) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (h) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means the situation in which the Reference Rate is not available on the Reference Rate Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Trading Day. The Issuer will request the principal London office of each of the Reference Banks to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to

which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or

(ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (f) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
 - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging

arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share

Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Issuer Call Date or Valuation Date, as applicable.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all

purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case

of Dematerialised Securities being the basis for the creation of Intermediated Securities, or
(ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously exchanged, redeemed or purchased and cancelled and subject as provided by the Conditions and in the case of an Issuer Call (if applicable), each Security will be redeemed in respect of each Nominal Amount at:
- (i) the Cash Amount, on the Maturity Date;
 - (ii) by delivery of the Share Amount, in the event of there being an Optional Exchange Right;
 - (iii) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer Call Cash Amount in the event of there being an Issuer Call and the Issuer Call Cash Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied; or
 - (iv) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, by delivery of the Share Amount in the event of there being an Issuer Call and the Issuer Call Share Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied,
- such redemption to occur, subject as provided below, on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date. In respect of each Security, in the event that a Notice is delivered by the relevant Holder during an Interest Period then, in respect of that Interest Period and each subsequent Interest Period to the Maturity Date, no further Interest Amount shall be paid and any accrued unpaid Interest Amount shall be exchanged as provided in Product Condition 3(e).
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest (A) from and including the due date for redemption, or (B) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. No interest shall accrue after the Maturity Date or any earlier date, as the case may be, in the event that payment of any amount, or delivery of any Share Amount or payment of any fraction of a Share, is

postponed due to the occurrence of a Settlement Disruption Event or a Market Disruption Event. Further, no Interest Amount will be paid in respect of the Interest Period in which the Exchange Date or, if applicable, the Issuer Call Date falls.

- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (e) Optional Exchange Right. Subject to an Issuer Call (if applicable), the Holder is entitled to exercise the Optional Exchange Right on any Business Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and by delivery of a valid Notice by the Exchange Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such valid exchange, the right of the relevant Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and in consideration and exchange thereof the Issuer shall, except as otherwise provided in these Conditions, deliver the Share Amount on the Settlement Date.

In the event that the Holder does not hold an account with the Exchange on the Settlement Date, the Issuer shall use reasonable endeavours to sell the Share Amount on behalf of the Holder and pay the resultant proceeds of sale less Expenses to the Holder in such manner as it shall determine in its sole discretion.

- (f) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Amount, any Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of

Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. Pursuant to Condition 3(e), to exercise the Optional Exchange Right, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the “**Notice**”). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (i) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (ii) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (iii) specify the number of the account with the Clearing Agent to be credited with any Disruption Cash Settlement Price;
- (iv) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (G) any other “U.S. person” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act;

- (v) include an undertaking to pay all Expenses and an irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to make a deduction from any amount payable; and
 - (vi) specify the Delivery Details.
- (i) **Late Delivery of Notice.** Any Notice to exercise the Optional Exchange Right delivered after the Exchange Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
 - (j) **Verification.** In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
 - (k) **Delivery of the Share Amount.** Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Share or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered holder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.
 - (l) **Determinations.** Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (m) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Share comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Share, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Share or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Share during such Intervening Period.
- (n) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exchange Date or Issuer Call Date, as applicable, and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to the delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the delivery date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur

any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (q) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (r) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
 - (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an

extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

(1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

(2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or

(3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related

Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

CONDITIONS: PRODUCT CONDITIONS
RELATING TO SINGLE STOCK EXCHANGEABLE NOTES (INTO CASH)

The Product Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the applicable Final Terms and the General Conditions (whether or not attached to this document). (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

If options contracts or

futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. “**Market Disruption Event**” means (i) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on any Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or

materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Index Level using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares

are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that

such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

“**Valuation Date**” means the date or dates specified as such in the definition of the relevant Series in the applicable Final Terms or, if any such day is not a Trading Day, the next following Trading Day, unless, in the determination of the Issuer or the Calculation Agent on its behalf either:

- (i) a Disruption Event has occurred on that day with respect to any Reference Asset, in which case the Valuation Date shall be the first succeeding Trading Day on which the Issuer or the Calculation

Agent on its behalf determines that there is no Disruption Event, unless the Issuer or the Calculation Agent on its behalf determines that there is a Disruption Event occurring on each of the Relevant Number of Trading Days immediately following the original date which (but for the Disruption Event) would have been a Valuation Date. In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Disruption Event); and (b) the Issuer or the Calculation Agent on its behalf shall determine the Cash Amount having regard to the then prevailing market conditions, the last reported NAV or price trading price of the Reference Asset or, where the Reference Asset is an exchange traded fund, the last reported trading price of the Fund Reference Asset on the Exchange and such other factors as the Issuer or the Calculation Agent on its behalf determines to be relevant; or

2. FORM

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all

purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case

of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (i) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

(4) ADJUSTMENTS

- (a) Disruption Event. Following a Disruption Event, the Calculation Agent will determine the effect of such Disruption Event and shall as soon as reasonably practicable under the circumstances notify the Issuer of such occurrence. The Calculation Agent will account for such occurrence as it sees fit which may include but is not limited to delaying calculation of the Cash Amount, the Issuer Call Cash Amount or any Interest Amount or making the appropriate adjustment to the calculation of the Cash Amount or any Interest Amount, all in the determination of the Calculation Agent.

“Disruption Event” means:

- (i) a Market Disruption Event; or
 - (ii) an Index Adjustment Event; or
 - (iii) an Additional Disruption Event.
- (b) **Market Disruption.** The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(b), “**Market Disruption Event**” means

- (i) In respect of the Index, the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) on any Exchange(s) in securities that comprise 20 per cent. or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (ii) In respect of the Strategy:
 - (A) **Price Source Disruption.** The failure by the Index Sponsor to announce or publish the price for the relevant Strategy Component (or the information

- necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Index Sponsor; or
- (B) Trading Suspension. The material suspension of trading on any Exchange or any Related Exchange; or
 - (C) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of each relevant Strategy Component on the relevant Exchange; or
 - (D) Material Change in Formula. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of each Strategy Component; or
 - (E) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content, composition of each Strategy Component; or
 - (F) De Minimis Trading. The number of contracts traded on the relevant Exchange with respect to each Strategy Component is such that the Issuer declares that its ability to enter into hedging transactions with respect to the relevant Strategy Component has been impaired due to a lack of, or, a material reduction in, trading in the relevant Strategy Component on the relevant Exchange; or
 - (G) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the relevant Strategy Component (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the relevant Strategy Component on the Valuation Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or
 - (H) Trading Limitation. The material limitation imposed on trading in the relevant Strategy Component with respect to it or any contract with respect thereto on any exchange or principal trading market; or
 - (I) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

- (c) Index Adjustment Event. The Issuer or the Calculation Agent on its behalf shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:
- (i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If: (A) on or prior to the Valuation Date or, if applicable, the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date or, if applicable, the Issuer Call Date as the case may be, the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Value using, in lieu of a published level(s) for the Index on the Valuation Date or, if applicable, the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
 - (iii) If, at any time, any of the events specified in (A) to (I) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the

level of the Index as it considers appropriate in order to so account. (A) (i) a distribution or dividend to existing holders of the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (C) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (D) an extraordinary dividend; (E) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (G) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date or the Issuer Call Date, if applicable; (H) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (I) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(i), (ii) and (iv) above shall apply in the same context to the Strategy.

(d) Fund Events. Each of the following events constitutes a “**Fund Event**”. The Fund Events are for the benefit of the Issuer in order that the Issuer is protected against any adverse effects of such Fund Events on its Hedge Position. The Issuer, or the Calculation Agent on its behalf, shall make all determinations in respect of such Fund Events including as to whether such Fund Event has occurred and the effective date of such occurrence. In order to constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Fund Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Fund Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.

- (A) In respect of the Fund Reference Assets, the Fund or any Fund Service Provider increases the level of any redemption fee, subscription fee, management fee, performance fee or a bid/offer spread (or other charge however described) above the level that would have been applicable to any Fund Reference Assets held by any of the Issuer, any affiliate of the Issuer or any Hedge Provider on the Inclusion Date (regardless of whether any such person actually holds any Fund Reference Assets as of such date).
 - (B) Any suspension of or limitation imposed on trading of the Fund or on trading in the Fund Reference Assets (for any reason, including, without limitation, by reason of liquidity restrictions) or any dealing request made by any investor or prospective investor in the Fund or the Fund Reference Assets is deferred in whole or in part or is made at a value other than the related NAV or price, as applicable.
 - (C) The frequency at which Fund Reference Assets can be traded is amended or the timing for subscription or redemption of Fund Reference Assets is amended, in each case so that it is no longer that specified in the Fund Documents and/or Fund Prospectus as they prevailed on the Inclusion Date, including, without limitation, an amendment to the timetable for payment of redemption proceeds upon redemption.
 - (D) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Fund Reference Assets or is entitled to any other amount and:

- (I) does not receive the full proceeds of such redemption or amount in cash in accordance with the timing set out in the Fund Documents or the Fund Prospectus; or
 - (II) receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,

or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any Hedge Provider to redeem Fund Reference Assets or be entitled to actual payment of any such other amount.
- (v) Fund Adviser and Fund Service Provider Failures:
 - (A) The Fund Adviser indicates or acknowledges that in its opinion the strategy/investment objective of the Fund will not be, or is no longer able to be, met.
 - (B) Any representations, covenants or agreements of the Fund Adviser under the investment management agreement or investment advisory agreement (howsoever described) relating to the Fund have been breached and not cured.

 - (D) The Issuer or the Calculation Agent on its behalf becomes aware of any failure by the Fund or any person on its behalf to disclose to the Issuer or the Calculation Agent on its behalf, on or before the Inclusion Date, any information, event or circumstance that was in existence on such date and that would have been necessary to enable the Issuer or the Calculation Agent to make an informed assessment of the assets and liabilities, financial position and prospects of the Fund and of the rights attaching to the Fund Reference Assets.

- (vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.
- (e) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a “**Permitted Action**”):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or
- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Fund Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Fund Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be

offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(e)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(d), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(f) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Fund Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Fund Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.

- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (g)
 - (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising. The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently

trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event or Fund Event, as applicable.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (h) Method of Payment. Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the

Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

(4) ADJUSTMENTS

- (a) Market Disruption in relation to a Share. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(a), a “**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
 - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
 - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding

levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Market Disruption in relation to an Index. The Issuer or the Calculation Agent on its behalf shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

In this Product Condition 4(b) a “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (c) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (d) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
 - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event,

Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“**De-listing**”, in this Product Condition 4(d) only, means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“**Merger Event**”, in this Product Condition 4(d) only, means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power in the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

(e) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

(1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either

case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Index Shares at a time when the

relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (f) Fund Events. Each of the following events constitutes a “**Fund Event**”. The Fund Events are for the benefit of the Issuer in order that the Issuer is protected against any adverse effects of such Fund Events on its Hedge Position. The Issuer, or the Calculation Agent on its behalf, shall make all determinations in respect of such Fund Events including as to whether such Fund Event has occurred and the effective date of such occurrence. In order to constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.
- (i) Global Events:
- (A) Any of: (a) the investment strategy and/or the investment objective of the Fund has changed so that it is materially different from that applicable at its Inclusion Date or (b) a material change has been made to the underlying nature, strategy or risk of the Fund’s portfolio from that which prevailed at

- (B) (a) the Fund is not being managed in accordance with the Fund Documents and/or the Fund Prospectus as they prevailed on the Inclusion Date, and no action satisfactory to the Issuer or the Calculation Agent on its behalf has been taken by the Fund or any person on its behalf with a view towards correcting such breach within five calendar days from the date on which the Fund was notified of the breach, or (b) any event occurs which causes, or will with the passage of time (in the opinion of the Issuer or the Calculation Agent on its behalf) cause, the failure of the Fund and/or any Fund Service Provider to meet or maintain any obligation or undertaking under the Fund Documents.
- (C) The Issuer or the Calculation Agent on its behalf determines that (a) the obligations of any of the Fund or any Fund Service Provider or the directors of the Fund under any Hedging Agreement do not comprise legal, valid and binding obligations of such person, enforceable in accordance with their terms or (b) any of the Fund or any Fund Service Provider was acting outside its powers or authority in executing any Hedging Agreement or in making any agreement or undertaking therein. on its behalf is advised that such is the case by reputable legal counsel having expertise in such matters.

- (D) The Issuer or the Calculation Agent on its behalf becomes aware of any failure by the Fund or any person on its behalf to disclose to the Issuer or the Calculation Agent on its behalf, on or before the Inclusion Date, any information, event or circumstance that was in existence on such date and that would have been necessary to enable the Issuer or the Calculation Agent to make an informed assessment of the assets and liabilities, financial position and prospects of the Fund and of the rights attaching to the Reference Assets.
- (vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.
- (g) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a “**Permitted Action**”):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or
- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation

methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or

- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(g)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(f), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by

the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(h) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary

duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

(i) Adjustments to the Basket

If a De-Listing occurs with respect to a Fund or a Share, as applicable or a Fund or a Share, as applicable is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Fund or Share, as applicable by a successor fund or share, as applicable which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Fund or Share, as applicable (B) remove the de-listed or cancelled Fund or Share, as applicable and allocate the Fund Final Reference Price or Share Final Reference Price, as applicable of such Fund or Share, as applicable as of the effective date of the de-listing or cancellation, pro rata to the remaining Funds or Shares, as applicable or (C) make such other adjustments to the Conditions as the Calculation Agent sees fit, acting in its absolute discretion.

- (j) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (e) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

In this Product Condition 4(e), “**Potential Adjustment Event**” means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

(f) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

In this Product Condition 4(f), “**Potential Adjustment Event**” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(g) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these

Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

“De-listing”, in this Product Condition 4(g) only, means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event”, in this Product Condition 4(g) only, means any (1) reclassification or change to the Shares that results in a transfer of or an irrevocable commitment to transfer all or a majority of the outstanding Shares; (2) consolidation, amalgamation, merger or binding share exchange of a Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares); or (3) take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares that results in a transfer of, or an irrevocable commitment to transfer a majority of the voting power of the Share Company to the offeror, in each case if the Merger Date is on or before the relevant Valuation Date.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (h) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

- (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way

of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

(4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(i) Adjustments to the Basket

If a De-Listing occurs with respect to a Fund, Certificate or a Share, as applicable or a Fund, Certificate or Share, as applicable is for any reason cancelled or ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace the de-listed or cancelled Fund, Certificate or Share, as applicable by a successor fund, certificate or share, as applicable which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact, and is linked to the same asset as such Fund, Certificate or Share, as applicable (B) remove the de-listed or cancelled Fund, Certificate or Share, as applicable and allocate the Fund Final Reference, Certificate Final Reference Price or Share Final Reference Price, as applicable of such Fund, Certificate or Share, as applicable as of the effective date of the de-listing or cancellation, pro rata to the remaining Funds, Certificates or Shares, as applicable or (C) make such other

(j) **Fund Events.** Each of the following events constitutes a **“Fund Event”**. The Fund Events are for the benefit of the Issuer in order that the Issuer is protected against any adverse effects of such Fund Events on its Hedge Position. The Issuer, or the Calculation Agent on its behalf, shall make all determinations in respect of such Fund Events including as to whether such Fund Event has occurred and the effective date of such occurrence. In order to constitute a Fund Event, the Issuer or the Calculation Agent on its behalf must conclude that the event in question either has resulted or is reasonably likely to result in an adverse effect on the value of the Reference Assets or the NAV of the Fund or on the rights of any investor therein with respect to the Reference Assets or the Fund or otherwise has materially adversely affected its Hedge Position.

liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(k)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(j), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

- (l) Fund Event Methodology and Determinations:
 - (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Reference Asset as of such date, or that no

such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.

- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.
- (m) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the

Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Issuer will request each Reference Bank to provide a quotation of the relevant rate. - (B) Any suspension of or limitation imposed on trading of the Fund or on trading in the Reference Assets (for any reason, including, without limitation, by reason of liquidity restrictions) or any dealing request made by any investor or prospective investor in the Fund or the Reference Assets is deferred in whole or in part or is made at a value other than the related NAV or price, as applicable.
- (C) The frequency at which Reference Assets can be traded is amended or the timing for subscription or redemption of Reference Assets is amended, in each case so that it is no longer that specified in the Fund Documents and/or Fund Prospectus as they prevailed on the Inclusion Date, including, without limitation, an amendment to the timetable for payment of redemption proceeds upon redemption.
- (D) If any of the Issuer, any of its affiliates or any Hedge Provider redeems Reference Assets or is entitled to any other amount and:

 - (II) receives any in-kind distribution in full or part satisfaction of the redemption proceeds or such other amount paid or payable to it,or the Issuer or the Calculation Agent on its behalf determines that either (I) or (II) above would be applicable were the Issuer, any of its affiliates or any Hedge Provider to redeem Reference Assets or be entitled to actual payment of any such other amount.

- (vi) General: Any other event occurs which the Issuer or the Calculation Agent on its behalf determines is analogous to any of the events specified in sub-paragraphs (i) to (v) above.
- (c) Consequences of a Fund Event.

In respect of each Fund Event, following the occurrence of such an event (and regardless of whether or not such event is then continuing) the Issuer or the Calculation Agent on its behalf may take any of following actions (each, a “**Permitted Action**”):

- (i) (A) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines appropriate to account for the economic effect on the Securities of such Fund Event and (B) determine the effective date of the relevant adjustments; or

- (ii) select a Replacement Fund and a Substitution Date. Following any such selection (A) the Replacement Fund shall replace the affected Fund on the Substitution Date, (B) references herein to the name of the affected Fund shall be deemed to be references to the name of the Replacement Fund with effect from the Substitution Date and (C) the Issuer or the Calculation Agent on its behalf may make such adjustment as it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions in relation to the Securities to reflect such substitution; or
- (iii) accelerate all, but not some only, of the Securities, on the date notified to Holders in accordance with General Condition 4; or
- (iv) make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms and conditions of the Securities as the Issuer or the Calculation Agent on its behalf determines are necessary to reflect a notional liquidation of all of the Reference Assets (with the timing of such notional liquidations being the same timing as would be the case on an actual liquidation of Reference Assets at the relevant time) and a notional investment of the liquidation proceeds in either (A) a zero coupon bond, or equivalent, such that the amount payable at redemption of such zero coupon bond is at least an amount per Security equal to the Issue Price of the Security or, where this is not possible or practicable (as determined by the Issuer or the Calculation Agent on its behalf) or (B) an interest bearing deposit bearing interest at prevailing rates that would be offered by the Issuer in respect of such a deposit as determined by the Issuer or the Calculation Agent on its behalf or, if it is not possible or practicable to comply with subclauses (A) or (B) of this clause 4(c)(iv) (as determined by the Issuer or the Calculation Agent on its behalf), (C) commercial paper rated at least A1/P1 or above by Moody's Investors Service, Inc. (any transaction costs that would be incurred in respect of an actual such investment may be notionally charged to the Securities) (any of (A), (B) or (C), a "**Suspension Asset**").

Notwithstanding that the Issuer or the Calculation Agent on its behalf may have previously determined not to take a Permitted Action, or to take one Permitted Action, it shall not be prevented from subsequently or concurrently deciding to adopt an additional or different Permitted Action in respect of the same Fund Event (whether on one or any number of occasions). In such respect, the Issuer or the Calculation Agent on its behalf may make such adjustments to any variable, calculation methodology, valuation, settlement or payment terms or any other terms

and conditions of the Securities as it determines appropriate to account for the decision subsequently or concurrently made.

Notwithstanding anything in this sub-paragraph 4(b), neither the Issuer nor the Calculation Agent is under any obligation to determine that a Fund Event has occurred or to take any or all of the Permitted Actions. Any determinations made by the Issuer or the Calculation Agent on its behalf in respect of any of the Permitted Actions shall, in the absence of manifest error, be binding.

(d) Fund Event Methodology and Determinations:

- (i) If, in respect of any determination or calculation hereunder which is made by reference to an official or estimated NAV of a Fund provided or published by or on behalf of the Fund or, where the Fund is an exchange traded fund, the last reported trading price of the Fund Reference Asset on the Exchange in respect of a particular date, the Issuer or the Calculation Agent on its behalf determines that such value does not fairly represent the value of the Fund or Fund Reference Asset as of such date, or that no such value is provided or published, then the Issuer or the Calculation Agent on its behalf may use such other value as it determines as representing a fair NAV or price, as applicable, as of such date or, alternatively, may use a preceding official or estimated value where it believes that such preceding official or estimated value gives a fairer representation than the more recent figure.
- (ii) Should the Fund operate equalisation procedures in respect of performance or incentive based fees, the Issuer or the Calculation Agent on its behalf may make such adjustments to these Product Conditions as the Issuer or the Calculation Agent on its behalf determines appropriate to account for such equalisation in an equitable manner and, where such equalisation procedures operate by the issuance of different classes of shares in the Fund, then each of the Issuer and the Calculation Agent is permitted to deem any notional subscription or redemption on behalf of the Securities to be in such order and in respect of such classes as appear to it to be equitable and reasonable or to deem the return of such shares to be based on a benchmark or average of the different classes.
- (iii) For the avoidance of doubt and notwithstanding any other Condition, the Issuer and the Calculation Agent on its behalf shall be entitled to make any determination, waiver, declaration or decision with regard to a Fund Event and, without limitation, may make such determination, waiver, declaration or decision by reference to the establishment, operation and/or efficacy (whether actual or anticipated) of any Relevant Hedging Transaction. Neither

the Issuer nor the Calculation Agent is under any obligation to monitor or determine whether or not a Fund Event has occurred and will not be required to, and will not be responsible for any failure to, make any determination, waiver, declaration or decision whatsoever in relation to a Fund Event. In making or omitting to make any such determination, waiver, declaration or decision, neither the Issuer nor the Calculation Agent shall be under any fiduciary duty towards the Holders and, for the avoidance of doubt, neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by Holders in connection with the Securities as a result thereof, howsoever arising.

- (e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. - (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount, Issuer Call Cash Amount or any Interim Cash Settlement Amount.
- (g) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (i) Presentation and Surrender. The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” relating to a Commodity (if applicable) means:

- (a) Price Source Disruption. The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (b) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (c) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Commodity on the Exchange; or
- (d) Material Change in Formula. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Commodity; or
- (e) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content or composition of the Commodity; or
- (f) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or, a material reduction in, trading in the Commodity on the Exchange; or
- (g) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be and/or on each of the three Trading Days following

the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be from what it would have been without that imposition, change or removal; or

- (h) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
- (i) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (j) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

A “**Market Disruption Event**” relating to an Index (if applicable) means:

- (a) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);
 - (b) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (c) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- b) Adjustments to the Commodity (if applicable) and the Index (if applicable)
- (1) If a Commodity (an “**Affected Commodity**”) for any reason ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace that Affected Commodity by

a successor commodity which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact as such Affected Commodity and is of a similar type to such Affected Commodity or (B) remove the Affected Commodity from the Basket and allocate the price of such Affected Commodity, pro rata to the remaining Commodities in the Basket.

- (2) Adjustments to the Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If (A) on or prior to the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on or prior to the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the level of the Index using, in lieu of a published level for the relevant Index on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related dividend date occurs during the period from but including the Issue Date up to and excluding the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
- (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences

of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determination and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

2. FORM

- (a) Global Form. Except in the case of Securities issued in the form described in either Product Condition 2(b) or 2(c), the Securities will be issued in bearer form in the denomination of

the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.
- (c) SIX SIS Ltd as Clearing Agent. If SIX SIS Ltd is specified as the Clearing Agent, Securities will, as specified in the applicable Final Terms, be issued in the form of (i) dematerialised securities (the “**Dematerialised Securities**”) or (ii) a bearer permanent Global Security and, in either case, will be transformed into intermediated securities (the “**Intermediated Securities**”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “**FISA**”).

The Intermediated Securities will be created (i) by deposit of a Global Security with the Clearing Agent, acting as custodian as defined in article 4 FISA (the “**Custodian**”), or registration of Dematerialised Securities in the main register of the Clearing Agent, acting as Custodian, and (ii) the Clearing Agent, acting as Custodian, crediting the respective rights to securities accounts of one or more of its participants with the Clearing Agent in accordance with articles 4 and 6 FISA. For each issuance of Securities in the form of Dematerialised Securities, the Clearing Agent, acting as Custodian, will maintain the main register as

defined in article 6 para. 2 FISA which is available to the public under <https://www.sec.sisclear.com/sec/cm/index/custody-settlement/mainregister.htm>.

Title to the Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing Agent, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

The Holders shall at no time have the right to effect or demand (i) the retransformation of the Intermediated Securities into, and the delivery of, Dematerialised Securities in the case of Dematerialised Securities being the basis for the creation of Intermediated Securities, or (ii) the conversion of the Dematerialised Securities or the Global Security into definitive Securities.

3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment

Day and in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (e) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (f) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.
- (g) **Method of Payment.** Subject as provided below, where any amount paid in connection with the Securities is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where any amount paid in connection with the Securities is in euro, payment of such amount will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Payments will be made via the Clearing Agent(s) and will be made in accordance with the Rules (if applicable). All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (h) **Presentation and Surrender.** The Issuer shall record payment of any amount in connection with the Securities made to the relevant Agent and such record shall be prima facie evidence that the payment in question has been made. The Holder shall be the only person entitled to receive payments of any amount paid in connection with the Securities and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**”, in relation to an Index, means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or

the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

“**Market Disruption Event**”, in relation to an Inflation Index, means the Index Sponsor fails to calculate and announce the level of the Inflation Index.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
 - (i) If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (ii) If (A) on or prior to the Valuation Date, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the

event of changes in constituent securities and other routine events); or (B) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish a relevant Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from and including the

Issue Date up to but excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (c) Adjustments to the Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.
- (1) If the Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the Inflation Index so calculated and announced by that successor index, as the case may be.
- (2) If (A) on or prior to any calculation of the level of the Inflation Index there is a material change in the formula for or the method of calculating the Inflation Index or the Index Sponsor, in any other way, materially modifies the Inflation Index (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Inflation Index level using, in lieu of a published level for the Inflation Index, the level for the Inflation Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.
- (d) (1) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any

particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.

- (2) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series.
