
Transfers of securities to The Royal Bank of Scotland plc pursuant to Part VII of the UK Financial Services and Markets Act 2000

On 6 February 2010, ABN AMRO Bank N.V. (registered with the Dutch Chamber of Commerce under number 33002587) changed its name to The Royal Bank of Scotland N.V. ("**RBS N.V.**") and on 1 April 2010 ABN AMRO Holding N.V. changed its name to RBS Holdings N.V.

On 23 September 2011, RBS N.V. and The Royal Bank of Scotland plc, with its registered office at 36 St Andrew Square, Edinburgh, Scotland ("**RBS plc**"), announced that the Court of Session in Scotland had approved and sanctioned the implementation of a banking business transfer scheme whereby eligible business carried on in the United Kingdom by RBS N.V. would be transferred to RBS plc pursuant to Part VII of the UK Financial Services and Markets Act 2000 (the "**Part VII Scheme**"). The Part VII Scheme took effect on 17 October 2011 (the "**Effective Date**").

From the Effective Date, RBS plc became the issuer of those securities originally issued by RBS N.V. which were transferred to RBS plc pursuant to the Part VII Scheme. Under the Part VII Scheme, amendments were made to the terms of the transferring securities and to agreements related to them from the Effective Date in order to give effect to the Part VII Scheme, including (but not limited to) references to "The Royal Bank of Scotland N.V." (including references to its former name "ABN AMRO Bank N.V.") being construed as references to "The Royal Bank of Scotland plc". Details of these amendments are set out in the Scheme Document which can be viewed at www.investors.rbs.com/RBS_NV.

For details of which securities were transferred to RBS plc pursuant to the Part VII Scheme, investors should refer to www.investors.rbs.com/RBS_NV or, for securities issued from on or about 21 July 2011, investors should refer to the terms of the issue or offer documents (including termsheets). If they indicate that RBS plc was expected to become the issuer of the securities as a result of the Part VII Scheme, then RBS plc has become the issuer as of the Effective Date, unless the securities have been exercised, redeemed or repurchased and cancelled prior to the implementation of the Part VII Scheme.

For further details of the Part VII Scheme generally, investors should refer to www.investors.rbs.com/RBS_NV.

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions (whether or not attached to this document). The Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on the Definitive Securities or attached to the Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

(a) Validity. Unless otherwise specified in an Offering Supplement, announcements to Holders will be valid if delivered to the Clearing Agent(s).

- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the date first delivered to a Clearing Agent) or, if published as specified in the relevant Offering Supplement on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a) if it determines that a Hedging Disruption Event has occurred.
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
 - (iv) the general unavailability of (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
- (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;
 - (ii) make an adjustment to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may:
 - (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or
 - (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
 - (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

6. PURCHASES, FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any Affiliate may, except under certain circumstances, purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.

In this General Condition 6(a) “**Affiliate**” means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein “**control**” means the ownership of a majority of the voting power

of the entity or, as the case may be, such person and “**controlled by**” and “**controls**” shall be construed accordingly.

- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and form a single series with the Securities.
- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations. Any determination made by the Issuer shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) Modifications. The Issuer may without the consent of the Holders or any of them, modify any provision of the Conditions which is (1) of a formal, minor or technical nature, (2) made to correct a manifest error, or (3) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the “**Substitute**”), being any subsidiary or affiliate of the Issuer, subject to: (1) the obligation of the Substitute under the Securities being guaranteed by ABN AMRO Holding N.V. (“**Holding**”) (unless Holding is the Substitute); (2) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect; and (3) the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any substitution of the Issuer, any reference in

the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay, any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment. Each Holder shall indemnify the Issuer against any loss, cost or other liability whatsoever sustained or incurred by the Issuer in respect of any such tax, duty, charge, withholding or other payment as referred to above in respect of the Securities of such Holder.

10. REPLACEMENT OF SECURITIES AND COUPONS

If any Security or Coupon is lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Agent (or such other place of which notice shall have be given to Holders in accordance with General Condition 4) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain

terms of the Securities shall be redenominated in euro. The election will have effect as follows:

- (1) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, whether as from 1999 or after such date, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (2) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a currency (the “**Original Currency**”) of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, whether as from 1999 or after such date, such rate of exchange and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and
 - (3) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) **Adjustment to Conditions.** The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

- (d) Definitions Relating to European Economic and Monetary Union. In this General Condition, the following expressions have the meanings set out below.

“**Adjustment Date**” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls, if the currency is that of a country not initially participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, on or after such later date as such country does so participate;

“**Established Rate**” means the rate for the conversion of the Original Currency (including compliance with rules relating to rounding in accordance with applicable European community regulations) into euro established by the Council of the European Union pursuant to the first sentence of Article 123(4), formerly 109 L (4) of the Treaty;

“**National Currency Unit**” means the unit of the currency of a country as those units are defined on the day before the start of the third stage of European Economic and Monetary Union pursuant to the Treaty or, in connection with the expansion of such third stage, to any country which has not initially participated in such third stage; and

“**Treaty**” means the treaty establishing the European Community.

12. AGENTS

- (a) Principal Agent and Agents. The Issuer reserves the right at any time to vary or terminate the appointment of any agent (the “**Agent**”) and to appoint further or additional Agents, provided that no termination of appointment of the principal agent (the “**Principal Agent**”) shall become effective until a replacement Principal Agent shall have been appointed and provided that, if and to the extent that any of the Securities are listed on any stock exchange or publicly offered in any jurisdiction, there shall be an Agent having a specified office in each country required by the rules and regulation of each such stock exchange and each such jurisdiction and provided further that, if and to the extent that any of the Securities are in registered form, there shall be a Registrar and a Transfer Agent (which may be the Registrar), if so specified in the relevant Product Conditions. 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means the occurrence or existence on any Trading Day during the one-half hour period that ends at the official close of

trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

(A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

(B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

(1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

- (2) If: (A) on or prior to the Valuation Date or the Stop Loss Termination Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date or during the Stop Loss Termination Valuation Period the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price or the Stop Loss Termination Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date or during the Stop Loss Termination Valuation Period as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change of failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, to deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
- (3) If, at any time during the Observation Period, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of

Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such

request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

3. EXERCISE RIGHTS AND EXERCISE PROCEDURES

- (a) Exercise. Provided no Stop Loss Event has occurred, the Securities will be deemed to be automatically exercised on the Exercise Date.
- (b) Stop Loss Event. Following a Stop Loss Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4.
- (c) Cash Settlement. Each Security upon due exercise and subject to certification as to non-U.S. beneficial ownership, entitles its Holder to receive from the Issuer on the Settlement Date or five Business Days following the delivery of an Exercise Notice if later subject to General Condition 6(c), the Cash Amount.
- (d) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (e) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (f) Notice. The settlement of the Securities may only be affected by the delivery of a duly completed exercise notice (an “**Exercise Notice**” or “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Exercise Notice may be obtained during normal business hours from the specified office of each Agent. An Exercise Notice shall:

- (h) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each duly exercised Security to the account specified in the relevant Exercise Notice for value on the Settlement Date.
- (i) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be

incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (j) Delivery of an Exercise Notice. Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Holder to exercise the Securities specified and no Exercise Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of an Exercise Notice, the Securities which are the subject of such notice may not be transferred.
- (k) Exercise and Settlement Risk. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means the occurrence or existence on any Trading Day during the one-half hour period that ends at the official close of trading on the Exchange or any Related Exchange or any suspension of or

limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
 - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
 - (2) If: (A) on or prior to the Valuation Date or the Stop Loss Termination Valuation Date the Index Sponsor or, if applicable, the Successor

Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date or during the Stop Loss Termination Valuation Period the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price of the Stop Loss Termination Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date or during the Stop Loss Termination Valuation Period as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change of failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, to deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time during the Observation Period, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the

prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (1) the occurrence or existence on any Trading Day during the one-half hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) the Shares on the Exchange or any other exchange on which the Shares are listed; or (B) any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below.
 - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation

or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to fully account for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an

adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“**De-listing**” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“**Merger Date**” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“**Merger Event**” means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

“**Nationalisation**” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation

Agent shall make available for inspection by Holders copies of any such determinations.

and/or due exercise if the Stop Loss Event occurs prior to or on an Issuer Call Date or Valuation Date as the case may be.

- (c) Issuer Call. The Issuer may terminate, subject to a valid Exercise or a Stop Loss Event, the Securities, in whole but not in part on any Business Day by giving Holders at least one calendar years notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Cash Settlement. Each Security upon due Exercise, termination pursuant to an Issuer Call or following a Stop Loss Event and subject to certification as to non-U.S. beneficial ownership, entitles its Holder to receive, from the Issuer on the Settlement Date either:
 - (i) The Exercise Cash Amount, following a valid Exercise, or
 - (ii) The Issuer Call Cash Amount, following a valid Issuer Call, or
 - (iii) The Stop Loss Cash Amount, following a Stop Loss Event.
- (a) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (b) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent nor any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (c) Notice. Securities may only be exercised by the delivery of a duly completed exercise notice (an “**Exercise Notice**” or “**Notice**”) to a Clearing Agent with a copy to the Principal Agent. The form of the Exercise Notice may be obtained during normal business hours from the specified office of each Agent.

An Exercise Notice shall:

- (1) specify the number of Securities being exercised;

- (2) specify the number of the account with the Clearing Agent to be debited with the Securities being exercised;
- (3) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
- (4) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
- (5) certify that neither the person exercising the Security nor any person on whose behalf the Security is being exercised is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (i) an individual who is a resident or a citizen of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission’s regulations by virtue of its participants being non-U.S. persons; or (vii) any other “**U.S. person**” as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
- (6) authorise the production of such notice in any applicable administrative or legal proceedings.

- (h) **Verification.** In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (i) **Settlement.** The Issuer shall pay or cause to be paid the Cash Amount (if any) for each duly exercised Security to the account specified in the relevant Exercise Notice for value on the Settlement Date.
- (j) **Determinations.** Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which the Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3(a) shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) **Delivery of an Exercise Notice.** Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Holder to exercise the Securities specified and no Exercise Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of an Exercise Notice, the Securities which are the subject of such notice may not be transferred.

- (1) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means: the occurrence or existence on any Trading Day during the one-half hour period that ends at the official close of trading on an Exchange or any Related Exchange of any suspension of or limitation imposed on trading (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise), (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

(1) If the Index is: (A) not calculated and announced by the Index sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

(2) If: (A) on or prior to the Valuation Date, the Stop Loss Termination Valuation Date or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date, the Stop Loss Termination Valuation Date or the Issuer Call Date the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price, the Stop Loss Termination Reference Price or the Termination Reference Price using, in lieu of a published level for the Index on the Valuation Date, the Issuer Call Date or during the Stop Loss Valuation Period as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change of failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, to deem such modified Index to be the Index so calculated and

announced or to terminate the Securities by giving notice in accordance with General Condition 4.

(3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of the shares comprising the Index (the “**Shares**”) of: (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares;

(H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

(4) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

5. GOVERNING LAW

The Conditions pertaining to the Securities shall be governed by and shall be construed in accordance with English law.

Summary Information related to the TecDAX[®] Index (the “TecDAX”)

GENERAL DESCRIPTION

The TecDAX represents the smaller-sized successor index to the NEMAX 50. It tracks the 30 largest share companies and most liquid shares from the various technology sectors of the Prime Segment beneath the DAX. As is the case with the NEMAX 50, this may include German as well as foreign companies. The historical index data of the NEMAX 50 is continued seamlessly. The NEMAX 50 (in its capacity as Neuer Markt’s blue chip index) will be calculated in parallel up until the end of 2004, since there is a wealth of different products still available on this index. However, with the abolition of the Neuer Markt Segment, it will also be defined by sectors from March 2003 onwards. Thus, from 24 March 2003, the NEMAX 50 will comprise the 50 largest technology issues from the Prime Segment that are ranked below the DAX. It therefore represents a real upper set to the TecDAX.

CALCULATION

The TecDAX is capital-weighted, whereby the weight of any individual issue is proportionate to its respective share in the overall capitalisation of all index component issues. Weighting in the individual indices is based exclusively on the free-float portion of the issued share capital of any class of shares involved. Both the number of shares included in the issued share capital and the free-float factor are updated during each quarterly chaining process. Subscription rights are taken into account as early as with the issue of new shares, using the appropriate adjustment factor. During the chaining process, the number of shares of individual companies might be capped for the TecDAX selection indices to achieve a limited weight of such companies within the index. The cap limit for the TecDAX would be 10%.

MAINTENANCE

The TecDAX portfolio is reviewed every three months on the respective chaining dates for regular modifications to the index composition due to new listings and deletions, mergers or conversion of preferred shares into ordinary shares.

The composition of the index portfolio is generally reviewed for the TecDAX on a semi-annual basis. Any replacement of index component issues is carried out on the respective chaining dates in March and September. The selection of TecDAX component issues is made on the grounds of certain rankings, the primary selection criteria of which are the order book turnover on XETRA and in the Frankfurt floor trading (within the preceeding 12 months) and the free-float market capitalisation on a certain reporting date (last trading day of each month). Apart from these two key criteria, there are other aspects influencing the decision-making process. Such aspects are the free float, the market availability (measured on the basis of trading volumes, frequency of price determination and turnover), sector affiliation and the period during which a company has met the criteria for inclusion in, or elimination from the index (retroactive view).

However, there is a set of additional rules with regard to changes during the year. These rules are, however, conceived in such a way that they only take effect in exceptional cases. This mainly refers to large new issues which need to be reflected by the index within a relatively short period of time (“fast-entry rule”). Conversely, it should be possible to remove companies from the index which no longer meet the index criteria, for instance, as a result major shifts in free float or a sharp price decline, from the index every three months (“fast-exit rule”).

The Working Committee for Equity Indices (the “Committee”) advises Deutsche Börse AG on all issues related to the TecDAX, recommending measures which are necessary in order to ensure the relevance of the index range and the correctness and transparency of the index calculation process. In accordance with the various rules set out in the Guideline to the equity Indices of Deutsche Börse AG, the Committee pronounces recommendations in respect of the composition of Deutsche Börse’s indices. However, any decision on the composition of and possible modifications to the TecDAX are exclusively taken by the Board of Deutsche Börse AG.

The index composition will be adjusted for exogenous influences (e.g. price-relevant capital changes, mergers or events of insolvency) by means of certain correction factors, assuming a reinvestment according to the “opération blanche”.

Summary Information related to the DAX[®] Index (the “DAX”)

GENERAL DESCRIPTION

The DAX reflects the blue chip segment comprising the largest and most actively traded German companies that are listed on the Frankfurt Stock Exchange (the “FWB”). It comprises 30 issues, which have been admitted to trading in the First and Second segment.

CALCULATION

The DAX is capital-weighted, whereby the weight of any individual issue is proportionate to its respective share in the overall capitalisation. The shares of all classes of the various index companies that have been admitted to trading at FWB are applied as weights in the DAX. In the course of the index calculation process, the aggregate number of shares across all classes is then weighted by the price of the most liquid class.

MAINTENANCE

The DAX portfolio is reviewed every three months to see whether its composition still appropriately represents the respective market segment. The selection of DAX component issues is made on the grounds of certain rankings, the primary selection criteria of which are the exchange turnover on Xetra and the Frankfurt floor (within the proceeding 12 months) and the market capitalisation on a certain reporting date (last trading day of each month).

The composition of the index portfolio is generally reviewed for the DAX on an annual basis. Any replacement of index component issues is carried out on the respective chaining dates in September.

The Working Committee for Equity Indices advises Deutsche Börse AG on all issues related to the DAX, recommending measures which are necessary in order to ensure the relevance of the index range and the correctness and transparency of the index calculation process. In accordance with the various rules set out in this guideline, the Committee pronounces recommendations in respect of the composition of Deutsche Börse’s indices. However, any decision on the composition of and possible modifications to the DAX are exclusively taken by the Board of Deutsche Börse AG.

Mergers or events of insolvency may trigger an extraordinary change in the corresponding index composition.

Information relating to The Dow Jones EURO STOXX 50SM Index
(the “EURO STOXX 50 Index”)

GENERAL DESCRIPTION

The EURO STOXX 50 Index is a capitalisation-weighted index and a subset of 50 companies of the Dow Jones EURO STOXX 50, which only includes companies from countries that are part of the EMU. The purpose of the Dow Jones European indices generally is to provide a definitive standard for measuring stock market performance on a European basis and for the EURO STOXX 50 Index specifically, the purpose is to reflect the sector leaders of the Euro zone.

CALCULATION

The EURO STOXX 50 Index is calculated in EUR and is calculated on a real-time basis every 15 seconds on such days when at least 50 per cent of the market capitalisation of the Dow Jones STOXX is available from the time the first exchange opens (but in no case earlier than 8.30 a.m. CET) until the last exchange closes. The official closing value of the EURO STOXX 50 Index is calculated using the closing price of each stock that did trade and adjusted closing prices of the previous trading day for those stocks that did not trade on the current day. If there is a stock exchange holiday in one or more countries, the last available stock prices from that exchange and the last available currency rate will be used for the EURO STOXX 50 Index calculation. Responsibility for the calculation and composition of the EURO STOXX 50 Index is undertaken by STOXX Limited.

MAINTENANCE

The composition of the EURO STOXX 50 Index is reviewed annually. In addition there is an ongoing review for changes in the composition of the EURO STOXX 50 Index by reason of extraordinary events such as bankruptcy, mergers and takeovers and change of primary market listing. In these cases, the event is taken into account as soon as it is effective. If it causes a stock to be dropped from the broad indexes, it is not replaced before the next quarterly review. Changes in the constituents and the industry group classification due to the periodic review will be announced at least four weeks prior to the implementation date.

ZUSATZANGABEN FÜR DAS ANGEBOT IN DER BUNDESREPUBLIK DEUTSCHLAND

WICHTIG: DIESE ZUSATZANGABEN FÜR DAS ANGEBOT IN DER BUNDESREPUBLIK DEUTSCHLAND SOWIE DARIN ENTHALTENE BEZUGNAHMEN AUF WERTPAPIERE BEZIEHEN SICH AUSSCHLIEßLICH AUF DEN NACHTRAG NR. 233 VOM 8. APRIL 2003 GEMÄß § 10 WERTPAPIER-VERKAUFSPROSPEKTGESETZ ZUM UNVOLLSTÄNDIGEN VERKAUFSPROSPEKT VOM 28. FEBRUAR 2002.

1. BESTEUERUNG

Der folgende Abschnitt beschreibt die nach deutschem Steuerrecht auftretenden steuerlichen Folgen der Veräußerung von Wertpapieren innerhalb der Einjahresfrist auf Grundlage des zum Zeitpunkt der Veröffentlichung des Offering Supplement geltenden Steuerrechts. Diese Zusammenfassung ist allerdings nicht erschöpfend. Insbesondere werden keine Aussagen über die steuerlichen Folgen gemacht, falls einzelne Wertpapiere nach deutschem Recht als sogenannte Finanzinnovationen oder eigenkapitalähnliche Instrumente zu besteuern sind. Inhabern, die in Bezug auf ihre steuerliche Rechtsposition im Zweifel sind, wird empfohlen, ihren Steuerberater zu konsultieren.

Ein in Deutschland ansässiger Privatanleger (Wohnsitz oder ständiger Aufenthaltsort in Deutschland), der das Wertpapier innerhalb eines Jahres nach Erwerb veräußert, unterliegt mit einem Veräußerungsgewinn grundsätzlich der Einkommensteuer, (zuzüglich Solidaritätszuschlag in Höhe von 5,5% der Einkommensteuer).

Der Erfolg aus der Veräußerung wird als Differenz von Verkaufserlös einerseits sowie ursprünglichen Anschaffungskosten und Spesen andererseits ermittelt. Im Kalenderjahr werden sämtliche Gewinne und Verluste aus diesen Geschäften saldiert. Liegen die Gewinne nach Saldierung unter Euro 512, bleiben sie steuerfrei; ab Euro 512 sind sie in voller Höhe steuerpflichtig. Wird nach Saldierung ein Verlust ausgewiesen, kann der Verlust im Vorjahr erzielte Gewinne aus ähnlichen Geschäften mindern. Ist das nicht möglich oder gewünscht, kann der Verlust vorgetragen werden.

Ähnliche Regelungen gelten, wenn der Privatanleger Rechte zum Erwerb/ zur Veräußerung erwirbt oder Verpflichtungen zum Erwerb/ zur Veräußerung innerhalb eines Jahres durch Barausgleich oder Glattstellung aufgibt. Auch nach Ablauf der Einjahresfrist kann im Einzelfall eine Steuerpflicht gegeben sein. Sind die Wertpapiere einem Betriebsvermögen in Deutschland zugeordnet, unterliegt der Gewinn aus der Veräußerung

unabhängig von der Haltedauer grundsätzlich der Einkommensteuer - oder Körperschaftsteuer zuzüglich eines Solidaritätszuschlags i.H.v. 5,5% hierauf sowie der Gewerbesteuer. Der Umfang der Steuerpflicht ist allerdings für jeden Einzelfall gesondert zu bestimmen (z.B. keine Gewerbesteuerpflicht für Angehörige freier Berufe). Ob Verluste abziehbar sind, hängt von den Umständen des Einzelfalls ab. Auch eine nicht in Deutschland ansässige Person ist im allgemeinen nach den oben genannten Grundsätzen steuerpflichtig, z.B. wenn sie in Deutschland eine Betriebsstätte unterhält oder einen ständigen Vertreter bestellt hat.

2. EMISSION UND VERKAUF

Die Wertpapiere sind zum Vertrieb und zum Verkauf in Deutschland geeignet und werden am 8. April 2003 emittiert und ab dem 8. April 2003 freibleibend zum Verkauf angeboten. Die Wertpapiere können direkt von jeder Niederlassung der ABN AMRO Bank N.V. in Deutschland bezogen werden.
